Case Study

Mrs. M. is 78 years old, recently widowed and just three weeks ago moved from Florida to New York to live with her daughter and son in-law.

She decided to keep her stand-alone Part D plan. Mrs. M. takes only one prescription medicine, and states her co-pay is \$87. She has an appointment for a check-up with her new doctor, four weeks from today.

When should Mrs. M consider enrolling in EPIC?
