This session will provide critical information for Health Homes that may be newly designated to serve children, downstream care managers that anticipate serving children that currently do not provide Health Home care management services, and providers that are newly joining Health Home networks. The Webinar will discuss and review the purpose and process for entering into Data Exchange Application and Agreements (DEAAs) and Business Associate Agreements (BAAs).

The training will be provided by Caryl Shakshober, Privacy Coordinator of the Office of Health Insurance Programs at the NYS Department of Health.
