Overall, the implementation of eMedNY was successful. We are experiencing some difficulties with the Third Party Liability Policy page. We are unable to support entries on this page while we are correcting the problems. At this time, the eMedNY Third Party Liability Policy Page will be unavailable for Tuesday, March 29, 2005. The Inquiry capability for Third Party Liability is still available on WMS (for transactions through March 11) and eMedNY.

If you have any questions related to eMedNY, please contact CSC eMedNY Helpline at 1-866-541-9006.
