RE: Letter of Interest: Health Home
Application to Serve Children

Dear Ms. Astin,

On behalf of COMPASS CASE MANAGEMENT INC., please accept this letter as an indication of our interest to submit a Health Home application to Serve Children. We understand that the submission of this Letter of Interest is optional, and the information contained herein is not binding and does not create an obligation to submit a Health Home Application to Serve Children.

To the extent COMPASS CASE MANAGEMENT INC. elects to submit a Health Home Application to Serve Children, we anticipate it would reflect the following governance structure.

- Our organization is a designated Health Home (i.e., operating a Lead Health Home) and our application to serve children would not include a change in our governance structure.
- Our organization is a designated Health Home and our application to serve children would reflect a change in our governance structure to better serve children.
- Our organization is seeking a new Health Home Designation

Our organization anticipates it would serve the following regions Nassau County, Suffolk County, Westchester County, Rockland County, and the Five (5) Boroughs of NYC. We are an established Care At Home Case Management Agency servicing the aforementioned geographic area.
