

**New York Children’s Home and Community Based Services (HCBS), Children and Family Treatment Supports and Services (CFTSS), and licensed Article 29-I Health Facilities services providers ARPA Workforce and Infrastructure Funding Attestation**

To: «Provider\_Name»

**Please respond by October 21, 2022**

As part of the New York State Department of Health’s (DOH) approved [Spending Plan for Implementation of Section 9817 of the American Rescue Plan Act of 2021](#) (ARPA Spending Plan), DOH is pleased to announce opportunities for designated Medicaid providers offering Children’s Home and Community Based Services (HCBS), Children and Family Treatment Supports and Services (CFTSS), and licensed Article 29-I Health Facilities to receive funding to expand Medicaid member access to services under Section 9817 of the American Rescue Act of 2021 (ARP) (Pub.L.117-2).

Providers delivering HCBS, CFTSS, or 29-I services between April 1, 2021, and December 31, 2021, are eligible to receive a one-time payment totaling a minimum of \$75,000 for Workforce and/or Infrastructure investments. Funds will be distributed as lump sum payments to providers by Medicaid Managed Care Plans (MMCP) and via state directed funding pursuant to 42 CFR §438.6(c).

As an eligible provider, «Provider\_Name» will receive funding for this initiative via «Final\_Funding\_Edited». The total amount you will receive is estimated to be \$«TOTAL» – with some portion of these funds coming from each MMCP with which you contract and/or state payments.

Eligible providers must use these funds to develop and implement programs and strategies that assist in workforce capacity building and/or agency infrastructure, as described in the approved ARPA Spending Plan and summarized below. **To receive these funds, interested providers must submit this signed attestation form to DOH at [BH.Transition@health.ny.gov](mailto:BH.Transition@health.ny.gov) by October 21, 2022.** These funds should supplement, not supplant, federal and State Medicaid HCBS funding awarded to the provider for specific activities.

After provider attestations are received by DOH, MMCPs will be instructed to distribute funding to eligible providers. Funding is expected to be distributed by the end of November 2022.

### Eligible Funding Activities

**Background:** DOH recognizes that children/youth across the state deserve access to high quality home and community-based services to reach their full potential. Children’s Medicaid Service providers continue to increase capacity to ensure access. DOH recognizes that hiring new staff to meet need, increasing benefits to retain staff, and securing reliable billing partners to help providers meet the needs of children/youth across the state comes at a substantial cost.

**Description:** Recognizing provider diversity and varying agency needs regarding staffing, DOH has created a model that offers providers flexibility when using the ARPA funds. Specific goals will be attached to this funding to ensure funding is committed to the advancement and expansion of workforce and infrastructure capacity building, increased administrative function, and waitlist elimination to increase access to HCBS for all Medicaid beneficiaries.

Strategies to achieve these specific goals should include but are not limited to:

- Strengthening the direct service workforce by increasing pay and/or benefits of direct support professionals, as well as through targeted recruitment and retention efforts
- Implementation of technology systems that will streamline processes for staff and decrease administrative burdens

Examples of activities that would comply with efforts to build workforce capacity and IT infrastructure include:

- Creating a workforce pipeline through internship programs and student placements
- Offering newly hired staff a sign-on bonus or offering a retention bonus for current direct service providers
- Funding training and professional development opportunities inclusive of Continuing Education Unit (CEU), professional licenses, and maintenance of professional certifications
- Differential pay for nights and weekends
- Integration of EHR systems
- Developing billing platforms/hiring billing vendors
- Implementing systems to support HCBS requirements, Plan of Care (POC) maintenance, and linkage to services oversight
- Reimbursement for EVV equipment and software
- Telehealth equipment and enhancement for providers or the members they serve
- Necessary facility changes or other activities to comply with the HCBS Settings Final Rule
- Start-up funds for evidence-based program modalities

The following activities may be used along with one or more of the activities listed above (*i.e.*, the below strategies cannot be used on their own):

- Tuition reimbursement
- Loan forgiveness
- Retirement contributions, extending health insurance benefits, or other fringe benefits for direct service providers
- Longevity pay for existing frontline staff and supervisors

**Evaluation and Reporting:** Providers will be required to complete an online baseline survey and online surveys every six months after receiving funding as requested by DOH. It is essential that all providers continue to evaluate service needs and outcomes through the ongoing process of data collection and evaluation both for reporting purposes and to assess and gauge the impact the investment dollars had on staffing, capacity, IT systems, and goals.

To whom it may concern,

This letter is to inform the New York State Department of Health of our agency's intent to participate in NYS's initial spending plan for the expenditure of the funds generated by the increase to the federal medical assistance percentage (FMAP) for certain Medicaid expenditures for home and community-based services (HCBS) provided by Section 9817 of the American Rescue Plan Act of 2021 (ARP) (Pub.L. 117-2).

«**Provider\_Name**» acknowledges that the funding is only applicable as outlined in the [New York State Department of Health Spending Plan for Implementation of American Rescue Plan Act of 2021, Section 9817 Additional Support for Medicaid Home and Community-Based Services \(HCBS\) during the COVID-19 Emergency July 2021](#) and will require the agency receiving the funds to adhere to any monitoring and data collection requests.

«**Provider\_Name**» intends to use funding to support the strategies described in the Attestation submitted by our agency.

On behalf of «**Provider\_Name**», I acknowledge that by signing this attestation, I am certifying to New York State that the foregoing information is true, accurate, and complete. I attest that I have read the document, confirm our intent to use the funding for the purposes indicated above, and will comply with all monitoring and reporting requests. I understand that by electronically signing and submitting this attention, it is the legal equivalent of having placed my handwritten signature on the submitted attestation and this affirmation.
