9:45 **Health Homes & HARPs: Implementation Updates and Fitting the Pieces Together**

G. Allen from the Department of Health (DOH) will provide a brief update on recent developments related to Health Home implementation. He will also share information regarding the rollout of Health and Recovery Plans (HARPs) and their expected relationships with Health Homes. Participants will have an opportunity to ask questions following the presentation.

Greg Allen, DOH

10:30 **Health Home Evaluation Overview**

J. Morgenstern will present information on the evaluation of the statewide Health Home program, and discuss its aims and methodology.

Jon Morgenstern,
CASA Columbia

11:00 **Break-Out Sessions**

Track #1: Health Homes Evaluation Feedback

Lead Health Homes will discuss measures and questions they would like to see asked in the evaluation, and consider ways that the evaluation results can be fed back to them to improve their work.

Group Discussions

Track #2: View From Downstream

Participants will share operational challenges unique to downstream providers and discuss best practices/strategies for addressing them. Interested lead entities will also be invited to participate, share insights from the "upstream" perspective, and partner in brainstorming discussions.
