

PROJECT READINESS LIST

The Project Readiness List for this IUP begins with projects that have received a written confirmation letter that they qualify for financial hardship and are determined to be ready. These projects are identified by 'H' in the column labeled "score." Phased or segmented projects financed from the base program are assigned 2000 points in addition to their total project ranking system score. Projects with interest-free short-term financing from the base program are assigned 1000 points in addition to their total project ranking system score and are identified by 'NOTE: Short-Term Loan Closed' in the column labeled "project cost." These additional points are only awarded to projects listed at or above the subsidized funding line or reached through by-pass. Projects financed with ARRA funds are not awarded phased points or short-term financing points because the ARRA funding was separate from the base program. The code box located under each project number identifies the source of financial assistance for the project, if known, and also whether the project contains green infrastructure components.
