Nursing Home Acuity Workgroup (Chapter 57, Laws of 2019)

The Workgroup shall review:

- Recent case mix data and related analyses conducted by the Department with respect to the Department's implementation of the July 1, 2019 change in methodology;
- The Department's minimum data set collection process; and
- Case mix adjustments authorized under subparagraph (ii) of paragraph (b) of subdivision 2-b of section 2808 of the Public Health Law.

Such review shall seek to promote a higher degree of accuracy in the minimum data set data, and target abuses.

June 13, 2019

Nursing Home Acuity Workgroup (Chapter 57, Laws of 2019)

The Workgroup may offer recommendations on how to:

- Improve future practice regarding accuracy in the minimum data set collection process; and
- Reduce or eliminate abusive practices.

In developing such recommendations, the Workgroup shall ensure that the collection process and case mix adjustment recognizes the appropriate acuity for residential health care residents.

Nursing Home Acuity Workgroup

(Chapter 57, Laws of 2019)

The Workgroup may provide recommendations regarding the:

- Proposed Federal Patient Driven Payment Model; and
- Administrative complexity in revising the minimum data set collection and rate promulgation processes.

Notwithstanding any changes in Federal law or regulation relating to nursing home acuity reimbursement, the Workgroup shall report its recommendations no later than June 30, 2019.
