

Department of Health

AMENDMENT #1
For New York State Department of Health
Strategic Assessment and Reorganization Services
RFP # 20063

Issued: July 9, 2021

The following are official modifications, which are hereby incorporated into RFP #20053: Strategic Assessment and Reorganization Services. Deleted language appears in strikethrough (“xxx”) and added language appears in **red** text. The information contained in this amendment prevails over the original RFP language. Bidders should review all documents in their entirety to ensure all amended language is incorporated into proposals.

6.2 Technical Proposal

The purpose of the Technical Proposal is to demonstrate the qualifications, competence, and capacity of the Bidder to perform the services contained in this RFP. The Technical Proposal should demonstrate the qualifications of the Bidder and the staff to be assigned to provide services related to the services included in this RFP.

A Technical Proposal that is incomplete in any material respect may be eliminated from consideration. The following outlines the information requested to be provided by Bidders. The information requested should be provided in the prescribed format. Responses that do not follow the prescribed format may be eliminated from consideration. All responses to the RFP may be subject to verification for accuracy. While additional data may be presented, the following should be included. Please provide the information in the same order in which it is requested. Your proposal should contain sufficient information to assure DOH of its accuracy. Failure to follow these instructions may result in disqualification.

Pricing information contained in the Cost Proposal cannot be included in the Technical Proposal documents.

Responses to all proposal requirements must be addressed. The narrative description must address how the bidder meets the minimum requirements to bid as listed in **Section 3. Bidders Minimum Qualifications** to Propose and a narrative on how the bidder intends to manage all aspects of the COVID-19 Vaccination call center **project as** described in **Section 4. Scope of Work**
