How to Use this Document

1. This document is intended for those situations where the resident of a residential health care facility has received a notice of an involuntary discharge. If the resident chooses to protest that discharge, he or she must be given a chance to secure legal and advocacy services. DAL 20-15, 10 NYCRR section 415.3(iv)(e)(6). This document is designed to assist residents and their families in securing advocacy and legal services by listing persons and organizations which have indicated that they may be able to assist the resident.

2. Residents who receive the above-mentioned notice must be given a copy of the list of legal and advocacy services for the county in which the residential health care facility residence is located and all contiguous counties.

3. This list is set up by region (Capital District, Central New York, Long Island, Metropolitan Area, and Western New York Regional Offices), with regional counties listed alphabetically. Under each county is a list of those organizations and persons who have indicated that they are prepared to offer legal and advocacy services to residents.

4. Please note that this list is not exhaustive.

5. At the end of this document is the Changes to Legal and Advocacy Form. The purpose of this form is to help the Department update this document. If you find a person or organization who should be included in this listing, or information which needs to be updated, please send the organization’s contact information to the Department via email to nursinghomeinfo@health.ny.gov.
The map below identifies each New York State County. Identify the county where your facility is located, and you will see the contiguous (i.e., surrounding) counties for which the facility should also provide information about available legal and advocacy services.
