## **Search/View Project Information**

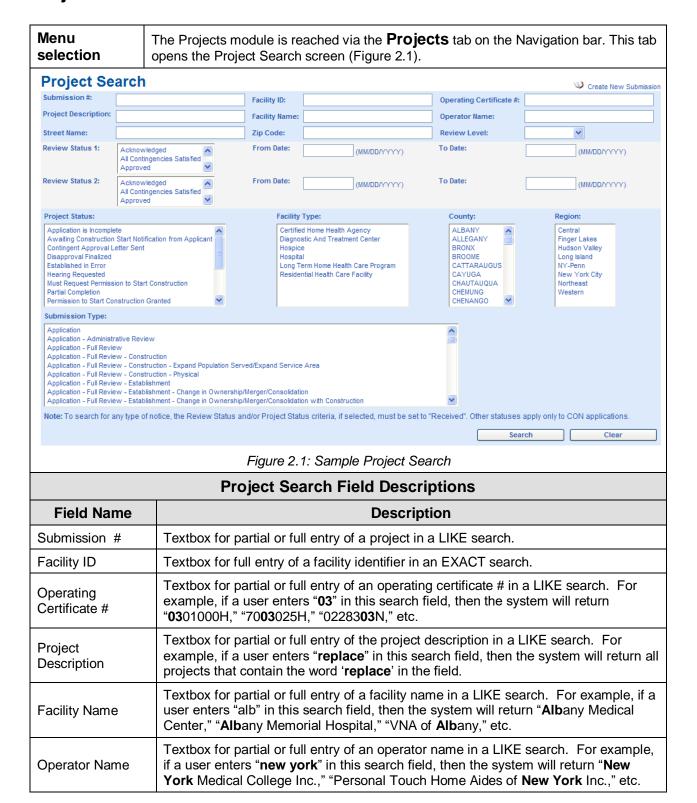

#### **Chapter Overview**

#### **Contents**

In this chapter, you will learn how to:

- 1 Perform a Project Search
- 2 Perform a My Project Search
- 3 View Project Search Results
- 4 Perform a Query Search
- 5 View Query Search Results
- 6 View General Information
- 7 View Impact on Operating Certificate
- 8 View Executive Summary
- 9 View Application, Where Applicable
- 10 View Correspondence, Where Applicable
- 11 View Decision
- 12 View Contingencies, Where Applicable
- 13 View Post Approval
- 14 View Access, Where Applicable
- 15 View Summary

#### **Projects**

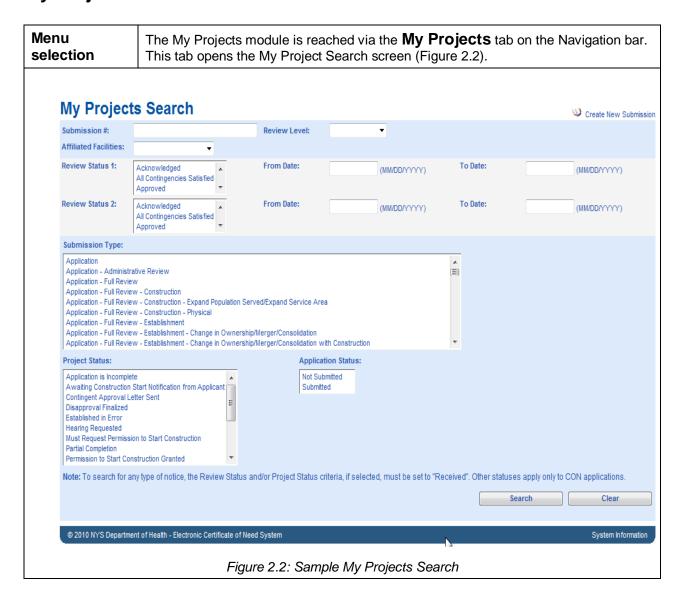

Street Name	Textbox for partial or full entry of the project description in a LIKE search. For example, if a user enters "First" in this search field, then the system will return all projects that contain the word 'First' in the field.
Zip Code	Textbox for partial or full entry of the project description in a LIKE search. For example, if a user enters "102" in this search field, then the system will return all projects that contain the numbers '102' in the field.
Review Level	Drop down list for selection of the review status The default will be set to "blank".
Review Status1	Drop down list for selection of project events(s) For example; if a user selects <b>Received and Acknowledged</b> then only projects that have a Received date and an Acknowledged date in the date range entered will be displayed in the results.
From Date	When entered will search for the review status greater than or equal to the 'from date'.
To Date	When entered will search for the review status less than or equal to the 'to date'.
Review Status 2	If Review Status 1 has items selected and item/s are selected in this drop down list then items in the results will match either Review Status 1 OR Review Status 2 dates.
From Date	When entered will search for the review status greater than or equal to the 'from date'.
To Date	When entered will search for the review status less than or equal to the 'to date'.
Project Status	List-box for selection of project status(s) in an inclusive OR search within the selection. For example, if a user selects <b>Received</b> then only projects that have this project status will be displayed in the results.
Facility Type	List-box for selection of facility type(s) in an inclusive OR search within the selection. For example, if a user selects <b>Hospital</b> then only projects that have this facility type will be displayed in the results.
County*	List-box for selection of county(s) in an inclusive OR search within the selection.
Region*	List-box for selection of HSA (Health System Agency) Region(s) in an inclusive OR search within the selection.
Submission Type  List-box for selection of submission type(s) in an inclusive OR search within the selection. For example, if a user selects <b>Application - Limited Review - Equipment</b> then only projects that have this submission type will be displayed the results.	
I	

<sup>\*</sup> Note that the selection of multiple locations that are mutually exclusive will not return any search results. For example, the system will not produce search results for a County selection of "Albany" and a Region selection of "New York City."

Note that if no criterion is specified then all projects will be returned in the ensuing search results.

Learning Objective	Step	Action			
How to	1	Enter or select the desired criteria* in the Project Search screen.			
Perform a Project Search		Note: the criteria will be utilized by the system in an inclusive AND search; resulting projects returned will have an association to at least one criterion in each search field that is entered/selected.  Suggested Searches:			
			Enter		Returns
		1	Facility I	D = 102	2 projects the that specific facility
		2	Zip Code		~84 projects that contain '102'
		3	Project [	Description	~ 210 projects
			-	', Facility Name	Show Address
			'New Yo	Operator Name rk'	Select Bread crumb Project search
					Add Street 'First' to the search
					see returned # reduced to
			Review Status 'Acknowledged', From Date '01/01/2012		~ 56 projects
		4			~ 796 project
					Select Bread crumb Project search
					Add To Date 06/30/2012
					see returned # reduced to
					~ 436projects
		5	5 Review Level 'Full', Project Status 'Under Review', Regions 'Finger Lakes'		~ 8 projects
		The	following	optional step can be	performed:
		Optional Step Action  Click the Clear button.		Action	
				on.	
			1.1 Result: All project search criteria field entries or selections become blank.		
	2	Click the <b>Search</b> button.  Result: The Projects Search Result screen appears (Figure 2.3) with the project search results sorted in numeric order by Submission # then alphabetically by Facility Name.			

#### **My Projects**

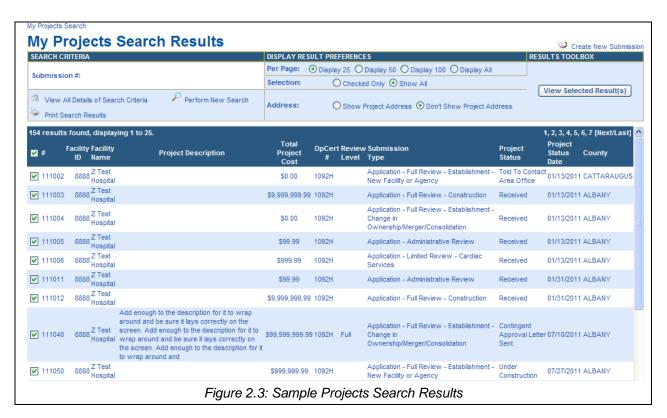

My Project Search Field Descriptions				
Field Name	Description			
Submission #	Textbox for partial or full entry of a project in a LIKE search.			
Review Level	Drop down list for selection of the review status The default will be set to "blank".			
Review Status	Drop down list for selection of project events(s) For example; if a user selects <b>Acknowledged</b> then only projects that have an Acknowledged date in the date range entered will be displayed in the results.			
From Date	When entered will search for the review status greater than or equal to the 'from date'.			

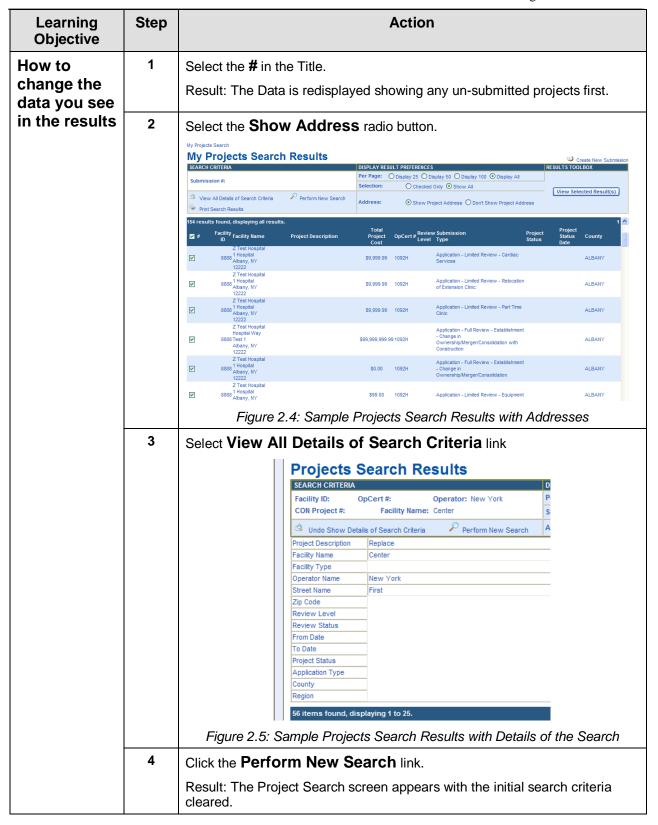

To Date	When entered will search for the review status less than or equal to the 'to date'.
Project Status	List-box for selection of project status(s) in an inclusive OR search within the selection. For example, if a user selects <b>Received</b> then only projects that have this project status will be displayed in the results.
Submission Type	List-box for selection of submission type(s) in an inclusive OR search within the selection. For example, if a user selects <b>Application - Limited Review - Equipment</b> then only projects that have this submission type will be displayed in the results.
Action Required	List box for selection of Contingencies Items sent to the director for Action.

Learning Objective	Step	Action			
How to Perform a My Project Search	1	Enter or select the desired criteria* in the My Project Search screen.  Note: the criteria will be utilized by the system in an inclusive AND search; resulting projects returned will have an association to at least one criterion each search field that is entered/selected.  Suggested Searches:			the system in an inclusive AND search; an association to at least one criterion in
			nter		Returns
		1 N	lothing		Only projects that you are affiliated with are returned.
		'A	Review S Acknow 01/01/2	ledged', From Date	Only projects that you are affiliated with and have been acknowledged after 01/01/12
		3 Action Required Apply Contingency			Only projects where a reviewer has sent the director a contingency to be applied, the director has not responded and the contingency has not been applied.
			4 Action Required Approve Extension Request		Only projects where a reviewer has sent the director an extension request to be approved, the director has not responded and the extension request has not been approved.
			5 Action Required Only projects where a reviewer has sent the director a contingent		has sent the director a contingency to be satisfied, the director has not responded, and the contingency
		The foll	The following optional step can be performed:		
		Optional Action Step			Action
		Click the Clear button.		on.	
		1.1 Result: All project search criteria field entries or selections become blank.			
	2	Click the <b>Search</b> button.			
		Result: The Projects Search Result screen appears (Figure 2.3) with the project search results sorted in numeric order by CON Project # then alphabetically by Facility Name.			

#### **Project Search Results**

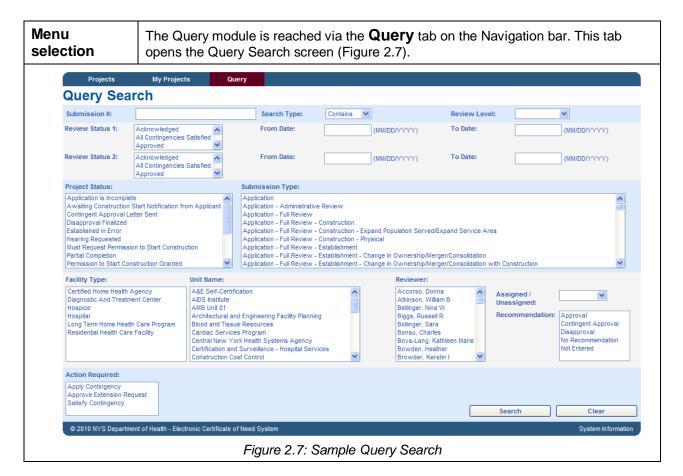

Project Search Results Field Descriptions					
Field Name	Description				
#	Project number assigned to the project.				
Facility ID	Identification number of each respective facility.				
Facility Name	Name of each respective facility.				
Project Description	The description entered during the Initial Review of the Project.				
Total Project Cost	The amount entered when the application was created.				
OpCert #	Operating certificate number of each respective facility.				
Review Level	Review Level for the project.				
Submission Type	Submission type for the project.				
Project Status	Current Project Status of the project.				
Project Status Date	The last date the project status changed.				
County	Location of the facility's main site.				

Learning Objective	Step	Action		
	5	Click the View Selected Result(s) button.		
		Result: The General Information screen appears (Figure 2.3) containing the information of the first project in the <b>Selected Projects</b> list-box.		
	6	Click the <b>Print Search Results</b> icon.		
		Result: The File Download screen appears (Figure 2.6). Click Open to see the document.

Learning Objective	Step	Action			
How do I take Search Results	Once the desired search results have been retrieved, the data may be exported into MS Excel by following these steps:				
information from NYSE- CON and	1.	Select the <b>Display All</b> radio button in the Display Result Preferences/Per Page section.			
export it into MS Excel?	2.	Highlight the search results data to export using your mouse or keyboard.			
	3.	Select the <b>Copy</b> option using your mouse or keyboard.			
	4.	Open MS Excel and place the cursor in the first field you would like data to display.			
	5.	Select the <b>Paste</b> option using your mouse or keyboard.			

#### **Query Search**

**Query Search Field Descriptions Field Name** Description Submission # Textbox for partial or full entry of a project in a LIKE search. Drop down list to limit the Submission # Search Type Review Level Drop down list for selection of the review status The default will be set to "blank". Drop down list for selection of project events(s) For example; if a user selects Acknowledged then only projects that have an Acknowledged date in the date **Review Status** range entered will be displayed in the results. When entered will search for the review status greater than or equal to the 'from From Date To Date When entered will search for the review status less than or equal to the 'to date'. List-box for selection of project status(s) in an inclusive OR search within the **Project Status** selection. For example, if a user selects **Received** then only projects that have this project status will be displayed in the results.

Submission Type	List-box for selection of submission type(s) in an inclusive OR search within the selection. For example, if a user selects <b>Application - Limited Review - Equipment</b> then only projects that have this submission type will be displayed in the results.
Facility Type	List-box for selection of facility type(s) in an inclusive OR search within the selection. For example, if a user selects <b>Hospital</b> then only projects that have this facility type will be displayed in the results.
Unit Name	List box for selection of unit name(s) in an inclusive OR search within the selection. For example, if a user selects Construction Cost Control then all projects that have this unit assigned to review will be displayed in the results. NOTE: other criteria to reduce the result list i.e.: Submission # '13' and Search Type 'Starts with'
Reviewer	List box for selection of users who have the active role of 'reviewer'. For example, if a user selects Reviewer Art Streeter and selects Assigned then all projects that reviewer has been assigned to will be displayed. In the results.
Assigned/Unassig ned	Drop down list for the selection of unit or reviewer assignment. For example, if a user selects Unassigned and a 'Unit' then all projects that have that unit assigned but no reviewer will be displayed in the results.
Recommendation	List box for selection of the recommendation in an inclusive OR search within the selection. For example, if a user selects 'Not Entered' and Unit Name 'Cardiac Services Program' then all projects that 'Cardiac Services Program' has been assigned to but no recommendation has been entered will be displayed in the results.
Action Required	List box for selection of Contingencies Items sent to the director for Action. For example, if a user selects 'Apply Contingency' and a unit then all projects from that unit waiting on the director to apply the contingencies.

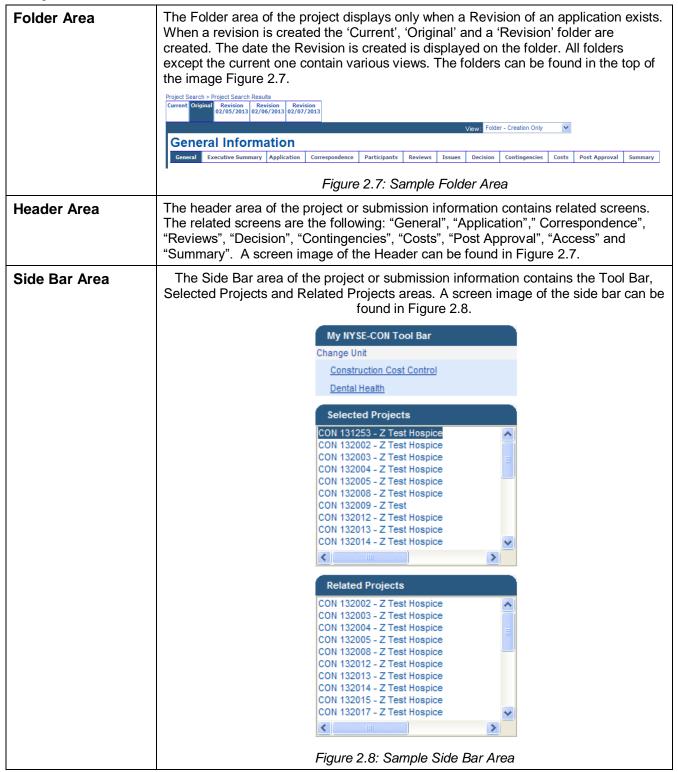

Learning Objective	Step	Action		
How to Perform a Query Search	1	Enter or select the desired criteria* in the Query Search screen.  Note: the criteria will be utilized by the system in an inclusive AND search; resulting projects returned will have an association to at least one criterion each search field that is entered/selected.  Suggested Searches:		
			Enter	Returns
		1	Review Status #1 'Acknowledged', From Date 10/1/2013 Select Unit Name (to limit the search to a specific unit) Select Unassigned in the Assigned/Unassigned	A list of Projects that needs to have a reviewer assigned.
		2	Review Status #1 'Acknowledged', From Date 10/1/2013 Select Unit Name (to limit the search to a specific unit) Recommendation Not Entered	A list of projects that are assigned to a unit but no recommendation has been entered.
		3	Action Required Apply Contingency	A list of all CON projects where a reviewer has sent the director a contingency to be applied, the director has not responded and the contingency has not been applied.
	2	Resi		screen appears (Figure 2.3) with the umeric order by CON Project # then

#### **Query Search Results**

Query Search Results Field Descriptions			
Field Name	Description		
#	Project number assigned to the project. (multiple rows may appear)		
Facility ID	Identification number of each respective facility. (multiple rows may appear)		
Facility Name	Name of each respective facility. (multiple rows may appear)		
Review Unit Name	Units assigned to review the project		
Reviewer	Reviewer assigned to review the project		
Recommendation	Each Units recommendation will be displayed		
Review Date	Date the recommendation was entered		
Project Status	Current Project Status of the project. (multiple rows may appear)		
Project Status Date	The last date the project status changed. (multiple rows may appear)

Side Bar Area Descriptions		
Items	Description	
MY NYSE-CON Tool Bar	Change Unit will display if the user is working in multiple units.	
Selected Project	This area will be shown on all project information pages and represents the projects selected on the Search Results Page. The selected projects will be displayed as links showing the Submission Type abbreviated, the submission number, a dash and the Facility name. Clicking on another project in the Selected Projects list will refresh the current tab information to display the results of the newly selected project.	
Related Project	This area will be shown on all pages and list the related projects for the facility that is currently being viewed. The related projects are displayed as links showing Submission Type abbreviated, the submission number, a dash and the Facility name. Clicking on another project in the Selected Facilities list will refresh the page to display the results of the selected project.	

#### **General Information**

The **General Information** page displays the general project information. The information available depends on the security access the user has.

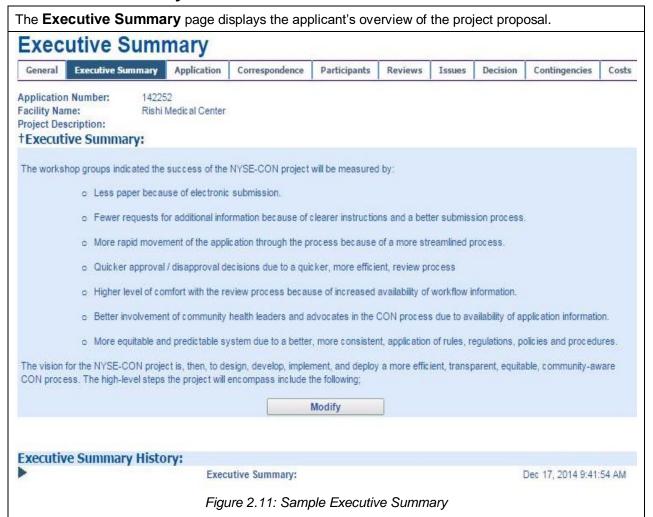

Facility Name	The main site Facility name		
General Information Field Descriptions			
Field Name	Description		
Project Description	The description entered during the initial review.		
Revision Reason	If a Revision exists a reason will be listed.		
Description	Project description of the selected project.		
Submission Type	Submission Type of the selected project.		
Project Status	Current project status of the selected project.		
Project Status Date	Last date the project status of the selected project changed.		
Review Level	Review Level of the selected project.		
Received Date	Received Date of the selected project.		
Total Project Cost	The submitted application cost.		
Initial Review Date	Initial Review Date of the selected project.		
Acknowledgment Date	Date the Acknowledgment letter was signed for the selected project.		
Main Site Information			
Facility Name	Facility Name of the selected project.		
Physical Address	Street line 1, street line 2, city, state and zip code of the physical address of the main site for the selected facility.		
Facility ID	Identification number of the selected project.		
Facility Type	Type of facility of the selected project.		
County	County of the physical address for the facility.		
Region	Region of the selected facility.		
Current Operator Name	Operator Name of the selected project.		
Operating Certificate #	Operating certificate number of the selected project.		
Current Operator County			
Contact Information	Only Visible to the applicant and DOH CON Staff		
Name	The name of the person who will receive all official correspondence from DOH.		
Title	Title of the Contact person.		
Email	Email where official contact from DOH can be sent.		
Address	Street line 1, street line 2, city, state and zip code of the contact.		
Phone	Phone number where the contact can be reached.		
Fax	Fax number where the contact can be sent official correspondence from DOH.		
Alternate Contact Information	Only Visible to the applicant and DOH CON Staff		

Name	The name of another person who can also receive all official correspondence from DOH.
------	---

General Information Field Descriptions		
Field Name	Description	
Email	Email where official contact from DOH can be sent.	
Project Site Information		
Project Site Name	The name of the project site.	
Physical Address	Street line 1, street line 2, city, state and zip code of the physical address of the main site for the selected facility.	
County	County of the physical address for the project site.	
Proposed Operator	The proposed operator name	
Proposed Operator Address	Street line 1, street line 2, city, state and zip code of the physical address of the proposed operator.	
Proposed Operator County	The county of the proposed operator	
Impact on Operating Certificate	Link to impact on operating certificate	
Bed / Service	Category of the bed or service effected.	
Action	The type of action occurring certifying or decertifying.	
Count	The number being added or removed.	
Other	Only Visible to the applicant and DOH CON Staff	
Withdrawn Date	Date the application was with drawn	
SubBatch1	SubBatch1	
SubBatch2	SubBatch2	
CON Codes List	CON Codes List	

Learning Objective	Step	Ac	tion	
How to view Impact on Operating Certificate	1	Click the Impact on Operating Certificate  Bed Name Respiratory Beds  Figure 2.10: Sample Impact	ficate appears on the  Action Certify	Count 5

#### **Executive Summary**

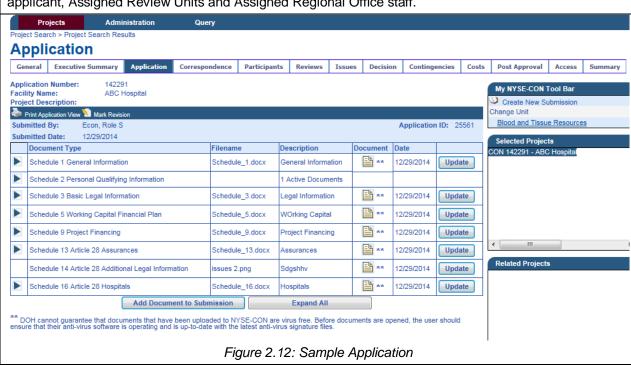

Executive Summary Field Descriptions		
Field Name	Description	
Executive Summary	Overview of the Project Proposal provided by the applicant	
Executive Summary History	The history of Executive Summary entries	
Date	Date the Executive Summary was entered or modified	
Time	Time the Executive Summary was entered or modified	

Learning Objective	Step	Action
How to view Executive Summary	1	Click the <b>Executive Summary</b> tab.  Result: Executive Summary of the project will appear on the screen.

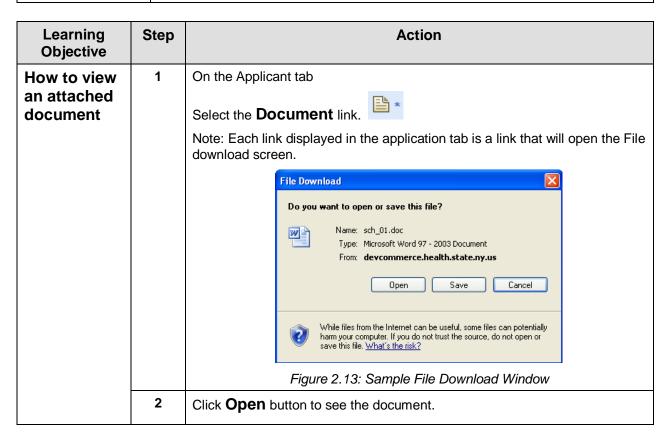

#### **Application**

The **Application** page displays the schedules and documents for the project. This tab is available to the applicant, Assigned Review Units and Assigned Regional Office staff.

Application Field Descriptions		
Field Name Description		
Submitted by	The Name person who submitted the application or the PMU unit.	
Submitted Date	The date the application was submitted to DOH.	
Document Type	Type of the document uploaded to the NYSE-CON system.	
Filename	Actual name of the file uploaded.	
Description	User entered description of the document. If the document was added as an attachment to a correspondence the description will list who added it.	

Document	Link to view the document.
Date	Date the document was added to the system.

Learning Objective	Step	Action
How to print an application list	1	Click the Print Application View icon.  Result: The File Download screen appears (Figure 2.13). Click Open to see the document.  File Download  Do you want to open or save this file?  Name: documentsReport.pdf Type: Adobe Acrobat Document From: evalcommerce.health.state.ny.us  While files from the Internet can be useful, some files can potentially harm your computer. If you do not trust the source, do not open or save this file. What's the risk?
		Figure 2.14: Sample File Download Window

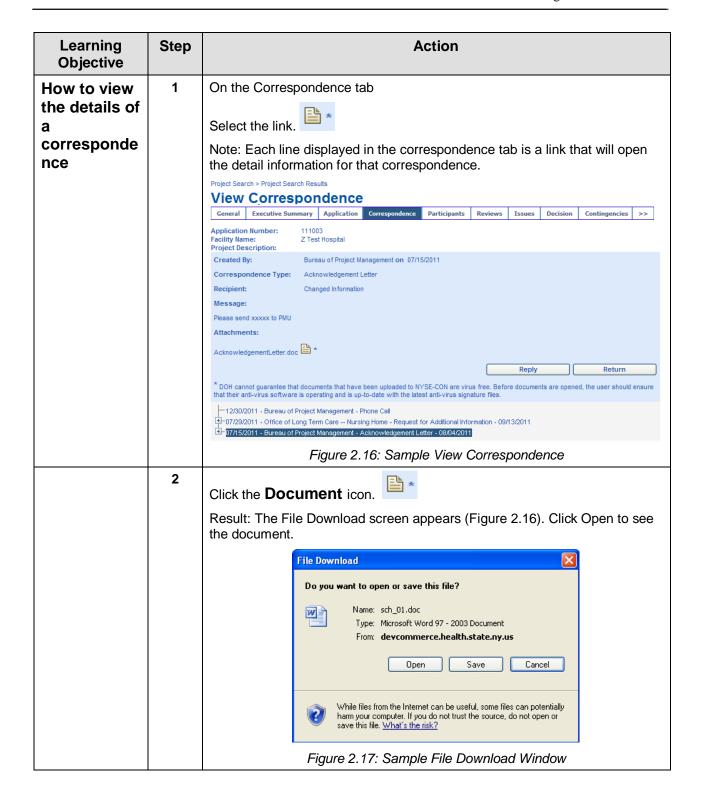

#### Correspondence

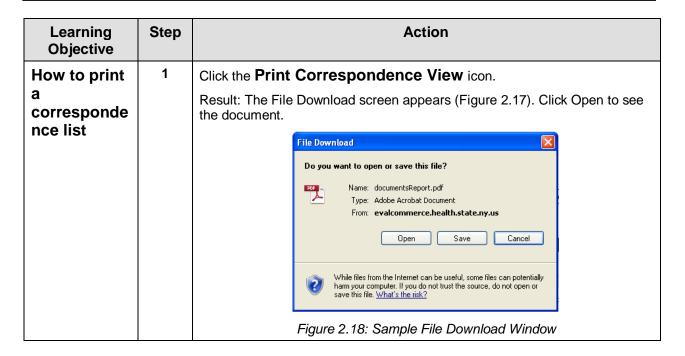

The **Correspondence** page displays the correspondence for the project. This tab is available to the applicant, Assigned Review Units and Assigned Regional Office staff.

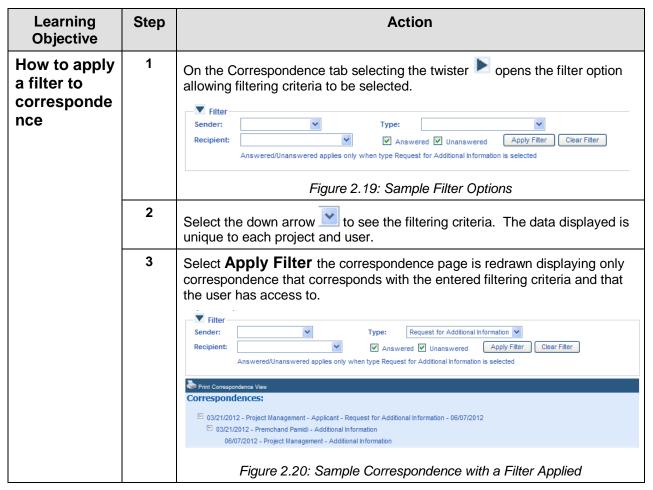

Correspondence Field Descriptions		
Field Name	Description	
Correspondence		
Date	Date the correspondence was added to the system.	
DOH Office	The DOH Office who initiated the correspondence.	
Recipient	The recipient will display 'Applicant', 'Multiple' or 'Review Unit'.	
Type of Correspondence	The type of correspondence added to the project.	
Date of last reply	The date of the latest reply to a correspondence.	
Response		
Date	Date the response was adding to the system.	
Sender	Name or Unit of the person replying	

Correspondence Field Descriptions		
Field Name	Description	
Type of Correspondence	The type of correspondence added to the project.	
Phone Call		
Date	Date added to the system.	
DOH Office	The DOH Office who created the phone call log.	
Type of Communication	Phone Call	
8	Secured Document icon	

### **Participants**

Participants Field Descriptions	
Field Name	Description
Contacts	

Participants Field Descriptions	
Field Name	Description
Туре	The type of contact
Name	The name of the person who will receive all official correspondence from DOH.
Telephone	Phone number where the contact can be reached.
Email	Email where official contact from DOH can be sent.
Fax	Fax number where the contact can be sent official correspondence from DOH.
Address	Street line 1, street line 2, city, state and zip code of the contact.
Assigned Units	
Name	The Name of the units/regional office assigned
Assignment Type	The type of the assignment
Project Contact	Reviewer assigned to the project
Additional Participants	
Name	The name of the units with access to the project
Assignment Type	The type of the assignment
Project Contact	

#### **Reviews**

The Review page displays the review information for the project. This tab is available to the Assigned Review Units and Assigned Regional Office staff. **Reviews Executive Summary** Participants Application Correspondence Reviews Issues Decision Contingencies >> 122019 Application Number: Facility Name: Z Test Hospital Project Description: CON Project Status: Application Received but not Distributed Holds In Effect: Super Status: Scheduled For: Pending Remarks: Review Unit Reviewer **Review Date** Recommendation Status Construction Cost Control ECON, Regional O 10/29/2012 Approval Draft Dental Health Financial Analysis and Review Remarks:

Figure 2.22: Sample Reviews

Reviews Field Descriptions		
Field Name	Description	
CON Project Status	Actual Project Status	
Hold in Effect	Any holds in effect	
Super Status	Status	
Scheduled For	Council Meeting	
Remarks	Remarks	
Review Unit	Assigned review units	
Reviewer	Assigned reviewer	
Review Date	The date a recommendation is entered	
Recommendation	The recommendation and review document	
Status	Draft or final status	
Remarks	Remarks	

## **Decision**

The Decision page displays the decision information for the project. This tab is available to all users but all data fields are not.

Figure 2.23: Sample Decision

Decision Field Descriptions					
Field Name	Description				
Council Information	Table is displayed to all users				
Council	Council name is listed				
Action	Council Action				
Date	Date of Council Action				
Director Action Letter Prepared Date	The Date the director action letter was prepared. Viewable by reviewers only				
Director Action	The Action taken by the Director. Viewable by all users				
Date	The Date the director action occurred. Viewable by all users				
Final Approval Letter Sent	The Date the Final approval letter was sent.				
All Contingencies Completed	The date all contingencies were completed. Viewable by reviewers only				
PHC Final Approval Letter Requested	The date the PHC Final approval letter was requested. Viewable by reviewers only				
PHC Final Approval Letter Sent	The date PHC Final approval letter was mailed. Viewable by all users				
ACS Letter Prepared	The date the ACS letter was prepared. Viewable by reviewers only				
ACS Letter Sent	The date the ACS letter was mailed. Viewable by reviewers only				
Date(s) Published	Dates Contingencies were published and became viewable to the applicant.				

# **Contingencies**

The **Contingencies** page displays the contingencies information for the project. This tab is available to the Applicant, Assigned Review Units and Assigned Regional Office staff.

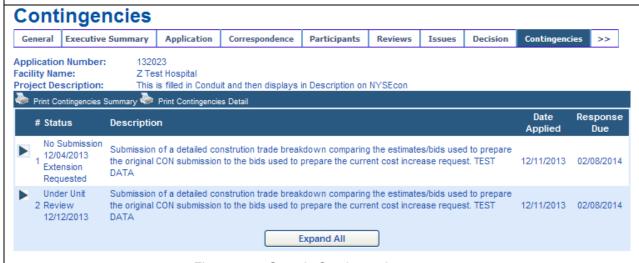

Figure 2.24: Sample Contingencies on entry

Contingencies Field Descriptions				
Field Name	Description			
#	Numeric number of the contingency			
Status	Current status of the contingency			
Status Date	The date the current status became effective.			
Extension Requested	Will display when an Extension Request has been received. If the request has been approved, it will display Extension Approved and if it is disapproved it will show Extension Disapproved			
Description	Description of the contingency			
Date Applied	Viewable by applicant and reviewers only			
Response Due	The Due Date of the contingency. Viewable by applicant and reviewers only			

# **Contingencies Expanded View**

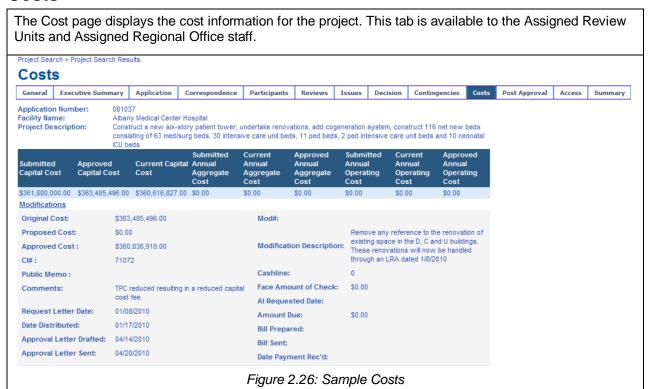

When the button Expand All is selected the **Contingencies** page re-displays the contingencies information for the project. This button is available to the Applicant, Assigned Review Units and Assigned Regional Office staff.

## **Costs**

Costs Field Descriptions				
Field Name	Description			
Submitted Capital Cost	The costs submitted on the application. Info can come from a number of areas: LRA Cover Sheet, LRA Sch 2, CON Sch 1 or CON Sch 8. This is what the applicant states prior to review/approval the Total Project Cost is for the application			
Approved Capital Cost	This is the approved Total Project Cost on the original approval of the application.  This figure usually appears on the approval/contingent approval letter sent to the Applicant by DOH. Sometimes it matches what the submitted Capital Cost is but Most times it does not			
Current capital Cost	This is the Total Project Cost at the moment. This will not be filled in until after approval just like approved capital cost. The approved capital cost and current capital cost will be the same unless or until the applicant submits a cost/modification change which changes the TPC. Once the cost/modification gets approved, the current capital cost will be updated to reflect what is currently approved.			

Costs Field Descriptions		
Field Name	Description	
Submitted Annual Aggregate Cost	PMU does not fill this field in anymore, but when it was filled in the information was pulled off of the Old Schedule 6 or 13C.	

Date Distributed	This is the date that I distribute the modification/cost increase request to review units.
Field Name	Description
Request Letter Date	This is the date that appears on the modification/cost increase request. This is not the date that PMU receives the request. We don't have a field for that.  Costs Field Descriptions
Comments	This is where I would put any remarks or reminders I need to keep track of on the modification or cost increase  This is the data that appears on the modification (seet increase request. This is not
Public Memo	This is where I would put any remarks or reminders I need to keep track of on the modification or cost increase
Face Amount of Check	Amount the check is for relative to the additional processing fee paid for an increase in TPC due to modification or cost increase.
Cashline	Cashline number assigned to the check sent in by the applicant to cover the additional processing fee associated with the TPC increase for both modifications and cost increases
Modification Description	Brief description of what the modification to the project is.
Mod#	This is the number assigned to a modification. It is the mail tag number assigned to the paper piece of mail that comes into PMU asking for the modification.
CI#	This is the number assigned to a cost increase. It is the mail tag number assigned to the paper piece of mail that comes into PMU asking for the cost increase.
Approved Cost	This information gets filled into the modification section once all units have opined on the modification. The figures are provided by 2 units: BFA and CCC. If the numbers provided by both units are the same, the information gets entered. If the figures are different, I ask that they please re-review and work together to come up with a good figure
Proposed Cost	In the modification section this we no longer fill this in
Original Cost	This information gets filled into the modification after all the reviewing units opined on the modification. The figures are provided by 2 units: BFA and CCC. If the numbers provided by both units are the same, the information gets entered. If the figures are different, I ask that they please re-review and work together to come up with a good figure.
Modifications	Changes to an application after the point of Approval.
Approved Annual Operating Cost	Not sure who or why these were filled in not sure what office this information was used by. PMU does not fill this field in anymore
Current Annual Operating Cost	Not sure who or why these were filled in not sure what office this information was used by. PMU does not fill this field in anymore
Submitted Annual Operating Cost	Not sure who or why these were filled in not sure what office this information was used by. PMU does not fill this field in anymore
Approved Annual Aggregate Cost	Not sure who or why these were filled in not sure what office this information was used by. PMU does not fill this field in anymore
Current Annual Aggregate Cost	Not sure who or why these were filled in not sure what office this information was used by. PMU does not fill this field in anymore

Al Requested Date	I do not fill this field in it refers to when a review unit makes a request for additional info on a modification/cost increase. Most of the time I never know when a request for additional information is being made as the review units fail to cc me on the letters.
Amount Due	If a modification or cost increase requires the applicant to pay an additional processing fee based on the difference between the Current Capital Cost and the newly approved Capital Cost, I will enter the amount owed in this field. This field is only used in the modification/costchangeform (CostChangeTable)
Bill Prepared	Date the bill was prepared. (relative to modification and cost increase only not original approval). The bill is actually an approval letter which requests payment of the additional processing fee assessed on the mod or cost increase
Bill Sent	Date the bill was sent. (relative to modification and cost increase only not original approval). The bill is actually an approval letter which requests payment of the additional processing fee assessed on the mod or cost increase
Date Payment Rec'd	Date the payment for the additional process fee imposed by the mod or cost increase was received
Approval Letter Drafted	Date the approval letter is drafted. This is filled in when the mod or cost increase approval letter is drafted and it does NOT request an additional filing fee as a result of an increase in TPC.
Approval Letter Sent	Date the approval letter was sent.

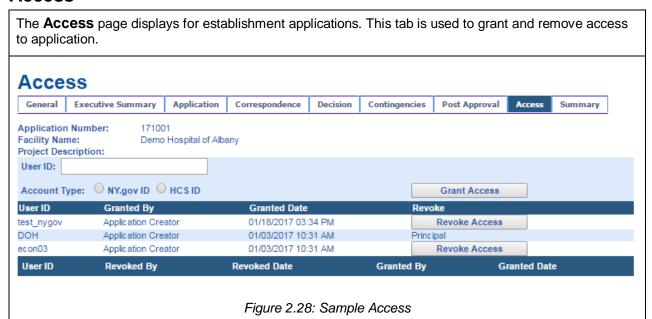

## **Post Approval**

The **Post Approval** page displays the post approval information for the project. This tab is available to all users with data fields available to various users.

Post Approval Field Descriptions					
Field Name	Description				
Assigned Start Date	Assigned Construction Start Date				
Assigned Completion Date	Assigned Construction Completion Date				
Actual Start Date	Actual Construction Start Date				
Actual Completion Date	Actual Construction Completion Date				
Construction Start Letter	Construction Start Letter Date (Visible to reviewers only)				
Site Survey	Site Survey Date				
Area Office Inspection	Area Office Inspection Date (Visible to reviewers only)				
Completion Status	Completion Status Code (Visible to reviewers only)				
Completion Date	Completion Status Date (Visible to reviewers only)				
Certified Costs Verified	Certified Costs Verified Visible to reviewers only				

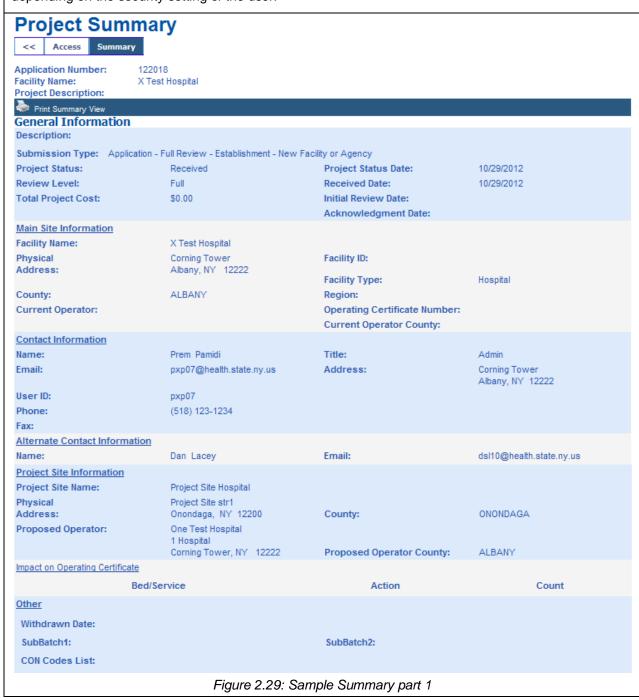

#### Access

Access Field Descriptions					
Field Name	d Name Description				
User ID	Enter the user ID to grant access to				
Account Type	Select an option to specify the User ID Type (NY.gov ID or HCS ID)				
Grant Access	When selected the ID will be granted access				
<b>Granted Access</b>					
User ID	Lists the ID's of users who have access				
Granted By	Lists the role or if of the person who granted the access				
Granted Date	Lists the date when the access was granted				
Revoke	When selected the ID will be revoked access				
Revoked Access					
User ID	Lists the ID's of users who have access revoked				
Revoked By	Lists the role or if of the person who revoked the access				
Revoked Date	Lists the date when the access was revoked				
Granted By	Lists the role or if of the person who granted the access				
Granted Date	Lists the date when the access was granted				

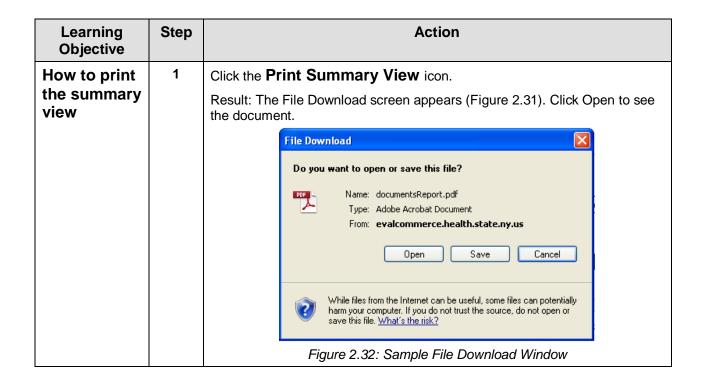

## **Summary**

The **Summary** page displays all information for the project. The data available on this tab varies depending on the security setting of the user.

## **Folder Views**

Folder Descriptions						
Name	Description					
	The Current folder contains all of information on the project. This up-to-date view contains all of the information on the project.					
Current	Tasks such as the following can only be done from the current folder:  • Add new Documents					
Ourient	Send/Receive Correspondence					
	Add Review Units/Add Reviewers					
	Add Recommendations					

	The Original folder contains the information from the time of original submission until the revision was created.						
	There are 3 views available in this folder:						
Original	<ul> <li>Folder – Creation Only         Contains only the data that existed at the time the project was submitted.     </li> <li>Folder – Inclusive         Contains all data from the time of submission until the creation of the revision.     </li> <li>Folder and Previous Folders         Contains all data from the time of submission until the creation of the revision.     </li> </ul>						
	The Revision folder contains the information from the time a revision was created up to today or the date a new revision was created. There can be multiple Revision tabs and each would contain only the information that falls within the timeframe listed on the tabs.						
	There are 3 views available in this folder:						
	Folder – Creation Only						
Revision	Contains all the data that existed at the time the revision was created.						
Revision	Folder – Inclusive						
	Contains all data from the time the revision was created up to date or until the next revision was created.						
	Folder and Previous Folders						
	Contains all data from the time of submission up to date or until the next revision was created.
