### Payment of Sterilization During Delivery for <u>Fidelis</u> <u>Enrollees</u>

(PUB\_IP\_MA\_HMO\_Acute\_Col 12)

Effective for dates of service beginning December 1, 2009, hospitals providing newborn delivery services combined with a sterilization procedure for enrollees of the New York State Catholic Health Plan, a.k.a. Fidelis Care New York, *may bill Medicaid fee-for-service for the sterilization, only*. The plan will continue to be responsible for payment of the newborn delivery.

The following billing instructions are valid for delivery and sterilization services provided to Medicaid managed care and Family Health Plus (FHPlus) enrollees of Fidelis. The billing hospital must participate in Fidelis' provider network or be otherwise approved by the health plan to provide delivery services to the enrollee.

# Claims for the sterilization component of a combined delivery/sterilization inpatient stay may be submitted beginning April 22, 2010 and must include:

- Rate code 2290 Sterilization During Delivery
- APR-DRG 541

- A sterilization procedure code as primary or secondary (sterilization procedure codes are: 6621; 6622; 6629; 6631; 6632; 6639; 664; 6651; 6652; 6663; 6669; 6692; 6697)

- Date of admission as the date of service (must be a one day claim)
- Primary diagnosis of birth/delivery and secondary diagnosis of sterilization

Stays for combined delivery and sterilization services for enrollees of all other Medicaid managed care and FHPlus plans will continue to be billed to the health plan.

Additional information is available at www.emedny.org.

Questions on billing procedures should be directed to the eMedNY Call Center at 800-343-9000.

Questions on managed care should be directed to the Bureau of Managed Care Program Planning & Implementation at 518-473-0122.

Note: Day 1 for all readmissions within 30 days is considered Day 4 for scaling purposes

Pursuant to the authority vested in the Commissioner of Health by section 2807-c(35) of the Public Health Law, Subpart 86-1 of Title 10 of the Official Compilation of Codes, Rules and Regulations of the State of New York, is amended by adding a new section 86-1.21 effective December 1, 2009, to read as follows:

Section 86-1.21. Outlier and transfer cases rates of payment.

(a)(1) High cost outlier rates of payment shall be calculated by reducing total billed patient charges, as approved by IPRO, to cost, as determined based on the hospital's ratio of cost to charges. Such calculation shall use the most recent data available as subsequently updated to reflect the data from the year in which the discharge occurred, and shall equal 100 percent of the excess costs above the high cost outlier threshold. High cost outlier thresholds shall be developed for each individual DRG and adjusted by hospital-specific wage equalization factors (WEF) and increased by the Consumer Price Index from the base period used to determine the statewide base price and the rate period.

(2) A non-public, not-for-profit general hospital which has not established an ancillary and routine charges schedule shall be eligible to receive high-cost outlier payments equal to the average of high-cost outlier payments received by comparable hospitals, as determined using the following criteria: (i) downstate hospitals;

(ii) hospitals with a case mix greater than 1.75;

(iii) hospitals with Medicaid revenue greater than \$30 million of total revenue; and

(iv) hospitals with a proportion of outlier to inlier cases greater than 3.0 percent.

(b) Rates of payment to non-exempt hospitals for inpatients who are transferred to another nonexempt hospital shall be calculated on the basis of a per diem rate for each day of the patient's stay in the transferring hospital, subject to the exceptions set forth in paragraphs (1), (2) and (3) of this subdivision. The total payment to the transferring facility shall not exceed the amount that would have been paid if the patient had been discharged. The per diem rate shall be determined by dividing the DRG case-based payment per discharge as defined in section 86-1.15(b) of this Subpart by the arithmetic inlier length of stay (LOS) for that DRG, as defined in section 86-1.15(o) of this Subpart, and multiplying by the transfer case's actual length of stay and by the transfer adjustment factor of 120 percent. In transfer cases where the arithmetic inlier LOS for the DRG is equal to one, the transfer adjustment factor shall not be applied.

(1) Transfers among more than two hospitals that are not part of a merged facility shall be reimbursed as follows:

(i) the facility which discharges the patient shall receive the full DRG payment; and

(ii) all other facilities in which the patient has received care shall receive a per diem rate unless the patient is in a transfer DRG.

(2) A transferring facility shall be paid the full DRG rate for those patients in DRGs specifically identified as transfer DRGs.

(3) Transfers among non-exempt hospitals or divisions that are part of a merged or consolidated facility shall be reimbursed as if the hospital that first admitted the patient had also discharged the patient.

(4) Services provided to neonates discharged from a hospital providing neonatal specialty services to a hospital reimbursed under the case payment system for purposes of weight gain shall be reimbursed and assigned to the applicable APR-DRG upon admission or readmission. Office of Medicaid Management - Medicaid Model Contract Section 3.11 Inpatient Hospital Stop-Loss Insurance for Medicaid Managed Care (MMC) Enrollees

a) The Contractor must obtain stop-loss coverage for inpatient hospital services for MMC Enrollees. A Contractor may elect to purchase stop-loss coverage from New York State. In such cases, the Capitation Rates paid to the Contractor shall be adjusted to reflect the cost of such stop-loss coverage. The cost of such coverage shall be determined by SDOH. b) Under NYS stop-loss coverage, if the hospital inpatient expenses incurred by the Contractor for an individual MMC Enrollee during any calendar year reaches \$100,000, the Contractor shall be compensated for eighty percent (80%) of the cost of hospital inpatient services in excess of this amount up to a maximum of \$250,000. Above that amount, the Contractor will be compensated for one hundred percent (100%) of cost. All compensation shall be based on the lower of the Contractor's negotiated hospital rate or Medicaid rates of payment. (Note: "Medicaid rates of payment' interpreted to be the Managed Care rates (not FFS rates.)
