		100	
		100	
	Is Your Asthma Work-Related? This brochure is intended for adults diagnosed with asthma and provides information on who can develop work-related asthma, how to tell if you have work-related asthma, and what can be done to control asthma at work. <input type="checkbox"/> Is Your Asthma Work-Related? English (pub 2775)	15	25
		100	

Publications are available free of charge to New York State residents and organizations.
Questions can be submitted to Asthma@health.state.ny.us.

Have Asthma? Take a Look Around You

Designed to help people with asthma identify their triggers and to suggest practical ideas for reducing exposure to triggers indoors and outdoors. This brochure was developed by clinical and environmental health professionals with input from literacy teachers and students. Its easy-reading presentation includes lots of pictures and stories about steps to take to reduce asthma episodes. It also includes a two-sided, tear-off panel for patients to use with their doctors to better manage asthma.

<input type="checkbox"/> English (pub 4990)	15	25	100
<input type="checkbox"/> Spanish (pub 4991)	15	25	100

Trigger Tracker and Key Questions

This is a companion tool to the *Have Asthma?* brochure described above. The Trigger Tracker section of this tool is designed to help patients keep track of their asthma and asthma triggers and the Key Questions may help to facilitate patient-provider communication.

<input type="checkbox"/> English (pub 5024)	<i>pad(s) of 50 tear-off sheets</i>	5	10	25
<input type="checkbox"/> English (pub 5025)	<i>pad(s) of 50 tear-off sheets</i>	5	10	25

Don't Let Asthma Knock the Wind Out of Your Child!

Working Together Brochure Series

We spoke to asthma patients and health professionals (such as physicians, nurses, nurse practitioners, physician assistants, pharmacists and health educators) about important messages for managing asthma. These brochures capture some of the ideas they shared, and are intended for patients and health professionals to use together to improve their partnership in managing asthma.
