  - Focused on Prevention and Access to Health Care
  - Fostered local collaboration
  - Implementation of Local Action Plans Challenging

**Prevention Agenda 2013-2018**
- 5 Priorities
  - Focus on Health Disparities and Social Determinants through Health Pyramid lens
  - Broad based state and local involvement in development of goals, priorities, action plans
  - Implementation of evidence based actions
  - Dashboard to visualize results
  - Alignment with health care reform
  - Focus on Health Across all Policies and Healthy Aging

**Prevention Agenda 3.0 2019-2024**
Next Steps

• Spring/Summer 2017
  – Use analysis of findings to organize TA and support for implementation
  – Add additional State agencies to Ad Hoc Committee to support implementation of Health Across All Policies and Healthy Aging
  – Focus attention on how health in all policies can help achieve PA goals

• Summer/Fall 2017: Update NYS Health Assessment
  – Identification and description of health status, including social determinants, health disparities and factors that contribute to health burden
  – Progress to date on current Prevention Agenda objectives
  – Progress to date on local collaboration and action
  – Identification of resources that can be mobilized to address health challenges
Next Steps (continued)

• Winter/Spring/Summer 2018: Stakeholder Engagement for New Plan
  – Ad Hoc Committee to lead stakeholder engagement process which should include broad
    group of participants to address Health in All Policies, Healthy Aging focus
  – Ad Hoc Committee will meet in late fall 2017 and several times winter spring 2018
  – Obtain stakeholder feedback to update state priorities based on health assessment
  – Engage state/local and public/private subject matter experts to update priority specific
    action plans with recommended evidence based policies, interventions and actions

• Fall 2018: Finalize Plan with Public Health and Health Planning Council

• January 2019: New Local Collaborative Planning Cycle Starts
  – Engage additional local governmental agencies to support HAAP/Healthy Aging.
