(716)661-6393

HIV/STD/HCV Prevention Education/Risk Reduction Services

Health education and risk reduction education and/or counseling services are provided to individuals and/or groups and range from targeted outreach to prevention counseling to group interventions to broad community level interventions (CLI). Individual-level interventions (ILI) provide individualized health communication, health education, and risk reduction counseling to assist clients in creating plans for individual behavior change and making ongoing appraisals of their own behavior. These interventions may consist of one or multiple sessions. Group-level interventions (GLI) may include peer education and support to promote and reinforce safer behaviors. Prevention interventions delivered to groups may be single or multiple sessions, and often provide interpersonal skills training to negotiate and sustain appropriate behavior change. CLIs seek to reduce risk behaviors by changing attitudes, norms, and practices of community members, and may include a combination of intervention types (e.g., outreach, health communication, public information) or units of delivery (e.g., individual, group, community)

EHS, Inc.

Buffalo, NY 14201
(716)847-0212

Community Outreach And Linkage To Care For HIV Infected Minority Population

As part of the Minority AIDS Initiative, local service organizations provide outreach and education to minority communities; help people with HIV to enroll in programs that pay for HIV medications, medical care and health insurance premiums; and connect them with medical and supportive service providers for a full range of HIV/AIDS care. The organizations provide in-person assistance to enroll in the HIV Uninsured Care Programs (ADAP/ADAP Plus/APIC) as well as more complete health coverage programs such as Medicaid, Medicare, or private insurance through the Marketplace/Exchange: New York State of Health. The ADAP Plus Insurance Continuation (APIC) program can pay the insurance premiums for cost-effective insurance policies, including COBRA continuation coverage for people who lost their jobs or those policies purchased through the New York State of Health.

The MOCHA Center, Inc.
1092 Main St
Buffalo, NY 14209
(716)852-1142

Comprehensive HIV Health Care For Adolescents And Young Adults

HIV primary care, medical case management, treatment education and adherence, mental health and supportive services to meet the complex needs of adolescents and young adults (aged 13-24) living with HIV. Limited medical care services available for high risk HIV negative/status unknown young adults including HIV testing and STI.

Buffalo, NY 14201
(716)847-0212

Disease Intervention Services

Support of the Field Investigative staff in high-morbidity counties in NYS (outside of NYC). Prevention and control of sexually transmitted diseases (STDs) is facilitated through field interviews and partner notification. This supports field investigators to provide STD disease intervention services, including patient interviewing, counseling and education, partner referrals/service, and conduct notification of exposed sex partners (partner notification).

Erie County Department of Health
608 William St
Buffalo, NY 14206
(716)858-7687

Harm Reduction

Individual- and group-level interventions (single-session and/or multiple-session) that address harms related to substance use—particularly the risk of HIV/STD/Hepatitis C transmission from unsafe drug-using and/or unsafe sexual behaviors. Interventions combine client-centered risk reduction education and counseling to help drug users recognize the consequences of substance use and set achievable goals toward positive behavior change. Referrals and navigation to substance use treatment and other supportive services are provided as needed.

EHS, Inc.
