

CROUSE COMMUNITY CENTER, INC.
SHERBURNE ADULT DAY HEALTH CARE

REASSESSMENT

Reference: CMS Final Rule, 42 441.301(c)(1)(iii)

Policy:

To ensure that registrant's needs, goals and desired outcomes continue to be reflective of the registrant's current life situation, registrants shall be reassessed at least every six-months.

Procedure:

1. The reassessment procedures shall include the assessment and collaborative plan of care procedures and:
 - a. A review of the registrant's goals with the registrant and others the registrant has indicated he/she would like to have involved.
 - b. The registrant and the staff person conducting the reassessment will collaboratively determine if the goals made were met, partially met, or not met, and if they continue to be appropriate or desired. This discussion and decision will be documented.
 - c. The registrant and the staff person conducting the reassessment shall engage in the collaborative plan of care process to develop a new plan of care for the registrant. This new plan of care shall be collaborative, incorporate the registrant strengths and reflective of the registrant's current life experience and include his or her current needs/goals and desired outcomes.
 - d. The registrant shall be provided with opportunities to provide feedback regarding their care, supports and services.
 - e. The reassessment shall include an assessment of registrant strengths and supports.
