

# New York State PrEP/PEP Provider Voluntary Directory

---

The New York State Department of Health AIDS Institute (NYSDOH AI) supports the addition of pre-exposure prophylaxis (PrEP) and post-exposure prophylaxis (PEP) to the menu of evidence-based interventions to prevent HIV transmission and continues efforts to increase statewide access to these lifesaving interventions.

The clinical providers listed here have joined this directory voluntarily. Other qualified providers in NYS prescribe PrEP and PEP as well.

- **Providers: If you prescribe PrEP and/or PEP and would like to be included in this directory, access the simple registration form through this link:**  
<https://www.surveymonkey.com/s/S329ZK5>
- **Others: If you know of providers or clinics that prescribe PrEP or PEP and would like them to be invited to join this directory, use this link:**  
<https://www.surveymonkey.com/s/SG7S33F>

Inclusion in this directory does not confer any endorsement by the NYSDOH nor does it establish NYSDOH credentialing or certification in a specialty.

**This directory also includes “Additional Contacts”. These individuals do not prescribe PrEP but can assist patients in finding the PrEP services that are closest to them.**

NYS Medicaid and most insurance plans will cover Truvada<sup>®</sup> for pre-exposure prophylaxis. Uninsured patients may receive Truvada<sup>®</sup> through the Gilead patient assistance program (<https://start.truvada.com/>). For a complete list of PrEP payment options see [“Payment Options for Pre-Exposure Prophylaxis”](#) at [www.health.ny.gov/diseases/aids/general/prep/docs/payment\\_options.pdf](http://www.health.ny.gov/diseases/aids/general/prep/docs/payment_options.pdf).

To expand access to PrEP, the NYSDOH now offers the [PrEP Assistance Program \(PrEP-AP\)](#). The program provides financial assistance to cover regular medical visits, periodic HIV testing, screening for STDs and other laboratory tests when received at a medical office that participates in PrEP-AP. This program does not cover the cost of the medication, but people interested in PrEP will be educated about resources to cover the cost of the medication. To find PrEP-AP participating providers please see the [publically posted list](#) at [www.health.ny.gov/diseases/aids/general/prep/index.htm](http://www.health.ny.gov/diseases/aids/general/prep/index.htm)

For more information visit [www.health.ny.gov/diseases/aids/general/prep/index.htm](http://www.health.ny.gov/diseases/aids/general/prep/index.htm)

-  Signifies a medical facility where PrEP prescriptions and clinical care can be obtained.
-  Signifies a community resource agency that assists patients in finding PrEP clinical services.
