Effective on or after December 31, 2017, the Department of Health will adjust Article 16 APG rates to take into account increased labor costs resulting from statutorily required increases in the New York State minimum wage. Under the statute, increases in the minimum wage will be phased in over a number of years until the minimum wage is \$15 per hour in all regions of the State, and Medicaid rates will be adjusted in those years to account for such increases.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2018 is \$30,000 and 2019 is \$40,000.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

SUMMARY
SPA #18-0001

This State Plan Amendment proposes a flat per-diem fee as reimbursement of the operating costs for specialized hospital-based inpatient psychiatric units dedicated solely to the treatment of adults with diagnoses of both developmental disability and serious mental illness.

- 12. *New hospitals and new hospital units.* The operating cost component of rates of payment for new hospitals, or hospital units, without adequate cost experience [shall] will be computed based on either budgeted cost projections, subsequently reconciled to actual reported cost data, or the regional ceiling calculated in accordance with paragraph (10) of this section, whichever is lower. The capital cost component of such rates [shall] will be calculated in accordance with the capital cost provisions of this Attachment.
- 13. Effective July 1, 2018, hospital-based inpatient psychiatric units dedicated solely to serving adults with co-occurring developmental disability and mental illness diagnoses and designated by the Department of Health and the Office of Mental Health will be reimbursed a flat per diem operating rate of \$1,177.11, and the rate-setting methodology provided in paragraph 8 of this section will not apply to such units.

Such services will also be reimbursed on a per visit basis for the cost of capital in accordance with paragraph 11 of this section.

New York State will evaluate service providers for clinical effectiveness and efficiency no later than three years from the approved opening date of each unit. If such evaluation results in a determination that services are not clinically effective or efficient, upon the effective date of such adverse determination, the provider of such services will be reimbursed pursuant to the inpatient psychiatric service payment method as described in paragraph 8 of this section.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional services to comply with a joint policy objective of the Office for Persons with Developmental Disabilities, the Office of Mental Health and the Department of Health. The following changes are proposed:

Institutional Services

Effective on or after July 1, 2016, the Department of Health, in conjunction with the Office of Mental Health will certify specialized inpatient psychiatric units that focus on the treatment of adults, adolescents and children with a diagnosis of both developmental disability and either serious mental illness or serious emotional disturbance. Special admission criteria and rate enhancements will be created.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2017-2018 are as follows:

- Anticipated start - January 1, 2017: \$879,633
- o Annualized: \$3,518,530

The costs associated with these specialized inpatient units are expected to be fully off-set by repatriation of children currently residing in out-of-state facilities to these lower cost alternatives within NYS. These specialized units will also result in reduced lengths of stay for both the adult and child populations. Therefore it is anticipated that there will be no net increase.

The public is invited to review and comment on this proposed State Plan Amendment (SPA). Copies of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. In addition, approved SPA's beginning in 2011, are also available for viewing on this website.

Copies of the proposed State Plan Amendments will be on file in each local (county) social services district and available for public review.

PUBLIC NOTICE

Department of State
F-2016-0092 (DA) Extended
Date of Issuance – June 29, 2016

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The U.S. Army Corps of Engineers - New York District (ACOE) has determined that the proposed activity will be undertaken in a manner consistent to the maximum extent practicable with the enforceable policies of the New York State Coastal Management Program. The applicant's consistency determination and accompanying supporting information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue in Albany, New York.

In F-2016-0092 (DA), the ACOE is proposing a flood risk management project along 1.82 miles of the Mamaroneck and Sheldrake Rivers in the Village of Mamaroneck, Westchester County, New York. The proposed project was authorized by Section 401(a) of the Water Resources Development Act of 1986 and includes channel modifications, retaining walls, bridge removal and replacement, a culvert, trapezoidal cuts along the rivers, and nonstructural measures applied to a maximum of eight residences and structural measures for one non-residential building. According to the information submitted to DOS, the proposed activities consist of the following:

The proposed channel work on the Mamaroneck River will be approximately 2,400 ft on the segment of the Mamaroneck River south of I-95 and upstream of the confluence with the Sheldrake River and the segment stretching from south of the confluence to just downstream of the Tompkins Avenue Bridge also approximately 2,400 ft. For both segments the river channel will be deepened and widened to 1:2.5 side slopes and the channel bottom will be widened to 45 ft with 0.25% slope. Retaining walls and utilities will be removed and replaced as needed including the removal of the Ward Avenue Bridge. The District is currently reevaluating the feasibility of replacing Ward Avenue Bridge.

Along the Sheldrake River the proposed channel work will be approximately 3,470 ft from Fenimore Road to the confluence in Columbus Park. The river channel will be deepened and widened to 33 ft and 3.4 ft cut with 0.25% slope. Also proposed is rectangular channel modification upstream of the Mamaroneck Avenue Bridge. Retaining walls and utilities will be removed and replaced as needed including the removal/replacement of the Waverly Place Bridge. Three footbridges will be removed but not replaced including the Center Avenue footbridge and two footbridges in Columbus Park. At least one footbridge within Columbus Park will be replaced.

The proposed culvert will be a box culvert under the commuter

parking lot located on the left bank of the Mamaroneck River just downstream of the Jefferson Avenue Bridge and will discharge almost directly into the Rail Road Bridge opening. The culvert is proposed to be 390 ft long with a slope of 0.36 ft per 100 ft, 25 ft wide, 8 ft high, and will be about 3 ft above the proposed bottom of the river and about 3.5 ft under the finish grade of the parking lot. The purpose of the proposed culvert is to divert a portion of the Mamaroneck River flow during a one year event or greater.

The proposed retaining walls will be approximately 1,200 lf of riprap along the Mamaroneck and Sheldrake Rivers. About 500 ft of riprap will be located roughly 200 ft both upstream and downstream of the N. Barry Ave. Extension Bridge along the Mamaroneck River and 700 ft of riprap at the 90 degree turn in the Sheldrake River located downstream of the Fenimore Rd. Bridge. Additionally, 300 lf of concrete is proposed for placement along the bottom of the Mamaroneck River downstream from the Station Plaza Bridge to just downstream of Halstead Ave.

The proposed nonstructural measures consist of eight residential properties in the Harbor Heights neighborhood south of the Mamaroneck River as candidates for structure elevation or raising. Additionally, structural measures are considered for one non-residential property in the industrial area along Fenimore Road and south of the Sheldrake River as a candidate for construction of a ringwall.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or, July 29, 2016.

Comments should be addressed to: Department of State, Consistency Review Unit, One Commerce Plaza, 99 Washington Ave., Suite 1010, Albany, NY 12231, (518) 474-6000, Fax (518) 474-6572. Comments can also be submitted electronically via email at: CR@dos.ny.gov.

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

The Stable Income Fund is offered as an investment option under the Deferred Compensation Plan for Employees of the State of New York and Other Participating Public Jurisdictions, a plan meeting the requirements of Section 457 of the Internal Revenue Code and Section 5 of the State Finance Law, including all rules and regulations issued pursuant thereto. A copy of the request for proposals will be posted on Callan LLC's website (click on the Callan News icon on www.callan.com) and on the Board's website: www.goer.state.ny.us/nysdcp

• Proposals must be received no later than the close of business on Wednesday, March 21, 2018.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional services to comply with a joint policy objective of the Office for People With Developmental Disabilities, the Office of Mental Health and the Department of Health. The following changes are proposed:

Institutional Services

The following is a clarification to the June 29, 2016 noticed provision for the certification of specialized inpatient psychiatric units that

focus on the treatment of adults, adolescents and children with a diagnosis of both developmental disability and either serious mental illness or serious emotional disturbance. Special admission criteria and per-diem rates will be created. This clarifies that the amendment will be for treatment of adults only at this time, and the noticed provision will now be effective January 1, 2018.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2017-2018 is \$0, with an annualized value of \$4,472,454.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. DRAFT

SUMMARY **SPA #18-0004**

This State Plan Amendment proposes to extend the Ambulatory Patient Group (APG) methodology for freestanding clinic and ambulatory surgery center services for the effective period January 1, 2018 through December 31, 2018, and revise the APG methodology to reflect the recalculated weights with component updates to become effective January 1, 2018.

DRAFT

**New York
2(g)(1)**

APG Reimbursement Methodology – Freestanding Clinics

For the purposes of sections pertaining to the Ambulatory Patient Group, and excepted as otherwise noted, the term freestanding clinics shall mean freestanding Diagnostic and Treatment Centers (D&TCs) and shall include freestanding ambulatory surgery centers.

For dates of service beginning September 1, 2009 through December 31, [2017] 2018, for freestanding Diagnostic and Treatment Center (D&TC) and ambulatory surgery center services, the operating component of rates shall be reimbursed using a methodology that is prospective and associated with resource utilization to ensure that ambulatory services are economically and efficiently provided. The methodology is based upon the Ambulatory Patient Group (APG) classification and reimbursement system. This methodology incorporates payments for the separate covered Medicaid benefits in accordance with the payment methods for these services. Reimbursement for the capital component of these rates shall be made as an add-on to the operating component as described in the APG Rate Computation section.

The Ambulatory Patient Group patient classification system is designed to explain the amount and type of resources used in an ambulatory visit by grouping patients with similar clinical characteristics and similar resource use into a specific APG. Each procedure code associated with a patient visit is assigned to an APG using the grouping logic developed by 3M Health Information Systems (3M). When evaluation and management codes are coded, the APG grouping logic also uses the diagnosis code to make the APG assignment. Ultimately, the procedures and diagnoses coded for a patient visit will result in a list of APGs that correspond on a one-for-one basis with each procedure coded for the visit.

F-2017-0708

Date of Issuance – January 17, 2018

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program. The applicant's consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York. Electronic copies of the submission can also be downloaded at: http://www.dos.ny.gov/opd/programs/pdfs/Consistency/F-2017-0708_PN.pdf

In F-2017-0708, William Witzke of Albertson Marine, Inc., is proposing to reconstruct an existing Wave Wall, widen an existing boat launch runway and install a low-sill bulkhead at Albertson Marine's marina located at 61500 Route 25 (Main Road) in the town of Southold, Suffolk County. The stated purpose for reconstructing the wave wall is to maintain the level of storm protection the wall currently provides into the future. Widening the existing boat launch runway will provide for safer and more efficient use of the existing boat launch. The stated purpose of the low-sill bulkhead is to maintain shoreline and contiguous navigability within the marina.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or February 2, 2018.

Comments should be addressed to the Consistency Review Unit, Department of State, Office of Planning and Development, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000, Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dps.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

F-2017-0991 and F-2017-0996

Date of Issuance – January 24, 2018

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2017-0991, Mr. Robert F. Dakin, is proposing to dredge an embayment and open water area along the St. Lawrence River near 7 Ferguson Drive, City of Hammond, St. Lawrence County. The applicant proposes to dredge a total of 550± cubic yards of silt and loose rock.

In F-2017-0996, Mr. Robert Sampson, is proposing to dredge an embayment off the St. Lawrence River near 24 Ferguson Drive, City of Hammond, St. Lawrence County. The applicant proposes to dredge 190± cubic yards of silt.

These landowners propose to jointly undertake the Sampson-Dakin Dredging Project to create adequate water depth and maneuverability at their existing residential dock facilities. The dredged material would be disposed of at an upland location.

The proposed activities would be undertaken within the State-designated Significant Coastal Fish and Wildlife Habitat (SCFWH) unit of the American Island Pools. Information on this habitat and its important functions and values to be evaluated in considering these projects may be found at: http://www.dos.ny.gov/opd/programs/consistency/Habitats/GreatLakes/American_Island_Pools.pdf

PUBLIC NOTICE

Department of State

F-2017-0993

Date of Issuance – January 24, 2018

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activities comply with and will be conducted in a manner consistent to the maximum extent practicable with the federally approved New York State Coastal Management Program (NYSCMP). The applicant's consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2017-0993, or the "Barretto Point Park Floating Pool Lady", the applicant, New York City Department of Parks and Recreation (NYCDPR) is seeking to permanently moor the Floating Pool Lady at Barretto Point Park in the South Bronx neighborhood of Hunts Point under the NYSDEC permit number 2-6007-00741/00008. The pool has been moored at this park shoreline of the East River on a seasonal basis and has successfully operated for the past ten summers at this location.

The purpose of the Floating Pool is to enhance summer recreational opportunities in Hunts Point, an historically underserved community, while at the same time reviving an in-water recreational opportunity that was once available along the City's waterfront. In the 1870's, floating baths were moored each summer at city piers designated for public use. These floating baths were vessels, open in the center with slats in the bottom to allow saline river water to flow through the pool. The floating pool today addresses a lack of swimming facilities in the South Bronx, the only community in New York City without a major pool. In a city with so little publicly accessible water and beachfront, the pool offers a means to provide access to water-based recreation and connect New Yorkers to the waterfront and an "on-water" experience that would otherwise be unavailable.

The floating pool comprises a 260' long x 80' wide barge that has been modified to include a 7-lane, 25-meter recreational swimming pool and ancillary facilities including showers, potable water, and changing areas. There is an adjacent spud barge 30' long x 90' wide. Two, 140' long and 6'-7' wide ADA compliant gangways provide access to the floating pool from the shoreline of the Barretto Point Park. Each gangway will be anchored to a 10' x 20' platform, elevated about 4.5 feet. The draft of the floating pool is approximately 4.6' when filled. Prior seasons have seen the barge transported to the site by tugboat. A permanent mooring will allow for the continued recreational use, while eliminating the need for transport and storage, allowing NYCDPR resources to be allocated to maintenance and other Parks and projects.

Permanent mooring and operation of the barge and associated infrastructure will necessarily permanently displace approximately 23,500 square feet (0.54 acres) of open water surface and incurs shading of aquatic habitat. NYCDPR funded a two-year study, beginning in 2014, to evaluate the impacts. The study suggested no significant impacts would be incurred by the permanent mooring. The unavoidable over-water coverage and loss of open water aquatic habitat is offset, in part, through mitigation work being conducted off-site at the NYCDPR Ferry Point Park to restore wetlands and a tidal connection to the East River along the Park's East Waterfront.

The proposed activities would be undertaken within the New York City Waterfront Revitalization Program (WRP) planning area. As the WRP is a component of the NYSCMP, activities under federal permitting authority are also subject to review for their consistency with the local program and its specific provisions and policies.

Any interested parties and/or agencies desiring to express their

Date of Issuance – January 17, 2018

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program. The applicant's consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York. Electronic copies of the submission can also be downloaded at: http://www.dos.ny.gov/opd/programs/pdfs/Consistency/F-2017-0708_PN.pdf

In F-2017-0708, William Witzke of Albertson Marine, Inc., is proposing to reconstruct an existing Wave Wall, widen an existing boat launch runway and install a low-sill bulkhead at Albertson Marine's marina located at 61500 Route 25 (Main Road) in the town of Southold, Suffolk County. The stated purpose for reconstructing the wave wall is to maintain the level of storm protection the wall currently provides into the future. Widening the existing boat launch runway will provide for safer and more efficient use of the existing boat launch. The stated purpose of the low-sill bulkhead is to maintain shoreline and contiguous navigability within the marina.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or, February 2, 2018.

Comments should be addressed to the Consistency Review Unit, Department of State, Office of Planning and Development, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000, Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

Date of Issuance – January 24, 2018

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2017-0991, Mr. Robert F. Dakin, is proposing to dredge an embayment and open water area along the St. Lawrence River near 7 Ferguson Drive, City of Hammond, St. Lawrence County. The applicant proposes to dredge a total of 550± cubic yards of silt and loose rock.

In F-2017-0996, Mr. Robert Sampson, is proposing to dredge an embayment off the St. Lawrence River near 24 Ferguson Drive, City of Hammond, St. Lawrence County. The applicant proposes to dredge 190± cubic yards of silt.

These landowners propose to jointly undertake the Sampson-Dakin Dredging Project to create adequate water depth and maneuverability at their existing residential dock facilities. The dredged material would be disposed of at an upland location.

The proposed activities would be undertaken within the State-designated Significant Coastal Fish and Wildlife Habitat (SCFWH) unit of the American Island Pools. Information on this habitat and its important functions and values to be evaluated in considering these projects may be found at: http://www.dos.ny.gov/opd/programs/consistency/Habitats/GreatLakes/American_Island_Pools.pdf

The applicants' consistency certifications and supporting information are available for review at: http://www.dos.ny.gov/opd/programs/pdfs/Consistency/F-2017-0991_Application.pdf

SUMMARY **SPA #18-0006**

This State Plan Amendment revises the Medically Needy income levels, effective January 1, 2018. For Medically Needy households of 1 and 2, levels are calculated using the SSI standards. To arrive at uniform levels for households of 3 and higher, 15% per additional household member is added to the standard for a household of 2. Thus, the standard for a household of 3 would be 115% of the standard for a household of 2; the standard for a household of 4 would be 130% of the standard for a household of 2, etc.

SUMMARY
SPA #18-0007

This State Plan Amendment proposes to adjust Article 16 clinic rates for increased labor costs due to statutorily required increases in New York State minimum wage. Increases in the minimum wage will be phased in over a number of years until the minimum wage is \$15 per hour in all regions of the State.

**New York
2(t.7)**

Minimum Wage – OPWDD-licensed Article 16 Clinics

Effective December 31, 2017, and every December 31 thereafter until the minimum wage reaches the state statutorily described per hour wage as shown below, a minimum wage add-on will be developed and applied to the Ambulatory Patient Group (APG) rate for OPWDD licensed Article 16 clinics. The effective date for a rate increase to providers will be January 1, 2018.

Minimum Wage (MW) Region	12/31/2016	12/31/2017	12/31/2018	12/31/2019	12/31/2020	12/31/2021
New York City (Large employers)	\$11.00	\$13.00	\$15.00	\$15.00	\$15.00	\$15.00
New York City (Small employers)	\$10.50	\$12.00	\$13.50	\$15.00	\$15.00	\$15.00
Nassau, Suffolk, & Westchester counties	\$10.00	\$11.00	\$12.00	\$13.00	\$14.00	\$15.00
Remainder of the State	\$9.70	\$10.40	\$11.10	\$11.80	\$12.50	\$12.50

The minimum wage add-on and the adjusted APG rate will be posted to the Mental Hygiene Services Rates webpage.

(https://www.health.ny.gov/health_care/medicaid/rates/mental_hygiene/apg/) The minimum wage add-on will be developed and implemented as follows:

- a. Minimum wage costs will mean the additional costs incurred beginning December 31, 2017, and thereafter, as a result of New York state statutory increases to minimum wage.
 - i. Minimum wage cost development based on survey data collected.
 - 1. Survey data will be collected for facility specific wage data.
 - 2. Facilities will report, by specified wage bands, the total count of FTEs and total hours paid to employees earning less than the statutory minimum wage applicable for each MW Region.
 - 3. Facilities will report an average fringe benefit percentage for the employees directly affected by the minimum wage increase.
 - 4. The minimum wage costs are calculated by multiplying the total hours paid by the difference between the statutory minimum wage and the midpoint of each wage band where the facility has reported total hours paid. To this result, the facility’s average fringe benefit percentage is applied and added to the costs.
 - ii. Minimum wage cost development based on the 2016 Article 16 cost report data.
 - 1. The average hourly wages of employees in occupational titles where the reported average hourly wage is below the regional statutory minimum wage are identified.
 - 2. The total payroll hours of the titles identified are then multiplied by the regional statutory minimum wage resulting in a projected payroll. The actual payroll as reported in the cost report is then subtracted from the projected payroll resulting in the expected wage costs increase.
 - 3. The facility’s fringe benefit costs directly affected by the wage increase are identified, and the average fringe benefit percentage is calculated.

- 5. The fringe benefit percentage is applied to the increased wage costs and added resulting in the minimum wage costs.
- 6. Overtime will be applied based on prior years historical experience.

- b. The 2018 minimum wage costs will be developed based on collected survey data received and attested to by clinics. If a clinic did not submit a survey, its minimum wage costs will be calculated based on 2016 Article 16 cost report wage data. If a clinic fails to submit both the survey and the 2016 Article 16 cost report, its minimum wage add-on will not be calculated.

- c. In the subsequent years until the minimum wage is completely implemented statewide, the Department will survey clinics utilizing the methodology employed in year one. If a clinic fails to submit the minimum wage survey, the calculation for minimum wage costs will default to the use of the personnel wage data reported on the statewide latest available Article 16 cost report. If a clinic fails to submit both the survey and the latest Article 16 cost report, its minimum wage add-on will not be calculated. Once the minimum wage costs are included in the development of the upstate/downstate APG base rate, the minimum wage add-on will be excluded from the rate.

- d. A minimum wage add-on will be developed by multiplying minimum wage costs pursuant to subdivision (a) above, by a percentage of Medicaid clinic visits to total clinic visits as reported in the provider’s 2016 Article 16 Cost Report. The result is divided by total Medicaid visits for such services.

- e. Minimum Wage Reconciliation - After the end of each calendar year, the Department of Health will survey providers to obtain the following information for the purpose of reconciling the annual minimum wage add-on reimbursement provided for in subdivision (d) above. The state will release the reconciliation survey by the end of March and providers will have two weeks to complete the survey or request an extension if a provider determines it is unable to complete the survey within that time. Approval of extensions, and the time of the extension, is at the discretion of the state. If the reconciliation survey is not submitted within the two weeks or within the extension time frame, should one be granted, the provider’s minimum wage add-on for the calendar year covered by the survey will be recouped.
 - i. Total annual minimum wage funding paid to the provider (as determined from the minimum wage add-on to claims paid for services rendered in the prior calendar year) for the Medicaid share of the minimum wage law increase requirement. The Medicaid share of the annual minimum wage funding will be supplied in the reconciliation survey by the Department of Health. Medicaid’s share is defined as the percentage of minimum wage costs that are attributable to Medicaid services based on the proportion of Medicaid services to a provider’s total services.

 - ii. Medicaid’s share of the total amount the provider was obligated to pay to bring salaries up to the minimum wage for the calendar year. (This information will be

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all qualifying Mental Hygiene services to comply with enacted statutory provisions. The following changes are proposed:

All Services

Effective on or after December 31, 2017, the State will change the methods and standards for determining payment rates for all qualifying Mental Hygiene Services to take into account labor costs resulting from statutorily required increases in the New York State minimum wage and to provide funding to support a three and one-quarter percent increase in annual salary and salary-related fringe benefits for direct care staff and direct support professionals, and in payment to foster parents and adoptive parents.

Effective on or after April 1, 2018, a new three and one-quarter percent increase in annual salary and salary-related fringe benefits

will be applied for direct care staff, direct support professionals and clinical staff, and in payment to foster parents and adoptive parents for all qualifying Mental Hygiene Services. For the purposes of the January 1 and April 1, 2018 funding increases, direct support professionals are individuals employed in consolidated fiscal reporting position title codes ranging from 100 to 199; direct care staff are individuals employed in consolidated fiscal reporting position title codes ranging from 200 to 299; and clinical staff are individuals employed in consolidated fiscal reporting position title codes ranging from 300 to 399.

The estimated annual net aggregate increase in gross Medicaid expenditure attributable to this initiative contained in the budget for SFY 2017/18 is approximately \$35.5M.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with enacted statutory provisions. The following changes are proposed:

Non-Institutional Services

Effective on or after December 31, 2017, the Department of Health will adjust Article 16 APG rates to take into account increased labor costs resulting from statutorily required increases in the New York State minimum wage. Under the statute, increases in the minimum wage will be phased in over a number of years until the minimum wage is \$15 per hour in all regions of the State, and Medicaid rates will be adjusted in those years to account for such increases.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2018 is \$30,000 and 2019 is \$40,000.

as if the rate had been issued on January 1, 2015. The compensation increase funding will include associated fringe benefits.

b. **April 1, 2015 Increase.** In addition to the compensation funding effective January 1, 2015, providers that operate ICF/IIDs will receive a compensation increase targeted to direct support professional and clinical employees. The compensation increase funding will include associated fringe benefits. The April 1, 2015 direct support professionals compensation funding will be the same, on an annualized basis, as that which was calculated for the January 1, 2015 compensation increase.

c. January 1, 2018, Increase. Rates for eligible rate based programs will be revised to incorporate funding for compensation increases to direct support professional employees. The compensation increase funding will be included in the provider’s rate issued for January 1, 2018, or in a subsequent rate with the inclusion of funding in the amount necessary to achieve the same funding impact

d. April 1, 2018, Increase. In addition to the compensation funding effective January 1, 2018, providers that operate ICFs/IID will receive a compensation increase targeted to direct support professional and clinical employees. The compensation increase funding will include associated fringe benefits. The April 1, 2018, direct support professional compensation funding will be the same, on an annualized basis, as that which was calculated for the January 1, 2018, compensation increase.

iii. **Calculations.** The basis for the calculation of provider and regional direct care, support and clinical salary averages and associated fringe benefit percentages will be the data reported on the providers’ CFRs for July 1, 2010 through June 30, 2011 for providers reporting on a fiscal year basis or January 1, 2011 through December 31, 2011 for providers reporting on a calendar year basis.

a. The January 1, 2015 and April 1, 2015 Direct Support Professionals compensation increase funding formula will be as follows:

1. The annual impact of a two percent increase to 2010-11 or 2011 salaried direct care dollars, salaried support dollars and associated fringe benefits will be calculated.
2. The annual impact of the two percent increase for salaried direct care dollars, salaried support dollars and associated fringe will be added to the appropriate operating components in the rate methodology. This will result in a recalculation of provider and regional average direct care wages, provider and regional average employee-related components, provider and regional average program support components, and provider and regional average direct care hourly rates.
3. The provider direct care hourly rate – adjusted for wage equalization factor will be recalculated to utilize the provider average direct care hourly rate and regional average direct care hourly rate, as calculated in subparagraph 2 of this paragraph.
4. An identification will be made of the dollar difference between the provider direct care hourly rate – adjusted for wage equalization factor, which is in the rate in effect on December 31, 2014, and the provider direct care hourly rate – adjusted for wage equalization factor, as calculated in subparagraph 3 of this paragraph.
5. The rate difference identified in subparagraph 4 of this paragraph will be multiplied by the calculated direct care hours in the rate in effect on December 31, 2014 to calculate the

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all qualifying Mental Hygiene services to comply with enacted statutory provisions. The following changes are proposed:

All Services

Effective on or after December 31, 2017, the State will change the methods and standards for determining payment rates for all qualifying Mental Hygiene Services to take into account labor costs resulting from statutorily required increases in the New York State minimum wage and to provide funding to support a three and one-quarter percent increase in annual salary and salary-related fringe benefits for direct care staff and direct support professionals, and in payment to foster parents and adoptive parents.

Effective on or after April 1, 2018, a new three and one-quarter percent increase in annual salary and salary-related fringe benefits

will be applied for direct care staff, direct support professionals and clinical staff, and in payment to foster parents and adoptive parents for all qualifying Mental Hygiene Services. For the purposes of the January 1 and April 1, 2018 funding increases, direct support professionals are individuals employed in consolidated fiscal reporting position title codes ranging from 100 to 199; direct care staff are individuals employed in consolidated fiscal reporting position title codes ranging from 200 to 299; and clinical staff are individuals employed in consolidated fiscal reporting position title codes ranging from 300 to 399.

The estimated annual net aggregate increase in gross Medicaid expenditure attributable to this initiative contained in the budget for SFY 2017/18 is approximately \$35.5M.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with enacted statutory provisions. The following changes are proposed:

Non-Institutional Services

Effective on or after December 31, 2017, the Department of Health will adjust Article 16 APG rates to take into account increased labor costs resulting from statutorily required increases in the New York State minimum wage. Under the statute, increases in the minimum wage will be phased in over a number of years until the minimum wage is \$15 per hour in all regions of the State, and Medicaid rates will be adjusted in those years to account for such increases.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2018 is \$30,000 and 2019 is \$40,000.

**SUMMARY
SPA #18-0009**

This State Plan Amendment proposes to increase rates of payment for non-State-operated OMH-licensed Freestanding Mental Health Clinics and Freestanding and Outpatient Hospital-based Partial Hospitalization and Continuing Day Treatment Services and Day Treatment Services for Children to account for statutory increases to the New York State minimum wage through 2022 and other budgeted compensation increases for direct care and clinical staff.

New York
2(s.4)

X. Minimum Wage Rate Increases for Non-State-operated Freestanding OMH-Licensed Mental Health Clinics

Effective January 1, 2018 and every January 1 thereafter until the minimum wage reaches the state statutorily described per hour wage shown below, a minimum wage increase percentage will be developed and applied to the APG base rates for all peer groups of freestanding OMH-licensed Mental Health Clinics, except State-operated Mental Health Clinics.

Minimum Wage Region	12/31/16	12/31/17	12/31/18	12/31/19	12/31/20	12/31/21
New York City (Large employers)	\$11.00	\$13.00	\$15.00	\$15.00	\$15.00	\$15.00
New York City (Small employers)	\$10.50	\$12.00	\$13.50	\$15.00	\$15.00	\$15.00
Nassau, Suffolk, & Westchester counties	\$10.00	\$11.00	\$12.00	\$13.00	\$14.00	\$15.00
Remainder of the State	\$9.70	\$10.40	\$11.10	\$11.80	\$12.50	\$12.50

Rates adjusted by the minimum wage increase percentage will be posted to the OMH Medicaid Reimbursement website at https://www.omh.ny.gov/omhweb/medicaid_reimbursement/. The minimum wage increase percentage will be developed and implemented as follows:

- a. Minimum wage costs mean the additional costs for salary and fringe benefits incurred beginning January 1, 2018, and thereafter, as a result of New York State statutory increases to minimum wage. Minimum wage costs for 2018 are developed based on the most current available CFR (Consolidated Fiscal Report) cost report data and updated annually thereafter through 2022. For 2018, the State used 2014-2015 CFR cost report data and adjusted any wages reported therein below the 12/31/16 minimum wage up to such statutory minimum wage prior to calculating the minimum wage increase percentage.
 - i. The average hourly wages of employees in occupational titles where the calculated average hourly wage, after controlling for overtime, is below the regional statutory minimum wage are identified.
 - ii. The total payroll hours of the titles identified are then multiplied by the regional statutory minimum wage resulting in a projected payroll. The actual payroll as reported in the CFR cost report is then subtracted from the projected payroll resulting in the expected minimum wage cost increase attributable to salary.
 - iii. Fringe benefit costs are identified on the CFR and the statewide average fringe benefit percentage is calculated.
 - iv. The fringe benefit percentage is applied to the increased minimum wage costs attributable to salary and the result is then added to the minimum wage cost increase attributable to salary, resulting in total minimum wage costs.
 - v. The total minimum wage cost is divided by total operating expenditures reported in the CFR cost report to derive a minimum wage increase percentage.
- b. Rates adjusted for minimum wage costs are calculated by multiplying the APG base rates then in effect by the minimum wage increase percentage as determined pursuant to section (a), above.

- c. After the end of each CFR (Consolidated Fiscal Report) reporting year beginning in 2018, the Office of Mental Health will review providers' CFR submissions to ensure the average hourly wages of employees in all occupational titles comply with minimum wage standards. OMH may reconcile and recoup minimum wage rate increases paid to providers that do not submit their CFRs according to established reporting deadlines or that are found not to be in compliance with wage standards if the Office of Mental Health deems such recoupment to be cost effective.

XI. Direct Care and Clinical Compensation Increase for Non-State-operated Freestanding OMH-Licensed Mental Health Clinics

- a. Effective on both January 1, 2018 and April 1, 2018, a direct care compensation increase will be developed and implemented for Direct Support and Direct Care Professionals. Also, effective April 1, 2018, a clinical compensation increase will be developed and implemented for Clinical Professionals. Such increases shall apply to all peer groups of freestanding OMH-licensed Mental Health Clinics, except State-operated Mental Health Clinics. Employee wage and fringe benefit information is based on 2014-2015 CFR cost report data.
- b. Fee increases effective January 1, 2018 are calculated as follows:
 - i. The total wages of employees in Direct Support and Direct Care Professional occupational titles (adjusted by any applicable minimum wage increases) and fringe benefits are increased by 3.25%.
 - ii. Such wage and benefit increase is divided by the total operating expenditures reported in the CFR to derive a direct care compensation factor.
 - iii. Rates adjusted for direct care compensation are calculated by applying the direct care compensation factor to the APG base rates then in effect.
- c. Fee increases effective April 1, 2018 are calculated as follows:
 - i. The total wages of employees in Direct Support and Direct Care Professional occupational titles (adjusted by any applicable minimum wage increases and the increase specified in subsection (b)(i), above) and fringe benefits are increased by 3.25%.
 - ii. The total wages of employees in Clinical Professional occupational titles and fringe benefits are increased by 3.25%.
 - iii. Wage and benefit increases calculated pursuant to subsections (c)(i) and (ii), above are combined and then the sum is divided by the total operating expenditures reported in the CFR to derive a direct care and clinical compensation factor.
 - iv. Rates adjusted for direct care and clinical compensation are calculated by applying the direct care and clinical compensation factor to the APG base rates then in effect.

Reimbursement Methodology for Non-State-operated OMH-Licensed Freestanding Clinic and Outpatient Hospital Services, including Partial Hospitalization and Continuing Day Treatment Services and Day Treatment Services for Children.

I. Minimum Wage Rate Increases

Effective January 1, 2018 and every January 1 thereafter until the minimum wage reaches the state statutorily described per hour wage shown below, a minimum wage increase percentage will be developed and applied to the rates for OMH-licensed Partial Hospitalization and Continuing Day Treatment Services and Day Treatment Services for Children, except rates for State-operated Services.

Table with 7 columns: Minimum Wage Region, 12/31/16, 12/31/17, 12/31/18, 12/31/19, 12/31/20, 12/31/21. Rows include New York City (Large employers), New York City (Small employers), Nassau, Suffolk, & Westchester counties, and Remainder of the State.

Rates adjusted by the minimum wage increase percentage will be posted to the OMH Medicaid Reimbursement website at https://www.omh.ny.gov/omhweb/medicaid_reimbursement/. The minimum wage increase percentage will be developed and implemented as follows:

- a. Minimum wage costs mean the additional costs for salary and fringe benefits incurred beginning January 1, 2018, and thereafter, as a result of New York State statutory increases to minimum wage. Minimum wage costs for 2018 are developed based on the most current available CFR (Consolidated Fiscal Report) cost report data and updated annually thereafter through 2022. For 2018, the State used 2014-2015 CFR cost report data and adjusted any wages reported therein below the 12/31/16 minimum wage up to such statutory minimum wage prior to calculating the minimum wage increase percentage.
i. The average hourly wages of employees in occupational titles where the calculated average hourly wage, after controlling for overtime, is below the regional statutory minimum wage are identified.
ii. The total payroll hours of the titles identified are then multiplied by the regional statutory minimum wage resulting in a projected payroll. The actual payroll as reported in the CFR cost report is then subtracted from the projected payroll resulting in the expected minimum wage cost increase attributable to salary.
iii. Fringe benefit costs are identified on the CFR and the statewide average fringe benefit percentage is calculated.
iv. The fringe benefit percentage is applied to the increased minimum wage costs attributable to salary and the result is then added to the minimum wage cost increase attributable to salary, resulting in total minimum wage costs.
v. The total minimum wage cost is divided by total operating expenditures reported in the CFR cost report to derive a minimum wage increase percentage.

DRAFT**New York
3k(6)**

- b. Rates adjusted for minimum wage costs are calculated by multiplying rates then in effect by the minimum wage increase percentage as determined pursuant to section (a), above.
- c. After the end of each CFR (Consolidated Fiscal Report) reporting year beginning in 2018, the Office of Mental Health will review providers' CFR submissions to ensure the average hourly wages of employees in all occupational titles comply with minimum wage standards. OMH may reconcile and recoup minimum wage rate increases paid to providers that do not submit their CFRs according to established reporting deadlines or that are found not to be in compliance with wage standards if the Office of Mental Health deems such recoupment to be cost effective.

II. Direct Care and Clinical Compensation Increases

Effective on both January 1, 2018 and April 1, 2018, a direct care compensation increase will be developed and implemented for Direct Support and Direct Care Professionals. Also, effective April 1, 2018, a clinical compensation increase will be developed and implemented for Clinical Professionals. Such increases shall apply to the rates for OMH-licensed Partial Hospitalization and Continuing Day Treatment Services and Day Treatment Services for Children, except rates for State-operated Employee wage and fringe benefit information is based on 2014-2015 CFR cost report data.

- a. Fee increases effective January 1, 2018 are calculated as follows:
 - i. The total wages of employees in Direct Support and Direct Care Professional occupational titles (adjusted by any applicable minimum wage increases) and fringe benefits are increased by 3.25%.
 - ii. Such wage and benefit increase is divided by the total operating expenditures reported in the CFR to derive a direct care compensation factor.
 - iii. Rates adjusted for direct care compensation are calculated by applying the direct care compensation factor to the APG base rates then in effect.
- b. Fee increases effective April 1, 2018 are calculated as follows:
 - i. The total wages of employees in Direct Support and Direct Care Professional occupational titles (adjusted by any applicable minimum wage increases and the increase specified in subsection (b)(i), above) and fringe benefits are increased by 3.25%.
 - ii. The total wages of employees in Clinical Professional occupational titles and fringe benefits are increased by 3.25%.
 - iii. Wage and benefit increases calculated pursuant to subsections (c)(i) and (ii), above are combined and then the sum is divided by the total operating expenditures reported in the CFR to derive a direct care and clinical compensation factor.
 - iv. Rates adjusted for direct care and clinical compensation are calculated by applying the direct care and clinical compensation factor to the APG base rates then in effect.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all qualifying Mental Hygiene services to comply with enacted statutory provisions. The following changes are proposed:

All Services

Effective on or after December 31, 2017, the State will change the methods and standards for determining payment rates for all qualifying Mental Hygiene Services to take into account labor costs resulting from statutorily required increases in the New York State minimum wage and to provide funding to support a three and one-quarter percent increase in annual salary and salary-related fringe benefits for direct care staff and direct support professionals, and in payment to foster parents and adoptive parents.

Effective on or after April 1, 2018, a new three and one-quarter percent increase in annual salary and salary-related fringe benefits

will be applied for direct care staff, direct support professionals and clinical staff, and in payment to foster parents and adoptive parents for all qualifying Mental Hygiene Services. For the purposes of the January 1 and April 1, 2018 funding increases, direct support professionals are individuals employed in consolidated fiscal reporting position title codes ranging from 100 to 199; direct care staff are individuals employed in consolidated fiscal reporting position title codes ranging from 200 to 299; and clinical staff are individuals employed in consolidated fiscal reporting position title codes ranging from 300 to 399.

The estimated annual net aggregate increase in gross Medicaid expenditure attributable to this initiative contained in the budget for SFY 2017/18 is approximately \$35.5M.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with enacted statutory provisions. The following changes are proposed:

Non-Institutional Services

Effective on or after December 31, 2017, the Department of Health will adjust Article 16 APG rates to take into account increased labor costs resulting from statutorily required increases in the New York State minimum wage. Under the statute, increases in the minimum wage will be phased in over a number of years until the minimum wage is \$15 per hour in all regions of the State, and Medicaid rates will be adjusted in those years to account for such increases.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2018 is \$30,000 and 2019 is \$40,000.

DRAFT

SUMMARY SPA #18-0013

This State Plan Amendment provides a physician payment to outpatient clinics of general hospitals and diagnostic and treatment centers for primary care practitioner services provided in a patient's residence to a patient unable to leave his or her residence to receive services, without unreasonable difficulty, when these services are primary care services that would be provided in a traditional office visit setting.

The opportunity to treat a patient in his or her own home allows primary care practitioners the ability to treat patients, that are unable to leave his or her residence without unreasonable difficulty, more effectively and efficiently. These patients will have better access to medical care and, as a result, Medicaid will see a reduction in costs related to ambulance transportation, emergency department visits and inpatient service admissions.

Physician Services

Fee Schedules are developed by the Department of Health and approved by the Division of the Budget.

For primary care and specialty physicians meeting the eligibility and practice criteria of and enrolled in the HIV Enhanced Fees for Physicians (HIV-EFP) program, and the Preferred Physicians and Children’s program (PPAC), fees for visits are based on the Products of Ambulatory Care (PAC) structure: fees are based on recipient diagnosis, service location and visit categories which reflect the average amount of physician time and resources for that level of visit. The PAC fee structure incorporates a regional adjustment for upstate and downstate physicians. Reimbursement for the initial and subsequent prenatal care and postpartum visit for MOMS is based on the Products of Ambulatory Care (PAC) rate structure. Reimbursement for delivery only services and total obstetrical services for physicians enrolled in MOMS is fixed at 90% of the fees paid by private insurers. Ancillary services and procedures performed during a visit must be claimed in accordance with the regular Medicaid fee schedule described in the first paragraph above. HIV-EFP, PPAC and MOMS fees were developed by the Department of Health and approved by the Division of the Budget. For services provided on and after June 1, 2003, a single fee, regionally adjusted (upstate and downstate) and based on program specific average cost per visit shall be established for the HIV-EFP and PPAC programs, respectively, and shall be paid for each visit. Visits for these programs shall be categorized according to the evaluation and management codes within the CPT-4 coding structure.

Effective September 1, 2012, reimbursement will be provided to physicians for breastfeeding health education and counseling services. Physicians must be currently registered and licensed by the State in accordance with 42 CFR 440.60(a) and also International Board Certified Lactation Consultants (IBCLC). Date of implementation will occur on the first day of the month following 30 days after Federal approval of this provision of the State Plan.

Effective January 1, 2018 reimbursement will be provided to outpatient clinics of general hospitals (outpatient clinic) and diagnostic and treatment centers (D&TC) for primary care practitioners who provide home visit primary care services to a patient who is unable to leave his or her residence to receive services at the outpatient clinic or D&TC without unreasonable difficulty due to circumstances, including but not limited to, clinical impairment.

1. The patient must have a pre-existing clinical relationship with the outpatient clinic or D&TC, or with the health care professional providing the service.
2. The primary care practitioner must be employed by either the outpatient clinic or D&TC and acting at the direction of that provider.
3. These services are provided by a primary care practitioner which includes the following: physician, physician assistant, nurse practitioner or licensed midwife.
4. Primary care services are defined as services ordinarily provided to patients on-site at the outpatient clinic or D&TC and are not home care services defined in subdivision one of section thirty-six hundred two of this chapter or the professional services enumerated in subdivision two of such section.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to provide

reimbursement for services provided in accordance with Public Health Law section 2803(11). The following changes are proposed:

Non-Institutional Services

Subject to the availability of Federal Financial Participation, effective on or after May 1, 2017, Medicaid reimbursement will be available to hospitals and diagnostic and treatment centers for primary care practitioners providing off-site primary care services to Medicaid recipients. These off-site services are primary care services that are ordinarily provided to patients on-site at the hospital outpatient clinic (OPD) or diagnostic and treatment center (DTC) and are not home care services. These services are provided by a primary care practitioner to a Medicaid recipient (patient) with a pre-existing clinical relationship with the OPD or DTC and the patient is unable to leave his or her residence to receive services without unreasonable difficulty due to circumstances such as clinical impairment.

There is no additional estimated annual change to gross Medicaid expenditures as a result of the proposed amendment.

The public is invited to review and comment on this proposed State Plan Amendment. Copies of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status.

Copies of the proposed State Plan Amendments will be on file in each local (county) social services district and available for public review.
