1. Introduction

The mission of the New York State Department of Health, Bureau of Sexually Transmitted Disease Control is to prevent and control sexually transmitted infections among residents of New York State. The Bureau of Sexually Transmitted Disease Control achieves this mission through the successful integration of program activities, including surveillance, case management, partner notification for STD's and HIV, STD screening services, education, quality assurance assessment, and research and evaluation.

The purpose of this Request for Proposal (RFP) is to select a vendor to perform laboratory testing to detect *Chlamydia trachomatis* and *Neisseria gonorrhoeae* infection among at-risk women and their partners attending selected public health clinics in New York State exclusive of New York City. This RFP provides all the information necessary for submission of competitive bids for the project. The contract is contingent on continued availability of funding.

2. Background

Sexually transmitted diseases cause considerable health consequences at significant economic cost. *Chlamydia trachomatis* is the most common sexually transmitted bacterial infection in the United States accounting for an estimated three million infections annually followed by *Neisseria gonorrhoeae*. The majority of Chlamydia infections go undetected, as 75 percent of females and 50 percent of men with Chlamydia do not have symptoms which would prompt them to seek care. Similarly, infection with *Neisseria gonorrhoeae* is often asymptomatic in women however, in men it usually results in symptomatic urethritis.

The consequences of untreated infection are severe. Up to 40 percent of infected women with untreated disease will develop pelvic inflammatory disease. Of women with pelvic inflammatory disease, 20 percent will become infertile, 18 percent will develop chronic pelvic pain, and six percent will experience a life-threatening ectopic pregnancy. Maternal infection can be vertically transmitted to the fetus resulting in ophthalmic conjunctivitis and pneumonia. Furthermore, the risk of transmission of human immunodeficiency virus is increased 2-5 fold among women infected with *Chlamydia trachomatis*. The costs associated with *Chlamydia* and related illnesses exceed 2.4 billion dollars annually.

Early detection through annual Chlamydia screening and subsequent treatment can significantly reduce the short- and long-term complications of Chlamydia infection in women and is cost-effective.

Bidders are invited to submit proposals to assist the New York State Department of Health in monitoring the prevalence of Chlamydia infection through the provision of uninterrupted laboratory testing services for Chlamydia trachomatis. The successful vendor will provide direct testing for the qualitative detection of Chlamydia trachomatis infection, i.e. stand-alone Chlamydia test, and direct testing for the qualitative detection of both Chlamydia trachomatis and Neisseria gonorrhoeae i.e., dual Chlamydia/gonorrhea test. It should be noted that the funding source for this proposal permits up to 20 percent of total tests to be directed toward
dual testing for *Chlamydia trachomatis* and *Neisseria gonorrhoeae*. In addition to performing these laboratory tests, the successful vendor will be responsible for provision of laboratory tests and specimen collection kits to clinical sites, specimen transport, provision of test results to providers within a specified time frame, and collection and reporting of required data to the Bureau of Sexually Transmitted Disease Control. The vendor shall also perform selected quality assurance monitoring activities.

The information gained from this project will be used to monitor *Chlamydia* prevalence, co-infection with *Neisseria gonorrhoeae*, interrupt the spread of disease, and prevent complications of undetected *Chlamydia* infection in women at the State and local level. A key use of this information will be to identify those communities with the highest rates of infection and to target additional public health resources for disease intervention services.

In 2005, the Bureau of STD Control supported *Chlamydia* screening of more than 38,000 women and their sexual partners with an overall prevalence of 7.7 percent among females and 9.7 percent among males. Rates of *Chlamydia* continued to be highest among females 15-24 years of age. The testing sites included STD clinics, family planning clinics, adolescent and school-based health centers, juvenile detention centers, county jails, college health centers and community health centers. *Chlamydia trachomatis* infection became a reportable disease in New York State in August 2000. Currently, it ranks as the number one communicable disease in the state with over 58,000 cases reported in 2004.

Implementation of laboratory testing services associated with this proposal is projected to begin on January 1, 2007.

Eligible bidders include laboratories licensed in New York State to perform bacteriology testing.

The successful bidder will be able to perform testing for *Chlamydia trachomatis* alone as well as dual testing for *Chlamydia trachomatis* and *Neisseria gonorrhoeae*. The vendor’s test methodology shall be performed according to procedures and protocols that comply with federal guidelines for the performance of laboratory screening tests for *Chlamydia trachomatis* and *Neisseria gonorrhoeae* (Centers for Disease Control and Prevention. 5. Proposal Review Procedure

Proposals meeting the established guidelines outlined above will be reviewed and evaluated competitively by a panel convened by the Bureau of STD Control. All proposals will be reviewed using an objective rating system reflective of the required items listed in the Detailed Specifications of the RFP (see section 3). Proposals failing to meet all response requirements or failing to follow the prescribed format may be removed from consideration or points may be deducted.

a. Technical Evaluation

A Technical Evaluation Committee (TEC) will evaluate and score each bid that meets the requirements for the Technical Proposal by assessing each bidder’s ability to provide the requested services based on the scoring system described in this RFP. The scoring will be based on a number of factors including the technical merit and clarity of the proposal, and an assessment of past experience and current qualifications of the bidder. Information from the Financial Proposal, or evaluation thereof, will not be available to the TEC during their evaluation.

Each response requirement will be evaluated against predetermined standards based on federal guidelines, current practice, and efficiency and soundness of approach. The detailed evaluation criteria and weight of the components will not be disclosed to bidders prior to selection of a winner.

**Scoring**

The Technical Proposal evaluation score will be ranked based on the average of the TEC evaluators’ ratings. Highest-ranking proposal will receive the maximum score (75 points), and other bidders will receive a proportional score, as calculated by the Technical Evaluation Team Leader, using the following formula:

\[
\text{Technical Evaluation Score} = \left(\frac{a}{b}\right) \times 75,
\]

where:

- \(a\) = Average evaluation score for the bidder being scored, and
- \(b\) = Highest average evaluation score of all bidders.

b. Financial Evaluation

A Financial Evaluation team will evaluate each bidder’s Financial Proposal. Information from the Technical Proposal, or evaluation thereof, will not be available to the Financial Evaluation team during their evaluation. In evaluating each Financial Proposal, the Financial Evaluation team will assess the documentation provided by the bidder demonstrating the firm’s ability to maintain cash flow and payroll. For those bids meeting the requirements of the Financial Proposal, the Reviewer will score the cost per specimen using the formula below. The funding source for this proposal limits the
proportion of dual Chlamydia/gonorrhea tests to 20 percent of total tests. This
distribution is figured into the formula below.

**Scoring**

A financial evaluation score will be computed for the cost per specimen tested. The
bidder should provide a detailed break down of the individual components/services that
are included in the overall cost per specimen tested. If more than one laboratory test
method is proposed, a detailed break down and overall cost per specimen tested should
be provided for each method. The Financial Proposal evaluation scores will be ranked
based on the cost per specimen. The lowest cost for specimen will receive the
maximum score (25), and other bidders will receive a proportional score using the
following formula:

\[
\text{Financial Evaluation Score} = (x+y) \times 25
\]

\[
x = \frac{(a/b) \times 0.8}{\text{where:}}
\]
\[
a = \text{Lowest cost per specimen tested by stand-alone } Chlamydia \ trachomatis \text{ test of all bidders: and}
\]
\[
b = \text{Lowest cost per specimen test by stand-alone } Chlamydia \ trachomatis \text{ testing for proposal being scored.}
\]

\[
y = \frac{(c/d) \times 0.2}{\text{where:}}
\]
\[
c = \text{Lowest cost per specimen tested by dual } Chlamydia \ trachomatis \text{ and } Neisseria \ gonorrhoeae \text{ test for all bidders: and}
\]
\[
d = \text{Lowest cost per specimen test by dual } Chlamydia \ trachomatis \text{ and } Neisseria \ gonorrhoeae \text{ testing for proposal being scored.}
\]

**6. Vendor Selection**

At the discretion of the Department of Health, all bids may be rejected. The evaluation of
the bids will include, but not be limited to the following considerations:

It is the Department’s intent to select the highest scoring proposal for Chlamydia laboratory
testing that falls within the Department’s budget.

Final selection will be based on a number of factors including: meeting the RFP
requirements; an assessment of the vendor’s experience and qualifications; an assessment
of the vendor’s ability to maintain cash flow and payroll; the technical merit and clarity of the
proposal; cost per specimen tested; and Total Combined Score as defined below.

**Total Combined Score**

The bidder’s technical score and financial score will be combined by the Technical
Evaluation Team Leader, for each proposed test method, using the following
formula:
Technical Score (maximum 75%)  
Financial Score (maximum 25%)  
Total Combined Score = (maximum 100%)

The Selection Committee will select the bidder with the highest Total Combined Score whose proposal meets all the project requirements (including available funding) and, in the Committee’s judgment, reflects the best value.

Prior to selection, this RFP and all responses thereto are subject to review by the Governor’s Task Force on Information Resource Management. DOH, the Attorney General, and the Office of the State Comptroller will approve the final contract.

Funding for this solicitation is made possible through New York State’s Infertility Prevention Project grant from the Centers for Disease Control and Prevention (CDC) and the Maternal and Child Health Services block grant. Funding for this solicitation is contingent upon continued funding from these grantors. Funds may not be used to supplant existing support for STD program services or operations. When subcontractors are proposed to complete certain activities, a letter from the subcontractor(s) must be included with the proposal that details their scope of work, cost(s), and ability to complete activities in accordance with the overall work plan. All subcontractors must agree in writing to comply with specifications agreed to by the original selected bidder according to the RFP. The New York State Department of Health reserves the right to approve subcontractors selected by the bidder. The specifications of this project are, in part, based upon these grantors’ recommendations and guidelines for program operations. During the contract period, changes in these recommendations and/or guidelines may result in modifications to the project and will be incorporated in the successful bidder’s work plan.

**h. Debriefing**

Once an award has been made, bidders may request a debriefing of their proposal. Please note the debriefing will be limited only to the strengths and weaknesses of the bidder’s proposal, and will not include any discussion of other bidders’ proposals.

**i. Vendor Responsibility Questionnaire**

New York State Procurement Law requires that state agencies award contracts only to responsible vendors.

Attachment 5 contains the “Vendor Responsibility Questionnaire” that all bidders must complete and submit with their proposal.

In addition to the questionnaire, bidders are required to provide the following with their proposal:

- Proof of financial stability in the form of audited financial statements, Dunn & Bradstreet Reports, etc.
- Department of State Registration
- Certificate of Incorporation, together with any and all amendments thereto; Partnership Agreement; or, other relevant business organizational documents, as applicable.
- N.Y.S. Dept of Taxation and Finance’s Contractor Certification Form ST-220.
j. Executive Order 127

On June 16, 2003, Governor Pataki signed Executive Order 127 (EO 127) providing for additional disclosure in the State’s procurement process. EO 127 requires that potential bidders and selected contractors disclose to the procuring agency all persons retained, employed or designated by or on behalf of any bidder to attempt to influence the procurement process, and whether that person has a financial interest in the procurement.

Bidders must complete a “Contractor Disclosure of Contacts” (Attachment 2) form for each individual entity they have retained, employed or designated to influence the procurement process. This form must also be completed for all references provided.

Also, bidders must complete and provide the “Contractor Disclosure of Prior Non-Responsibility Determinations” form as required on the Bid Form (Attachment 4).

Failure to provide either of these forms with the bid proposal may result in disqualification.

k. Lobbying Statute

Chapter 1 of the Laws of 2005, as amended by Chapter 596 of the Laws of 2005, establishes significant changes to the development of procurement contracts with governmental entities.

In 2003, Governor Pataki issued Executive Order Number 127 Providing for Additional State Procurement Disclosure (“EO 127”), to increase disclosure requirements for persons and organizations contacting State government about procurement contracts and real estate transactions. It requires state agencies and certain public authorities to collect and record information from contractors seeking a procurement contract, and those who advocate on behalf of the contractors to influence procurement contracts. The goal of EO 127 is to enhance public confidence in the State’s procurement process by making available to the public information pertaining to the lobbying efforts of those seeking state contracts from state agencies and certain public authorities.

Chapter 1 of the Laws of 2005 expands upon EO 127 and the former lobbying statute. Among other things, the new law:

1. makes the lobbying law applicable to attempts to influence procurement contracts once the procurement process has been commenced by a state agency, unified court system, state legislature, public authority, certain industrial development agencies and local benefit corporations;
2. requires the above mentioned governmental entities to record all contacts made by lobbyists and contractors about a governmental procurement so that the public knows who is contacting governmental entities about
procurements;

3. requires governmental entities to designate persons who generally may be the only staff contacted relative to the governmental procurement by that entity in a restricted period;

4. authorizes the Temporary State Commission on Lobbying to impose fines and penalties against persons/organizations engaging in impermissible contacts about a governmental procurement and provides for the debarment of repeat violators;

5. directs the Office of General Services to disclose and maintain a list of non-responsible bidders pursuant to this new law and those who have been debarred and publish such list on its website;

6. requires the timely disclosure of accurate and complete information from offerers with respect to determinations of non-responsibility and debarment;

7. expands the definition of lobbying to include attempts to influence gubernatorial or local Executive Orders, Tribal–State Agreements, and procurement contracts;

8. modifies the governance of the Temporary State Commission on lobbying;

9. provides that opinions of the Commission shall be binding only on the person to whom such opinion is rendered;

10. increases the monetary threshold which triggers a lobbyists obligations under the Lobbying Act from $2,000 to $5,000; and

11. establishes the Advisory Council on Procurement Lobbying.

Generally speaking, two related aspects of procurements were amended: (i) activities by the business and lobbying community seeking procurement contracts (through amendments to the Legislative Law) and (ii) activities involving governmental agencies establishing procurement contracts (through amendments to the State Finance Law).

Additionally, a new section 1-t was added to the Legislative Law establishing an Advisory Council on Procurement Lobbying (Advisory Council). This Advisory Council is authorized to establish the following model guidelines regarding the restrictions on contacts during the procurement process for use by governmental entities (see Legislative Law §1-t (e) and State Finance Law §139-j). In an effort to facilitate compliance by governmental entities, the Advisory Council has prepared model forms and language that can be used to meet the obligations imposed by State Finance Law §139-k, Disclosure of Contacts and Responsibility of Offerers. Sections 139-j and 139-k are collectively referred to as “new State Finance Law.”

It should be noted that while this Advisory Council is charged with the responsibility of providing advice to the New York Temporary State Commission on Lobbying (Lobbying Commission) regarding procurement lobbying, the
Lobbying Commission retains full responsibility for the interpretation, administration and enforcement of the Lobbying Act established by Article 1-A of the Legislative Law (see Legislative Law §1-t (c) and §1-d). Accordingly, questions regarding the registration and operation of the Lobbying Act should be directed to the Lobbying Commission. This Statutory Summary is also included as Attachment 7.

Statutory Summary

Chapter 1 of the Laws of 2005, as amended by Chapter 596 of the Laws of 2005, establishes significant changes to the development of procurement contracts with governmental entities.

In 2003, Governor Pataki issued Executive Order Number 127 Providing for Additional State Procurement Disclosure (“EO 127”), to increase disclosure requirements for persons and organizations contacting State government about procurement contracts and real estate transactions. It requires state agencies and certain public authorities to collect and record information from contractors seeking a procurement contract, and those who advocate on behalf of the contractors to influence procurement contracts. The goal of EO 127 is to enhance public confidence in the State’s procurement process by making available to the public information pertaining to the lobbying efforts of those seeking state contracts from state agencies and certain public authorities.

Chapter 1 of the Laws of 2005 expands upon EO 127 and the former lobbying statute. Among other things, the new law:

- makes the lobbying law applicable to attempts to influence procurement contracts once the procurement process has been commenced by a state agency, unified court system, state legislature, public authority, certain industrial development agencies and local benefit corporations;
- requires the above mentioned governmental entities to record all contacts made by lobbyists and contractors about a governmental procurement so that the public knows who is contacting governmental entities about procurements;
- requires governmental entities to designate persons who generally may be the only staff contacted relative to the governmental procurement by that entity in a restricted period;
- authorizes the Temporary State Commission on Lobbying to impose fines and penalties against persons/organizations engaging in impermissible contacts about a governmental procurement and provides for the debarment of repeat violators;
- directs the Office of General Services to disclose and maintain a list of non-responsible bidders pursuant to this new law and those who have been debarred and publish such list on its website;
- requires the timely disclosure of accurate and complete information from offerers with respect to determinations of non-responsibility and debarment;
- expands the definition of lobbying to include attempts to influence gubernatorial or local Executive Orders, Tribal–State Agreements, and procurement contracts;
- modifies the governance of the Temporary State Commission on Lobbying;
- provides that opinions of the Commission shall be binding only on the person to whom such opinion is rendered;
- increases the monetary threshold which triggers a lobbyists obligations under the Lobbying Act from $2,000 to $5,000; and
- establishes the Advisory Council on Procurement Lobbying.
Generally speaking, two related aspects of procurements were amended: (i) activities by the business and lobbying community seeking procurement contracts (through amendments to the Legislative Law) and (ii) activities involving governmental agencies establishing procurement contracts (through amendments to the State Finance Law).

Additionally, a new section 1-t was added to the Legislative Law establishing an Advisory Council on Procurement Lobbying (Advisory Council). This Advisory Council is authorized to establish the following model guidelines regarding the restrictions on contacts during the procurement process for use by governmental entities (see Legislative Law §1-t (e) and State Finance Law §139-j). In an effort to facilitate compliance by governmental entities, the Advisory Council has prepared model forms and language that can be used to meet the obligations imposed by State Finance Law §139-k, Disclosure of Contacts and Responsibility of Offerers. Sections 139-j and 139-k are collectively referred to as “new State Finance Law.”

The new State Finance Law sections establish newly defined terms that are critical to the understanding of the requirements. For the reader’s convenience, these defined terms are identified through the use of initial capital letters. It strongly recommended that the reader develop a working understanding of these defined terms.

It should be noted that while this Advisory Council is charged with the responsibility of providing advice to the New York Temporary State Commission on Lobbying (Lobbying Commission) regarding procurement lobbying, the Lobbying Commission retains full responsibility for the interpretation, administration and enforcement of the Lobbying Act established by Article 1-A of the Legislative Law (see Legislative Law §1-t (c) and §1-d). Accordingly, questions regarding the registration and operation of the Lobbying Act should be directed to the Lobbying Commission.
STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licensor, licensee, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the previous consent, in writing, of the State and any attempts to assign the contract without the State's written consent are null and void. The Contractor may, however, assign its right to receive payment without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds $15,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed $30,000 (State Finance Law Section 163.6.a).

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, sexual orientation, age, disability, genetic predisposition or carrier status, or marital status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of $50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor warrants, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further warrants that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds $5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor.
11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) FEDERAL EMPLOYER IDENTIFICATION NUMBER and/or FEDERAL SOCIAL SECURITY NUMBER. All invoices or New York State standard vouchers submitted for payment for the sale of goods or services or the lease of real or personal property to a New York State agency must include the payee's identification number, i.e., the seller's or lessor's identification number. The number is either the payee's Federal employer identification number or Federal social security number, or both such numbers when the payee has both such numbers. Failure to include this number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or New York State standard voucher, must give the reason or reasons why the payee does not have such number or numbers.

(b) PRIVACY NOTIFICATION. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law.

(2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in New York State's Central Accounting System by the Director of Accounting Operations, Office of the State Comptroller, AESOB, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of $25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of $100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of $100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of "a", "b", and "c" above, in every subcontract over $25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State; or (iii) banking services, insurance policies or the sale of securities. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Governor's Office of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.
18. **PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS.** The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of State Finance Law §165. (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in §165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the State.

19. **MACBRIDE FAIR EMPLOYMENT PRINCIPLES.** In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), the Contractor hereby stipulates that the Contractor either (a) has no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in Section 165 of the New York State Finance Law), and shall permit independent monitoring of compliance with such principles.

APPENDIX D

A. By signing the "Bid Form" each bidder attests to its express authority to sign on behalf of this company or other entity and acknowledges and accepts that:

   All specifications, general and specific appendices, including Appendix-A, the Standard Clauses for all New York State contracts, and all schedules and forms contained herein will become part of any contract entered, resulting from the Request for Proposal. Anything which is not expressly set forth in the specification, appendices and forms and resultant contract, but which is reasonable to be implied, shall be furnished and provided in the same manner as if specifically expressed.

B. The work shall be commenced and shall be actually undertaken within such time as the Department of Health may direct by notice, whether by mail, telegram, or other writing, whereupon the undersigned will give continuous attention to the work as directed, to the end and with the intent that the work shall be completed within such reasonable time or times, as the case may be, as the Department may prescribe.

C. The Department reserves the right to stop the work covered by this proposal and the contract at any time that the Department deems the successful bidder to be unable or incapable of performing the work to the satisfaction of the Department and in the event of such cessation of work, the Department shall have the right to arrange for the completion of the work in such manner as the Department may deem advisable and if the cost thereof exceeds the amount of the bid, the successful bidder and its surety be liable to the State of New York for any excess cost on account thereof.

D. Each bidder is under an affirmative duty to be informed by personal examination of the specifications and location of the proposed work and by such other means as it may select, of character, quality, and extent of work to be performed and the conditions under which the contract is to be executed.

E. The Department of Health will make no allowances or concession to a bidder for any alleged misunderstanding or deception because of quantity, quality, character, location or other conditions.

F. The bid price is to cover the cost of furnishing all of the said services, materials, equipment, and labor to the satisfaction of the Department of Health and the performance of all work set forth in said specifications.

G. The successful bidder will be required to complete the entire work, or any part thereof as the case may be, to the satisfaction of the Department of Health in strict accordance with the specifications and pursuant to a contract therefore.
H. Contractor will possess, at no cost to the State, all qualifications, licenses and permits to engage in the required business as may be required within the jurisdiction where the work specified is to be performed. Workers to be employed in the performance of this contract will possess the qualifications, training, licenses and permits as may be required within such jurisdiction.

I. Non-Collusive Bidding

By submission of this proposal, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of their knowledge and belief:

a. The prices of this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;

b. Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly to any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition;

c. No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.

NOTE: Chapter 675 of the Laws of New York for 1966 provides that every bid made to the state or any public department, agency or official thereof, where competitive bidding is required by statute, rule or regulation, for work or services performed or to be performed or goods sold or to be sold, shall contain the foregoing statement subscribed by the bidder and affirmed by such bidder as true under penalties of perjury.

A bid shall not be considered for award nor shall any award be made where (a), (b) and (c) above have not been complied with; provided however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefore. Where (a), (b) and (c) above have not been complied with, the bid shall not be considered for award nor shall any award be made unless the head of the purchasing unit of the state, public department or agency to which the bid is made or its designee, determines that such disclosure was not made for the purpose of restricting competition.

The fact that a bidder has published price lists, rates, or tariffs covering items being procured, has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or has sold the same items to other
customers at the same price being bid, does not constitute, without more, a
disclosure within the meaning of the above quoted certification.

Any bid made to the State or any public department, agency or official thereof by a
corporate bidder for work or services performed or to be performed or goods, sold
or to be sold, where competitive bidding is required by statute, rule or regulation
and where such bid contains the certification set forth above shall be deemed to

Y. Certification Regarding Debarment and Suspension

Regulations of the Department of Health and Human Services, located at Part 76 of Title 45 of the Code of Federal Regulations (CFR), implement Executive Orders 12549 and 12689 concerning debarment and suspension of participants in federal programs and activities. Executive Order 12549 provides that, to the extent permitted by law, Executive departments and agencies shall participate in a government-wide system for non-procurement debarment and suspension. Executive Order 12689 extends the debarment and suspension policy to procurement activities of the federal government. A person who is debarred or suspended by a federal agency is excluded from federal financial and non-financial assistance and benefits under federal programs and activities, both directly (primary covered transaction) and indirectly (lower tier covered transactions). Debarment or suspension by one federal agency has government-wide effect.

Pursuant to the above-cited regulations, the New York State Department of Health (as a participant in a primary covered transaction) may not knowingly do business with a person who is debarred, suspended, proposed for debarment, or subject to other government-wide exclusion (including any exclusion from Medicare and State health care program participation on or after August 25, 1995), and the Department of Health must require its prospective contractors, as prospective lower tier participants, to provide the certification in Appendix B to Part 76 of Title 45 CFR, as set forth below:

1. APPENDIX B TO PART 76-CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION-LOWER TIER COVERED TRANSACTIONS

Instructions for Certification

a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered and erroneous certification, in addition to other remedies
available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

d. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered Transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of parties Excluded from Federal Procurement and Non-procurement Programs.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is
normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions

a. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily exclude from participation in this transaction by any Federal department agency.

b. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
