New York State Drinking Water State Revolving Fund Intended Use Plan

**FINAL AMENDMENT No. 3**  
to the  
**DRINKING WATER STATE REVOLVING FUND (DWSRF)**  
**Federal Fiscal Year (FFY) 2023 INTENDED USE PLAN (IUP)**

**January 11, 2023**

**FFY 2023 DWSRF Intended Use Plan Amendment:**

The FFY 2023 Final IUP incorrectly indicated that the required 10% state match of the FFY 2022 Bipartisan Infrastructure Law General Supplemental (BIL-GS) federal capitalization grant would be provided as additional subsidy in the form of grant/principal forgiveness (PF). Tables 1 and 1-GS and text sections indicated below are hereby revised to remove any indication that the state match amount will be provided as additional subsidy. There is no effect on the Hardship Eligibility Line, Subsidized Interest Rate Funding Line, or BIL-GS Funding Line as a result of this amendment.

<b>Total Uses</b>	<b>\$327,209,100</b>

<sup>1</sup> Based on an estimation of the DWSRF federal allocation for FFY 2023.  
<sup>2</sup> Required 20% state match of estimated Base DWSRF FFY 2023 Cap Grant  
<sup>3</sup> Required 10% state match of BIL General Supplemental FFY 2022 Cap Grant.  
<sup>4</sup> Refer to Section 6.0 for information related to set-asides.  
<sup>5</sup> Minimum required 26% of \$45,000,000 estimated Base DWSRF FFY 2023 Cap Grant.  
<sup>6</sup> See Table 1-GS  
<sup>7</sup> Leveraged three times, these funds will provide financing of \$208,440,000 for eligible projects. This amount combined with Direct Financings – DWSRF Base, Grants/PF Expected to Close - DWSRF Base, New Grant/PF Funds Available for Award – DWSRF Base, New Grant/PF Funds Available for Award – BIL General Supplemental, and Direct Financings – BIL General Supplemental results in an estimated funding capacity for this IUP period of \$440 million. A factor of 1.75 has been used to set the expanded subsidized interest rate funding line on the Annual List.
