RE: Letter of Interest: Health Home
Application to Serve Children

Dear Ms. Astin,

On behalf of Community Care Management Partners LLC Health Home (CCMP) please accept this letter as an indication of our interest to submit a Health Home application to Serve Children. We understand that the submission of this Letter of Interest is optional, and the information contained herein is not binding and does not create an obligation to submit a Health Home Application to Serve Children.

To the extent Community Care Management Partners LLC Health Home (CCMP) elects to submit a Health Home Application to Serve Children, we anticipate it would reflect the following governance structure.

- Our organization is a designated Health Home (i.e., operating a Lead Health Home) and our application to serve children would not include a change in our governance structure.
- Our organization is a designated Health Home and our application to serve children would reflect a change in our governance structure to better serve children.
- Our organization is seeking a new Health Home Designation

Our organization anticipates it would serve the following regions: Brooklyn, Bronx, Manhattan, Queens and Staten Island. Currently CCMP is a NYS Medicaid designated Health Home in the Bronx and Manhattan, however we currently provide health home services to individuals living in and receiving care in all boroughs. Through our extensive provider network we anticipate being able to expand existing health home services to children and their family across the five boroughs.

Neil Pessin, PhD
President, Governance Committee
Community Care Management Partners LLC
