A. INTRODUCTION

The New York State Department of Health (Department) is the lead State agency for oral health programs and recognizes the importance oral health plays in promoting the well being of its citizens. This Request For Proposal (RFP) is being issued to identify a contractor to serve as a Statewide Oral Health Center of Excellence (OHCE) to provide statewide assistance to communities, local health departments, health care institutions, mobile dental vans and school-based health centers to improve oral health and enhance access to oral health services.

B. BACKGROUND

Beginning in 2008, the Bureau of Dental Health funded a Statewide Technical Assistance Center that supported communities in designing and testing innovative solutions to improve access to oral health care for residents in geographically isolated and/or health manpower shortage areas. The intent of this RFP is to expand this concept to build capacity at the local level for addressing oral health issues and create a Statewide OHCE.

Oral diseases affect a majority of children in the United States and almost all adults. Tooth decay is the most common chronic disease of childhood, occurring five times more frequently than asthma. According to a recently released Pew Center report titled State Dental Policies Fail One in Five Children, one out of every five low-income children between the ages of 1 and 18 in the United States goes without dental care each year.

A statewide survey of third grade children in Upstate New York showed that the prevalence of tooth decay declined from 54% to 45% during the last decade. Because this decline was primarily in high income children, the disparity in the prevalence of dental caries has increased (31% in high income vs. 62% in low income children). Further, 14% and 35% of high and low income children had not received treatment, respectively. The prevalence of dental sealants, a highly effective intervention was 42%, which is below the Maternal and Child Health Services Block Grant performance measure of at least 50%. Although dental caries is preventable, approximately 4,800, mostly low income children, under age six in New York State are treated annually in an ambulatory surgery facility for tooth decay. The reasons for disparities in oral health are complex. Individuals can take actions, for themselves and their family to prevent disease and maintain health by engaging in healthy habits and obtaining timely professional care. In many instances, community based programs are unavailable and preventive services are underutilized. Achieving and maintaining optimum oral health requires individual action, complemented by professional care as well as public health actions.

To address this preventable condition, New York State has selected the prevention of tooth decay as a priority in the New York State Prevention Agenda toward the Healthiest State (http://www.health.ny.gov/prevention/prevention_agenda) and developed a plan for multi-sector action. A focus on prevention helps to reduce disease burden, decrease the cost of treatment and improve the capacity of care for those in need. The Prevention Agenda serves as a blueprint for action by local health departments, hospitals and their partners. A community health assessment gives local health departments the opportunity to identify and interact with other health care providers, key community leaders, organizations and interested residents about health priorities.
and concerns. Therefore, it is vital that county level data are available for identifying problems and tracking progress.

Evidence based interventions for controlling dental caries are available. The Guide to Community Preventive Services found strong evidence for implementing community water fluoridation and school-based or school-linked sealant programs. The Association of State and Territorial Dental Directors urges the promotion of school-based fluoride mouth rinsing programs in fluoride deficient areas and fluoride varnish in young children. The Institute of Medicine recommends integration of oral health into primary care to address significant oral health care access issues by expanding entry points into the dental care system. The implementation of these interventions requires collaboration among local partners, technical assistance, training and sharing of best practices. A Center for Excellence will enhance the capacity to promote such public health actions. Therefore, the Department will fund an Oral Health Center of Excellence (OHCE) to assist communities in addressing population-based and access to dental care issues.

Those applying under this RFP must operate an OHCE that will provide on-going assistance to the projects recommended by the Department, as well as respond to requests from the following oral health projects that are currently being implemented throughout the State:

- **Oral Health Surveillance:** The Department conducts periodic oral health on-site surveys of school and pre-school aged children to monitor progress toward improving the oral health of NYS children and identify needs. The findings of these surveys assist in the development of strategies to improve access to oral health services and support public health planning.

- **Community Water Fluoridation (CWF):** The addition of optimum levels of fluoride to drinking water is considered the single most cost effective method for caries prevention. CWF reaches more than 12.5 million residents in New York State and involves about 150 water systems. The department offers informational training programs to water system operators and various professional groups for the proper and efficient administration of CWF. These training workshops provide the most recent scientific, evidence-based information regarding the health benefits and regulatory aspects of community water fluoridation, fluoride system management and the methods for reporting daily and monthly fluoride levels. The department, in collaboration with oral health partners, also provides technical assistance such as presentations to communities interested in implementing fluoridation and the maintenance of an established website (http://www.fluoridescience.org) to provide in-depth information related to water fluoridation.

- **Fluoride Rinse Program:** The Fluoride Rinse Program provides school-age children access to an adequate amount of fluoride for the prevention of tooth decay. The program in implemented in 175 low-income participating schools in fluoride-deficient communities as part of the school’s health education program. Student participation in the program is voluntary and parental consent is required for all participants. Participating children, age 6 years and older, use 5ml or 10 ml of 0.2% sodium fluoride solution, to rinse for one minute in the classroom. The Bureau of Dental Health supplies all the materials required for the program.
• Support for coalitions and partnerships: The Centers of Disease Control and Prevention strongly recommends collaboration with statewide and local entities to promote oral health. The Bureau of Dental Health brings together organizations that share a common focus for combining resources to implement joint activities. The Bureau of Dental Health has established two websites to provide information regarding preventive programs. (www.fluoridescience.org and http://newyork.ilikemyteeth.org).

Responsibilities of the Oral Health Center of Excellence (OHCE):

1. The OHCE will be responsible for conducting an on-site survey of 3rd grade or another similar group of children using the Association of State and Territorial Dental Directors’ (ASTDD) Basic Screening Survey method in accordance with the New York State Oral Health Surveillance System Protocol. The on-site survey needs to include an average of 4 schools per county from the 57 Upstate counties as well as another survey of 75 schools in New York City, over a five year period (approximately 60 schools per year).

   Schools will be selected by the Bureau of Dental Health (BDH) and provided to the selected contractor. The contractor should plan for recruiting and training sufficient number of examiners (NYS licensed Registered Dental Hygienists), obtaining permission from identified schools, and consent from parents and students using a prescribed standardized form provided by BDH, on-site screening children for dental problems, gathering data and verifying forms for completion and accuracy. The overall rate of participation of children should be at least 45%. If a school is already participating in an approved School-Based Health Center Dental program, the contractor should ensure that appropriate steps are taken to collaborate and coordinate with the provider to conduct the screenings for this survey. This is an on-site survey where an examiner will be assessing children’s oral health and documenting results in a paper survey. All examiners going into schools must participate in a 4 hour online Internal Review Board human subject protection training.

2. The OHCE will be responsible for providing assistance to water plant operators and other identified community partners and stakeholders through trainings, webinars, individual consultation and onsite technical assistance to ensure the availability of a high quality water fluoridation program. In addition, the OHCE will maintain and update two established web sites (www.fluoridescience.org and http://newyork.ilikemyteeth.org) for professionals and other interested public to include resources, best practices and relevant research on community water fluoridation.

3. The OHCE will provide expertise to manage the school-based fluoride program and ensure the availability of fluoride products in a timely manner and its appropriate use. The OHCE will work with participating schools to ensure a signed prescription from either the supervising dentist or health care provider for the students is submitted annually. BDH will identify a vendor/manufacturer which will make the fluoride rinse to NYS specifications and will ship the product directly to schools. The OHCE will work closely with the BDH and is responsible to provide an accurate listing of schools, contacts, addresses, and proper case order amounts.
4. The OHCE will provide expert consultation to four communities per year to be identified by BDH on issues related to the community water fluoridation program and other needs such as providing information, making presentations at meetings and public hearings, and mobilizing community support.

5. The OHCE will serve as a resource for the Department by establishing and maintaining a clearinghouse and serve as a resource for implementing strategies outlined in the State Oral Health Plan and promoting CDC or ASTDD recommended best practices in oral health.

d. NYSOHCE-4: Fluoride rinse program administration: Provide assistance in the administration of the program which includes contacting about 175 schools to gather data annually on the number of children participating in the program in each school and calculating the supply needs and preparing an order for fluoride products for each school. The OHCE should maintain a school fluoride rinse database and ensure schools are in compliance with the NYSDOH Fluoride Rinse Manual. All schools should have a supply for 38 weeks of rinsing. The Bureau of Dental Health will administer the Purchase Order for payment to the vendor (medical product company selected by the Bureau of Dental Health) to ensure the supply of fluoride products in a timely manner.

e. NYSOHCE-5: Serve as a clearinghouse and resource for implementing strategies outlined in the State Oral Health Plan and promoting Centers for Disease Control (CDC) or Association of State Dental Directors (ASTDD) recommended best practices in oral health:

1. Submit information or current research to the NYSDOH BDH regarding evidence-based practices on topics relevant to oral health. This must include research for up to 2 best practice issues and questions proposed to the OHCD by the NYSDOH BDH. Research must include a literature review, research, summary, and citations.

2. Create an electronic newsletter or other suitable mechanism to update interested groups and individuals and disseminate information at least 4 times a year.

3. Work with other oral health professionals and groups to convene an annual Department of Health meeting of public health programs (approximately 100 participants) in Albany or Syracuse to promote best practices as well as to monitor progress toward state and national objectives.

4. Organize up to 12 (approximately 3 per year) conference calls or webinars to follow up on action items identified in the annual meetings and technical assistance workshops.

5. Maintain and update two established web sites (www.fluoridescience.org and http://newyork.ilikemyteeth.org) for professionals and other interested public to include resources, best practices and relevant research on community water fluoridation. The contractor should work closely with NYSDOH BDH to ensure that each web site includes up-to-date and scientifically accurate information.
3. Method of Award
This is a competitive procurement that will result in a contract to complete the contract deliverables and performance requirements as stated in Section C.2. At the discretion of the Department, any and all proposals may be rejected.

The bidder with the highest total combined Technical Proposal score and Cost Proposal score will be selected. There is a maximum achievable total combined score of 100 (Technical Proposal score 80 plus Cost Proposal score 20). Bidders will be ranked from high to low based on their total combined score. In order to award a contract, the NYSDOH will select the bidder that submits the proposal that offers the best value defined as the bid that optimizes quality, costs, and efficiency among the responsible and responsive bidders, as determined by the combined Technical Proposal and Cost Proposal scores.

In the event of a tie, the determining factor(s) for award, in descending order of importance, will be:
- Lowest cost
- Minority/Women-owned Business Enterprise (MWBE) utilization
- Past experience
- References

Evaluation Committees
Two evaluation committees will be established to review the proposals. The Technical Evaluation Committee will consist of three program experts and one alternative. The alternative will be trained for the review but will not review the proposal unless one of the evaluators cannot complete their duties due to unforeseen circumstances. The Cost Evaluation Committee will consist of two reviewers who will verify the accuracy of the Cost Detail Sheets and conduct the mathematical formula required to determine the final Cost score.

a. Compliance Evaluation
All responses to the RFP will be subject to a Compliance Evaluation. All responses that pass the Compliance Evaluation will be submitted to both the Technical Evaluation Committee and the Cost Evaluation Committee. Bidders that fail the Compliance Evaluation will be eliminated from the procurement process for this RFP.

In completing the Compliance Evaluation, the Department has the right to request clarifying information or request information that is necessary to satisfy the requirements of the Compliance Evaluation.

The Compliance Evaluation will have a pass/fail screening that includes the following requirements:

1. The eligible bidder is a health agency or community-based organization or as an academic and research institution; or teaching hospitals/medical centers.

2. The eligible bidder has demonstrated knowledge and expertise in the development of resources and services related to health topics, with an emphasis on preventive oral health services.
3. The bidder and its subcontractors do not have a conflict of interest as determined through material submitted with the Transmittal Letter.

4. Responsiveness to RFP – meets delivery due date, contains signed transmittal letter, and contains signed cover sheet for Technical and Cost Proposals.

b. Technical Proposal Score (Total - 80 points)
The Department will evaluate and score proposals based on each bidder’s ability to complete the performance requirements as described in this RFP. The evaluation will be based on the bidder’s written Technical Proposal; any responses to clarifying questions; information obtained through reference checks; and the Department’s and other State agencies’ experience with the bidder or its proposed subcontractors.

The following formula will be used to determine each bidder’s final Technical Proposal score:

\[ t = \left( \frac{x}{y} \right) \times 80 \]

where:
- \( x \) = technical score of proposal being scored;
- \( y \) = technical score of highest technical scoring proposal;
- 80 = maximum technical points available; and
- \( t \) = normalized technical score for bidder being scored.

c. Cost Proposal Score (Total – 20 points)
The Cost Proposal maximum score of 20 will be awarded to the bidder with the lowest total bid (price) for all contract activities for the entire contract period.

Scores ranging up to 20 will be awarded to bidders by calculating the percentage that the lowest total bid (price) is of the other bidders’ total bid, and then multiplying that percentage times the maximum score of 20.

The following formula will be used to determine each bidder’s final Cost Proposal score:

\[ t = \left( \frac{x}{y} \right) \times 20 \]

where:
- \( y \) = total cost of proposal being scored;
- \( x \) = lowest cost;
- 20 = maximum cost points available; and
- \( t \) = normalized cost score for bidder being scored.

11. Lobbying Statute Summary

Chapter 1 of the Laws of 2005, as amended by Chapter 596 of the Laws of 2005, provides, among other things, the following as pertains to development of procurement contracts with governmental entities:

a. makes the lobbying law applicable to attempts to influence procurement contracts once the procurement process has been commenced by a state agency, unified court system, state legislature, public authority, certain industrial development agencies and local benefit corporations;

b. requires the above mentioned governmental entities to record all contacts made by lobbyists and contractors about a governmental procurement so that the public knows who is contacting governmental entities about procurements;

c. requires governmental entities to designate persons who generally may be the only staff contacted relative to the governmental procurement by that entity in a restricted period;

d. authorizes the New York State Commission on Public Integrity to impose fines and penalties against persons/organizations engaging in impermissible contacts about a governmental procurement and provides for the debarment of repeat violators;

e. directs the Office of General Services to disclose and maintain a list of non-responsible bidders pursuant to this new law and those who have been debarred and publish such list on its website;

f. requires the timely disclosure of accurate and complete information from offerers with respect to determinations of non-responsibility and debarment;

g. expands the definition of lobbying to include attempts to influence gubernatorial or local Executive Orders, Tribal–State Agreements, and procurement contracts;

h. modifies the governance of the New York State Commission on Public Integrity;

i. provides that opinions of the Commission shall be binding only on the person to whom such opinion is rendered;
j. increases the monetary threshold which triggers a lobbyists obligations under the Lobbying Act from $2,000 to $5,000; and  
k. establishes the Advisory Council on Procurement Lobbying.

Generally speaking, two related aspects of procurements were amended: (i) activities by the business and lobbying community seeking procurement contracts (through amendments to the Legislative Law) and (ii) activities involving governmental agencies establishing procurement contracts (through amendments to the State Finance Law).

Additionally, a new section 1-t was added to the Legislative Law establishing an Advisory Council on Procurement Lobbying (Advisory Council). This Advisory Council is authorized to establish the following model guidelines regarding the restrictions on contacts during the procurement process for use by governmental entities (see Legislative Law §1-t (e) and State Finance Law §139-j). In an effort to facilitate compliance by governmental entities, the Advisory Council has prepared model forms and language that can be used to meet the obligations imposed by State Finance Law §139-k, Disclosure of Contacts and Responsibility of Offerers. Sections 139-j and 139-k are collectively referred to as “new State Finance Law.”

It should be noted that while this Advisory Council is charged with the responsibility of providing advice to the New York State Commission on Public Integrity regarding procurement lobbying, the Commission retains full responsibility for the interpretation, administration and enforcement of the Lobbying Act established by Article 1-A of the Legislative Law (see Legislative Law §1-t (c) and §1-d). Accordingly, questions regarding the registration and operation of the Lobbying Act should be directed to the New York State Commission on Public Integrity.

12. Accessibility of State Agency Web-based Intranet and Internet Information and Applications

Any web-based intranet and internet information and applications development, or programming delivered pursuant to the contract or procurement will comply with New York State Enterprise IT Policy NYS-P08-005, “Accessibility Web-based Information and Applications”, and New York State Enterprise IT Standard NYS-S08-005, Accessibility of Web-based Information Applications, as such policy or standard may be amended, modified or superseded, which requires that state agency web-based intranet and internet information and applications are accessible to persons with disabilities. Web content must conform to New York State Enterprise IT Standard NYS-S08-005, as determined by quality assurance testing. Such quality assurance testing will be conducted by Department of Health, contractor or other, and the results of such testing must be satisfactory to the Department of Health before web content will be considered a qualified deliverable under the contract or procurement.

13. Information Security Breach and Notification Act

Section 208 of the State Technology Law (STL) and Section 899-aa of the General Business Law (GBL) require that State entities and persons or businesses conducting business in New York who own or license computerized data which includes private information including an individual’s
unencrypted personal information plus one or more of the following: social security number,
driver’s license number or non-driver ID, account number, credit or debit card number plus security
code, access code or password which permits access to an individual’s Cost account, must disclose
to a New York resident when their private information was, or is reasonably believed to have been,
acquired by a person without valid authorization. Notification of breach of that private information
to all individuals affected or potentially affected must occur in the most expedient time possible
without unreasonable delay, after measures are taken to determine the scope of the breach and to
restore integrity; provided, however, that notification may be delayed if law enforcement
determines that expedient notification would impede a criminal investigation. When notification is
necessary, the State entity or person or business conducting business in New York must also notify
the following New York State agencies: the Attorney General, the Office of Cyber Security &
Critical Infrastructure Coordination (CSCIC) and the Consumer Protection Board (CPB).
Information relative to the law and the notification process is available at:
http://www.dhsses.ny.gov/ocs/breach-notification/.

14. New York State Tax Law Section 5-a

Section 5-a of the Tax Law, as amended, effective April 26, 2006, requires certain contractors
awarded state contracts for commodities, services and technology valued at more than $100,000 to
certify to the Department of Tax and Finance (DTF) that they are registered to collect New York
State and local sales and compensating use taxes. The law applies to contracts where the total
amount of such contractors’ sales delivered into New York State are in excess of $300,000 for the
four quarterly periods immediately preceding the quarterly period in which the certification is made,
and with respect to any affiliates and subcontractors whose sales delivered into New York State
exceeded $300,000 for the four quarterly periods immediately preceding the quarterly period in
which the certification is made.

This law imposes upon certain contractors the obligation to certify whether or not the contractor, its
affiliates, and its subcontractors are required to register to collect state sales and compensating use
tax and contractors must certify to DTF that each affiliate and subcontractor exceeding such sales
threshold is registered with DTF to collect New York State and local sales and compensating use
taxes. The law prohibits the State Comptroller, or other approving agencies, from approving a
contract awarded to an offerer meeting the registration requirements but who is not so registered in
accordance with the law.

Contractor must complete and submit directly to the New York State Taxation and Finance,
Contractor Certification Form ST-220-TD attached hereto. Unless the information upon which the
ST-220-TD is based changes, this form only needs to be filed once with DTF. If the information
changes for the contractor, its affiliate(s), or its subcontractor(s), a new form (ST-220-TD) must be
filed with DTF.

Contractor must complete and submit to the Department of Health the form ST-220-CA attached
hereto, certifying that the contractor filed the ST-220-TD with DTF. Failure to make either of these
filings may render an offerer non-responsive and non-responsible. Offerers shall take the necessary
steps to provide properly certified forms within a timely manner to ensure compliance with the law.
Forms ST-220-TD and ST-220-CA may be accessed electronically at:

http://www.tax.ny.gov/pdf/current_forms/st/st220td_fill_in.pdf and

15. Piggybacking

New York State Finance Law section 163(10)(e) (see also http://www.ogs.state.ny.us/procurecounc/pgbguidelines.asp) allows the Commissioner of the NYS Office of General Services to consent to the use of this contract by other New York State Agencies, and other authorized purchasers, subject to conditions and the Contractor’s consent.

NEW YORK STATE LAW

Pursuant to New York State Executive Law Article 15-A, the New York State Department of Health recognizes its obligation to promote opportunities for maximum feasible participation of certified minority-and women-owned business enterprises and the employment of minority group members and women in the performance of New York State Department of Health contracts.

In 2006, the State of New York commissioned a disparity study to evaluate whether minority and women-owned business enterprises had a full and fair opportunity to participate in state contracting. The findings of the study were published on April 29, 2010, under the title "The State of Minority and Women-Owned Business Enterprises: Evidence from New York" ("Disparity Study"). The report found evidence of statistically significant disparities between the level of participation of minority-and women-owned business enterprises in state procurement contracting versus the number of minority-and women-owned business enterprises that were ready, willing and able to participate in state procurements. As a result of these findings, the Disparity Study made recommendations concerning the implementation and operation of the statewide certified minority- and women-owned business enterprises program. The recommendations from the Disparity Study culminated in the enactment and the implementation of New York State Executive Law Article 15-A, which requires, among other things, that New York State Department of Health establish goals for maximum feasible participation of New York State Certified minority- and women – owned business enterprises (“MWBE”) and the employment of minority groups members and women in the performance of New York State contracts.

Business Participation Opportunities for MWBEs

For purposes of this solicitation, New York State Department of Health hereby establishes an
overall goal of 20% for MWBE participation, 10% for Minority-Owned Business Enterprises (“MBE”) participation and 10% for Women-Owned Business Enterprises (“WBE”) participation (based on the current availability of qualified MBEs and WBEs). A contractor (“Contractor”) on the subject contract (“Contract”) must document good faith efforts to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of the Contract and Contractor agrees that New York State Department of Health may withhold payment pending receipt of the required MWBE documentation. The directory of New York State Certified MWBEs can be viewed at: http://www.esd.ny.gov/mwbe.html. For guidance on how New York State Department of Health will determine a Contractor’s “good faith efforts,” refer to 5 NYCRR §142.8.

In accordance with 5 NYCRR §142.13, Contractor acknowledges that if it is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth in the Contract, such finding constitutes a breach of Contract and New York State Department of Health may withhold payment from the Contractor as liquidated damages.

Such liquidated damages shall be calculated as an amount equaling the difference between: (1) all sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals; and (2) all sums actually paid to MWBEs for work performed or materials supplied under the Contract.

By submitting a bid or proposal, a bidder on the Contract (“Bidder”) agrees to submit the following documents and information as evidence of compliance with the foregoing:

A. Bidders are required to submit a MWBE Utilization Plan on Form #1 with their bid or proposal. Any modifications or changes to the MWBE Utilization Plan after the Contract award and during the term of the Contract must be reported on a revised MWBE Utilization Plan and submitted to New York State Department of Health.

B. New York State Department of Health will review the submitted MWBE Utilization Plan and advise the Bidder of New York State Department of Health acceptance or issue a notice of deficiency within 30 days of receipt.

C. If a notice of deficiency is issued, Bidder agrees that it shall respond to the notice of deficiency within seven (7) business days of receipt by submitting to the Department of Health a written remedy in response to the notice of deficiency. If the written remedy that is submitted is not timely or is found by New York State Department of Health to be inadequate, New York State Department of Health shall notify the Bidder and direct the Bidder to submit, within five (5) business days, a request for a partial or total waiver of MWBE participation goals on Form #2. Failure to file the waiver form in a timely manner may be grounds for disqualification of the bid or proposal.

D. New York State Department of Health may disqualify a Bidder as being non-responsive under the following circumstances:
   a) If a Bidder fails to submit a MWBE Utilization Plan;
   b) If a Bidder fails to submit a written remedy to a notice of deficiency;
c) If a Bidder fails to submit a request for waiver; or
d) If New York State Department of Health determines that the Bidder has failed to document good faith efforts.

Contractors shall attempt to utilize, in good faith, any MBE or WBE identified within its MWBE Utilization Plan, during the performance of the Contract. Requests for a partial or total waiver of established goal requirements made subsequent to Contract Award may be made at any time during the term of the Contract to New York State Department of Health, but must be made prior to the submission of a request for final payment on the Contract.

Contractors are required to submit a Contractor’s Quarterly M/WBE Contractor Compliance & Payment Report on Form #3 to the New York State Department of Health address, phone and fax information, by the 10th day following each end of quarter over the term of the Contract documenting the progress made toward achievement of the MWBE goals of the Contract.

Equal Employment Opportunity Requirements

By submission of a bid or proposal in response to this solicitation, the Bidder/Contractor agrees with all of the terms and conditions of Appendix A including Clause 12 - Equal Employment Opportunities for Minorities and Women. The Contractor is required to ensure that it and any subcontractors awarded a subcontract over $25,000 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor, shall undertake or continue programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, equal opportunity shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, and rates of pay or other forms of compensation. This requirement does not apply to: (i) work, goods, or services unrelated to the Contract; or (ii) employment outside New York State.

Bidder further agrees, where applicable, to submit with the bid a staffing plan (Form #4) identifying the anticipated work force to be utilized on the Contract and if awarded a Contract, will, upon request, submit to the New York State Department of Health, a workforce utilization report identifying the workforce actually utilized on the Contract if known.

Further, pursuant to Article 15 of the Executive Law (the “Human Rights Law”), all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor and subcontractors will not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

Please Note: Failure to comply with the foregoing requirements may result in a finding of non-responsiveness, non-responsibility and/or a breach of the Contract, leading to the
withholding of funds, suspension or termination of the Contract or such other actions or enforcement proceedings as allowed by the Contract.

I, ________________________, the (awardee/contractor) __________________ agree to adopt the following policies with respect to the project being developed or services rendered at ____________________________________________________________________________________

This organization will and will cause its contractors and subcontractors to take good faith actions to achieve the M/WBE contract participations goals set by the State for that area in which the State-funded project is located, by taking the following steps:

(1) Actively and affirmatively solicit bids for contracts and subcontracts from qualified State certified MBEs or WBEs, including solicitations to M/WBE contractor associations.

(2) Request a list of State-certified M/WBEs from AGENCY and solicit bids from them directly.

(3) Ensure that plans, specifications, request for proposals and other documents used to secure bids will be made available in sufficient time for review by prospective M/WBEs.

(4) Where feasible, divide the work into smaller portions to enhanced participations by M/WBEs and encourage the formation of joint venture and other partnerships among M/WBE contractors to enhance their participation.

(5) Document and maintain records of bid solicitation, including those to M/WBEs and the results thereof. Contractor will also maintain records of actions that its subcontractors have taken toward meeting M/WBE contract participation goals.

(6) Ensure that progress payments to M/WBEs are made on a timely basis so that undue Cost hardship is avoided, and that bonding and other credit requirements are waived or appropriate alternatives developed to encourage M/WBE participation.

(a) This organization will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability or marital status, will undertake or continue existing programs of affirmative action to ensure that minority group members are afforded equal employment opportunities without discrimination, and shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on state contracts.

(b) This organization shall state in all solicitation or advertisements for employees that in the performance of the State contract all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex disability or marital status.

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, “the contract” or “this contract”) agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State’s previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the assignment is due to a reorganization, merger or consolidation of the Contractor’s business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State’s prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER’S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds $50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any contract let pursuant to Article XI of the State Finance Law, the State Comptroller must be notified and have concurrence where the amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller’s approval of contracts let by the Office of General Services is required when such contracts exceed $85,000 (State Finance Law Section 163.6.a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issues under such centralized contract.

4. WORKERS’ COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers’ Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, sexual orientation, age, disability, genetic predisposition or carrier status, or marital status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of $50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of
the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds $5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee’s Federal employer identification number, (ii) the payee’s Federal social security number, and/or (iii) the payee’s Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR 143, if this contract is: (i) a written agreement or purchase order instrument,

Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development’s Division of Minority and Women's Business Development pertaining hereto.

A. By signing the "Bid Form" each bidder attests to its express authority to sign on behalf of this company or other entity and acknowledges and accepts that all specifications, general and specific appendices, including Appendix-A, the Standard Clauses for all New York State contracts, and all schedules and forms contained herein will become part of any contract entered, resulting from the Request for Proposal. Anything which is not expressly set forth in the specifications, appendices and forms and resultant contract, but which is reasonable to be implied, shall be furnished and provided in the same manner as if specifically expressed.

B. The work shall be commenced and shall be actually undertaken within such time as the Department of Health may direct by notice, whether by mail, e-mail, or other writing, whereupon the undersigned will give continuous attention to the work as directed, to the end and with the intent that the work shall be completed within such reasonable time or times, as the case may be, as the Department may prescribe.

C. The Department reserves the right to stop the work covered by this proposal and the contract at any time that the Department deems the successful bidder to be unable or incapable of performing the work to the satisfaction of the Department, and in the event of such cessation of work, the Department shall have the right to arrange for the completion of the work in such manner as the Department may deem advisable, and if the cost thereof exceeds the amount of the bid, the successful bidder and its surety shall be liable to the State of New York for any excess cost on account thereof.

D. Each bidder is under an affirmative duty to be informed by personal examination of the specifications and location of the proposed work and by such other means as it may select, of character, quality, and extent of work to be performed and the conditions under which the contract is to be executed.

E. The Department of Health will make no allowance or concession to a bidder for any alleged misunderstanding or deception because of quantity, quality, character, location or other conditions.

F. The bid price is to cover the cost of furnishing all of the said services, materials, equipment, and labor to the satisfaction of the Department of Health and the performance of all work set forth in said specifications.

G. The successful bidder will be required to complete the entire work or any part thereof as the case may be, to the satisfaction of the Department of Health in strict accordance with the specifications and pursuant to a contract therefore.

H. Contractor will possess, at no cost to the State, all qualifications, licenses and permits to engage in the required business as may be required within the jurisdiction where the work specified is to be performed. Workers to be employed in the performance of this contract will possess the qualifications, training, licenses and permits as may be required within such jurisdiction.

I. Non-Collusive Bidding By submission of this proposal, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of their knowledge and belief:

   a. The prices of this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;

   b. Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or
indirectly to any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition;

c. No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.

NOTE: Chapter 675 of the Laws of New York for 1966 provides that every bid made to the state or any public department, agency or official thereof, where competitive bidding is required by statute, rule or regulation, for work or services performed or to be performed or goods sold or to be sold, shall contain the foregoing statement subscribed by the bidder and affirmed by such bidder as true under penalties of perjury.

A bid shall not be considered for award nor shall any award be made where (a), (b) and (c) above have not been complied with; provided however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefore. Where (a), (b) and (c) above have not been complied with, the bid shall not be considered for award nor shall any award be made unless the head of the purchasing unit of the state, public department or agency to which the bid is made or its designee, determines that such disclosure was not made for the purpose of restricting competition. The fact that a bidder has published price lists, rates, or tariffs covering items being procured, has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or has sold the same items to other customers at the same price being bid, does not constitute, without more, a disclosure within the meaning of the above quoted certification.

Any bid made to the State or any public department, agency or official thereof by a corporate bidder for work or services performed or to be performed or goods, sold or to be sold, where competitive bidding is required by statute, rule or regulation and where such bid contains the certification set forth above shall be deemed to have been authorized by the board of directors of the bidder, and such authorization shall be deemed to include the signing and submission of the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation.

J. A bidder may be disqualified from receiving awards if such bidder or any subsidiary, affiliate, partner, officer, agent or principal thereof, or anyone in its employ, has previously failed to perform satisfactorily in connection with public bidding or contracts.

K. The Department reserves the right to make awards within ninety (90) days after the date of the bid opening, during which period bids shall not be withdrawn unless the bidder distinctly states in the bid that acceptance thereof must be made within a shorter specified time.

L. Any contract entered into resultant from this request for proposal will be considered a "Work for Hire Contract." The Department will be the sole owner of all source code and any software which is developed for use in the application software provided to the Department as a part of this contract.

M. Technology Purchases Notification --The following provisions apply if this Request for Proposal (RFP) seeks proposals for "Technology"

1. For the purposes of this policy, "technology" applies to all services and commodities, voice/data/video and/or any related requirement, major software acquisitions, systems modifications or upgrades, etc., that result in a technical method of achieving a practical purpose or in improvements of productivity. The purchase can be as simple as an order for new or replacement personal computers, or for a consultant to design a new system, or as complex as a major systems improvement or innovation that changes how an agency conducts its business practices.
2. If this RFP results in procurement of software over $20,000, or of other technology over $50,000, or where the department determines that the potential exists for coordinating purchases among State agencies and/or the purchase may be of interest to one or more other State agencies, PRIOR TO AWARD SELECTION, this RFP and all responses thereto are subject to review by the New York State Office for Technology.

3. Any contract entered into pursuant to an award of this RFP shall contain a provision which extends the terms and conditions of such contract to any other State agency in New York. Incorporation of this RFP into the resulting contract also incorporates this provision in the contract.

"Third Party Product" shall include product manufactured or developed by a corporate entity independent from the vendor and provided by the vendor on a non-exclusive licensing or other distribution Agreement with the third party manufacturer. "Third Party Product" does not include product where vendor is: (a) a corporate subsidiary or affiliate of the third party manufacturer/developer; and/or (b) the exclusive re-seller or distributor of product manufactured or developed by said corporate entity.

2. Date/Time Warranty Statement

Contractor warrants that Product(s) furnished pursuant to this Contract shall, when used in accordance with the Product documentation, be able to accurately process date/time data (including, but not limited to, calculating, comparing, and sequencing) transitions, including leap year calculations. Where Contractor proposes or an acquisition requires that specific Products must perform as a package or system, this warranty shall apply to the Products as a system.

Where Contractor is providing ongoing services, including but not limited to: i) consulting, integration, code or data conversion, ii) maintenance or support services, iii) data entry or processing, or iv) contract administration services (e.g., billing, invoicing, claim processing), Contractor warrants that services shall be provided in an accurate and timely manner without interruption, failure or error due to the inaccuracy of Contractor’s business operations in processing date/time data (including, but not limited to, calculating, comparing, and sequencing) various date/time transitions, including leap year calculations. Contractor shall be responsible for damages resulting from any delays, errors or untimely performance resulting therefrom, including but not limited to the failure or untimely performance of such services.

This Date/Time Warranty shall survive beyond termination or expiration of this contract through: a) ninety (90) days or b) the Contractor’s or Product manufacturer/developer’s stated date/time warranty term, whichever is longer. Nothing in this warranty statement shall be construed to limit any rights or remedies otherwise available under this Contract for breach of warranty.

All subcontracts shall contain provisions specifying that the work performed by the subcontractor must be in accordance with the terms of this AGREEMENT, and that the subcontractor specifically agrees to be bound by the confidentiality provisions set forth in the AGREEMENT between the STATE and the CONTRACTOR.

P. Superintendence by Contractor The Contractor shall have a representative to provide supervision of the work which Contractor employees are performing to ensure complete and satisfactory performance with the terms of the Contract. This representative shall also be authorized to receive and put into effect promptly all orders, directions and instructions from the Department of Health. A confirmation in writing of such orders or directions will be given by the Department when so requested from the Contractor.

Q. Sufficiency of Personnel and Equipment If the Department of Health is of the opinion that the services required by the specifications cannot satisfactorily be performed because of insufficiency of personnel, the Department shall have the authority to require the Contractor to use such additional personnel, to take such steps necessary to perform the services satisfactorily at no additional cost to the State.

R. Experience Requirements The Contractor shall submit evidence to the satisfaction of the Department that it possesses the necessary experience and qualifications to perform the type of services required under this contract and must show that it is currently performing similar services. The Contractor shall submit at least two references to substantiate these qualifications.

In such case the Contractor shall receive equitable compensation for such services as shall, in the judgment of the State Comptroller, have been satisfactorily performed by the Contractor up to the date of the termination of this agreement, which such compensation shall not exceed the total cost incurred for the work which the Contractor was engaged in at the time of such termination, subject to audit by the State Comptroller.

U. Upon termination of this agreement, the following shall occur:

1. Contractor shall make available to the State for examination all data, records and reports relating to this Contract; and

V. **Conflicts** If, in the opinion of the Department of Health, (1) the specifications conflict, or (2) if the specifications are not clear as to (a) the method of performing any part of the work, or as to (b) the types of materials or equipment necessary, or as to (c) the work required to be done in every such situation, the Contractor shall be deemed to have based his bid upon performing the work and furnishing materials or equipment in the most inexpensive and efficient manner. If such conflicts and/or ambiguities arise, the Department of Health will furnish the Contractor supplementary information showing the manner in which the work is to be performed and the type or types of material or equipment that shall be used.

X. **Certification Regarding Debarment and Suspension Regulations** of the Department of Health and Human Services, located at Part 76 of Title 45 of the Code of Federal Regulations (CFR), implement Executive Orders 12549 and 12689 concerning debarment and suspension of participants in federal programs and
activities. Executive Order 12549 provides that, to the extent permitted by law, Executive departments and agencies shall participate in a government-wide system for non-procurement debarment and suspension. Executive Order 12689 extends the debarment and suspension policy to procurement activities of the federal government. A person who is debarred or suspended by a federal agency is excluded from federal financial and non-financial assistance and benefits under federal programs and activities, both directly (primary covered transaction) and indirectly (lower tier covered transactions). Debarment or suspension by one federal agency has government-wide effect.

Pursuant to the above-cited regulations, the New York State Department of Health (as a participant in a primary covered transaction) may not knowingly do business with a person who is debarred, suspended, proposed for debarment, or subject to other government-wide exclusion (including any exclusion from Medicare and State health care program participation on or after August 25, 1995), and the Department of Health must require its prospective contractors, as prospective lower tier participants, to provide the certification in Appendix B to Part 76 of Title 45 CFR, as set forth below:

1. APPENDIX B TO PART 76-CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION-LOWER TIER COVERED TRANSACTIONS

Instructions for Certification

a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

d. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered Transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions.
g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of parties Excluded from Federal Procurement and Non-procurement Programs.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions

a. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily exclude from participation in this transaction by any Federal department agency.

b. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

PARTICIPATION BY MINORITY GROUP MEMBERS AND WOMEN WITH RESPECT TO STATE CONTRACTS: REQUIREMENTS AND PROCEDURES

I. General Provisions

A. The New York State Department of Health is required to implement the provisions of New York State Executive Law Article 15-A and 5 NYCRR Parts 142-144 ("MWBE Regulations") for all State contracts as defined therein, with a value (1) in excess of $25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of $100,000 for real property renovations and construction.

B. The Contractor to the subject contract (the “Contractor” and the “Contract,” respectively) agrees, in addition to any other nondiscrimination provision of the Contract and at no additional cost to the New York State New York State Department of Health (the “New York State Department of Health”), to fully comply and cooperate with the New York State Department of Health in the implementation of New York State Executive Law Article 15-A. These requirements include equal employment opportunities for minority group members and women (“EEO”) and contracting opportunities for certified minority and women-owned business enterprises (“MWBEs”). Contractor’s demonstration of “good faith efforts” pursuant to 5 NYCRR §142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the “Human Rights Law”) or other applicable federal, state or local laws.

C. Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, non-responsibility and/or a breach of contract, leading to the withholding of funds or such other actions, liquidated damages pursuant to Section VII of this Appendix or enforcement proceedings as allowed by the Contract.

II. Contract Goals

A. For purposes of this procurement, the New York State Department of Health hereby establishes an overall goal of 20% for Minority and Women-Owned Business Enterprises (“MWBE”) participation, 10% for Minority-Owned Business Enterprises (“MBE”) participation and 10% for Women-Owned Business Enterprises (“WBE”) participation (based on the current availability of qualified MBEs and WBEs).

B. For purposes of providing meaningful participation by MWBEs on the Contract and achieving the Contract Goals established in Section II-A hereof, Contractor should reference the directory of New York State Certified MBWEs found at the following internet address:

http://www.esd.ny.gov/mwbe.html

Additionally, Contractor is encouraged to contact the Division of Minority and Woman Business Development ((518) 292-5250; (212) 803-2414; or (716) 846-
8200) to discuss additional methods of maximizing participation by MWBEs on the Contract.

C. Where MWBE goals have been established herein, pursuant to 5 NYCRR §142.8, Contractor must document “good faith efforts” to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of the Contract. In accordance with Section 316-a of Article 15-A and 5 NYCRR §142.13, the Contractor acknowledges that if Contractor is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth in the Contract, such a finding constitutes a breach of contract and the Contractor shall be liable to the New York State Department of Health for liquidated or other appropriate damages, as set forth herein.

III. Equal Employment Opportunity (EEO)

A. Contractor agrees to be bound by the provisions of Article 15-A and the MWBE Regulations promulgated by the Division of Minority and Women’s Business Development of the Department of Economic Development (the “Division”). If any of these terms or provisions conflict with applicable law or regulations, such laws and regulations shall supersede these requirements.

B. Contractor shall comply with the following provisions of Article 15-A:

1. Contractor and Subcontractors shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation.

2. The Contractor shall submit an EEO policy statement to the New York State Department of Health within seventy two (72) hours after the date of the notice by New York State Department of Health to award the Contract to the Contractor.

3. If Contractor or Subcontractor does not have an existing EEO policy statement, the New York State Department of Health may provide the Contractor or Subcontractor a model statement (see Form #5 - Minority and Women-Owned Business Enterprises Equal Employment Opportunity Policy Statement).

4. The Contractor’s EEO policy statement shall include the following language:

   a. The Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability or marital status, will undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination, and shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force.

   b. The Contractor shall state in all solicitations or advertisements for employees that, in the performance of the contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.
c. The Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union, or representative will not discriminate on the basis of race, creed, color, national origin, sex age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

d. The Contractor will include the provisions of Subdivisions (a) through (c) of this Subsection 4 and Paragraph “E” of this Section III, which provides for relevant provisions of the Human Rights Law, in every subcontract in such a manner that the requirements of the subdivisions will be binding upon each subcontractor as to work in connection with the Contract.

C. Form #4 - Staffing Plan

To ensure compliance with this Section, the Contractor shall submit a staffing plan to document the composition of the proposed workforce to be utilized in the performance of the Contract by the specified categories listed, including ethnic background, gender, and Federal occupational categories. Contractors shall complete the Staffing plan form and submit it as part of their bid or proposal or within a reasonable time, but no later than the time of award of the contract.

D. Form #6 - Workforce Employment Utilization Report (“Workforce Report”)

1. Once a contract has been awarded and during the term of Contract, Contractor is responsible for updating and providing notice to the New York State Department of Health of any changes to the previously submitted Staffing Plan. This information is to be submitted on a quarterly basis during the term of the contract to report the actual workforce utilized in the performance of the contract by the specified categories listed including ethnic background, gender, and Federal occupational categories. The Workforce Report must be submitted to report this information.

2. Separate forms shall be completed by Contractor and any subcontractor performing work on the Contract.

3. In limited instances, Contractor may not be able to separate out the workforce utilized in the performance of the Contract from Contractor's and/or subcontractor's total workforce. When a separation can be made, Contractor shall submit the Workforce Report and indicate that the information provided related to the actual workforce utilized on the Contract. When the workforce to be utilized on the contract cannot be separated out from Contractor's and/or subcontractor's total workforce, Contractor shall submit the Workforce Report and indicate that the information provided is Contractor's total workforce during the subject time frame, not limited to work specifically under the contract.

E. Contractor shall comply with the provisions of the Human Rights Law, all other State and Federal statutory and constitutional non-discrimination provisions. Contractor and subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.
IV. MWBE Utilization Plan

A. The Contractor represents and warrants that Contractor has submitted an MWBE Utilization Plan (Form #1) either prior to, or at the time of, the execution of the contract.

B. Contractor agrees to use such MWBE Utilization Plan for the performance of MWBEs on the Contract pursuant to the prescribed MWBE goals set forth in Section III-A of this Appendix.

C. Contractor further agrees that a failure to submit and/or use such MWBE Utilization Plan shall constitute a material breach of the terms of the Contract. Upon the occurrence of such a material breach, New York State Department of Health shall be entitled to any remedy provided herein, including but not limited to, a finding of Contractor non-responsiveness.

V. Waivers

A. For Waiver Requests Contractor should use Form #2 – Waiver Request.

B. If the Contractor, after making good faith efforts, is unable to comply with MWBE goals, the Contractor may submit a Request for Waiver form documenting good faith efforts by the Contractor to meet such goals. If the documentation included with the waiver request is complete, the New York State Department of Health shall evaluate the request and issue a written notice of acceptance or denial within twenty (20) days of receipt.

C. If the New York State Department of Health, upon review of the MWBE Utilization Plan and updated Quarterly MWBE Contractor Compliance Reports determines that Contractor is failing or refusing to comply with the Contract goals and no waiver has been issued in regards to such non-compliance, the New York State Department of Health may issue a notice of deficiency to the Contractor. The Contractor must respond to the notice of deficiency within seven (7) business days of receipt. Such response may include a request for partial or total waiver of MWBE Contract Goals.

VI. Quarterly MWBE Contractor Compliance Report

Contractor is required to submit a Quarterly MWBE Contractor Compliance Report (Form #3) to the New York State Department of Health by the 10th day following each end of quarter over the term of the Contract documenting the progress made towards achievement of the MWBE goals of the Contract.

VII. Liquidated Damages - MWBE Participation

A. Where New York State Department of Health determines that Contractor is not in compliance with the requirements of the Contract and Contractor refuses to comply with such requirements, or if Contractor is found to have willfully and intentionally failed to comply with the MWBE participation goals, Contractor shall be obligated to pay to the New York State Department of Health liquidated damages.
B. Such liquidated damages shall be calculated as an amount equaling the difference between:
   1. All sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals; and
   2. All sums actually paid to MWBEs for work performed or materials supplied under the Contract.

C. In the event a determination has been made which requires the payment of liquidated damages and such identified sums have not been withheld by the New York State Department of Health, Contractor shall pay such liquidated damages to the New York State Department of Health within sixty (60) days after they are assessed by the New York State Department of Health unless prior to the expiration of such sixtieth day, the Contractor has filed a complaint with the Director of the Division of Minority and Woman Business Development pursuant to Subdivision 8 of Section 313 of the Executive Law in which event the liquidated damages shall be payable if Director renders a decision in favor of the New York State Department of Health.
