

Implementing Health Across All Policies in New York State

**Update for Ad Hoc Committee to Lead the Prevention Agenda and the
PHHPC Public Health Committee**

December 6, 2017

Health In All Policies is a multi-sectoral approach to improving health

The Governor's Vision

Make New York the Healthiest State for People of All Ages

- Advance a Health Across All Policies approach to incorporate health considerations into policies, programs and initiatives led by non-health agencies.
- Consider how policies, programs and initiatives support achieving the Governor's goal of becoming an age friendly state.
- Long term goal is to embed Health in all Policies and considerations for Healthy Aging into all aspects of our government work, including the state's Prevention Agenda, to support our Prevention Agenda goals and to promote equity and reduce disparities.

Updates and Discussion

- *Healthy Aging: NY recognized as first Age Friendly State!*
- *Identifying and Implementing Interagency Projects that Support HAAP and Healthy Aging Across the Lifespan*
- *Incorporating HAAP and Healthy Aging into the Prevention Agenda*
- *Agency Example: Focus on NYS Department of Agriculture and Markets*

Healthy Aging Update

New York is officially the First Age Friendly State in the Nation!

Age-Friendly Communities in New York State

Of the 16 NYS communities that have been designated as Age-Friendly, 7 are currently in the planning phase:

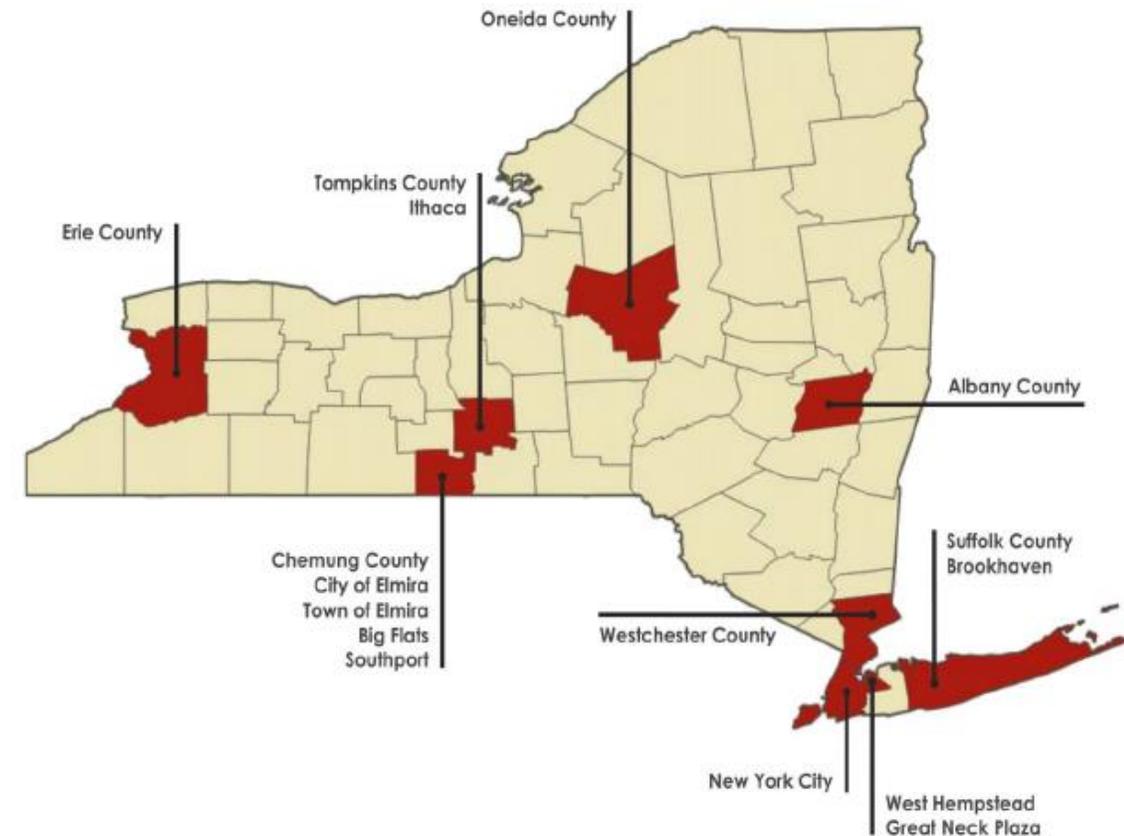

- Albany County
- Brookhaven
- Erie County
- Great Neck Plaza
- North Hempstead
- Oneida County
- Suffolk County

Of the remaining 10 communities, 9 are currently in the implementation phase with 6 communities evaluating their efforts. These communities have identified key priorities and are working toward making tangible changes in their neighborhoods. Communities currently in the implementation phase include:

- Big Flats
- Ithaca
- Tompkins County

Communities currently in both the implementation and evaluation phase of Age-Friendly improvements include:

- Chemung County
- City of Elmira
- Town of Elmira
- New York City
- Southport
- Westchester County

Age Friendly Communities - Chemung County

An upstate New York county, its city (Elmira) and two of its towns (Elmira and Big Flats) aim to improve the health and well-being of a region's residents

Inter-Agency Projects for HAAP-HA

New York Healthy Homes Pilot Project Design Phase

Pilot Project Design

- Based upon feasibility research findings and recommendations, develop New York State specific green and healthy homes project model that integrates energy efficiency interventions with health interventions
- Project design for how Medicaid funded healthy homes housing resident educations, assessments and interventions (to reduce asthma episodes, lead poisoning, household injuries, etc.) would be integrated with state funded weatherization and energy efficiency interventions and other housing intervention
- Design would produce comprehensive assessment/energy audit and housing interventions where home-based environmental health hazards are remediated and energy loss is addressed

Questions ?

Prevention Agenda Update

Incorporate HAAP and Healthy Aging into Prevention Agenda 2019-24

Fall – Winter 2017

- Reviewed current demographics and health factors that contribute to health burden and health disparities including social determinants of health.
- **From preliminary review, DOH proposes that the updated Prevention Agenda should retain the same five current priority areas.**
- **Update PA Vision: NY is the Healthiest State for People of All Ages**
- Work with NYS SMEs to propose focus areas for each priority.

Winter 2018

- Summarize health assessment and progress-to-date on Prevention Agenda objectives and current status of local planning process.
- Use summary information to obtain feedback on what went well and challenges in current Prevention Agenda.
- Obtain feedback to **finalize focus areas** based on health assessment, progress to date and current challenges.
- **Role for Ad Hoc members:** organize sessions to solicit feedback from your organizations.

Spring-Summer 2018

- Engage subject matter experts at the state/local from public/private sectors including non-health agencies **to update priority specific action plans** with recommended evidence-based policies, interventions and actions.
- Identify and include policies and actions that support HAAP and Healthy Aging.
- Use existing committees (e.g. MCHBG Advisory Committee) for each priority.
- **Role for Ad Hoc members:** join priority specific discussions to contribute to action plans.

Fall 2018

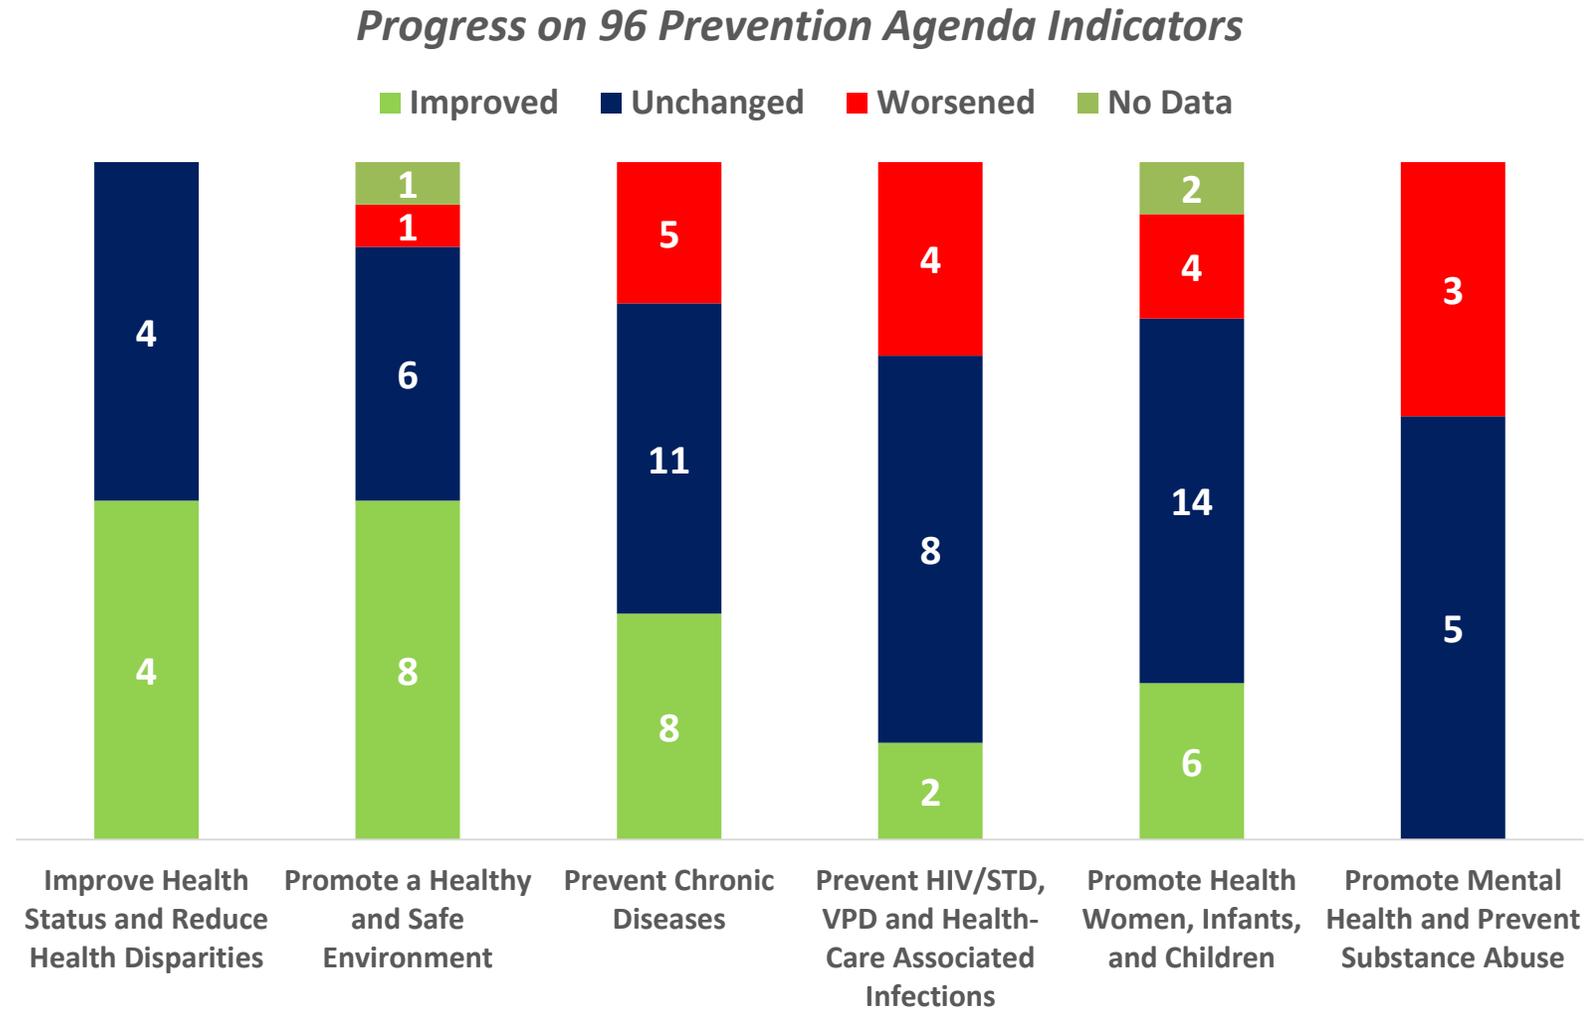

- **Finalize Updated Prevention Agenda** with Public Health and Health Planning Council.
- Establish and issue guidance for next New Local Collaborative Planning Cycle.
- **Role for Ad Hoc members:** Promote updated Prevention Agenda within your networks

Prevention Agenda 2013-2018

Prevention Agenda Dashboard measures progress on 96 statewide outcome indicators, including reductions in health disparities.

As of June 2017:

- 22 of the objectives were met
- 71 not met
 - 17 indicators show progress (12 with significant improvement)
 - 39 staying the same
 - 15 going in wrong direction
- 3 no updated data available

Incorporate HAAP and Healthy Aging into Prevention Agenda

Prevention Agenda Priorities	Age Friendly Domains of Livability	Examples: NYS Policies and Programs
Prevent Chronic Disease	Outdoor Spaces and Buildings	Fresh Food Rx Program (DAM)
	Transportation	Complete Streets (DOT)
Promote Healthy and Safe Environment	Outdoor Spaces and Buildings Housing	Healthy Homes Initiative (NYSERDA)
	Respect and Social Inclusion	Adventure NY (DEC)
Promote Healthy Women Infants and Children	Community and Health Services	Healthy Families New York (OCFS)
Promote Mental Health and Prevent Substance Abuse	Respect and Social Inclusion Social Participation	Geriatric Service Demonstration Program (OMH)
	Outdoor Spaces and Buildings	NY Parks 2020 (Parks)
Prevent HIV, STDs, Vaccine Preventable Diseases and HAI	Community and Health Services	South Shore Estuary Reserve Program (DOS/DEC)
