### JOIN US ON THURSDAY, SEPTEMBER 19, 2024

This multifaceted event is being created by the New York State Department of Health, Office of Drug User Health. The event's activities demonstrate a deep commitment to end the drug overdose crisis.

We will commemorate and honor the people and programs who work together to end stigma, while promoting life and health equity in New York State. Their efforts include prioritizing and elevating harm reduction skills, services, and practices.

Anyone may attend this free, virtual event.
