Dear Administrator,

This letter provides you with information regarding your Nursing Home Medicaid reimbursement rate effective January 1, 2022 and April 1, 2022 for the treatment of COVID-19 persistently positive patients.

As per the Dear Administrator Letter issued on February 15, 2021 (https://www.health.ny.gov/facilities/long_term_care/reimbursement/nhr/) the Medicaid rate add-on is 50% of the Nursing Home rate. The COVID-19 rates have been updated to reflect the current Nursing Home rates, with that 50% add-on. These updated rates were included in cycle 2353, and are posted at the above location.

If you have any questions regarding these rates, please send an email to NFRates@health.ny.gov with COVID-19 Rates in the subject line, and someone will respond to your inquiry.

Sincerely,

Laura Rosenthal, Director
Bureau of Nursing Home and Long Term Care Rate Setting
Division of Finance and Rate Setting
Office of Health Insurance Programs
