NYC (212)268-6855
Managed Care Representative (518)486-9015

The Center for Development of Human Services has issued a training announcement that describes upcoming training for the Family Health Plus program for local district staff. Because managed care is a critical component of the Family Health Plus program, it is strongly recommended that one or more of the available slots in each district be allotted to Managed Care staff and/or staff who are familiar with managed care or are responsible for managed care issues in your agency.
