RE: Letter of Interest: Health Home Application to Serve Children

Dear Ms. Astin:

On behalf of Sick Kids Need Involved People of New York (SKIP NY), please accept this letter as an indication of our interest to submit a children's Health Home application. We understand that the submission of this Letter of Interest is optional, and the information contained herein is not binding and does not create an obligation to submit a Health Home Application to Serve Children.

To the extent SKIP NY elects to submit a Health Home Application to Serve Children, we anticipate it would reflect the following governance structure.

- Our organization is a designated Health Home (i.e., operating a Lead Health Home) and our application to serve children would not include a change in our governance structure.
- Our organization is a designated Health Home and our application to serve children would reflect a change in our governance structure to better serve children.
- Our organization is seeking a new Health Home Designation.

SKIP of New York preliminarily anticipates that it would serve the five boroughs of New York City.

Because there's no place like home

Thank you so much for this tremendous opportunity.

Sincerely

A handwritten signature in black ink, appearing to read "Margaret Mikol". The signature is fluid and cursive, with the first name "Margaret" written in a more legible script and the last name "Mikol" in a more stylized, cursive font.
