Troubleshooting
“I don’t see any activities in HERDS”

• You likely do not have the School Lead in Drinking Water Reporter role assigned to you
• You need to work with your HCS Coordinator to have the role assigned

• To find your HCS Coordinator:
  – From HCS, click , then “Look up my coordinators”
“I have the School Lead in Drinking Water Reporter role assigned, but I do not see activities in HERDS”

- Please select **facility** at the Level Selector step
  - The forms must be completed under each individual school
  - If this does not correct the problem, then there may be an error in how the role was assigned. Email **lead.in.school.drinking.water@health.ny.gov** with a brief description
“I don’t see the role to assign” – HCS Coordinator

• The School Lead in Drinking Water Reporter role only exists at the facility/school level
• If your HCS Coordinator states that they can’t see the role, then they are most likely trying to add it under the District level
• Advise them to try adding the role for each individual school at the facility/school level
Thank You!
