RFA, Page 3

Minimum Eligibility Requirements:

To be considered eligible, an applicant must be:

- a not-for-profit entity or municipality; who is also
- an existing NYS designated rural health network operating within one of the four regions identified within this RFA whose makeup includes providers from rural areas and whose infrastructure can accommodate a Rural Minority Health Program as described in this RFA; OR
- a member of an existing NYS designated rural health network operating within one of the four regions identified within this RFA whose makeup includes providers from rural areas and whose infrastructure can accommodate a Rural Minority Health Program as described in this RFA.

Applicants that do not meet at least one of the eligibility requirements will not be considered; applications will be disqualified and not scored.

Questions and Answers:

1.

Q. Section I.B. (page 1) states refers to “NYS designated rural health networks”. Can you provide of list of these networks?

A. Refer to Attachment A for a listing of NYS designated rural health networks.

2.

Q. We are the lead agency for [REDACTED]: the designated RHN in the county. However, we are a municipality (county health department) and not a not for profit. Before I put the work into responding to the RFP, I want to know if our RHN will be considered, even though our RHN has never created a not for profit entity, as the RFP does say Rural Health Networks in the Hudson Valley are eligible, and we are the designated RHN in the lower Hudson valley. Many of our active members do represent NFP entities as well. Please advise ASAP as there is such a short turn around that applying in vain would be a lot of work for nothing. (I am copying our RHN Coordinator and our RHN Chair). Thank you very much.

A. Please see Modification to RFA (above).

3.

Q. Can a member of a NYS designated RHN be the lead applicant?

A. Please see Modification to RFA (above).
