# **2022 Annual Cost Report (CR) Manual**

**New York State Department of Health (NYSDOH)  
Traumatic Brain Injury (TBI) & Nursing Home Transition and Diversion (NHTD) Programs**

## **Introduction**

An Annual Cost Report (CR) is required to be completed by all service providers receiving funds from the New York State Department of Health (NYSDOH) Traumatic Brain Injury (TBI) and Nursing Home Transition and Diversion (NHTD) programs regardless of when services began or how much Medicaid revenue was received.

NYSDOH TBI and NHTD programs are *not* reported on the Consolidated Fiscal Report (CFR), instead they are reported on a separate Excel cost report template (CR) which is *not* required to be independently audited.

Service providers operating programs under the jurisdiction of one or more of the other State agencies must also file an annual CFR to document the expenses related to those programs. If the service provider operates under the jurisdiction of more than one of the other State agencies, they will report on the same CFR.

The instructions in this manual specify that a standard set of rules be followed to provide consistent data for comparison purposes.

Providers should review the reporting instructions at the top of, and within each tab prior to completing the tab.

NYSDOH reserves the right to reject information submitted if the instructions in this manual are not followed.

## Reporting Periods

A service provider's annual reporting period is based on the geographic location of their **corporate headquarters**.

Headquarters Location	Annual Reporting Period
New York City	July 1 through June 30 (Fiscal Year, FY)
Other than New York City	January 1 through December 31 (Calendar Year, CY)

- Providers headquartered outside of New York City, that provide services both within and outside of New York City; your reporting period is **January 1 through December 31st**.
- Providers headquartered within New York City, that provide services both within and outside of New York City; your reporting period is **July 1, through June 30th**.

*Note: Only expenses for the proper reporting period should be included on the CR template. Cost reports submitted with expenses for a different reporting period will not be accepted.*

*Failure to submit all required tabs of the template, or failure to resubmit corrected templates when requested may result in the imposition of sanctions or penalties.*

## Due Dates

Completed TBI and NHTD Annual Cost Report templates (CRs) are due no later than 120 days after the close of a provider's respective reporting period. If a pre-approved extension request is submitted, the due date is no later than 150 days after the close of the reporting period.

Indicate the annual period dates for which you are reporting on rows 8 and 9 of the Summary Data tab.

### Cost report due dates:

- Calendar Year (CY) Filers - reporting period 1/1-12/31
  - Cost report due to NYSDOH - **April 30<sup>th</sup>**
  - Cost report with approved 30-day extension due to NYSDOH - **May 31<sup>st</sup>**
- New York City Fiscal Year (FY) Filers - reporting period 7/1-6/30
  - Cost report due to NYSDOH - **October 31<sup>st</sup>**
  - Cost report with approved 30-day extension due to NYSDOH - **November 30<sup>th</sup>**

### To request a 30-day extension:

- Send an email to [1915CR@health.ny.gov](mailto:1915CR@health.ny.gov).
  - Include "request for extension" in the subject line of your email.
  - Include the name of your facility, MMIS# and program (NHTD/TBI or both).

*Note: If there is an extension of the due dates NYSDOH will send a notification email to providers. It is important to keep your contact information up to date with eMedNY, Program and the RRDCs.*

*Late submission of a CR may result in a sanction or penalty being imposed against the service provider.*

## Submissions

### Submitting your Annual Cost Report is a three-step process:

Step 1: Complete all tabs on the CR Excel template.

Step 2: Executive review and affirmation of CR.

Step 3: Submit to [1915CR@health.ny.gov](mailto:1915CR@health.ny.gov).

- DOH will respond via email and assign a Document Control Number (DCN), confirming receipt of the report.
- Submissions are required in Excel format using the provided template.
  - Completed submissions should *not* be sent as a pdf document or as an encrypted/secure email.
  - If necessary, Excel workbooks can be password protected from the “File” tab within the Excel workbook, and the password sent in a separate email.
- The CR is used as a year-end cost report and is used to analyze the appropriateness of fees and contracts. The CR is completed utilizing a consistent reporting methodology to enable the Department to compare costs between providers, regions and programs.
  - The methodology includes:
    - The use of accrual accounting; report costs and revenues based on when services were rendered (date of service), not when payments were actually received.
    - Accrued costs - including the depreciation of equipment and property.
    - The ratio value method to allocate agency administration costs.

### Order of Tab Completion:

The CR tabs should be completed in the following order:

- **Service Level Data tab**
- **OTPS tab (for providers whose OTPS costs are 100% attributable to NHTD or TBI Waiver services)**
- **Agency Admin tab**
- **Summary Data tab**

Fiscal information reported in several cells on the Service Level, OTPS and Agency Admin tabs will automatically populate in the Summary Data tab.

## **General Instructions**

- Providers are required to complete the cost report in its entirety for each waiver (NHTD/TBI) that you participate in.
  - For providers who participate in both the NHTD and TBI services, you must submit 2 separate reports.
- Using accrual accounting, input unit of service, salary expenses (by title), associated fringe, FTEs, (full time equivalents), contracted and non-contracted staffing, and other than personal service (OTPS) for each service (rate code) for the reporting period.
- Enter all \$ in whole dollars.
- FTEs are calculated to three decimal places.
- Input amounts only to the cells shaded in purple.
- Gray cells will automatically populate as you complete each section and carry over to the Summary Data tab from data entered on the Service Level, OTPS, and Agency Admin tabs.
- Do not add rows or columns, change column widths, or make any other modifications to the report. Modified reports will be considered a non-submission.

## Service Level Data Tab

The Service Level Data tab is used to report the billed units of service, amounts paid, fringe benefits, and the full-time equivalents (FTEs) associated with each position title (job function).

These amounts are all to be reported by service/rate code.

- Individuals receiving W-2 tax forms are considered to be employees of the service provider, or **non-contracted staff**.
- Individuals receiving 1099 tax forms are considered to be independent contractors or **contracted staff**.

Please note that a position title should not be selected based solely on the employee's job title designated by the employer or solely on the professional license of the employee (i.e., an individual who is professionally licensed in a clinical or direct care area must be reported under an administrative position title if his/her job functions are administrative in nature).

Multiple position titles must be used when an employee performs job duties that relate to more than one function. The salary/wages and associated fringe benefits of an individual who splits his/her time between two or more positions should be prorated based on the number of hours worked in each position.

**Initial Service Coordination – providers may include the cost of onboarding individuals who never become waiver participants due to death, decline in status, inability to secure housing etc.**

Only personal services related to employees of the service provider are reported.

Enter amounts in the purple cells as needed.

### **Total Billed Units of Service:**

For each service: Enter the # of units provided for this report period on row 10.

**This number can be different from the number of units of service billed for the reporting period. It is critical that the units of service delivered during the reporting period are captured, counted and reported correctly and reflect the approved units established by the program.**

*Note: the unit increments that are listed on row 8 for each service and record according to the total units provided.*

### **Non-Contracted Staff: Paid and Accrued Salary Expense (by title):**

- Non-contracted staff are considered staff that receive a W-2 tax form at the end of the year.
  - Include salaries and other compensation (excluding fringe).
  - Include all overtime, bonuses, and cafeteria or split dollar benefits.
- The amount must be reported in whole dollars. Cash paid as a cafeteria plan option is to be included here as salary.

- Employee hours worked, amounts paid, and FTEs must be allocated if the employee works at more than one program, or the employee works in more than one position title (job function).

**Shared Staff:**

**1. Actual Hours of Service** - Actual hours of service is the preferred statistical basis upon which to allocate salaries and fringe benefits for staff who are jointly shared and provide more than 1 service.

- Providers must maintain appropriate documentation (e.g., payroll records) reflecting the hours used in this allocation.

**Example: Allocation based on hours (the preferred method):**

Agency XYZ employs a direct care worker who works at service A and at service B. The standard work week for this person is forty (40) hours. Payroll records indicate 25 hours/week are providing service A and 15 hours/week on service B. This person's salary is allocated as follows:

Service A - \$22,400 (annual salary) X (25/40) = \$14,000

Service B - \$22,400 (annual salary) X (15/40) = \$ 8,400

*Note: The fringe benefit allocation should use the same methodology as shown above.*

**2. Time Studies** - If the preferred method cannot be utilized, allocations based on time studies will be accepted.

**Example: Acceptable time study allocation:**

Agency XYZ employs a Nurse Practitioner (NP) who provides multiple services.

- The NP must maintain a time study to properly allocate time to the proper service. (See **Appendix E**).
- His/her actual hours worked were not maintained.
- NP salary: \$25,000 Per time study.
- the NP spent 20% of his/her time providing service A and 80% providing service B.
- Service A - \$25,000 (annual salary) X 20% = \$ 5,000.
- Service B - \$25,000 (annual salary) X 80% = \$20,000.

*Note: The fringe benefit allocation should use the same methodology.*

**3. Housekeeping and Janitorial Staff:**

For housekeeping and janitorial staff who serve more than one service, compensation and fringe benefits may be allocated according to the square footage of the space the staff is maintaining.

*Note: The fringe benefit allocation should use the same methodology.*

### **Non-Contracted Staff: Fringe Benefits:**

Report the total amount paid to non-contracted staff for fringe benefits in whole dollars.

- Use the sum of both mandated and non-mandated fringe.
  - **Mandated Fringe Benefits:** The costs of all employer contributions mandated by federal, state or local laws for agency administration staff salaries (i. e., Social Security, Workers Compensation/Unemployment Insurance and New York State Disability).
  - **Non-Mandated Fringe Benefits:** The costs of all fringe benefits not mandated by federal, state or local laws for agency administration staff salaries.

### **Examples include:**

- **Vacation accruals.**
- Sick leave accruals (vested and funded).
- Employer contributions of health insurance.
- Dental insurance.
- Major medical.
- Combined insurance plan (single premium that includes health, dental, and/or major medical) and/or life insurance; and pension and/or retirement plan costs.

Where cash is an option of the cafeteria plan, that cash is reported as salary, not fringe.

*Note: The employee contribution in a deferred compensation program should be reported as salary rather than a fringe benefit.*

### **Non-Contracted Staff: Full Time Equivalent (FTEs):**

- Report the total # of non-contracted staff who provide services for the program.
- The FTE for each position title is calculated to three decimal places.
- Calculate the FTE by dividing the number of hours paid by the product of the standard full-time work week times 52 weeks per year.
- Employee FTEs must be allocated if they provide more than one service or more than one position (job function).

### **Contracted Staff: Paid Amount**

- Staff who receive a 1099 tax form, and do not receive a W-2, are considered to be independent contractors or **contracted staff**.
- The amount must be reported in whole dollars.

- The amount paid must be allocated if the staff member works at more than one program or in more than one position title (job function).
  - See the instructions for *SHARED STAFF* above on page 7.

**Contracted Staff: FTE (Full time equivalent):**

- Report the total # of contracted staff who provide services for the program.
- The FTE for each position title is calculated to three decimal places.
- Calculate the FTE by dividing the number of hours paid by the product of the standard full-time work week times 52 weeks per year.
- Contracted Staff FTEs must be allocated if they provide more than one service or more than one position (job function).
  - See the instructions for *SHARED STAFF* above on page 7.

### Other Than Personal Service (OTPS) Tab

- All OTPS spending that is 100% allocated to the provision of either the NHTD or TBI waiver services should be reported on the OTPS tab of the respective CR report.
- All OTPS spending that cannot be 100% allocated to the provision of either the NHTD or TBI waiver services, should be reported on the Agency Admin tab of the respective CR report.
  - OTPS items on the Agency Admin tab need to be BETWEEN (but not including) 0% and 100%.
- OTPS that is **not** associated to NHTD or TBI waiver services, should be reported on row 62 of the Agency Admin tab (Total Expenses for all programs operated by the agency).
- Enter amounts in the purple shaded cells as required.
  - Do not enter amounts in the gray cells, they will automatically populate when you complete the section.

### Building

- **Rent:** The rent or lease expense associated with agency administration.
  - If the lease itemizes charges for utilities, real estate taxes, and other expenses separately, report these items on the appropriate lines on this tab.
  - If these other expenses are provided for in the lease agreement, but cannot be separated, include here.
- **Depreciation:** The agency administration depreciation of building costs for the basic structure or shell and additions to the site. **Refer to Appendix A.**
- **Mortgage Interest:** The interest expense related to real property.

### Vehicle

- **Lease:** The lease and/or rental expense for vehicles used for official agency administrative business.
- **Depreciation:** The depreciation expense associated with vehicles purchased by the agency and used exclusively in official agency administrative business. **Refer to Appendix A.**
- **Interest:** The interest expense for vehicles used exclusively in official agency administrative business.

### Equipment

- **Lease:** The lease and/or rental expense for fixed, major moveable and minor equipment located at agency administrative offices.

- **Depreciation:** The depreciation expense associated with office equipment purchased by the agency and used exclusively by the agency administration. **Refer to Appendix A.**
- **Interest:** The interest expense for equipment used exclusively in official agency administrative business.

**Expensed Equipment:** The cost of all expensed equipment related to agency administration purchased during the cost report period. Such equipment must have a value of less than \$5,000 or a useful life of less than two years.

**Office Supplies:** The costs of office supplies, printing, copying and postage used in the general agency administration operations.

**Utilities:** The costs of electricity, heat, water, sewage system, telephone, cable and internet charges related to agency administration space or facilities and used by admin staff.

**Insurance:** The equipment and property related insurance expenses for agency administration. Costs for general liability, bonding (crime/fidelity), professional malpractice, vehicle, building, equipment or other insurance costs related to agency administration.

**Travel/Other Transportation Expenses:** The staff travel costs associated with agency administration.

**Repairs and Maintenance:** The costs related to minor repairs of the program/site physical plant and/or costs that maintain or restore an asset to its normal or expected useful life related to agency administration. Also, include costs for contracted services, such as housekeeping, garbage removal (including medical waste) and snow removal. Repairs and maintenance costs incurred which extend the useful life of or substantially increase the productivity of an asset, must be capitalized and depreciated.

**Property Taxes:** The real estate taxes associated with agency administration such as school and property. Include a lease add-on from a lease's base year directly attributed to an increase in the property's real estate tax or payments made to a municipality in lieu of real estate taxes.

**Other Taxes:** Please specify.

**Other:** Other expenses not listed – please specify.

## Agency Admin Tab

This tab is used to report program administration and expenses for the **entire agency** and should not be reported for a single or limited number of services for the designated reporting period.

Agency administration costs include all administrative costs that are not directly related to specific services but are attributable to the overall operation of the agency such as costs for:

- Overall expenses/cost of the organization.
- General record keeping.
- Budget and fiscal management.
- Governing board activities.
- Public relations (excluding fund raising and special events).
- Parent agency expenses.

Additional costs may include:

- Personal service costs of agency administrative staff (i.e., Executive Director, Comptroller, Personnel Director, etc.).
- Leave accruals and fringe benefits corresponding to the personal services listed above.
- Other than personal services costs (OTPS) costs associated with agency administration activities (i.e., telephone, repairs and maintenance, utilities).
- Agency-wide auditing costs for independent licensed or certified public accountants.
- Depreciation and/or lease costs associated with vehicles and equipment used by agency administration staff.
- Depreciation and/or lease costs associated with space occupied by agency administrative offices.

Agency administration costs do not include fundraising costs, special events costs and management services contracts provided to other entities.

Agency administration costs do not include program specific costs or program administration costs.

- Program costs are costs directly associated with the provision of NHTD or TBI services and should be reported on the OTPS tab.

Additional administrative expenses not specifically listed can be reported on the rows entitled "Other".

- Please include a description.

Complete the purple shaded cells as required.

- Cells are pre-formatted and there are additional instructions within the tab itself.

- Do not enter amounts in grey cells. They will automatically populate as you complete each section.

**Non-Contracted Agency Admin Staff:**

- Salaries/Other Compensation (Excluding Fringe): The amount paid to all employees in the position title for the reporting period.
  - The amount must be reported in whole dollars.
  - Cash paid as a cafeteria plan option is to be included here as salary.

Note: Include all overtime, bonuses, and cafeteria or split dollar benefits.

- **Fringe**
  - Use the sum of both mandated and non-mandated fringe
    - Mandated Fringe Benefits: The costs of all employer contributions mandated by federal, state or local laws for agency administration staff salaries (i.e., Social Security, Workers Compensation/Unemployment Insurance and New York State Disability).
    - Non-Mandated Fringe Benefits: The costs of all fringe benefits not mandated by federal, state or local laws for agency administration staff salaries.

**Examples include:**

- Vacation leave accruals.
- Sick leave accruals (vested and funded).
- Employer contributions of health insurance.
- Dental insurance.
- Major medical.
- Combined insurance plan (single premium that includes health, dental, and/or major medical) and/or life insurance; and pension and/or retirement plan costs.

Where cash is an option of the cafeteria plan, that cash is reported as salary, not fringe.

*Note: The employee contribution in a deferred compensation program should be reported as salary rather than a fringe benefit.*

- **FTEs: (Full Time Equivalent)** The FTE for each position title is calculated to three decimal places. Calculate the FTE by dividing the number of hours paid by the product of the standard full-time work week times 52 weeks per year.
- Average Salary Per FTE. This field is will automatically populate. Do not remove the formula.

**Contracted Agency Admin Staff:**

- Enter the total amount paid in whole dollars.

**Agency Admin Other Than Personal Service (OTPS) (including agency admin capital & equipment):**

- All OTPS spending which facilitates the provision of NHTB/TBI waiver services, but *cannot* be 100% attributed to those waivers, should be reported on this tab.
- Instructions for each expense category are listed above on page 10 and 11.

**Total Agency Admin:** This field will automatically populate. Do not enter amounts or remove the formula.

**Total Expenses – for all programs operated by agency (not just NHTD or TBI):**

- This field must be filled in,
- Please enter the total expenses for your organization.

**Total Expenses Less Agency Admin:** This field will automatically populate. Do not enter amounts or remove the formula.

**Agency Admin to Operating Cost Factor (for allocation of agency admin to services/programs):**  
This field will automatically populate. Do not enter amounts or remove the formula.

- Used for allocation of agency admin to services/programs.
- This ratio is applied to program operational costs to calculate program admin costs.

## **Summary Data Tab**

This tab is used to report agency specific information, contact information, and the report affirmation.

Costs and revenue are summarized for the designated reporting period.

Complete all purple shaded cells in column B as required.

- Cells are pre-formatted and there are additional instructions within the tab itself.
- Do not change the formatting of the workbook or remove any formulas.
- Cells shaded grey on the Summary Data tab will auto-fill from data entered on the Service level, OTPS and Agency Administration tabs.

*If any formulas do not calculate as expected, please contact us at [1915CR@health.ny.gov](mailto:1915CR@health.ny.gov) and advise.*

### **Affirmation**

Completion of this section indicates that the data on the CR report has been reviewed for accuracy and is correct. Affirmation must be completed by the owner, officer, or head of the agency.

- Enter the name of the owner, officer or head of the agency that is affirming to the accuracy of the report.
- Enter the title of the owner, officer or head of agency.
- Enter the annual salary of the owner, officer or head of the agency.
- Enter the total annual fringe benefits of the owner, officer or head of the agency.

### **Questions:**

- **Any questions related to the completion of the annual cost report should be sent to [1915CR@health.ny.gov](mailto:1915CR@health.ny.gov)**

## **Appendix A: Guidelines for Depreciation and Amortization**

### **Depreciation**

The CR does not include tabs detailing depreciation expense on assets such as buildings, equipment and vehicles. However, the service provider is required to maintain depreciation schedules that include the following minimum information:

- Description of Asset
- Date of Acquisition
- Cost at Acquisition
- State/Federal Funding for Items
- Salvage Value
- Depreciation Method
- Useful Life Used for Depreciation Purposes
- Annual Depreciation Amount
- Accumulated Depreciation

The following general rules shall apply for the calculation and reporting of depreciation expense:

- Assets having a unit cost of \$5,000 or more and a useful life of 2 years or more must be depreciated. Conversely, items having a unit cost less than \$5,000 or a useful life of less than 2 years may be expensed. A provider may establish a capitalization policy with lower minimum criteria, but under no circumstances may the minimum limits be exceeded. Please note the new threshold of \$5,000 is effective with periods beginning January 1, 2009 for calendar filers and July 1, 2009 for fiscal filers. Assets acquired prior to these dates should continue to be capitalized using the depreciation guidelines in effect at the time of purchase.
- Costs incurred that extend the useful life of an existing asset or substantially increase its' productivity must be capitalized and depreciated if \$5,000 or greater.
- Group purchases of like items should be treated as a single purchase. Group purchases of unlike items must be treated as if each item was purchased individually. Telephone systems and computer systems should be treated as a group purchase.
- For CR purposes, the depreciable base is calculated by taking the total cost of the asset and subtracting the salvage value and the amount funded by state or federal monies. (Note: funds received via rates, prices, fees or net deficit funding should not be included in the calculation of state and federal monies). If 100% of the cost of an asset is funded specifically by state or federal monies, the asset cannot be depreciated on the CR. This will be a reconciling item between the CR and the service provider's financial statements.
- Depreciation on assets which are shared among programs/sites or among program/sites and administration should be allocated on a reasonable basis. Documentation for the allocation basis must be available upon request.
- The "straight line method" of depreciation must be used for all classes of assets funded by the New York State agencies. Use of the one month, six month, or full year convention is acceptable.

When assets are shared by programs funded by more than one New York State agency, the rules of majority funding shall dictate.

- The useful life of depreciable assets shall be the higher of the reported useful life or the useful life from the latest available edition of the Estimated Useful Lives of Depreciable Hospital Assets.

The Estimated Useful Life Guidelines must be used in the calculation of depreciation expense unless the service provider can justify that an alternative useful life is more appropriate. Documentation to support the use of alternative useful lives must be available upon request.

### **Amortization**

In general, amortization is the process of allocating the cost of an intangible asset over a period of time. Except where otherwise stated by the funding State agency, intangible assets are reported on the CR in accordance with U.S. GAAP.

The CR does not include schedules that calculate the amortization expense. However, the provider is required to maintain amortization schedules which include the following minimum information:

- Description of Item
- Beginning Date of Amortization
- Length of Amortization
- Costs to be Amortized
- Accumulated Amortization
- Current Year Amortization

Examples include but are not limited to:

- Leasehold improvements in operating leases which are the responsibility of the service provider under the terms of a lease are amortized over the shorter of the useful life of the assets or the remaining term of the lease.
- Software purchased for internal use or developed for internal use which is amortized over the useful life of the software.
- Loans such as mortgages and related mortgage costs which are amortized using straight line.
- Capital leases which are amortized in a manner consistent with the lessee's normal depreciation policy for owned assets or over the lease term.
- In accounting for pension benefits or other postretirement benefits, amortization is the systematic recognition in net periodic pension cost or other postretirement benefit cost over several periods of amounts previously recognized in other comprehensive income, that is, gains or losses, prior service cost or credits, and any transition obligation or asset.

## **Appendix B: Non-Allowable Expenses**

This appendix lists certain items of expense that are considered non-allowable.

A cost must be reasonable and/or necessary for providing services in both its nature and amount. In determining the reasonableness of a given cost, consideration will be given to whether the cost is generally recognized as ordinary and necessary for the operation of the organization and the restraints or requirements imposed by federal and state laws and regulations. Unreasonable and or unnecessary costs are not allowable.

Except where otherwise indicated in the CR Manual, costs determined not to be in accordance with U.S. generally accepted accounting principles (GAAP) are not allowable.

Bad debts resulting from uncollectible accounts receivable and related costs.

Costs that are not properly related to program/site participant care or treatment and which principally afford diversion, entertainment, or amusement to owners, operators or employees.

Costs incurred by a service provider as a result of making a monetary or non-monetary contribution to another individual or organization (for example, political contributions, charitable contributions, etc.).

Costs applicable to services, facilities and supplies furnished to the provider by a related organization are excluded from the allowable cost of the provider if they exceed the cost to the related organization. Therefore, such cost must not exceed the lower of actual cost to the related organization or the price of comparable services, facilities or supplies that could be purchased elsewhere.

Costs resulting from violations of, or failure to comply with federal, state and local government laws, rules and regulations, including fines, parking tickets, or the costs of insurance policies obtained solely to insure against such penalty.

Dues or portions of dues paid to any professional association or parent agency whose primary function is of a political or lobbying nature and whose intent is to influence legislation or appropriation actions pending before local, state or federal bodies.

Cost increases created by the lease, sale or purchase of a program/site physical plant which has not received the prior approval from the appropriate state agency office.

Costs of providing services and/or treatment to individuals who have not met the required eligibility criteria for the program/site.

Costs related to the purchase of alcoholic beverages.

Compensation to members of a community mental health, mental retardation or alcoholism services board, in excess of expenses incurred in the performance of official duties.

Costs associated with local governmental legislative bodies or executive staff not associated with the provision of services.

Costs of books, subscriptions or periodicals which are not addressed to the provider agency.

Costs associated with the conferring of gifts or providing cash payment to an individual when the primary intent is to confer distinction on, or to symbolize respect, esteem or admiration for the recipient. If such gifts or honoraria constitute acknowledgement for services rendered, such as a speaker's fee, such costs are allowable.

Real estate taxes (except if part of a lease agreement or if part of purchase agreement), sales tax, excise taxes on telephone services and other use taxes where organizations are eligible for exemptions from such taxes.

Costs incurred prior to the approved beginning date of a new program/site or expansion of a program/site unless such costs are specifically approved in writing by the required state agency.

Costs incurred by a service provider that does not have an approved operating certificate or provider agreement where required, to render the particular services.

Fees for psychiatric examinations under the Criminal Procedures Law or Family Court Act including fees paid to State employees if the examination is conducted during normal working hours (except for reasonable transportation expenses); fees paid to State employees if not accompanied by documentation from the County Fiscal Officer that there is a shortage of examiners in the county; fees above \$200 for one (1) person including both an examination and court appearance.

Unless specified judicially, the cost of services provided to an agency or a program participant of an agency in legal actions against the State.

Agency payment of individual employee professional licensing and/or credentialing fees.

Where appropriate, costs that need approval by the Division of Budget and approval has not been received.

Fringe benefit expenses that are not reasonable and available to all employees including but not limited to Supplemental Executive Retirement Plans or any Non-Qualified Deferred Compensation Plans subject to IRC Subsection §457(f).

That portion of the cost of company-furnished automobiles that relates to personal use by employees (including transportation to and from work) is not allowable regardless of whether the cost is reported as taxable income to the employees.

Expenses that are prohibited by federal, state or local laws.

Expenses included as a cost of any other program in a prior, current or subsequent fiscal period.

Costs of investment counsel and staff and similar expenses incurred solely to enhance income from investments.

Costs of insurance on the lives of trustees, officers, or other employees holding positions of similar responsibilities are allowable only to the extent that the insurance represents additional compensation. The cost of such insurance when the organization is identified as the beneficiary is not allowable.

Rental costs under leases which are required to be treated as capital leases under GAAP are allowable only up to the amount that would be allowed had the organization purchased the property or asset on the date the lease agreement was executed. The provisions of FASB Accounting Standards Codification Section 840 shall be used to determine whether a lease is a capital lease. Non-allowable costs include amounts paid for profit, management fees, and taxes that would not have been incurred had the organization purchased the property or asset.

Costs related to interest expense for programs receiving Aid to Localities funding that are in excess of an approved rate, fee, contract or funded amount. This also includes expenses associated with the cost of borrowing (however represented) and costs of financing and refinancing operations and associated expenses except where specific authority exists, and prior approval has been obtained from the appropriate DMH office. Interest paid to a related individual is not allowable unless the provider is owned

and operated by members of a religious order and borrows from the Mother House or Governing Body of the religious order.

Costs for mental health clinics or other services operated exclusively in conjunction with schools (applicable to Aid to Localities funding only).

For programs funded through Aid to Localities, costs representing capital additions or improvements are not allowable as operating expenses (Title 14 NYCRR) unless specifically authorized in a legislative appropriation.

For programs receiving funding through Aid to Localities, the costs associated with debt service, whether principal or interest are not allowable (Title 14 NYCRR). These operating costs may include that part of rental costs paid to those community health or mental retardation service companies that represent interest paid on obligations incurred by such companies organized pursuant to Article 75 and who participated in mortgage financing in accordance with Chapter 1304 of the Laws of 1969.

A goodwill impairment loss is a non-allowable cost.

Costs of training afforded staff that does not relate to enhancing the performance of that staff in fulfillment of their duties to the organization are not allowable.
