Class 8 Analytical Laboratory Protocol

In addition to the License Application to Engage in a Controlled Substance Activity (DOH-4330), complete and submit the following information for Class 8 Analytical Laboratory applications.

1. Applicant:
   (i) Institution authorizing the controlled substance chemical analysis activities: ____________________________
       (Attach the institution's controlled substance chemical analysis policy – e.g., effective controls against diversion, etc.)
   (ii) Qualifications & competence of the analytical laboratory. (Attach any lab certifications)

2. Supervisor of Controlled Substances:
   (i) Qualifications & competence (Curriculum Vitae) of the controlled substance supervisor. (Attach CV)
       A typical CV will include the following information:
       - Name & Contact Information
       - Grants, Honors & Awards
       - Education
       - Scholarly or Professional Memberships

3. Chemical Analysis Activities:
   (i) Nature & objective of the chemical analysis activities. (Attach additional sheets as necessary)

   Title: ____________________________

   Nature & Objective (Concise Summary):
   ____________________________________________________________
   ____________________________________________________________

   (ii) Name, schedule & quantity of the controlled substance(s) involved. (Attach additional sheets as necessary)

<table>
<thead>

   If controlled substances are to be obtained by any means other than via a DEA registered distributor or manufacturer, explain:
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________
   (Attach additional sheets as necessary)

   (iv) Will controlled substances be administered or dispensed to humans?  □ Yes  □ No

   If a project involves administering or dispensing controlled substances to humans, attach the corresponding Institutional Review Board (IRB) approval & a detailed protocol setting forth:
   - Provisions for the safe administration or dispensing of controlled substances to humans
   - The proposed method of selecting humans.
