This year's theme, Getting to Zero through a Village United for the Cause, is exactly what we hope to achieve with this year's planning and programming: bridging agencies and communities together in the spirit of unity for the common cause of raising awareness, mobilizing communities, and celebrating the diversity and resilience of the communities we love and serve.

WAD is especially important in Harlem where the global community who are the most disproportionately affected resides. Our program will bring together some of the most prominent experts in the field, local and nationally known artists & agencies, community stakeholders, patients and community members.

This event is free and open to the public. Free Health screenings will be available. There will also be live entertainment, free giveaways and refreshments will be served.
