

Preparedness Publications from the Center for Environmental Health

Carbon Monoxide Tear Sheet Pads (publication #7217) or Door Hangers (publication #7215)

Carbon Monoxide: Know the Hazards is available as a two-sided 4½" x 10½" tip strip on a tear-off pad or as a laminated door hanger. It includes information about generator placement, the hazards of using ovens or gas ranges for warmth, the dangers of grilling indoors, and the risks of running gas-powered engines in enclosed spaces. In addition to naming key CO sources and hazards, the publication provides general information about carbon monoxide, symptoms of CO poisoning, and action steps to take if CO poisoning is suspected. There is space to write in emergency phone numbers battery replacement dates. These pads are appropriate for stores where generators are sold, appliance stores, fire departments, municipal offices, libraries, community events, and fuel companies.

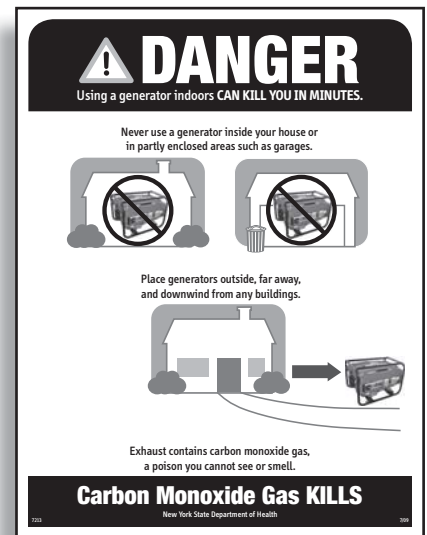

Carbon Monoxide The Silent Killer (publication #2826)

This brochure summarizes the nature of CO, where it comes from, how to prevent poisoning, poisoning symptoms, and what to do if poisoning is suspected.

Danger - Using a Generator Indoors Can Kill You in Minutes (publication #7213)

This generator safety poster raises awareness about generator-specific precautions and concerns. It is 8½" x 11" and available in black & white.

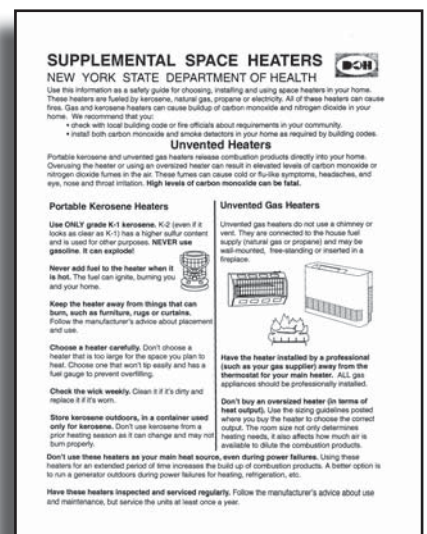

Don't Be Left in the Dark! Weathering Floods, Storms and Power Outages (publication #7064)

This booklet is a guide with checklists for homeowners and others who want to prepare for power outages and other emergencies.

Supplemental Space Heaters (publication #3104)

A safety guide for choosing, installing, and using space heaters in your home. Information about kerosene heaters, unvented gas heaters, vented gas heaters, and portable electric heaters.
