Important Message Regarding Medicare Part B Claims Submitted by Pharmacies

Effective May 24, 2018, pharmacies will be allowed to submit Medicare B drugs via the medical claim format, for automated crossover claims only when billing Medicaid secondary for Medicare Part B patient responsibility amounts. This is the result of a system fix to correct an error that occurred with the implementation of the April 21, 2016 reimbursement logic for Medicare B pharmacy claims.

For more information on Medicare Part B reimbursement please view the April 2016 *Medicaid Update* at: http://www.health.ny.gov/health_care/medicaid/program/update/2016/april_16mu.pdf.

Pharmacy Providers will now receive the response returned on their electronic 835, PDF or paper Remittance Advice. eMedNY uses the Default Electronic Transmitter Identification Number (ETIN), linked to your Medicaid Management Information System (MMIS) Provider Number/National Provider Identifier, for reporting automated Medicare crossover claims on your electronic or PDF remittance. In order to receive these Medicare crossover claims on your remittance statements, you will need to verify you have selected a Default ETIN, and make sure the ETIN is current with its Certification.

Should you need to select or change the Default ETIN on file with eMedNY, you would submit the Default Electronic Transmitter Identification Number Selection Form. This form and the rest of our Provider Maintenance Forms can be found on our website: https://www.emedny.org/info/ProviderEnrollment/allforms.aspx.

Please contact the eMedNY Call Center at (800) 343-9000 for questions regarding this billing requirement or any billing issue.

Coverage of Kymriah™ (Tisagenlecleucel) Expanded to Include Diffuse Large B-Cell Lymphoma

The cellular-based gene therapy, Kymriah™ (tisagenlecleucel), was approved by the FDA in August 2017 for the treatment of patients under age 25 with refractory or relapsed acute lymphoblastic leukemia (ALL). On May 1, 2018, the FDA approved Kymriah™ for an additional indication, relapsed or refractory large B-cell lymphoma after two or more lines of systemic therapy including diffuse large B-cell lymphoma (DLBCL) not otherwise specified, high grade B-cell lymphoma, and DLBCL arising from follicular lymphoma in adults. Medicaid coverage of Kymriah™ will include this new indication and any future FDA approved indications.

For information related to the initial coverage of Kymriah™ and for fee-for-service (FFS) billing guidance, please see the November 2017 *Medicaid Update* article at the following link: https://www.health.ny.gov/health_care/medicaid/program/update/2017/2017-11.htm.

NY Medicaid EHR Incentive Program Update

The NY Medicaid Electronic Health Record (EHR) Incentive Program promotes the transition to EHRs by providing financial incentives to eligible professionals and hospitals. Providers who demonstrate Meaningful Use of their EHR systems are leading the way towards Interoperability, which is the ability for healthcare providers to exchange and use patient health records electronically. The ultimate goal is to increase patient involvement, reduce costs and improve health outcomes. Since December 2011, over **$913 million** in incentive funds have been distributed **through 34,248** payments to New York State Medicaid providers. Since 2011, Eligible Professionals & Eligible Hospitals have received:

Number of Payments 34,248	Distributed Funds $913,732,140

The 2017 attestation period will be opening soon, but let's talk about what you should be doing now for payment year 2018.

It's not too early to prepare for 2018 so are you doing everything you can?

We're almost halfway through the year and we know it's too early to attest for 2018, but it's not too early to prepare. We have some tips and resources that will help you right now to prepare your records so that when it's time for your 2018 attestation, you're ready.

Here are some easy tasks you can complete and check off of your to-do list.
- Update your registration for Public Health Reporting on the Meaningful Use Registration for Public Health (MURPH) application here: https://commerce.health.state.ny.us/public/hcs_login.html.
- Prepare and complete a Security Risk Analysis located here: https://www.cms.gov/Regulations-and-Guidance/Legislation/EHRIncentivePrograms/Downloads/MedicaidEPModStage2_2018_Obj1.pdf.
- Attend the Modified Stage 2 (https://www.health.ny.gov/health_care/medicaid/redesign/ehr/calendar/#ehr_i) or Stage 3 (https://www.health.ny.gov/health_care/medicaid/redesign/ehr/calendar/#ehr_ii) webinar for full details on payment year 2018.

What else can you do now to prepare for 2018 Attestation?
