Unless otherwise specified in this Agreement, modifications must be signed by the parties and approved by the OAG, OSC, and any other entities as required by law or regulation, and approved by the DHHS prior to the end of the quarter in which the amendment is to be effective.

b) SDOH will make reasonable efforts to provide the Contractor with notice and opportunity to comment with regard to proposed amendment of this Agreement except when provision of advance notice would result in the SDOH being out of compliance with state or federal law.
c) The Contractor will return the signed amendment or notify the SDOH that it does not agree with the terms of the amendment within ten (10) business days of the date of the Contractor’s receipt of the proposed amendment.

2.3 Approvals

This Agreement and any amendments to this Agreement shall not be effective or binding unless and until approved, in writing, by the OAG, OSC, DHHS and any other entity as required in law or regulation. SDOH will provide a notice of such approvals to the Contractor.

2.4 Entire Agreement

This Agreement, including those attachments, schedules, appendices, exhibits, and addenda that have been specifically incorporated herein and written plans submitted by the Contractor and maintained on file by SDOH and/or LDSS pursuant to this Agreement, contains all the terms and conditions agreed upon by the parties, and no other Agreement, oral or otherwise, regarding the subject matter of this Agreement shall be deemed to exist or to bind any of the parties or vary any of the terms contained in this Agreement. In the event of any inconsistency or conflict among the document elements of this Agreement, such inconsistency or conflict shall be resolved by giving precedence to the document elements in the following order:

1) Appendix A, Standard Clauses for all New York State Contracts;
2) The body of this Agreement;
3) The appendices attached to the body of this Agreement, other than Appendix A;
4) The Contractor’s approved:
   i) Medicaid Advantage Marketing Plan, if applicable, on file with SDOH and LDSS
   ii) Action and Grievance System Procedures on file with SDOH
   iii) ADA Compliance Plan on file with SDOH

2.5 Renegotiation

The parties to this Agreement shall have the right to renegotiate the terms and conditions of this Agreement in the event applicable local, state or federal law, regulations or policy are altered from those existing at the time of this Agreement in order to be in continuous compliance therewith. This Section shall not limit the right of the parties to this Agreement from renegotiating or amending other terms and conditions of this Agreement. Such changes shall only be made with the consent of the parties and the prior approval of the OAG, OSC, and the DHHS.

2.6 Assignment and Subcontracting
a) The Contractor shall not, without SDOH’s prior written consent, assign, transfer, convey, sublet, or otherwise dispose of this Agreement; of the Contractor’s right, title, interest, obligations, or duties under the Agreement; of the Contractor’s power to execute the Agreement; or, by power of attorney or otherwise, of any of the Contractor’s rights to receive monies due or to become due under this Agreement. SDOH agrees that it will not unreasonably withhold consent of the Contractor’s assignment of this Agreement, in whole or in part, to a parent, affiliate or subsidiary corporation, or to a transferee of all or substantially all of its assets. Any assignment, transfer, conveyance, sublease, or other disposition without SDOH’s consent shall be void.

b) Contractor may not enter into any subcontracts related to the delivery of Medicaid Services listed in Appendix K-2 to Enrollees, except by written agreement, as set forth in Section 22 of this Agreement. The Contractor may subcontract for provider services and management services. If such written agreement would be between Contractor and a provider of health care or ancillary health services or between Contractor and an independent practice association, the agreement must be in a form previously approved by SDOH. If such subcontract is for management services under 10 NYCRR Part 98, it must be approved by SDOH prior to becoming effective. Any subcontract entered into by Contractor shall fulfill the requirements of 42 CFR Parts 434 and 438 to the extent such regulations are or become effective that pertain to the service or activity delegated under such subcontract. Contractor agrees that it shall remain legally responsible to SDOH for carrying out all activities under this Agreement and that no subcontract shall limit or terminate Contractor’s responsibility.

2.7 Termination

a) SDOH Initiated Termination

i. SDOH shall have the right to terminate this Agreement, in whole or in part if the Contractor:

A) takes any action that threatens the health, safety, or welfare of its Enrollees;
B) has engaged in an unacceptable practice under 18 NYCRR Part 515 that affects the fiscal integrity of the Medicaid program, or has engaged in an unacceptable practice pursuant to Section 26.2 of this Agreement;
C) has failed to substantially comply with applicable standards of the PHL and regulations, or has had its certificate of authority suspended, limited, or revoked;
D) materially breaches the Agreement or fails to comply with any term or condition of this Agreement and such breach or failure is not
cured within twenty (20) days, or to such longer period as the SDOH
may allow, of the SDOH notice of breach or noncompliance;
E) becomes insolvent;
F) brings a proceeding voluntarily, or has a proceeding brought against
it involuntarily, under Title 11 of the U.S. Code (the Bankruptcy
Code), and the petition is not vacated within thirty (30) days of its
filing;
G) knowingly has a director, officer, partner or person owning or
controlling more than five percent (5%) of the Contractor’s equity,
or has an employment, consulting, or other agreement with such a
person for the provision of items and/or services that are significant
to the Contractor’s contractual obligation who has been debarred or
suspended by the federal, state or local government, or otherwise
excluded from participating in procurement activities; or
H) terminates or fails to renew its contract with CMS pursuant to
Sections 1851 through 1859 of the Social Security Act to offer the
Medicare Advantage Product, including Medicare Part C benefits as
defined in this Agreement and qualified Medicare Part D benefits,
to Eligible Persons residing in the service area specified in Appendix
M. In such instances, the Contractor shall notify the SDOH of the
termination or failure to renew the contract with CMS immediately
upon knowledge of the impending termination or failure to renew.

ii. The SDOH will notify the Contractor of its intent to terminate this
Agreement for the Contractor’s failure to meet the requirements of this
Agreement and provide Contractor with a hearing prior to the termination.

iii. If SDOH suspends, limits or revokes Contractor’s Certificate of
Authority under PHL § 4404, and:
   A) If such action results in the Contractor ceasing to have authority to
      serve the entire contracted service area, as defined by Appendix M
      of this Agreement, this Agreement shall terminate on the date the
      Contractor ceases to have such authority; or
   B) If such action results in the Contractor retaining authority to serve
      some portion of the contracted service area, the Contractor shall
      continue to offer its Medicaid Advantage Product under this
      Agreement in any designated geographic area not affected by such
      action, and shall terminate its Medicaid Advantage Product in the
      geographic areas where the Contractor ceases to have authority to
      serve.

iv. No hearing will be required if this Agreement terminates due to SDOH
    suspension, limitation or revocation of the Contractor’s Certificate of
    Authority.
v. Prior to the effective date of the termination the SDOH shall notify Enrollees of the termination, or delegate responsibility for such notification to the Contractor, and such notice shall include a statement that Enrollees may disenroll immediately from the Contractor’s Medicaid Advantage Product.

b) Contractor and SDOH Initiated Termination

i. The Contractor and the SDOH each shall have the right to terminate this Agreement in the event that SDOH and the Contractor fail to reach agreement on the monthly Capitation Rates.

ii. The Contractor and the SDOH shall each have the right to terminate this Agreement in the event the Contractor terminates or fails to renew its contract with CMS to offer the Medicare Advantage Product, as defined in this Agreement, to Eligible Persons in the service area as specified in Appendix M.

iii. In such events, the party exercising its right shall give the other party written notice specifying the reason for and the effective date of termination, which shall not be less time than will permit an orderly disenrollment of Enrollees from the Contractor’s Medicaid Advantage Product. However, in the event that this Agreement is terminated due to the Contractor’s failure to renew its contract with CMS to offer the Medicare Advantage Product, or that the Contractor’s Medicare Advantage contract with CMS otherwise expires or terminates, this Agreement shall terminate on the effective date of the termination of the Contractor’s contract with CMS.

c) Contractor Initiated Termination

i. The Contractor shall have the right to terminate this Agreement in the event that SDOH materially breaches the Agreement or fails to comply with any term or condition of this Agreement that is not cured within twenty (20) days, or to such longer period as the parties may agree, of the Contractor’s written request for compliance. The Contractor shall give SDOH written notice specifying the reason for and the effective date of the termination, which shall not be less time than will permit an orderly disenrollment of Enrollees from the Contractor’s Medicaid Advantage Product.

ii. The Contractor shall have the right to terminate this Agreement in the event that its obligations are materially changed by modifications to this Agreement and its Appendices by SDOH. In such event, Contractor shall give SDOH written notice within thirty (30) days of notification of changes to the Agreement or Appendices specifying the reason and the
effective date of termination, which shall not be less time than will permit an orderly disenrollment of Enrollees from the Contractor’s Medicaid Advantage Product.

iii. The Contractor shall have the right to terminate this Agreement in its entirety or in specified counties of the Contractor’s service area if the Contractor is unable to provide the Combined Medicare Advantage and Medicaid Advantage Benefit Package pursuant to this Agreement because of a natural disaster and/or an act of God to such a degree that Enrollees cannot obtain reasonable access to Combined Medicare Advantage and Medicaid Advantage Services within the Contractor's organization, and, after diligent efforts, the Contractor cannot make other provisions for the delivery of such services. The Contractor shall give SDOH written notice of any such termination that specifies:

A) the reason for the termination, with appropriate documentation of the circumstances arising from a natural disaster and/or an act of God that preclude reasonable access to services;
B) the Contractor’s attempts to make other provisions for the delivery of Combined Medicare Advantage and Medicaid Advantage Services; and
C) the effective date of the termination, which shall not be less time than will permit an orderly disenrollment of Enrollees from the Contractor’s Medicaid Advantage Product.

d) Termination Due To Loss of Funding

In the event that State and/or Federal funding used to pay for services under this Agreement is reduced so that payments cannot be made in full, this Agreement shall automatically terminate, unless both parties agree to a modification of the obligations under this Agreement. The effective date of such termination shall be ninety (90) days after the Contractor receives written notice of the reduction in payment, unless available funds are insufficient to continue payments in full during the ninety (90) day period, in which case SDOH shall give the Contractor written notice of the earlier date upon which the Agreement shall terminate. A reduction in State and/or Federal funding cannot reduce monies due and owing to the Contractor on or before the effective date of the termination of the Agreement.

2.8 Close-Out Procedures

a) Upon termination or expiration of this Agreement, in its entirety or in specific counties in the Contractor’s service area, and in the event that it is not scheduled for renewal, the Contractor shall comply with close-out procedures that the Contractor develops in conjunction with LDSS and that the LDSS, and the SDOH have approved. The close-out procedures shall include the following:
i. The Contractor shall promptly account for and repay funds advanced by SDOH for coverage of Enrollees for periods subsequent to the effective date of termination;

ii. The Contractor shall give SDOH, and other authorized federal, state or local agencies access to all books, records, and other documents and upon request, portions of such books, records, or documents that may be required by such agencies pursuant to the terms of this Agreement;

iii. The Contractor shall submit to SDOH, and other authorized federal, state or local agencies, within ninety (90) days of termination, a final financial statement and audit report relating to this Agreement, made by a certified public accountant, unless the Contractor requests of SDOH and receives written approval from SDOH and all other governmental agencies from which approval is required, for an extension of time for this submission;

iv. The Contractor shall establish an appropriate plan acceptable to and prior approved by the SDOH for the orderly disenrollment of Enrollees from the Contractor’s Medicaid Advantage Product;

v. SDOH shall promptly pay all claims and amounts owed to the Contractor.

b) Any termination of this Agreement by either the Contractor or SDOH shall be done by amendment to this Agreement, unless the Agreement is terminated by the SDOH due to conditions in Section 2.7 (a)(i) or Appendix A of this Agreement.

2.9 Rights and Remedies

The rights and remedies of SDOH and the Contractor provided expressly in this Article shall not be exclusive and are in addition to all other rights and remedies provided by law or under this Agreement.

The parties agree to mutually designate individuals as their respective representative for the purposes of receiving notices under this Agreement. Additional individuals may be designated in writing by the parties for purposes of implementation and administration/billing, resolving issues and problems, and/or for dispute resolution.

2.11 Severability

If this Agreement contains any unlawful provision that is not an essential part of this Agreement and that was not a controlling or material inducement to enter into this Agreement, the provision shall have no effect and, upon notice by either party, shall be deemed stricken from this Agreement without affecting the binding force of the remainder of this Agreement.
3 COMPENSATION

3.1 Capitation Payments

a) Compensation to the Contractor shall consist of a monthly capitation payment for each Enrollee as described in this Section.

b) The monthly Capitation Rates are attached hereto as Appendix L and shall be deemed incorporated into this Agreement without further action by the parties.

c) The monthly capitation payments to the Contractor shall constitute full and complete payments to the Contractor for all services that the Contractor provides pursuant to this Agreement.

d) Capitation Rates shall be effective for the entire contract period, except as described in Section 3.2.

3.2 Modification of Capitation Rates During Contract Period

a) Any technical modification to Capitation Rates during the term of the Agreement as agreed to by the Contractor, including but not limited to, changes in premium groups or Benefit Package, shall be deemed incorporated into this Agreement without further action by the parties upon approval of such modifications by the SDOH and the US Department of Health and Human Services (DHHS).

b) Any other modification to Capitation Rates, as agreed to by the Department and the Contractor during the term of the Agreement shall be deemed incorporated into this Agreement without further action by the parties upon approval of such modifications by the SDOH, the State Division of the Budget and DHHS as of the effective date of the modified Capitation Rates as established by the SDOH and approved by the State Division of the Budget and DHHS.

c) In the event that the SDOH and the Contractor fail to reach agreement on modifications to the monthly Capitation Rates, the SDOH will provide formal written notice to the Contractor of the amount and effective date of the modified capitation rates approved by the State Division of the Budget and DHHS. The Contractor shall have the option of terminating this Agreement, in its entirety or for specified counties of the Contractor’s service area, if such approved modified Capitation Rates are not acceptable. In such case, the Contractor shall give written notice to the SDOH and the LDSS within thirty (30) days from the date of the formal written notice of the modified Capitation Rates from the SDOH specifying the reasons for and effective date of termination. The effective date of termination shall be ninety (90) days from the date of the Contractor’s written notice, unless the SDOH determines that an orderly
transfer of Enrollees to another MCO or disenrollment to Medicaid fee-for-service can be accomplished in fewer days. The terms and conditions of the Contractor’s approved phase-out plan must be accomplished prior to termination.

3.3 Rate Setting Methodology

a) Capitation Rates shall be determined prospectively and shall not be retroactively adjusted to reflect actual fee-for-service data or plan experience for the time period covered by the rates.

b) Capitated rates shall be certified to be actuarially sound in accordance with 42 CFR § 438.6(c).

c) Notwithstanding the provisions set forth in Section 3.3 (a) and (b) above, the SDOH reserves the right to terminate this Agreement in its entirety, or for specified counties of the Contractor’s service area, pursuant to Section 2.7 of this Agreement, upon determination by SDOH that the aggregate monthly Capitation Rates are not cost effective.

3.4 Payment of Capitation

a) The monthly capitation payments for each Enrollee are due to the Contractor from the Effective Date of Enrollment until the Effective Date of Disenrollment of the Enrollee or termination of this Agreement, whichever occurs first. The Contractor shall receive a full month’s capitation payment for the month in which Disenrollment occurs. The Roster generated by SDOH with any modification communicated electronically or in writing by the LDSS or the Enrollment Broker prior to the end of the month in which the Roster is generated, shall be the Enrollment list for purposes of eMedNY premium billing and payment, as discussed in Section 6.7 and Appendix H of this Agreement.

b) Upon receipt by the Fiscal Agent of a properly completed claim for monthly capitation payments submitted by the Contractor pursuant to this Agreement, the Fiscal Agent will promptly process such claim for payment and use its best efforts to complete such processing within thirty (30) business days from date of receipt of the claim by the Fiscal Agent. Processing of Contractor claims shall be in compliance with the requirements of 42 CFR 447.45. The Fiscal Agent will also use its best efforts to resolve any billing problem relating to the Contractor's claims as soon as possible. In accordance with Section 41 of the State Finance Law, the State and LDSS shall have no liability under this Agreement to the Contractor or anyone else beyond funds appropriated and available for this Agreement.

3.5 Denial of Capitation Payments
If the Centers for Medicare and Medicaid Services (CMS) denies payment for new Enrollees, as authorized by SSA § 1903(m)(5) and 42 CFR § 438.730 (e), or such other applicable federal statutes or regulations, based upon a determination that Contractor failed substantially to provide medically necessary items and services, imposed premium amounts or charges in excess of permitted payments, engaged in discriminatory practices as described in SSA §1932(e)(1)(A)(iii), misrepresented or falsified information submitted to CMS, SDOH, LDSS, the Enrollment Broker, or an Enrollee, Potential Enrollee, or health care provider, or failed to comply with federal requirements (i.e. 42 CFR § 422.208 and 42 CFR § 438.6 (h)) relating to the Physician Incentive Plans, SDOH and LDSS will deny capitation payments to the Contractor for the same Enrollees for the period of time for which CMS denies such payment.

3.6 SDOH Right to Recover Premiums

The parties acknowledge and accept that the SDOH has a right to recover premiums paid to the Contractor for Enrollees listed on the monthly Roster who are later determined for the entire applicable payment month, to have been disenrolled from the Contractor’s Medicaid Advantage Product; to have been in an institution; to have been incarcerated; to have moved out of the Contractor's service area subject to any time remaining in the Enrollee’s Guaranteed Eligibility period; or to have died. SDOH has the right to recover premiums from the Contractor in instances where the Enrollee was inappropriately enrolled into managed care with a retroactive effective date, or when the enrollment period was retroactively deleted in accordance with Appendix H. In any event, the State may only recover premiums paid for Medicaid Enrollees listed on a Roster if it is determined by the SDOH that the Contractor was not at risk for provision of Medicaid Services for any portion of the payment period. Notwithstanding the foregoing, the SDOH always has the right to recover duplicate Medicaid Advantage premiums paid for persons enrolled in the Medicaid Advantage Program under more than one Client Identification Number (CIN) whether or not the Contractor has made payments to providers. All recoveries will be made pursuant to Guidelines developed by the State. SDOH will not allow, under any circumstance, duplicate Medicaid payments for an Enrollee.

3.7 Third Party Health Insurance Determination

a) Point of Service (POS)

The Contractor will make diligent efforts to determine whether Enrollees have third party health insurance (TPHI). The LDSS, or entity designated by SDOH, is also responsible for making diligent efforts to determine if Enrollees have TPHI and to maintain third party information on the WMS/eMedNY Third Party Resource System. If TPHI coverage is known at the POS, the Plan shall use the TPHI information to coordinate benefits (e.g., alert the provider and ask them to bill the TPHI that should be primary to the Plan).
The Contractor shall make good faith efforts to coordinate benefits and must inform the LDSS or entity designated by the SDOH of any known changes in status of TPHI eligibility within five (5) business days of learning of a change in TPHI. The Contractor may use the roster as one method to determine TPHI information.

b) Post Payment and Retroactive Recovery

The State, and/or its vendor, will also be vested with the responsibility to collect any reimbursement for Benefit Package services obtained from TPHI. In no instances may an Enrollee be held responsible for disputes over these recoveries. A recovery shall not exceed the encounter data paid claim amount.

The State will continue to identify available TPHI and post this information to the eMedNY System. The TPHI information will appear on the Contractor’s next roster and TPHI file. The Contractor will have six months from the later of the date the TPHI has been posted (eMedNY transaction date) or the Contractor’s claim payment date to pursue any recoveries for medical services. All recoveries outside this period will be pursued by the State.

For State-initiated and State-identified recoveries, the State will direct providers to refund the State directly. In those instances where the provider adjusted the recovery to the Contractor in error, the Contractor will refund the adjusted recovery to the State.

c) TPHI Reporting

The Contractor shall report TPHI activities through the Medicaid Encounter Data System (MEDS III) or its successor system and Medicaid Managed Care Operating Report (MMCOR) in accordance with instructions provided by SDOH. To prevent duplicative efforts, the Contractor shall, on a quarterly basis, share claim specific TPHI disposition (paid, denied, or recovered) information with the State. If no information is received from the Contractor, the State will assume there are no retroactive recoveries being pursued by the Contractor and will initiate recovery processing.

3.8 Other Insurance and Settlements

The Contractor is not allowed to pursue cost recovery against personal injury awards the Enrollee has received. Any recovery against these resources is to be pursued by the Medicaid program and the Contractor cannot take actions to collect these funds. Pursuit of Worker’s Compensation benefits and No-fault Insurance by the Contractor is authorized, to the extent that they cover expenses incurred by the Contractor.
3.9 Contractor Financial Liability

Contractor shall not be financially liable for any services rendered to an Enrollee prior to his or her Effective Date of Enrollment in the Contractor's Medicaid Advantage Product.

3.10 Tracking Services Provided by Indian Health Clinics

The SDOH shall monitor all services provided by tribal or Indian health clinics or urban Indian health facilities or centers to enrolled Native Americans, so that the SDOH can reconcile payment made for those services, should it be deemed necessary to do so.

3.11 Prohibition on Payments to Institutions or Entities Located Outside of the United States

Effective no later than January 1, 2011, the Contractor is prohibited under Section 6505 of the federal Affordable Care Act, which amends Section 1902(a) of the Social Security Act, from making payments for Medicaid covered items or services to any financial institution or entity, such as provider bank accounts or business agents, located outside of the United States, District of Columbia, Puerto Rico, the Virgin Islands, Guam, the Northern Mariana Islands and American Samoa.
4 SERVICE AREA

4.1 Service Area

The Service Area described in Appendix M of this Agreement, which is hereby made a part of this Agreement as if set forth fully herein, is the specific geographic area within which Eligible Persons must reside to enroll in the Contractor's Medicaid Advantage Product.

4.2 Modification of Service Area and Optional Benefit Package Covered Services During Contract Period

The Contractor must request written Department approval to reduce or expand its service area or modify its Optional Benefit Package Covered Services for purposes of providing Medicaid Advantage services. In no event, however, shall the Contractor modify its services area or Optional Benefit Package Covered Services until it has received such approval. Any modifications made to Appendix M as a result of an approved request to expand and reduce the Contractor’s service area shall become effective fifteen (15) days from the date of written Department approval without the need for further action on the part of the parties to this Contract and modifications to the Optional Benefit package Covered Services shall become effective on the effective date specified in the written Department approval.

4.3 Modification of Benefit Package Services

The parties acknowledge and accept that the SDOH has the right to make modifications to the Benefit Package, with advance written notice to the Contractor of at least (60) days. Such modifications include expansions of and restrictions to covered benefits listed in Appendix K of this Agreement, the addition of new benefits to the Benefit Package, and/or the elimination of covered benefits from the Benefit Package. Such modifications will be made only as necessary to implement statewide Medicaid program initiatives, including Medicaid Redesign initiatives.
5 ELIGIBILITY FOR ENROLLMENT IN MEDICAID ADVANTAGE

5.3 Change in Eligibility Status

a) The Contractor must report to the LDSS, or entity designated by SDOH, any change in status of its Enrollees, which may impact the Enrollee’s eligibility for Medicaid or Medicaid Advantage, within five (5) business days of such information becoming known to the Contractor. This information includes, but is not limited to: change of address; incarceration; permanent placement in a nursing home or other residential institution or program rendering the individual ineligible for enrollment in Medicaid Advantage; death; and disenrollment from the Contractor’s Medicare Advantage Product as defined in this Agreement.

b) To the extent practicable, the LDSS, or entity designated by SDOH, will follow-up with Enrollees when the Contractor provides documentation of any change in status which may affect the Enrollee’s Medicaid and/or Medicaid Advantage plan eligibility and enrollment.
6 ENROLLMENT

6.1 Enrollment Requirements

The LDSS, or the Enrollment Broker, and the Contractor agree to conduct enrollment of Eligible Persons in accordance with the policies and procedures set forth in Appendix H of this Agreement, which is hereby made a part of this Agreement as if set forth fully herein.

6.2 Equality of Access to Enrollment

The Contractor shall accept Enrollments of Eligible Persons in the order in which they are received without restriction and without regard to the Eligible Person's age, sex, race, creed, physical or mental handicap/developmental disability, national origin, sexual orientation, type of illness or condition, need for health services or to the Capitation Rate that the Contractor will receive for such Eligible Person.

6.3 Enrollment Decisions

An Eligible Person's decision to enroll in the Contractor's Medicaid Advantage Product shall be voluntary. However, as a condition of eligibility for Medicaid Advantage, individuals may only enroll in the Contractor's Medicaid Advantage Product if they also enroll in the Contractor’s Medicare Advantage Product as defined in this Agreement.

6.4 Prohibition Against Conditions on Enrollment

Should the Contractor become aware, through the HCS or any other source, of an SDOH exclusion or termination, the Contractor shall validate this information with the Office of Health Insurance Programs and comply with the provisions of this Section.

b) Consistent with 42 CFR 455.416(c), if a Participating Provider has been terminated, as defined in 42 CFR 455.101, on or after January 1, 2011, under the Medicare program, the Medicaid program or CHIP program of any other State, or the network of another NYS Medicaid Managed Care Organization, the Contractor shall, upon notification of such termination from SDOH or OMIG, immediately terminate the Provider Agreement with the Participating Provider with respect to the Contractor’s Medical Advantage Product, and agrees to no longer utilize the services of the subject provider, as applicable.

c) If Medicaid payments are made by the Contractor to an excluded or terminated provider for dates of service after the provider’s exclusion or termination effective date, the Contractor shall report and explain within 60 days of identifying the overpayment, in a form and format to be determined by OMIG in consultation with SDOH, when and how the overpayment was identified, and the date on which the encounter data was adjusted to reflect the recovery.

21.4 Payment in Full

Contractor must limit participation to providers who agree that payment received from the Contractor for services included in the Medicare and Medicaid Advantage Benefit Package is payment in full for services provided to Enrollees, except for the collection of applicable co-payments from Enrollees as provided by law.

21.5 Dental Networks

If the Contractor includes dental services in its Medicaid Advantage Benefit Package, the Contractor’s dental network shall include geographically accessible general dentists sufficient to offer each Enrollee a choice of two (2) primary care dentists in his or her Service Area and to achieve a ratio of at least one (1) primary care dentist for each 2,000 Enrollees. Networks must also include at least one (1) oral surgeon.
Orthognathic surgery, temporal mandibular disorders (TMD) and oral/maxillofacial prosthodontics must be provided through any qualified dentist, either in-network or by referral. Periodontists and endodontists must also be available by referral. The network should include dentists with expertise in serving special needs populations (e.g., HIV+ and developmentally disabled patients).
22.1 Written Subcontracts

a) Contractor may not enter into any subcontracts related to the delivery of Medicaid Only Covered Services to Enrollees, except by a written agreement.

b) If the Contractor enters into subcontracts for the performance of work pursuant to this Agreement, the Contractor shall retain full responsibility for performance of the subcontracted services. Nothing in the subcontract shall impair the rights of the State under this Agreement. No contractual relationship shall be deemed to exist between the subcontractor and the SDOH or the State.

c) The delegation by the Contractor of its responsibilities assumed by this Agreement to any subcontractors will be limited to those specified in the subcontracts.

22.2 Permissible Subcontracts

The Contractor may contract for provider services as set forth in Sections 2.6 and 21 of this Agreement, for management services and for other services as are acceptable to the SDOH. Provider and Management agreements must be consistent and in compliance with guidelines issued by the Department. The Contractor must evaluate the prospective subcontractor’s ability to perform the activities to be delegated.

22.3 Provision of Services through Provider Agreements

All medical care and/or services covered under this Agreement, with the exception of Emergency Services, Family Planning and Reproductive Health Services, and services for which Enrollees can self refer, shall be provided through Provider Agreements with Participating Providers.

22.4 Approvals

a) Provider Agreements related to Medicaid Services shall require the approval of SDOH as set forth in PHL § 4402 and 10 NYCRR Part 98, and consistent with the guidance issued by the state.

b) The Contractor may only delegate management responsibilities as defined by State regulation by means of a Department approved management services agreement. Both the proposed management services agreement and the proposed management entity must be approved by the Department pursuant to the provisions of 10 NYCRR Part 98-1.1, and in compliance with the
Management Services Agreement Guidelines issued by the Department, before any such agreement may be become effective.

c) The Contractor shall notify SDOH of any material amendments to any Provider Agreement as set forth in 10 NYCRR Part 98 and consistent with the guidance issued by the state.

22.5 Required Components

a) All subcontracts, including Provider Agreements, entered into by the Contractor to provide program services under this Agreement shall contain provisions specifying:

i. the activities and reporting responsibilities delegated to the subcontractor; and provide for revoking the delegation, in whole or in part, and imposing other sanctions if the subcontractor’s performance does not satisfy standards set forth in this Agreement, and an obligation for the provider to take corrective action;

ii. that the work performed by the subcontractor must be in accordance with the terms of this Agreement;

iii. that the subcontractor specifically agrees to be bound by the confidentiality provisions set forth in this Agreement; and

iv. that the statutes, rules, regulations, and Medicaid Updates of the Medicaid program and the SDOH related to the furnishing of medical care, services or supplies provided directly by, or under the supervision of, or ordered, referred or prescribed by Participating Providers enrolled in an MCO apply to such Participating Providers and any subcontractors, regardless of whether the Participating Provider or subcontractor is an enrolled Medicaid provider, including 18 NYCRR 515.2, except to the extent that any reference in the regulations establishing rates, fees, and claiming instructions will refer to the rates, fees and claiming instructions set by the MCO.

b) The Contractor shall impose obligations and duties on its contracted providers, including its Participating Providers, that are consistent with this Agreement, and that do not impair any rights accorded to LDSS, SDOH, or DHHS.

c) No Provider Agreement shall limit or terminate the Contractor’s duties and obligations under this Agreement.

d) Nothing contained in this Agreement shall create any contractual relationship between any subcontractor of the Contractor including its Participating Providers, Non-Participating Providers or third parties, and the SDOH. Nothing
in this paragraph shall be construed to limit the authority of the New York State Office of the Attorney General to commence any action pursuant to 31 U.S.C. § 3729 et seq., State Finance Law § 187 et seq., Social Services Law § 145-b or other New York or Federal statutes, regulations or rules.

e) Any provider agreement entered into by the Contractor shall fulfill the requirements of 42 CFR Part 438 that are appropriate to the service or activity delegated under such subcontract.

f) The Contractor shall also ensure that, in the event the Contractor fails to pay any contracted provider, including any Participating Provider in accordance with the subcontract or Provider Agreement, the contracted provider or Participating Provider will not seek payment from the SDOH, LDSS, the Enrollees, or persons acting on an Enrollee’s behalf.

g) The Contractor shall include in every Provider Agreement a procedure for the resolution of disputes between the Contractor and its Participating Providers.

h) The Contractor must monitor the contracted provider’s performance on an ongoing basis and subject it to formal review according to time frames established by the State, consistent with State laws and regulations, and the terms of this Agreement. When deficiencies or areas for improvement are identified, the Contractor and subcontractor must take corrective action.

i) Each year the Contractor must increase the percentage of total provider payments that are made using a model of reimbursement that is an alternative to traditional fee-for-service such as shared savings, capitation, pay for performance, etc. The Contractor must submit a proposed plan to the SDOH by December 1st each year to identify which providers will be impacted by the alternate payment arrangements, the type of arrangements the Contractor has implemented or plans to implement, and the percent of provider payments impacted.

22.6 Timely Payment

Contractor shall make payments to health care providers for items and services included in the Contractor’s Medicaid Advantage Product on a timely basis, consistent with the claims payment procedures described in SIL § 3224-a.

22.7 Recovery of Overpayments to Providers

a) i. Consistent with the exception language in Section 3224-b of the Insurance Law, the Contractor shall have and retain the right to audit Participating Providers’ claims for a six (6) year period from the date the care, services or supplies were provided or billed, whichever is later, and to recoup any overpayments discovered as a result of the audit. This six (6) year limitation
does not apply to situations in which fraud may be involved or in which the provider prevents or obstructs the Contractor’s auditing.

ii. The parties acknowledge that the New York State Office of the Attorney General, SDOH, the Office of the Medicaid Inspector General (OMIG) and the Office of the State Comptroller (OSC) have the right to recover overpayments, penalties, and other damages from Participating Providers, Non-Participating Providers, Contractors, subcontractors, and third parties in the Contractor’s network as a result of any investigation, audit or action commenced by the New York State Office of the Attorney General, SDOH, OMIG, and OSC, including, but not limited to any litigation brought pursuant to State Finance Law § 187 et seq, or 31 U.S.C. § 3729 et seq. The Contractor shall not have a right to recover from the State any recovery obtained by the State pursuant to 31 U.S.C. § 3729 et seq., State Finance Law § 187 et seq., or other New York or Federal statutes, regulations or rules.

iii. The parties agree that where the Contractor has previously recovered overpayments, by whatever mechanism utilized by the Contractor, from a Participating Provider, said overpayment recovery shall not be recovered from that Participating Provider for any such previously recovered identifiable claims that are the subject of a further investigation, audit or action commenced by the agencies listed in Section 22.7 b.

iv. The parties agree that where the Contractor has recovered overpayments from a Participating Provider, the Contractor shall retain said recoveries.

b) Nothing in this Agreement shall be construed to limit the authority of the New York State Office of the Attorney General, OMIG, OSC or the Department to investigate, audit or otherwise obtain recoveries from any Participating Provider, Non-Participating Provider, Contractor, subcontractor, or third party.

22.8 Physician Incentive Plan

a) If Contractor elects to operate a Physician Incentive Plan, the Contractor agrees that no specific payment will be made directly or indirectly to a Participating Provider that is a physician or physician group as an inducement to reduce or limit medically necessary services furnished to an Enrollee. Contractor agrees to submit to SDOH annual reports containing the information on its Physician Incentive Plan in accordance with 42 CFR § 438.6 (h). The contents of such reports shall comply with the requirements of 42 CFR §§ 422.208 and 422.210 and be in a format to be provided by SDOH.

b) The Contractor must ensure that any Provider Agreements for services covered by this Agreement, such as agreements between the Contractor and other entities or between the Contractor’s subcontracted entities and their contractors,
at all levels including the physician level, include language requiring that the Physician Incentive Plan information be provided by the sub-contractor in an accurate and timely manner to the Contractor, in the format requested by SDOH.

c) In the event that the incentive arrangements place the Participating physician or physician group at risk for services beyond those provided directly by the physician or physician group for an amount beyond the risk threshold of twenty five percent (25%) of potential payments for covered services (substantial financial risk), the Contractor must comply with all additional requirements listed in regulation, such as: conduct enrollee/disenrollee satisfaction surveys; disclose the requirements for the Physician Incentive Plans to its beneficiaries upon request; and ensure that all physicians and physician groups at substantial financial risk have adequate stop-loss protection. Any of these additional requirements that are passed on to the subcontractors must be clearly stated in their Provider Agreement.

22.9 Never Events

a) The Contractor is required to develop claims and payment policies and procedures regarding “never events” or “hospital acquired conditions” that are consistent with the Medicaid program. Specifically this includes:

   i. Development of the capacity for claims systems to recognize the presence or absence of valid “present on admission” (POA) indicators for each inpatient diagnosis, using codes as described by the Centers for Medicare and Medicaid Services for Medicare;

   ii. Development of the capacity for claims systems to reject/deny claims that do not have valid POA indicators (corrected claims can be resubmitted);

   iii. Development of policies and procedures that will reject or modify any inpatient charges resulting from any “never event” or “hospital acquired condition” (pursuant to the current list of implemented items provided on the Department of Health and HCS websites);

      A) The methodology for claims adjustment shall be consistent with current Medicaid program guidance provided on the Department of Health and HCS websites.

      B) In the event that payment for inpatient claims is not based on DRGs, the Contractor shall develop a system that is equivalent in result to the methodology developed by Medicaid program.

   iv. Development of an audit or review capacity to ensure that claims are submitted accurately and adjudicated consistent with this policy.
b) The Contractor is required to submit inpatient Encounter Data to MEDS III, or its successor system, with valid POA fields.

22.10 Provider Termination Notice

a) The Contractor shall provide the Department at least sixty (60) days notice prior to the termination of any provider agreement, the termination of which would preclude an Enrollee’s access to a covered service by provider type under this Agreement, and specify how services previously furnished by the contracted provider will be provided. In the event a provider agreement is terminated on less than sixty (60) days notice, the Contractor shall notify the Department immediately but in no event more than seventy-two (72) hours after notice of termination is either issued or received by the Contractor.
23 AMERICANS WITH DISABILITIES ACT COMPLIANCE PLAN

Contractor must comply with Title II of the ADA and Section 504 of the Rehabilitation Act of 1973 for program accessibility, and must develop an ADA Compliance Plan consistent with the applicable SDOH Guidelines for Medicaid MCO Compliance with the ADA set forth in Appendix J, which is hereby made a part of this Agreement as if set forth fully herein. Said plan must be approved by the SDOH, be filed with the SDOH and be kept on file by the Contractor.
24 FAIR HEARINGS

24.1 Enrollee Access to Fair Hearing Process

Enrollees in the Contractor’s Medicaid Advantage Product may access the fair hearing process related to services determined by the Contractor to be a Medicaid only benefit or services determined by the Contractor to be a benefit under both Medicare and Medicaid in accordance with applicable federal and state laws and regulations. The Contractor must abide by and participate in New York State’s Fair Hearing Process and comply with determinations made by a fair hearing officer.

24.2 Enrollee Rights to a Fair Hearing

Enrollees in the Contractor’s Medicaid Advantage Product may request a fair hearing regarding adverse LDSS determinations concerning enrollment, disenrollment and eligibility, and regarding the denial, termination, suspension or reduction of a service determined by the Contractor to be a Medicaid only benefit or a benefit under both Medicare and Medicaid. For issues related to disputed services, Enrollees must have received an adverse determination from the Contractor or its approved utilization review agent either overriding a recommendation to provide services by a Participating Provider or confirming the decision of a Participating Provider to deny those services. An Enrollee may also seek a fair hearing for a failure by the Contractor to act with reasonable promptness with respect to such services. Reasonable promptness shall mean compliance with the time frames established for review of grievances and utilization review in Sections 44 and 49 of the Public Health Law, the grievance system requirements of 42 CFR Part 438 and Appendix F of this Agreement. The Contractor may not act in any manner so as to restrict the Enrollee’s right to a fair hearing or influence an Enrollee’s decision to pursue a fair hearing.

24.3 Contractor Notice to Enrollees

a) Contractor must issue a written Notice of Action and notice of a right to request a fair hearing within applicable timeframes to any Enrollee when taking an adverse Action and when making an Appeal determination as provided in Appendix F of this Agreement.

b) Contractor agrees to serve notice on affected Enrollees by mail and must maintain documentation of such.

24.4 Aid Continuing

a) Pursuant to SSL §365-a(8) and 10 NYCRR §360-10.8(g)(2), the Contractor shall be required to continue the provision of services determined by the Contractor to be a Medicaid only benefit or a benefit under both Medicare and Medicaid that are the subject of the fair hearing to an Enrollee (hereafter
referred to as “aid continuing”) if so ordered by the Office of Administrative Hearings (OAH) under the following circumstances:

i. Contractor has or is seeking to restrict, reduce, suspend or terminate such service or treatment currently being provided; and

ii. Enrollee has filed a timely request for a fair hearing with OAH.

b) If so ordered by OAH, the Contractor shall be responsible for providing aid continuing, and shall not cease to provide aid continuing until one of the following occurs:

i. the Enrollee withdraws the request for aid continuing or the fair hearing; or

ii. OAH determines that the Enrollee is not entitled to aid continuing; or

iii. OAH completes the administrative process and/or issues a fair hearing decision adverse to the Enrollee; or

iv. the provider order has expired, except in the case of a home bound Enrollee or where the Enrollee is challenging the restriction.

c) The Contractor shall provide aid continuing in a manner and duration as ordered by OAH. If the Contractor believes the Enrollee is not eligible for aid continuing, the Contractor may provide documentation of such to OAH and seek rescission of the aid continuing order.

d) If the services and/or benefits in dispute have been terminated, suspended or reduced and the Enrollee requests a fair hearing in a timely manner, Contractor shall, at the direction of either SDOH or LDSS, restore the disputed services and/or benefits consistent with the provisions of Section 24.4(b) of this Agreement.

24.5 Responsibilities of SDOH

SDOH will make every reasonable effort to ensure that the Contractor receives timely notice in writing by fax, or e-mail, of all requests, schedules and directives regarding fair hearings.

24.6 Contractor’s Obligations

a) Contractor shall appear at all scheduled fair hearings concerning its clinical determinations and/or Contractor-initiated Disenrollments to present evidence as justification for its determination or submit written evidence as justification for its determination regarding the disputed benefits and/or services. If
Contractor will not be making a personal appearance at the fair hearing, the written material must be submitted to OAH at least three (3) business days prior to the scheduled hearing and contain a phone number by which the hearing officer may contact a Contractor’s representative, who has knowledge of the issue under review, during the hearing. If the hearing is scheduled fewer than three (3) business days after the request, Contractor must deliver the evidence to the hearing site no later than one (1) business day prior to the hearing, otherwise Contractor must appear in person. Notwithstanding the above provisions, Contractor may be required to make a personal appearance at the discretion of the hearing officer and/or SDOH.

b) The Contractor must provide to the Enrollee or the Enrollee’s authorized representative copies of the documents the Contractor will present at the fair hearing, also known as the “evidence packet.” Copies of the evidence packet must be provided without charge. Within ten (10) business days of receiving notification of a hearing request, the Contractor must mail copies of the evidence packet to the Enrollee or the Enrollee’s authorized representative. If, due to the scheduling of the fair hearing, the evidence packet cannot be prepared at least five (5) business days before the hearing, and there is not sufficient time for the evidence packet to be mailed, the Contractor must provide the Enrollee or the Enrollee’s authorized representative such copies no later than at the time of the hearing.

c) Upon request, the Contractor must provide the Enrollee or the Enrollee’s authorized representative access to the Enrollee’s case file, and provide copies of documents contained in the file. If so requested, copies of the case file must be provided without charge and within a reasonable time before the date of the hearing. If the request for copies of the case file is made less than five (5) business days before the hearing, the Contractor must provide the Enrollee and the Enrollee’s authorized representative such copies no later than at the time of the hearing. Such documents must be provided to the Enrollee and the Enrollee’s authorized representative by mail within a reasonable time from the date of the request if the Enrollee or the Enrollee’s authorized representative request that such documents be mailed; provided however, if there is insufficient time for such documents to be mailed and received before the scheduled date of the hearing, such documents may be presented at the hearing instead of being mailed.

d) Despite an Enrollee’s request for a State fair hearing in any given dispute, Contractor is required to maintain and operate in good faith its own internal Complaint and Appeal processes for services determined by the Contractor to be a Medicaid only benefit or a benefit under both Medicare and Medicaid as required under state and federal laws and by Section 14 and Appendix F of this Agreement. Enrollees may seek redress of Adverse Determinations simultaneously through Contractor’s internal process and the State fair hearing process. If Contractor has reversed its initial determination and provided the
service to the Enrollee, Contractor may request a waiver from appearing at the hearing and, in submitted papers, explain that it has withdrawn its initial determination and is providing the service or treatment formerly in dispute.

e) Contractor shall comply with all determinations rendered by OAH at fair hearings.

i. Contractor shall cooperate with SDOH efforts to ensure that Contractor is in compliance with fair hearing determinations. Failure by Contractor to maintain such compliance shall constitute breach of this Agreement. Nothing in this Section shall limit the remedies available to SDOH, LDSS or the federal government relating to any non-compliance by Contractor with a fair hearing determination or Contractor’s refusal to provide disputed services.

ii. If the Contractor believes there is an error of law or fact in the fair hearing decision, the Contractor must comply with the fair hearing decision while seeking a correction or review of the decision from OAH, pursuant to 18 NYCRR Part 358-6.6.

f) If SDOH investigates a Complaint that has as its basis the same dispute that is the subject of a pending fair hearing and, as a result of its investigation, concludes that the disputed services and/or benefits should be provided to the Enrollee, Contractor shall comply with SDOH’s directive to provide those services and/or benefits and provide notice to the Enrollee to which services have been authorized. The Contractor may request a waiver from appearing at the hearing and, in submitted papers, explain that it has withdrawn its initial determination and is providing the service or treatment formerly in dispute.

g) If SDOH, through its Complaint investigation process, or OAH, by a determination after a fair hearing, directs Contractor to provide a service that was initially denied by Contractor, Contractor may either directly provide the service, arrange for the provision of that service or pay for the provision of that service by a Non-Participating Provider. If the services were not furnished during the period in which the fair hearing was pending, the Contractor must authorize and furnish the disputed services promptly and as expeditiously as the Enrollee’s health condition requires.

h) Contractor agrees to abide by changes made to this Section of the Agreement with respect to the fair hearing, Service Authorization, Action, Action Appeal, Complaint and Complaint Appeal processes by SDOH in order to comply with any amendments to applicable state or federal statutes or regulations.

i) Contractor agrees to identify a contact person within its organization who will serve as a liaison to SDOH for the purpose of receiving fair hearing requests, scheduled fair hearing dates and adjourned fair hearing dates and compliance
with State directives. Such individual shall be accessible to the State by e-mail; shall monitor e-mail for correspondence from the State at least once every business day; and shall agree, on behalf of Contractor, to accept notices to the Contractor transmitted via e-mail as legally valid.

j) The information describing fair hearing rights, aid continuing, Service Authorization, Action Appeal, Complaint and Complaint Appeal procedures shall be included in all Medicaid Advantage member handbooks and shall comply with Section 14, and Appendix F of this Agreement.

k) Contractor shall bear the burden of proof at hearings regarding the reduction, suspension or termination of ongoing services determined by the Contractor to be a Medicaid only benefit or a benefit under both Medicare and Medicaid. In the event that Contractor’s initial adverse determination is upheld as a result of a fair hearing, any aid continuing provided pursuant to that hearing request, may be recouped by Contractor.
25  EXTERNAL APPEAL

25.1 Basis for External Appeal

In accordance with PHL § 4910(2), Enrollees have the right to an External Appeal when one or more health care services determined by the Contractor to be a Medicaid only benefit or a benefit under both Medicare and Medicaid has been denied by the Contractor on the basis that the service(s) is not medically necessary, is experimental or investigational, or is an out of network service that is not materially different from an alternate service available from the Contractor’s network. A provider has an independent right to an External Appeal when these denials are the result of concurrent or retrospective utilization review.

25.2 Eligibility for External Appeal

a) An Enrollee is eligible for an External Appeal when the Contractor takes an Action, in accordance with Appendix F of this Agreement, to deny services as provided in Section 25.1 of this Agreement, and:

i. the Enrollee has exhausted the Contractor’s internal Action Appeal procedure and has received a final adverse determination from the Contractor; or

ii. the Enrollee and the Contractor have jointly agreed to waive the internal Action Appeal procedure; or

iii. the Enrollee has requested an expedited Action Appeal and requests an expedited External Appeal at the same time; or

iv. the Contractor fails to follow the Action Appeal process in accordance with Appendix F of this Agreement.

25.3 External Appeal Determination

The External Appeal determination is binding on the Contractor; however, a fair hearing determination supersedes an external appeal determination for Medicaid Advantage Enrollees.

25.4 Compliance with External Appeal Laws and Regulations

The Contractor must comply with the provisions of Sections 4910-4917 of the PHL and 10 NYCRR Part 98 regarding the External Appeal program with respect to services determined by the Contractor to be a Medicaid only benefit or a benefit under both the Medicare and Medicaid programs.
25.5 Member Handbook

The Contractor shall describe its Action and utilization review policies and procedures, including a notice of the right to an External Appeal together with a description of the External Appeal process and the timeframes for External Appeal in the Medicaid Advantage Handbook. The Member Handbook shall comply with Section 13 and the Member Handbook Guidelines, Appendix E, of this Agreement.
26 INTERMEDIATE Sanctions

26.1 General

Contractor is subject to imposition of sanctions as authorized by 42 CFR 422, Subpart O. In addition, for the Medicaid Advantage Program, the Contractor is subject to the imposition of sanctions as authorized by State and Federal law and regulation, including the SDOH's right to impose sanctions for unacceptable practices as set forth in 18 NYCRR Part 515 and civil and monetary penalties as set forth in 18 NYCRR Part 516 and 43 CFR § 438.700, and such other sanctions and penalties as are authorized by local laws and ordinances and resultant administrative codes, rules and regulations related to the Medical Assistance Program or to the delivery of the contracted for services.

a) Unacceptable practices for which the Contractor may be sanctioned include, but are not limited to:

i. Failing to provide medically necessary services that the Contractor is required to provide under its contract with the State.

ii. Imposing premiums or charges on Enrollees that are in excess of the premiums or charges permitted under the Medicaid Advantage Program;

iii. Discriminating among Enrollees on the basis of their health status or need for health care services.

iv. Misrepresenting or falsifying information that the Contractor furnishes to an Enrollee, Eligible Persons, Potential Enrollees, health care providers, the State or to CMS.

v. Failing to comply with the requirements for Physician Incentive Plans, as set forth in 42 CFR §§ 422.208 and 422.210.

vi. Distributing directly or through any agent or independent contractor, marketing materials that have not been approved by CMS and the State or that contain false or materially misleading information.

vii. Violating any other applicable requirements of SSA §§ 1903 (m) or 1932 and any implementing regulations.

viii. Violating any other applicable requirements of 18 NYCRR or 10 NYCRR Part 98.
ix. Failing to comply with the terms of this Agreement.

x. Violating any relevant New York State or Federal law.

26.3 Intermediate Sanctions

a) Intermediate Sanctions may include, but are not limited to:

i. Civil and monetary penalties.

ii. Suspension of all new Enrollment, after the effective date of the sanction.

iii. Termination of the Agreement, pursuant to Section 2.7 of this Agreement.

26.4 Enrollment Limitations

a) The SDOH shall have the right, upon notice to the LDSS, to limit, suspend, or terminate Enrollment activities by the Contractor and/or enrollment into the Contractor’s Medicaid Advantage Product upon ten (10) days written notice to the Contractor. The written notice shall specify the action(s) contemplated and the reason(s) for such action(s) and shall provide the Contractor with an opportunity to submit additional information that would support the conclusion that limitation, suspension or termination of Enrollment activities or Enrollment in the Contractor’s plan is unnecessary. Nothing in this paragraph limits other remedies available to the SDOH under this Agreement.

26.5 Due Process

The Contractor will be afforded due process pursuant to federal and state law and regulations (42 CFR § 438.710, 18 NYCRR Part 516, and Article 44 of the PHL).
ENVIRONMENTAL COMPLIANCE

The Contractor shall comply with all applicable standards, orders, or requirements issued under Section 306 of the Clean Air Act (42 U.S.C. § 1857(h)), Section 508 of the Federal Water Pollution Control Act as amended (33 U.S.C. § 1368), Executive Order 11738, and the Environmental Protection Agency ("EPA") regulations (40 CFR, Part 15) that prohibit the use of the facilities included on the EPA List of Violating Facilities. The Contractor shall report violations to SDOH and to the Assistant Administrator for Enforcement of the EPA.
ENERGY CONSERVATION

The Contractor shall comply with any applicable mandatory standards and policies relating to energy efficiency that are contained in the State Energy Conservation regulation issued in compliance with the Energy Policy and Conservation Act of 1975 (Pub. L. 94-165) and any amendment to the Act.
29 INDEPENDENT CAPACITY OF CONTRACTOR

The parties agree that the Contractor is an independent Contractor, and that the Contractor, its agents, officers, and employees act in an independent capacity and not as officers or employees of LDSS, DHHS or the SDOH.
30  NO THIRD PARTY BENEFICIARIES

Only the parties to this Agreement and their successors in interest and assigns have any rights or remedies under or by reason of this Agreement.
31 INDEMNIFICATION

31.1 Indemnification by Contractor

a) The Contractor shall indemnify, defend, and hold harmless the SDOH and LDSS, and their officers, agents, and employees and the Enrollees and their eligible dependents from:

i. any and all claims and losses accruing or resulting to any and all Contractors, subcontractors, materialmen, laborers, and any other person, firm, or corporation furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement;

ii. any and all claims and losses accruing or resulting to any person, firm, or corporation that may be injured or damaged by the Contractor, its officers, agents, employees, or subcontractors, including Participating Providers, in connection with the performance of this Agreement;

iii. any liability, including costs and expenses, for violation of proprietary rights, copyrights, or rights of privacy, by its Contractor, its officers, agents, employees or subcontractors arising out of the publication, translation, reproduction, delivery, performance, use, or disposition of any data furnished under this Agreement, or based on any libelous or otherwise unlawful matter contained in such data.

b) The SDOH will provide the Contractor with prompt written notice of any claim made against the SDOH, and the Contractor, at its sole option, shall defend or settle said claim. The SDOH shall cooperate with the Contractor to the extent necessary for the Contractor to discharge its obligation under Section 31.1. Notwithstanding the foregoing, the State reserves the right to join any such claim, at its sole expense, when it determines there is an issue of significant public interest.

c) The Contractor shall have no obligation under this section with respect to any claim or cause of action for damages to persons or property solely caused by the negligence of SDOH its employees, or agents when acting within the course and scope of their employment.

31.2 Indemnification by SDOH

Subject to the availability of lawful appropriations as required by State Finance Law § 41 and consistent with § 8 of the State Court of Claims Act, SDOH shall hold the Contractor harmless from and indemnify it for any final judgment of a court of competent jurisdiction to the extent attributable to the negligence of SDOH or its officers or employees when acting within the course and scope of their employment.
Provisions concerning the SDOH’s responsibility for any claims for liability as may arise during the term of this Agreement are set forth in the New York State Court of Claims Act, and any damages arising for such liability shall issue from the New York State Court of Claims Fund or any applicable, annual appropriation of the Legislature for the State of New York.
32 PROHIBITION ON USE OF FEDERAL FUNDS FOR LOBBYING

32.1 Prohibition of Use of Federal Funds for Lobbying

The Contractor agrees, pursuant to 31 U.S.C. § 1352 and 45 CFR Part 93 not to expend federally appropriated funds received under this Contract to pay any person for influencing or attempting to influence an officer or employee of an agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan or cooperative agreement. The Contractor agrees to complete and submit the “Certification Regarding Lobbying”, attached hereto as Appendix B and incorporated herein, if this Contract exceeds $100,000.

32.2 Disclosure Form to Report Lobbying

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, “the contract” or “this contract”) agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State’s previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller’s approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor’s business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State’s prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER’S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds $50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller’s approval of contracts let by the Office of General Services is required when such contracts exceed $85,000 (State Finance Law Section 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. WORKERS’ COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers’ Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex (including gender identity or expression), national origin, sexual orientation, military status, age, disability, predisposing genetic characteristics, marital status or domestic violence victim status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of $50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor’s employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of
any State approved sums due and owing for work done upon
the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In
accordance with Section 139-d of the State Finance Law, if
this contract was awarded based upon the submission of bids,
Contractor affirms, under penalty of perjury, that its bid was
arrived at independently and without collusion aimed at
restricting competition. Contractor further affirms that, at the
time Contractor submitted its bid, an authorized and
responsible person executed and delivered to the State a non-
collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In
accordance with Section 220-f of the Labor Law and Section
139-h of the State Finance Law, if this contract exceeds
$5,000, the Contractor agrees, as a material condition of the
contract, that neither the Contractor nor any substantially
owned or affiliated person, firm, partnership or corporation
has participated, is participating, or shall participate in an
international boycott in violation of the federal Export
Administration Act of 1979 (50 USC App. Sections 2401 et
seq.) or regulations thereunder. If such Contractor, or any of
the aforesaid affiliates of Contractor, is convicted or is
otherwise found to have violated said laws or regulations upon
the final determination of the United States Commerce
Department or any other appropriate agency of the United
States subsequent to the contract's execution, such contract,
amendment or modification thereto shall be rendered forfeit
and void. The Contractor shall so notify the State Comptroller
within five (5) business days of such conviction, determination
or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its
common law, equitable and statutory rights of set-off. These
rights shall include, but not be limited to, the State's option to
withhold for the purposes of set-off any moneys due to the
Contractor under this contract up to any amounts due and
owing to the State with regard to this contract, any other
contract with any State department or agency, including any
contract for a term commencing prior to the term of this
contract, plus any amounts due and owing to the State for any
other reason including, without limitation, tax delinquencies,
fee delinquencies or monetary penalties relative thereto. The
State shall exercise its set-off rights in accordance with normal
State practices including, in cases of set-off pursuant to an
audit, the finalization of such audit by the State agency, its
representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain
complete and accurate books, records, documents, accounts
and other evidence directly pertinent to performance under this
contract (hereinafter, collectively, "the Records"). The
Records must be kept for the balance of the calendar year in
which they were made and for six (6) additional years
thereafter. The State Comptroller, the Attorney General and
any other person or entity authorized to conduct an
examination, as well as the agency or agencies involved in this
contract, shall have access to the Records during normal
business hours at an office of the Contractor within the State
of New York or, if no such office is available, at a mutually
agreeable and reasonable venue within the State, for the term
specified above for the purposes of inspection, auditing and
copying. The State shall take reasonable steps to protect from
public disclosure any of the Records which are exempt from
disclosure under Section 87 of the Public Officers Law (the
"Statute") provided that: (i) the Contractor shall timely inform
an appropriate State official, in writing, that said records should
not be disclosed; and (ii) said records shall be sufficiently
identified; and (iii) designation of said records as exempt
under the Statute is reasonable. Nothing contained herein
shall diminish, or in any way adversely affect, the State's right
to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY
NOTIFICATION. (a) Identification Number(s). Every
invoice or New York State Claim for Payment submitted to a
New York State agency by a payee, for payment for the sale of
goods or services or for transactions (e.g., leases, easements,
licenses, etc.) related to real or personal property must include
the payee's identification number. The number is any or all of
the following: (i) the payee’s Federal employer identification
number, (ii) the payee’s Federal social security number, and/or
(iii) the payee’s Vendor Identification Number assigned by the
Statewide Financial System. Failure to include such number
or numbers may delay payment. Where the payee does not
have such number or numbers, the payee, on its invoice or
Claim for Payment, must give the reason or reasons why the
payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the
above personal information from a seller of goods or services
or a lessor of real or personal property, and the authority to
maintain such information, is found in Section 5 of the State
Tax Law. Disclosure of this information by the seller or lessor
to the State is mandatory. The principal purpose for which the
information is collected is to enable the State to identify
individuals, businesses and others who have been delinquent
in filing tax returns or may have understated their tax
liabilities and to generally identify persons affected by the
taxes administered by the Commissioner of Taxation and
Finance. The information will be used for tax administration
purposes and for any other purpose authorized by law. (2) The
personal information is requested by the purchasing unit of the
agency contracting to purchase the goods or services or lease
the real or personal property covered by this contract or lease.
The information is maintained in the Statewide Financial
System by the Vendor Management Unit within the Bureau of
State Expenditures, Office of the State Comptroller, 110 State
Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR
MINORITIES AND WOMEN. In accordance with Section
312 of the Executive Law and 5 NYCRR 143, if this contract is:
(i) a written agreement or purchase order instrument,
providing for a total expenditure in excess of $25,000.00,
whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of $100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of $100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor’s equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradations, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of "a", "b", and "c" above, in every subcontract over $25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development’s Division of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the contractor to establish to meet with the approval of the State.
In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in $165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the State.

19. MACBRIDE FAIR EMPLOYMENT PRINCIPLES. In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), the Contractor hereby stipulates that the Contractor either (a) has no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in Section 165 of the New York State Finance Law), and shall permit independent monitoring of compliance with such principles.

7. The Contractor shall not offer compensation including salary increases or bonuses, based solely on the number of individuals enrolled by Marketing Representatives who are licensed to offer Medicare products only, including Medicaid Advantage, and who also market Medicaid, Family Health Plus and Child Health Plus. However, the Contractor may base compensation of these Marketing Representatives on periodic performance evaluations which consider enrollment productivity as one of several performance factors during a performance period, subject to the following requirements:

   a. “Compensation” shall mean any remuneration required to be reported as income or compensation for federal tax purposes;

   b. The Contractor may not pay a “commission” or fixed amount per enrollment;

   f. The Contractor must limit salary adjustments for Marketing Representatives to annual adjustments except where the adjustment occurs during the first year of employment after a traditional trainee/probationary period or in the event of a company wide adjustment;

IV. Marketing Infractions

A. Infractions of Medicaid marketing guidelines, as found in Appendix D, Sections III D and E, may result in the following actions being taken by the SDOH, in consultation with the LDSS, to protect the interests of the program and its clients. These actions shall be taken by the SDOH in collaboration with the LDSS and the CMS Regional Office.

1. If the Contractor or its representative commits a first time infraction of marketing guidelines and the SDOH, in consultation with the LDSS, deems the infraction to be minor or unintentional in nature, the SDOH and/or the LDSS may issue a warning letter to the Contractor.

2. If the Contractor engages in Marketing activities that the SDOH determines, in its sole discretion, to be an intentional or serious breach of the Medicaid Advantage Marketing Guidelines or the Contractor’s approved Medicaid Advantage Marketing Plan, or a pattern of minor breaches, SDOH, in consultation with the LDSS, may require the Contractor to, and the Contractor shall prepare and implement a corrective action plan acceptable to the SDOH within a specified timeframe. In addition, or alternatively, SDOH may impose sanctions, including monetary penalties, as permitted by law.

3. If the Contractor commits further infractions, fails to pay monetary penalties within the specified timeframe, fails to implement a corrective action plan in a timely manner or commits an egregious first time infraction, the SDOH, in consultation with the LDSS, may in addition to any other legal remedy available to the SDOH in law or equity:
   a) direct the Contractor to suspend its Medicaid Advantage Marketing activities for a period up to the end of the Agreement period;
   b) suspend new Medicaid Advantage Enrollments, for a period up to the remainder of the Agreement period; or
   c) terminate this Agreement pursuant to termination procedures described in Section 2.7 of this Agreement.

New York State Department of Health
Medicaid Advantage
Model Member Handbook Guidelines
Introduction

Managed care organizations (MCOs) under contract to provide a Medicaid Advantage Product to Dually Eligible beneficiaries must provide Enrollees with a Medicaid Advantage member handbook which is consistent with the current model Medicaid Advantage member handbook provided by SDOH and approved by the CMS Regional Office and the SDOH. This model handbook is to be issued by the Contractor to Enrollees in addition to the handbook or Explanation of Coverage (EOC) required by CMS for Medicare Advantage. The model member handbook may be revised based on changes in the law and the changing needs of the program. Handbooks must be approved by the CMS Regional Office and the SDOH prior to printing and distribution by the Contractor.

General Format

Member handbooks must be written in a style and reading level that will accommodate the reading skills of Medicaid recipients. In general the writing should not exceed a fourth to sixth-grade reading level, taking into consideration the need to incorporate and explain certain technical or unfamiliar terms to assure accuracy. The text must be printed in at least twelve (12) point font. The SDOH reserves the right to require evidence that a handbook has been tested against the sixth-grade reading-level standard. Member handbooks must be available in languages other than English whenever at least five percent (5%) of the Prospective Enrollees in any county in the Contractor’s service area speak that particular language and do not speak English as a first language.

Model Medicaid Advantage Handbook

It will be the responsibility of the SDOH to provide a copy of the current model Medicaid Advantage member handbook to the Contractor.

f) The Contractor must ensure that personnel making determinations regarding Complaints, Complaint Appeals and Action Appeals were not involved in previous levels of review or decision-making. If any of the following applies, determinations must be made by qualified clinical personnel as specified in this Appendix:

ii) The Enrollee may file a written Action Appeal or an oral Action Appeal. Oral Action Appeals must be followed by a written, signed, Action Appeal. If the Enrollee or provider requests expedited resolution of the Action Appeal, the oral Action Appeal does not need to be confirmed in writing. If the Contractor denies the Enrollee’s request for an expedited review, the Contractor must handle the request under standard Action Appeal resolution timeframes. The Contractor must make reasonable efforts to provide prompt oral notice to the Enrollee of the determination to deny the Enrollee’s request for expedited review and send written notice as provided by paragraph 5 (a) (i) below to the Enrollee within two (2) days of this determination.

Action Appeals of non-clinical matters shall be determined by qualified personnel at a higher level than the personnel who made the original determination.

The Contractor must send notice of the extension to the Enrollee. The Contractor must maintain sufficient documentation of extension determinations to demonstrate, upon SDOH’s request, that the extension was justified.

New York State Department of Health Guidelines for the Processing of Medicaid Advantage Enrollments and Disenrollments
Appendix H

SDOH Guidelines
For the Processing of Medicaid Advantage Enrollments and Disenrollments

1. General

The Contractor’s Enrollment and Disenrollment procedures for Medicaid Advantage shall be consistent with these requirements, except that to allow LDSS and the Contractor flexibility in developing processes that will meet the needs of both parties, the SDOH, upon receipt of a written request from either the LDSS or the Contractor, may allow modifications to timeframes and some procedures. Where an Enrollment Broker exists, the Enrollment Broker will be responsible for some or all of the LDSS responsibilities as set forth in the Enrollment Broker Contract. Herein, “LDSS” is defined according to Section 1, the definitions section of the Contract.

2. Enrollment

   a) SDOH Responsibilities:

      i) The SDOH is responsible for monitoring Local District program activities and providing technical assistance to the LDSS and the Contractor to ensure compliance with the State’s policies and procedures.

      ii) SDOH reviews and approves proposed Enrollment materials prior to the Contractor publishing and disseminating or otherwise using the materials.

   b) LDSS Responsibilities:

      i) The LDSS has the primary responsibility for processing Medicaid Advantage enrollments.

      ii) The LDSS determines Medicaid eligibility. To the extent practicable, the LDSS will follow up with Enrollees when the Contractor provides documentation of any change in status which may affect the Enrollee’s Medicaid and/or Medicaid Advantage eligibility, including exclusion status of a current Enrollee. The LDSS must conduct timely review and take appropriate action when the Contractor notifies the LDSS of the existence of duplicate Client Identification Numbers (CINs).

      iii) The LDSS is responsible for providing pre-enrollment information on Medicaid Advantage to Dually Eligible beneficiaries, consistent with Social Services Law Section 364-j(4)(e)(iv) and the training of persons providing Enrollment counseling to Eligible Persons.
iv) The LDSS is responsible for informing Eligible Persons of the availability of Medicaid Advantage Products, the scope of services covered by each, and that enrollment is voluntary.

v) The LDSS is responsible for informing Eligible Persons of the right to confidential face-to-face enrollment counseling and will make confidential face-to-face sessions available upon request.

vi) The LDSS is responsible for instructing Eligible Persons to verify with the medical services providers they prefer, or have an existing relationship with, that such medical services providers are Participating Providers of the selected MCO and are available to serve the Enrollee. The LDSS includes such written instructions to Eligible Persons in its written materials related to Enrollment.

vii) For Enrollments made during face-to-face counseling, if the Prospective Enrollee has a preference for particular medical services providers, Enrollment counselors shall verify with the medical services providers that such medical services providers whom the prospective Enrollee prefers are Participating Providers of the selected MCO and are available to serve the Prospective Enrollee.

viii) The LDSS is responsible for the timely processing of Medicaid Advantage Enrollment applications received from participating health plans.

ix) The LDSS is responsible for processing Enrollments in Medicaid Advantage without edits for Medicare coverage in the Welfare Management System (WMS); however the LDSS is responsible for ensuring that WMS is updated with Medicare A and B coverage status for new Enrollees upon review of documentation provided by the Contractor or the Enrollee.

x) The LDSS is responsible for determining the eligibility status of Medicaid Advantage enrollment applications. Applications will be enrolled, pended or denied. The LDSS will notify the Contractor of the denial of any Enrollment applications including enrollment denials due to the existence of a duplicate Client Identification Number (CIN) for an Enrollee already enrolled in an MCO.

xi) The LDSS is responsible for processing Medicaid Advantage enrollment applications until the last day of the month preceding the Effective Date of Enrollment, to the extent possible.

xii) The LDSS is responsible for notifying the Contractor of plan-assisted enrollment applications that are accepted, pended or denied.

xiii) The LDSS is responsible for entering individual enrollment form data and transmitting that data to the State’s Prepaid Capitation Plan (PCP) Subsystem.

SDOH Guidelines
For the Processing of Medicaid Advantage Enrollments and Disenrollments
APPENDIX H
The transfer of enrollment information may be accomplished by any of the following:

A) LDSS directly enters data into PCP Subsystem; or

B) LDSS or Contractor submits a tape to the State, to be edited and entered into PCP Subsystem; or

C) LDSS electronically transfers data via a dedicated line, from eMedNY to the PCP Subsystem.

xiv) Extensive use of the secondary roster will be utilized to coordinate the Effective Dates of Enrollment for Medicaid and Medicare Advantage.

xv) The LDSS is responsible for prospectively re-enrolling an Enrollee who is disenrolled from the Contractor’s Medicaid Advantage Product due to loss of Medicaid eligibility, who regains eligibility within three months, in the Contractor’s Medicaid Advantage Product, provided that the individual remains enrolled in the Contractor’s Medicare Advantage Product.

xvi) The LDSS is responsible for processing new Enrollment applications to transfer a member of the Contractor’s Medicaid managed care product to the Contractor’s Medicaid Advantage Product if the Enrollee, upon gaining Medicare eligibility, wishes to enroll in the Contractor’s Medicaid Advantage Product. To the extent possible, such Enrollments shall be made effective the first day of the month that the Enrollee’s Medicare Advantage Coverage is effective.

xvii) The LDSS is responsible for sending the following notices to Eligible Persons:

A) Enrollment Confirmation Notice: This notice indicates the Effective Date of Enrollment, the name of the Medicaid Advantage Product and the individual who is being enrolled. This notice must also include a statement advising the individual that if his/her Medicare Advantage enrollment is denied by CMS, the individual’s Medicaid Advantage Enrollment will be voided retroactively back to the Effective Date of Enrollment. In such instances, the individual may be responsible for the cost of any Medicaid Advantage Benefit rendered during the retroactive period if the benefit was provided by a non-Medicaid participating provider.

B) Notice of Denial of Enrollment: This notice is used when an individual has been determined by LDSS to be ineligible for enrollment into a Medicaid Advantage Product. This notice must include fair hearing rights.

c) **Contractor Responsibilities:**

Medicaid Advantage Contract

SDOH Guidelines
For the Processing of Medicaid Advantage Enrollments and Disenrollments
APPENDIX H
i) To the extent permitted by law and regulation, the Contractor is responsible for assisting Dually Eligible persons eligible for enrollment in Medicaid Advantage to complete the Enrollment application. The Contractor will submit plan Enrollments to the LDSS, within a maximum of five (5) business days from the day the Enrollment is received by the Contractor (unless otherwise agreed to by SDOH and LDSS).

ii) The Contractor is responsible for obtaining documentation of Medicare A and B coverage prior to sending the Enrollment transaction to the LDSS for processing. In all areas where Enrollments are not processed by the Enrollment Broker, the documentation must accompany the Enrollment form to the LDSS. Acceptable documentation includes: a current Medicare card or other documentation acceptable to CMS or received by the Contractor from interaction with CMS’ data systems.

iii) In areas where Enrollments are submitted electronically to the Enrollment Broker, the Contractor is responsible for forwarding the documentation of current Medicare A and B coverage to the Enrollment Broker within five (5) business days of learning from the Enrollment Broker that evidence of Medicare A and B coverage is not reflected in the WMS system.

iv) The Contractor must notify new Enrollees of their Effective Date of Enrollment. To the extent practicable, such notification must precede the Effective Date of Enrollment. This notice must also include a statement advising the individual that if his/her Medicare Advantage enrollment is denied by CMS, the individual’s Medicaid Advantage Enrollment will be voided retroactively back to the Effective Date of Enrollment. In such instances, the individual may be responsible for the cost of any Medicaid Advantage Benefit rendered during the retroactive period if the benefit was provided by a non-Medicaid participating provider.

v) The Contractor must report any changes that affect or may affect the Medicaid or Medicaid Advantage eligibility status of its Enrollees to the LDSS within five (5) business days of such information becoming known to the Contractor. This includes, but is not limited to, address changes, incarceration, death, third party insurance other than Medicare, Disenrollment from the Contractor’s Medicare Advantage Product, exclusion status of Enrollees, etc.

vi) If an Enrollee’s Enrollment in the Contractor’s Medicare Advantage Product is rejected by CMS, the Contractor must notify the LDSS within five (5) business days of learning of CMS’ rejection of the Enrollment. In such instances, the LDSS shall delete the Enrollee’s Enrollment in the Contractor’s Medicaid Advantage Plan.

vii) The Contractor, within five (5) business days of identifying cases where a person may be enrolled in the Contractor’s Medicaid Advantage product under more than
one Client Identification Number (CIN), or has knowledge of an Enrollee with more than one active CIN, must convey that information in writing to the LDSS.

viii) The Contractor shall advise potential Enrollees, in written materials related to enrollment, to verify with the medical services providers they prefer, or have an existing relationship with, that such medical services providers are Participating Providers and are available to serve the Prospective Enrollee.

ix) The Contractor shall accept all Enrollments as ordered by the Office of Temporary and Disability Assistance’s Office of Administrative Hearings due to fair hearing requests or decisions.

3. **Newborn Enrollments**

   a) *SDOH Responsibilities:*

   i) The SDOH will update WMS with information on the newborn received from hospitals or birthing centers, consistent with the requirements of Section 366-g of the Social Services Law as amended by Chapter 412 of the Laws of 1999.

   ii) Upon notification of the birth by the hospital or birthing center, the SDOH will update WMS with the demographic data for the newborn generating appropriate Medicaid coverage.

   b) *LDSS Responsibilities:*

   i) The LDSS is responsible for granting Medicaid eligibility for newborns for one (1) year if born to a woman eligible for and receiving MA assistance on the date of birth. *(Social Services Law Section 366 (4) (1))*

   ii) The LDSS is responsible for adding eligible unborns to all WMS cases that include a pregnant woman as soon as the pregnancy is medically verified. *(NYS DSS Administrative Directive 85 ADM-33)*

   iii) In the event that the LDSS learns of an Enrollee’s pregnancy prior to the Contractor, the LDSS is to establish MA eligibility and pre-enroll the unborn into Medicaid managed care in cases where an enrollment form is received.

   iv) When a newborn is enrolled in managed care, the LDSS is responsible for sending an Enrollment Confirmation Notice to inform the mother of the Effective Date of Enrollment, which is the first (1st) day of the month of birth, and the plan in which the newborn is enrolled.

   v) The LDSS may develop a transmittal form to be used for unborn/newborn notification between the Contractor and the LDSS.
c) **Contractor Responsibilities:**

i) The Contractor must notify the LDSS in writing of any Enrollee that is pregnant within thirty (30) days of knowledge of the pregnancy. Notifications should be transmitted to the LDSS at least monthly. The notifications should contain the pregnant woman’s name, Client ID Number (CIN), and the expected date of confinement (EDC).

ii) Upon the newborn’s birth, the Contractor must send verifications of infant’s demographic data to the LDSS, within five (5) days after knowledge of the birth. The demographic data must include: the mother’s name and CIN, the newborn’s name and CIN (if newborn has a CIN), sex and the date of birth.

4. **Roster Reconciliation**

a) All Enrollments are effective the first of the month.

b) **SDOH Responsibilities:**

i) The SDOH maintains both the PCP subsystem Enrollment files and the WMS eligibility files, using data input by the LDSS. SDOH uses data contained in both these files to generate the Roster.

ii) SDOH shall send monthly to the Contractor and LDSS (according to a schedule established by SDOH) a complete list of all Enrollees for which the Contractor is expected to assume medical risk beginning on the first of the following month (First Monthly Roster). Notification to the Contractor and LDSS will be accomplished via paper transmission, magnetic media, or the HPN.

iii) SDOH shall send the Contractor and LDSS monthly, at the time of the first monthly roster production, a Disenrollment Report listing those Enrollees from the previous month’s roster who were disenrolled, transferred to another MCO, or whose Enrollments were deleted from the file. Notification to the Contractor and LDSSs will be accomplished via paper transmission, magnetic media, or the HPN.

iv) The SDOH shall also forward an error report as necessary to the Contractor and LDSS.

v) On the first weekend after the first day of the month following the generation of the first Roster, SDOH shall send the Contractor and LDSS a second Roster which contains any additional Enrollees that the LDSS has added for Enrollment for the current month. The SDOH will also include any additions to the error report that
have occurred since the initial error report was generated. The Contractor must accept this second roster information as an official adjustment to the first roster.

c) LDSS Responsibilities:

i) The LDSS is responsible for notifying the Contractor electronically or in writing of changes in the First Roster and error report, no later than the end of the month. This includes, but is not limited to, new Enrollees whose Enrollments in Medicaid Advantage were processed subsequent to the pull-down date but prior to the Effective Date of Enrollment. (Note: To the extent practicable the date specified must allow for timely notice to Enrollees regarding their Enrollment status. The Contractor and the LDSS may develop protocols for the purpose of resolving Roster discrepancies that remain unresolved beyond the end of the month).

ii) Enrollment and eligibility issues are reconciled by the LDSS to the extent possible, through manual adjustments to the PCP subsystem Enrollment and WMS eligibility files, if appropriate.

d) Contractor Responsibilities:

i) The Contractor is at risk for providing Benefit Package services for those Enrollees listed on the 1st and 2nd Rosters for the month in which the 2nd Roster is generated. Contractor is not at risk for providing services to Enrollees who appear on the monthly Disenrollment report.

ii) The Contractor must submit claims to the State’s Fiscal Agent for all Eligible Persons that are on the 1st and 2nd Rosters (see Appendix H, page 7), adjusted to add Eligible Persons enrolled by the LDSS after Roster production and to remove individuals disenrolled by LDSS after Roster production (as notified to the Contractor). In the cases of retroactive Disenrollments, the Contractor is responsible for submitting an adjustment to void any previously paid premiums for the period of retroactive Disenrollment, where the Contractor was not at risk for the provision of Benefit Package services. Payment of sub-capitation does not constitute “provision of Benefit Package services.”

5. Disenrollment

a) LDSS Responsibilities:

i) Enrollees may request to disenroll from the Contractor’s Medicaid Advantage Product at any time for any reason. Disenrollment requests may be made by Enrollees to the LDSS, the Enrollment Broker, or the Contractor.
ii) Medicaid Advantage Plans, LDSSs, and the Enrollment Broker must utilize State-approved Disenrollment forms.

iii) The LDSS will accept requests for Disenrollment directly from the Enrollee or from the Contractor.

iv) Enrollees may initiate a request for an expedited Disenrollment to the LDSS. The LDSS is responsible for expediting the Disenrollment process in those cases where an Enrollee’s request for Disenrollment involves concurrent Disenrollment from the Contractor’s Medicare Advantage Product, an urgent medical need, a complaint of non-consensual enrollment or, in New York City, homeless individuals in the shelter system. If approved, the LDSS will manually process the Disenrollment through the PCP Subsystem. Enrollees who request to be disenrolled from Medicaid Advantage based on their documented HIV, ESRD, or SPMI/SED status are categorically eligible for an expedited Disenrollment on the basis of urgent medical need.

v) The LDSS is responsible for processing routine Disenrollment requests to take effect on the first (1st) day of the following month to the extent possible. In no event shall the Effective Date of Disenrollment be later than the first (1st) day of the second month after the month in which an Enrollee requests a Disenrollment.

vi) The LDSS is responsible for disenrolling Enrollees automatically upon death, Disenrollment from the Contractor’s Medicare Advantage Product, or loss of Medicaid eligibility. All such Disenrollments will be effective at the end of the month in which the death, Effective Date of Disenrollment from the Contractor’s Medicare Advantage Product, or loss of eligibility occurs, or at the end of the last month of Guaranteed Eligibility, where applicable.

vii) The LDSS is responsible for promptly disenrolling an Enrollee whose managed care eligibility or status changes such that he/she is deemed by the LDSS to no longer be eligible for Medicaid Advantage Enrollment. The LDSS is responsible for providing Enrollees with a notice of their right to request a fair hearing.

viii) The LDSS is responsible for ensuring that Retroactive Disenrollments are used only when absolutely necessary. Circumstances warranting a retroactive Disenrollment are rare and include when an individual is deemed to have been non-consensually enrolled in the Contractor’s Medicaid Advantage Product, is enrolled when ineligible for Enrollment, or when an Enrollee enters or resides in a residential institution under circumstances which render the individual ineligible; is incarcerated; is retroactively disenrolled from the Contractor’s Medicare Advantage Product, or has died. Payment of subcapitation does not constitute “provision of Benefit Package services.” Notwithstanding the foregoing, the SDOH always has the right to recover Medicaid Advantage.
premiums paid to an MCO for persons who have concurrent enrollment in one or more Medicaid Advantage products under more than one Client Identification Number (CIN).

ix) The SDOH may recover premiums paid for Medicaid Advantage Enrollees whose eligibility for this program was based on false information, when such false information was provided as a result of intentional actions or failures to act on the part of an employee of the Contractor; and the Contractor shall have no right of recourse against the Enrollee or a provider of services for the cost of services provided to the Enrollee for the period covered by such premiums.

x) The LDSS is responsible for notifying the Contractor of the retroactive disenrollment prior to the action. The LDSS is responsible for finding out if the Contractor has made payments to providers on behalf of the Enrollee prior to Disenrollment. After this information is obtained, the LDSS and Contractor will agree on a retroactive Disenrollment or prospective Disenrollment date. In all cases of retroactive Disenrollment, including Disenrollments effective the first day of the current month, the LDSS is responsible for sending notice to the Contractor at the time of Disenrollment, of the Contractor’s responsibility to submit to the SDOH’s Fiscal Agent voided premium claims within thirty (30) business days of notification from the LDSS for any full months of retroactive Disenrollment. Notwithstanding the foregoing, the SDOH always has the right to recover MCO premiums paid for persons who have concurrent enrollment in one or more MCO product under more than one Client Identification Number (CIN). Failure by the LDSS to notify the Contractor does not affect the right of the SDOH to recover the premium payment as authorized by Section 3.6 of this Agreement or for the State Attorney General to bring legal action to recover any overpayment.

xi) Generally the effective dates of Disenrollment are prospective. Effective dates for other than routine Disenrollments are described below:

* In counties outside of New York City, LDSSs should work together to ensure continuity of care through the Contractor if the Contractor’s service area includes the county to which the Enrollee has moved and the Enrollee, with continuous eligibility, wishes to stay enrolled in the Contractor’s plan. In New York City, Enrollees, not in guaranteed status, who move out of the Contractor’s Service Area but not outside, of the City of New York (e.g., move from one borough to another), will not be involuntarily disenrolled, but must request a Disenrollment or transfer. These Disenrollments will be performed on a routine basis unless there is an urgent medical need to expedite the Disenrollment.

xii) The LDSS is responsible for informing Enrollees of their right to disenroll at any time for any reason.

xiii) The LDSS will render a decision within five (5) days of the receipt of a fully documented request for Disenrollment.

xiv) To the extent possible, the LDSS is responsible for processing an expedited disenrollment within two (2) business days of its determination that an expedited Disenrollment is warranted.

xv) The LDSS is responsible for sending the following notices to Enrollees regarding their Disenrollment status. Where practicable, the process will allow for timely
notification to Enrollees unless there is “good cause” to disenroll more expeditiously.

A) Notice of Disenrollment: These notices will advise the Enrollee of the LDSS’s determination regarding an Enrollee-initiated, LDSS-initiated or Contractor-initiated Disenrollment and will include the Effective Date of Disenrollment. In cases where the Enrollee is being involuntarily disenrolled, the notice must contain fair hearing rights.

B) When the LDSS denies any Enrollee’s request for Disenrollment pursuant to Section 8 of this Agreement, the LDSS is responsible for informing the Enrollee in writing explaining the reason for the denial, stating the facts upon which the denial is based, citing the statutory and regulatory authority and advising the Enrollee of his/her right to a fair hearing pursuant to 18 NYCRR Part 358.

C) Notice of Change to “Guarantee Coverage”: This notice will advise the Enrollee that his or her Medicaid coverage is ending and how this affects his or her enrollment in the Medicaid Advantage Product. This notice contains pertinent information regarding “Guaranteed Eligibility” benefits and dates of coverage. If an Enrollee is not eligible for guarantee, this notice is not necessary.

xvi) In those instances where the LDSS approves the Contractor’s request to disenroll an Enrollee, and the Enrollee requests a fair hearing, the Enrollee will remain in the Contractor’s Medicaid Advantage Product until the disposition of the fair hearing, if Aid to Continue is ordered by the New York State Office of Administrative Hearings.

xvii) The LDSS is responsible for reviewing each Contractor requested Disenrollment in accordance with the provisions of Section 8.7 of this Agreement. Where applicable, the LDSS may consult with local mental health and substance abuse authorities in the district when making the determination to approve or disapprove the request.

xviii) The LDSS is responsible for establishing procedures whereby the Contractor refers cases which are appropriate for an LDSS-initiated Disenrollment and submits supporting documentation to the LDSS.

xix) After the LDSS receives and, if appropriate, approves the request for Disenrollment either from the Enrollee or the Contractor, the LDSS is responsible for updating the appropriate state systems with an end date. The Enrollee is
removed from the Contractor’s Roster. If the Enrollee is not exempt or excluded, he/she will be required to enroll in another plan.

b) Contractor Responsibilities:

i) In those instances where the Contractor directly receives Disenrollment forms, the Contractor will forward these Disenrollments to the LDSS for processing within five (5) business days (or according to Section 5 of this Appendix). During pull-down week, these forms may be faxed to the LDSS with the hard copy to follow.

ii) The Contractor must accept and transmit all requests for voluntary Disenrollments from its Enrollees to the LDSS, and shall not impose any barriers to Disenrollment requests. The Contractor may require that a Disenrollment request be in writing, contain the signature of the Enrollee, and state the Enrollee’s correct Contractor or Medicaid identification number.

iii) The Contractor will make a good faith effort to identify cases which may be appropriate for an LDSS-initiated Disenrollment. Within five (5) business days of identifying such cases and following LDSS procedures, the Contractor will, in writing, refer cases which are appropriate for an LDSS-initiated Disenrollment and will submit supporting documentation to the LDSS. This includes, but is not limited to, changes in status for its enrolled members that may impact eligibility for Enrollment in an MCO such as address changes, incarceration, death, ineligibility for Medicaid Advantage Enrollment, change in Medicare status, the apparent enrollment of a member in the Contractor’s Medicaid Advantage product under more than one CIN, etc.

iv) With respect to Contractor-initiated Disenrollments:

A) The Contractor may initiate an involuntary Disenrollment if the Enrollee:
   i) engages in conduct or behavior that seriously impairs the Contractor’s ability to furnish services to either the Enrollee or other Enrollee’s, provided that the Contractor has made and documented reasonable efforts to resolve the problems presented by the Enrollee; or
   ii) provides fraudulent information on an enrollment form or permits abuse of an enrollment card except when the Enrollee is no longer eligible for Medicaid and is in his/her Guaranteed Eligibility period.

B) The Contractor may not request Disenrollment because of an adverse change in the Enrollee’s health status, or because of the Enrollee’s utilization of medical services, diminished mental capacity, or uncooperative or disruptive behavior resulting from the Enrollee’s special needs (except where continued enrollment in the Contractor’s plan seriously
impairs the Contractor’s ability to furnish services to either the Enrollee or other Enrollees).

C) The Contractor must make a reasonable effort to identify for the Enrollee, both verbally and in writing, those actions of the Enrollee that have interfered with the effective provision of covered services as well as explain what actions or procedures are acceptable.

D) The Contractor shall give prior verbal and written notice to the Enrollee, with a copy to the LDSS, of its intent to request Disenrollment. The written notice shall advise the Enrollee that the request has been forwarded to the LDSS for review and approval. The written notice must include the mailing address and telephone number of the LDSS.

E) The Contractor shall keep the LDSS informed of decisions related to all complaints filed by an Enrollee as a result of, or subsequent to, the notice of intent to disenroll.

v) The Contractor will not consider an Enrollee disenrolled without confirmation from the LDSS or the Roster (as described in Section 4 of this Appendix).

New York State Department of Health Guidelines of Federal Americans with Disabilities Act
GUIDELINES FOR MEDICAID MCO COMPLIANCE
WITH THE AMERICANS WITH DISABILITIES ACT (ADA)

I. Objectives

Title II of the Americans With Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973 (Section 504) provides that no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or denied access to the benefits of services, programs or activities of a public entity, or be subject to discrimination by such an entity. Public entities include State and local government and ADA and Section 504 requirements extend to all programs and services provided by State and local government. Since Medicaid is a government program, health services provided through Medicaid Managed Care, including Medicaid Advantage, must be accessible to all who qualify for the program.

MCO responsibilities for compliance with the ADA are imposed under Title II and Section 504 when, as a contractor in a Medicaid program, a plan is providing a government service. If an individual provider under contract with the MCO is not accessible, it is the responsibility of the MCO to make arrangements to assure that alternative services are provided. The MCO may determine it is expedient to make arrangements with other providers, or to describe reasonable alternative means and methods to make these services accessible through its existing contractors. The goals of compliance with ADA Title II requirements are to offer a level of services that allows people with disabilities access to the program in its entirety, and the ability to achieve the same health care results as any program participant.

MCO responsibilities for compliance with the ADA are also imposed under Title III when the MCO functions as a public accommodation providing services to individuals (e.g. program areas and sites such as marketing, education, member services, orientation, complaints and appeals). The goals of compliance with ADA Title III requirements are to offer a level of services that allows people with disabilities full and equal enjoyment of the goods, services, facilities or accommodations that the entity provides for its customers or clients. New and altered areas and facilities must be as accessible as possible. Whenever MCOs engage in new construction or renovation, compliance is also required with accessible design and construction standards promulgated pursuant to the ADA as well as State and local laws. Title III also requires that public accommodations undertake “readily achievable barrier removal” in existing facilities where architectural and communications barriers can be removed easily and without much difficulty or expense.

The state uses Plan Qualification Standards to qualify MCOs for participation in the Medicaid Managed Care Program. Pursuant to the state’s responsibility to assure program access to all recipients, the Plan Qualification Standards require each MCO to submit an ADA Compliance Plan that describes in detail how the MCO will make services, programs and activities readily accessible and useable by individuals with disabilities. In the event that
certain program sites are not readily accessible, the MCO must describe reasonable alternative methods for making the services or activities accessible and usable.

The objectives of these guidelines are threefold:

• to ensure that MCOs take appropriate steps to measure access and assure program accessibility for persons with disabilities;
• to provide a framework for managed care organizations (MCOs) as they develop a plan to assure compliance with the Americans with Disabilities Act (ADA); and
• to provide standards for the review of MCO Compliance Plans.

These guidelines include a general standard followed by a discussion of specific considerations and suggestions of methods for assuring compliance. Please be advised that, although these guidelines and any subsequent reviews by State and local governments can give the contractor guidance, it is ultimately the contractor’s obligation to ensure that it complies with its contractual obligations, as well as with the requirements of the ADA, Section 504, and other federal, state and local laws. Other federal, state and local statutes and regulations also prohibit discrimination on the basis of disability and may impose requirements in addition to those established under ADA. For example, while the ADA covers those impairments that “substantially” limit one or more of the major life activities of an individual, New York City Human Rights Law deletes the modifier “substantially”.

II. Definitions

A. "Auxiliary aids and services" may include qualified interpreters, note takers, computer-aided transcription services, written materials, telephone handset amplifiers, assistive listening systems, telephones compatible with hearing aids, closed caption decoders, open and closed captioning, telecommunications devices for enrollees who are deaf or hard of hearing (TTY/TDD), video test displays, and other effective methods of making aurally delivered materials available to individuals with hearing impairments; qualified readers, taped texts, audio recordings, Brailled materials, large print materials, or other effective methods of making visually delivered materials available to individuals with visual impairments.

B. "Disability" means a mental or physical impairment that substantially limits one or more of the major life activities of an individual; a record of such impairment; or being regarded as having such an impairment.

III. Scope of MCO Compliance Plan

The MCO Compliance Plan must address accessibility to services at the MCO’s program sites, including both participating provider sites and MCO facilities intended for use by enrollee.
### IV. Program Accessibility

Public programs and services, when viewed in their entirety, must be readily accessible to and useable by individuals with disabilities. This standard includes physical access, non-discrimination in policies and procedures and communication. Communications with individuals with disabilities are required to be as effective as communications with others. The MCO Compliance Plan must include a detailed description of how MCO services, programs and activities are readily accessible and useable by individuals with disabilities. In the event that full physical accessibility is not readily available for people with disabilities, the MCO Compliance Plan will describe the steps or actions the MCO will take to assure accessibility to services equivalent to those offered at the inaccessible facilities.

5. Procedures for assuring that these populations receive appropriate diagnostic workups on a timely basis
6. Procedures for assuring that these populations receive appropriate access to durable medical equipment on a timely basis
7. Procedures for assuring that these populations receive appropriate allied health professionals (Physical, Occupational and Speech Therapists, Audiologists) on a timely basis
8. State designation as a Well Qualified Plan to serve OMRDD population and look-alikes

**Compliance Plan Submission**

1. A description of arrangements to ensure access to specialty care providers and centers in and out of New York State, standing referrals, specialist physicians to function as PCP, out of plan referrals, and continuation of existing relationships (out-of-plan) for diagnosis and treatment of rare disorders.
2. A description of appropriate service delivery for children with disabilities. This may include a description of methods for interacting with school districts, preschool services, child protective service agencies, early intervention officials, behavioral health, and disability and advocacy organizations and School Based Health Centers.
3. A description of the pediatric provider and sub-specialist network, including contractual relationships with tertiary institutions to meet the health care needs of children with disabilities

**V. ADDITIONAL ADA RESPONSIBILITIES FOR PUBLIC ACCOMMODATIONS**

Please note that Title III of the ADA applies to all non-governmental providers of health care. Title III of the Americans With Disabilities Act prohibits discrimination on the basis of
disability in the full and equal enjoyment of goods, services, facilities, privileges, advantages or accommodations of any place of public accommodation. A public accommodation is a private entity that owns, leases or leases to, or operates a place of public accommodation. Places of public accommodation identified by the ADA include, but are not limited to, stores (including pharmacies) offices (including doctors’ offices), hospitals, health care providers, and social service centers.

New and altered areas and facilities must be as accessible as possible. Barriers must be removed from existing facilities when it is readily achievable, defined by the ADA as easily accomplishable without much difficulty or expense. Factors to be considered when determining if barrier removal is readily achievable include the cost of the action, the financial resources of the site involved, and, if applicable, the overall financial resources of any parent corporation or entity. If barrier removal is not readily achievable, the ADA requires alternate methods of making goods and services available. New facilities must be accessible unless structurally impracticable.

Title III also requires places of public accommodation to provide any auxiliary aids and services that are needed to ensure equal access to the services it offers, unless a fundamental alteration in the nature of services or an undue burden would result. Auxiliary aids include but are not limited to qualified sign interpreters, assistive listening systems, readers, large print materials, etc. Undue burden is defined as “significant difficulty or expense”. The factors to be considered in determining “undue burden” include, but are not limited to, the nature and cost of the action required and the overall financial resources of the provider. “Undue burden” is a higher standard than “readily achievable” in that it requires a greater level of effort on the part of the public accommodation.

Please note also that the ADA is not the only law applicable for people with disabilities. In some cases, State or local laws require more than the ADA. For example, New York City’s Human Rights Law, which also prohibits discrimination against people with disabilities, includes people whose impairments are not as “substantial” as the narrower ADA and uses the higher “undue burden” (“reasonable”) standard where the ADA requires only that which is “readily achievable”. New York City’s Building Code does not permit access waivers for newly constructed facilities and requires incorporation of access features as existing facilities are renovated. Finally, the State Hospital code sets a higher standard than the ADA for provision of communication (such as sign language interpreters) for services provided at most hospitals, even on an outpatient basis.

Appendix K-2

DESCRIPTION OF MEDICAID SERVICES INCLUDED IN COMBINED MEDICARE ADVANTAGE AND MEDICAID ADVANTAGE BENEFIT PACKAGE FOR DUAL ELIGIBLES:

Medicare Cost Sharing

All Part C enrollee cost sharing, encompassing all deductibles, co-pays and co-insurance amounts as well as any subscriber premium.

Inpatient Mental Health Over 190-Day Lifetime Limit

All inpatient mental health services, including voluntary or involuntary admissions for mental health services over the Medicare 190-Day Lifetime Limit. The Contractor may provide the covered benefit for medically necessary mental health inpatient services through hospitals licensed pursuant to Article 28 of the New York State P.H.L.

Non-Medicare Covered Home Health Services

Medicaid covered home health services include the provision of skilled services not covered by Medicare (e.g. physical therapist to supervise maintenance program for patients who have reached their maximum restorative potential or nurse to pre-fill syringes for disabled individuals with diabetes) and/or home health aide services as required by an approved plan of care developed by a certified home health agency.

Non-Medicare Covered Durable Medical Equipment

Medicare and Medicaid covered durable medical equipment, including devices and equipment other than medical/surgical supplies, enteral formula, and prosthetic or orthotic appliances having the following characteristics: can withstand repeated use for a protracted period of time; are primarily and customarily used for medical purposes; are generally not useful to a person in the absence of illness or injury and are usually fitted, designed or fashioned for a particular individual's use.

Private Duty Nursing Services

Private duty nursing services provided by a person possessing a license and current registration from the NYS Education Department to practice as a registered professional nurse or licensed practical nurse. Private duty nursing services can be provided through an approved certified home health agency, a licensed home care agency, or a private Practitioner.

Private duty nursing services are covered when determined by the attending physician to be medically necessary. Nursing services may be intermittent, part-time or continuous and must be provided in an Enrollee’s home in accordance with the ordering physician, registered physician assistant or certified nurse practitioner’s written treatment plan.
Hearing Services

Hearing services and products when medically necessary to alleviate disability caused by the loss or impairment of hearing. Services include hearing aid selecting, fitting, and dispensing; hearing aid checks following dispensing, conformity evaluations and hearing aid repairs; audiology services including examinations and testing, hearing aid evaluations and hearing aid prescriptions; and hearing aid products including hearing aids, ear molds, special fittings and replacement parts.

Vision Services

Services of optometrists, ophthalmologists and ophthalmic dispensers including eyeglasses, medically necessary contact lenses and poly-carbonate lenses, artificial eyes (stock or custom-made), low vision aids and low vision services. Coverage also includes the repair or replacement of parts. Coverage also includes examinations for diagnosis and treatment for visual defects and/or eye disease. Examinations for refraction are limited to every two (2) years unless otherwise justified as medically necessary. Eyeglasses do not require changing more frequently than every two (2) years unless medically necessary or unless the glasses are lost, damaged or destroyed.

If the Contractor does not provide upgraded eyeglass frames or additional features (such as scratch coating, progressive lenses or photo-gray lenses) as part of its covered vision benefit, the Contractor cannot apply the cost of its covered eyeglass benefit to the total cost of the eyeglasses the Enrollee wants and bill only the difference to the Enrollee. For example, if the Contractor covers only standard bifocal lenses and the Enrollee wants no-line bifocal lenses, the Enrollee must choose between taking the standard bifocal or paying the full price of the no-line bifocal lenses (not just the difference between the cost of the bifocal lenses and the no-line lenses). However, the Enrollee may pay for upgraded lenses as a private customer and have the Contractor pay for the frames or pay for upgraded frames as a private customer and have the Contractor pay for the lenses. The Enrollee must be informed of this fact by the vision care provider at the time that the glasses are ordered.

As described in Section 10.9 of this Agreement, Enrollees may self-refer to Article 28 clinics affiliated with the College of Optometry of the State University of New York to obtain covered optometry services.

Dental Services (optional benefit outside of NYC)

Dental services include, but shall not be limited to, preventive, prophylactic and other routine dental care, services, supplies and dental prosthetics required to alleviate a serious health condition, including one which affects employability.

Dental surgery performed in an ambulatory or inpatient setting is the responsibility of the Contractor whether dental services are a covered plan benefit, or not. Inpatient claims and referred ambulatory claims for dental services ancillary to dental surgery provided in an inpatient or outpatient hospital setting are the responsibility of the Contractor. In these situations, the professional services of the dentist are covered by Medicaid fee-for-service. The Contractor
should set up procedures to prior approve dental services provided in inpatient and ambulatory settings.

Enrollees may self-refer to Article 28 clinics operated by academic dental centers to obtain covered dental services.

If Contractor’s Benefit Package excludes dental services:

i) Enrollees may obtain routine exams, orthodontic services and appliances, dental office surgery, fillings, prophylaxis, and other Medicaid covered dental services from any qualified Medicaid provider who shall claim reimbursement from eMedNY; and

ii) Inpatient and referred ambulatory claims for medical services provided in an inpatient or outpatient hospital setting in conjunction with a dental procedure (e.g. anesthesiology, x-rays), are the responsibility of the Contractor. In these situations, the professional services of the dentist are covered Medicaid fee-for-service.

**Non-Emergency Transportation (optional benefit outside of NYC)**

Transportation expenses are covered when transportation is essential in order for an Enrollee to obtain necessary medical care and services which are covered under the Medicaid program (either as part of the Contractor’s Benefit Package or by fee-for-service Medicaid). Non-emergent transportation guidelines may be developed in conjunction with the LDSS, based on the LDSS’ approved transportation plan. The Contractor is required to use only approved Medicaid ambulette vendors to provide ambulette transportation services to Medicaid Advantage Enrollees.

Transportation services means transportation by ambulance, ambulette, fixed wing or airplane transport, invalid coach, taxicab, livery, public transportation, or other means appropriate to the Enrollee’s medical condition; and a transportation attendant to accompany the Enrollee, if necessary. Such services may include the transportation attendant’s transportation, meals, lodging and salary; however, no salary will be paid to a transportation attendant who is a member of the Enrollee’s family.

When the Contractor is capitated for non-emergency transportation, the Contractor is also responsible for providing transportation for an Enrollee to obtain Medicaid covered services that are not part of the Contractor’s Benefit Package.

For Contractors that cover non-emergency transportation in the Medicaid Advantage Benefit Package, transportation costs to MMTP services may be reimbursed by Medicaid FFS in accordance with the LDSS transportation policies in local districts in which there is a systematic method to discretely identify and reimburse such transportation costs.

For Enrollees with disabilities, the method of transportation must reasonably accommodate their needs, taking into account the severity and nature of the disability.

DESCRIPTION OF NON-COVERED SERVICES

The following services are excluded from the Contractor’s Medicare and Medicaid Benefit Packages, and are covered, in most instances, by Medicare or Medicaid fee-for-service:

1. Hospice Services Provided to Medicaid Advantage Enrollees

Hospice services provided to Medicare Advantage Enrollees by Medicare approved hospice providers are directly reimbursed by Medicare. Hospice is a coordinated program of home and inpatient care that provides non-curative medical and support services for persons certified by a physician to be terminally ill with a life expectancy of twelve (12) months or less. Hospice programs provide patients and families with palliative and supportive care to meet the special needs arising out of physical, psychological, spiritual, social and economic stresses which are experienced during the final stages of illness and during dying and bereavement.

_Hospices are organizations which must be certified under Article 40 of the NYS P.H.L. and approved by Medicare. All services must be provided by qualified employees and volunteers of the hospice or by qualified staff through contractual arrangements to the extent permitted by federal and state requirements. All services must be provided according to a written plan of care which reflects the changing needs of the patient/family._

If an Enrollee in the Contractor's plan becomes terminally ill and receives Hospice Program services, he or she may remain enrolled and continue to access the Contractor’s Benefit Package while Hospice costs are paid for by Medicare fee-for-service.

2. Other Services Deemed to be Covered by Original Medicare by CMS

3. Personal Care Services

Personal care services (PCS) involve the provision of some or total assistance with personal hygiene, dressing and feeding and nutritional and environmental support (meal preparation and housekeeping). Such services must be essential to the maintenance of the Enrollee’s health and safety in his or her own home. The services must be ordered by a physician, and there has to be a medical need for the services. Licensed home care services agencies, as opposed to certified home health agencies, are the primary providers of PCS. Enrollees receiving PCS must have a stable medical condition and are generally expected to be in receipt of such services for an extended period of time (years).

Services rendered by a personal care agency which are approved by the LDSS are not covered under the Medicare or Medicaid Benefit Packages. Should it be medically necessary for the PCP to order personal care agency services, the PCP (or the Contractor on the physician's behalf) must first contact the Enrollee’s LDSS contact person for personal care. The district will determine the Enrollee’s need for personal care agency services and coordinate a plan of care with the personal care agency.
4. Skilled Nursing Facility Days Not Covered by Medicare

Skilled nursing facility days for Medicaid Advantage Enrollees in excess of the first one hundred (100) days in the benefit period are covered by Medicaid on a fee for service basis.

5. Prescription Drugs Permitted by State Law, Certain Medical Supplies and Enteral Formulas Not Covered by Medicare

NYS Medicaid continues to provide coverage for categories of drugs excluded from the Medicare Part D benefit such as barbiturates, benzodiazepines, and some prescription vitamins, and some non-prescription drugs. Certain medical/surgical supplies and enteral formula covered by Medicaid and not included in the Contractor’s Medicare Advantage Benefit Package also will be paid for by Medicaid fee-for-service. Medical/surgical supplies are items other than drugs, prosthetic or orthotic appliances, or DME, which have been ordered by a qualified practitioner in the treatment of a specific medical condition and which are: consumable, non-reusable, disposable, or for a specific rather than incidental purpose, and generally have no salvageable value (e.g. gauze pads, bandages and diapers). Pharmaceuticals and medical supplies routinely furnished or administered as part of a clinic or office visit are covered by the Contractor. Enteral formula and nutritional supplements is limited to individuals who cannot obtain nutrition through any other means, and to the following three conditions: 1) tube-fed individuals who cannot chew or swallow food and must obtain nutrition through formula via tube; 2) individuals with rare inborn metabolic disorders requiring specific medical formulas to provide essential nutrients not available through any other means; and 3) children who require medical formulas due to mitigating factors in growth and development. Coverage of certain inherited disease of amino acid and organic acid metabolism shall include modified solid food products that are low-protein or which contain modified protein.

6. Out of Network Family Planning Services

As described in Sections 10.6 and 10.9 of this Agreement, out of network family planning services provided by qualified Medicaid providers to plan enrollees will be directly reimbursed by Medicaid fee-for-service at the Medicaid fee schedule. “Family Planning and Reproductive Health Services” means those health services which enable Enrollees, including minors who may be sexually active, to prevent or reduce the incidence of unwanted pregnancy. These include: diagnosis and all medically necessary treatment, sterilization, screening and treatment for sexually transmissible diseases and screening for disease and pregnancy.

Also included are HIV counseling and testing when provided as part of a family planning visit. Additionally, reproductive health care includes coverage of all medically necessary abortions. Elective induced abortions must be covered for New York City recipients. Fertility services are not covered.
7. Dental (when not in benefit package)

(See description in Appendix K-2)

8. Non-Emergency Transportation (when not in benefit package)

(See description in Appendix K-2)

9. Methadone Maintenance Treatment Program (MMTP)

MMTP consists of drug detoxification, drug dependence counseling, and rehabilitation services which include chemical management of the patient with methadone. Facilities authorized to provide methadone maintenance treatment certified by the Office of Alcohol and Substance Abuse Services (OASAS) under Part 828 of 14 NYCRR.

10. Certain Mental Health Services

The Contractor is not responsible for the provision and payment of the following services, which are reimbursed through Medicaid fee-for-service.

a. Intensive Psychiatric Rehabilitation Treatment Programs (IPRT)

IPRT is a time-limited active psychiatric rehabilitation designed to assist a patient in forming and achieving mutually agreed upon goals in living, learning, working and social environments and to intervene with psychiatric rehabilitative technologies to overcome functional disabilities. IPRT services are certified by OMH under Part 587 of 14 NYCRR.

b. Day Treatment

Day Treatment is a combination of diagnostic, treatment, and rehabilitative procedures which, through supervised and planned activities and extensive client-staff interaction, provides the services of the clinic treatment program, as well as social training, task and skill training and socialization activities. These services are certified by OMH under Part 587 of 14 NYCRR.

c. Continuing Day Treatment

Continuing Day Treatment is designed to maintain or enhance current levels of functioning and skills, maintain community living, and develop self-awareness and self-esteem. It includes: assessment and treatment planning, discharge planning, medication therapy, medication education, case management, health screening and referral, rehabilitative readiness development, psychiatric
rehabilitative readiness determination and referral, and symptom management. These services are certified by OMH under Part 587 of 14 NYCRR.

d. Case Management for Seriously and Persistently Mentally Ill Sponsored by State or Local Mental Health Units

The target population consists of individuals who are seriously and persistently mentally ill (SPMI), require intensive, personal and proactive intervention to help them obtain those services which will permit functioning in the community and either have symptomology which is difficult to treat in the existing mental health care system or are unwilling or unable to adapt to the existing mental health care system. Three case management models are currently operated pursuant to an agreement with OMH or a local governmental unit, and receive Medicaid reimbursement pursuant to Part 506 of 14 NYCRR.

Please note: See generic definition of Comprehensive Medicaid Case Management (CMCM) in this section.

e. Partial Hospitalization Not Covered by Medicare

Provides active treatment designed to stabilize and ameliorate acute systems, serves as an alternative to inpatient hospitalization, or reduces the length of a hospital stay within a medically supervised program by providing the following: assessment and treatment planning; health screening and referral; symptom management; medication therapy; medication education; verbal therapy; case management; psychiatric rehabilitative readiness determination and referral and crisis intervention. These services are certified by OMH under Part 587 of 14 NYCRR.

f. Assertive Community Treatment (ACT)

ACT is a mobile team-based approach to delivering comprehensive and flexible treatment, rehabilitation, case management and support services to individuals in their natural living setting. ACT programs deliver integrated services to recipients and adjust services over time to meet the recipient’s goals and changing needs. They are operated pursuant to approval or certification by OMH; and receive Medicaid reimbursement pursuant to Part 508 of 14 NYCRR.

g. Personalized Recovery Oriented Services (PROS)

PROS, licensed and reimbursed pursuant to Part 512 of 14 NYCRR, are designed to assist individuals in recovery from the disabling effects of mental illness through the coordinated delivery of a customized array of rehabilitation, treatment, and support services in traditional settings and in off-site locations. Specific components of PROS include Community Rehabilitation and Support, Intensive Rehabilitation, Ongoing Rehabilitation and Support and Clinical Treatment.
11. Rehabilitation Services Provided to Residents of OMH Licensed Community Residences (CRs) and Family Based Treatment Programs, as follows:

a. OMH Licensed CRs

Rehabilitative services in community residences are interventions, therapies and activities which are medically therapeutic and remedial in nature, and are medically necessary for the maximum reduction of functional and adaptive behavior defects associated with a person's mental illness.

b. Family-Based Treatment

Rehabilitative services in family-based treatment programs are intended to provide treatment to seriously emotionally disturbed children and youth to promote their successful functioning and integration into the family, community, school or independent living situations. Such services are provided in consideration of a child's developmental stage. Children determined eligible for admission are placed in surrogate family homes for care and treatment. These services are certified by OMH under Section 586.3, and Parts 594 and 595 of 14 NYCRR.

12. Office for People With Developmental Disabilities Services

a. Long Term Therapy Services Provided by Article 16-Clinic Treatment Facilities or Article 28 Facilities

These services are provided to persons with developmental disabilities including medical or remedial services recommended by a physician or other licensed practitioner of the healing arts for a maximum reduction of the effects of physical or mental disability and restoration of the person to his or her best possible functional level. It also includes the fitting, training, and modification of assistive devices by licensed practitioners or trained others under their direct supervision. Such services are designed to ameliorate or limit the disabling condition and to allow the person to remain in or move to, the least restrictive residential and/or day setting. These services are certified by OPWDD under Part 679 of 14 NYCRR (or they are provided by Article 28 Diagnostic and Treatment Centers that are explicitly designated by the SDOH as serving primarily persons with developmental disabilities). If care of this nature is provided in facilities other than Article 28 or Article 16 centers, it is a covered service.

b. Day Treatment

A planned combination of diagnostic, treatment and rehabilitation services provided to developmentally disabled individuals in need of a broad range of services, but who do not need intensive twenty-four (24) hour care and medical supervision. The services provided as identified in the comprehensive assessment may include nutrition, recreation, self-care, independent living, therapies, nursing, and transportation services. These services are generally provided in an
Intermediate Care Facility (ICF) or a comparable setting. These services are certified by OPWDD under Part 690 of 14 NYCRR.

c. Medicaid Service Coordination (MSC)

Medicaid Service Coordination (MSC) is a Medicaid State Plan service provided by OPWDD which assists persons with developmental disabilities and mental retardation to gain access to necessary services and supports appropriate to the needs of the individual. MSC is provided by qualified service coordinators and uses a person centered planning process in developing, implementing and maintaining an Individualized Service Plan (ISP) with and for a person with developmental disabilities and mental retardation. MSC promotes the concepts of a choice, individualized services and consumer satisfaction.

MSC is provided by authorized vendors who have a contract with OPWDD, and who are paid monthly pursuant to such contract. Persons who receive MSC must not permanently reside in an ICF for persons with developmental disabilities, a developmental center, a skilled nursing facility or any other hospital or Medical Assistance institutional setting that provides service coordination. They must also not concurrently be enrolled in any other comprehensive Medicaid long term service coordination program/service, including the Care at Home Waiver.

Please note: See generic definition of Comprehensive Medicaid Case Management (CMCM) in this section.

d. Home And Community Based Services Waivers (HCBS)

The Home and Community-Based Services Waiver serves persons with developmental disabilities who would otherwise be admitted to an ICF/MR if waiver services were not provided. HCBS waivers services include residential habilitation, day habilitation, prevocational, supported work, respite, adaptive devices, consolidated supports and services, environmental modifications, family education and training, live-in caregiver, and plan of care support services. These services are authorized pursuant to a waiver under Section 1915(c) of the Social Security Act (SSA).

e. Services Provided Through the Care At Home Program (OPWDD)

The OPWDD Care at Home III, Care at Home IV, and Care at Home VI waivers, serve children who would otherwise not be eligible for Medicaid because of their parents’ income and resources, and who would otherwise be eligible for an ICF/MR level of care. Care at Home waiver services include service coordination, respite and assistive technologies. Care at Home waiver services are authorized pursuant to a waiver under Section 1915(c) of the SSA.

13. Comprehensive Medicaid Case Management (CMCM)

A program which provides “social work” case management referral services to a targeted population (e.g.: teens, mentally ill). A CMCM case manager will assist a client in accessing
necessary services in accordance with goals contained in a written case management plan. CMCM programs do not provide services directly, but refer to a wide range of service providers. The nature of these services include: medical, social, psycho-social, education, employment, financial, and mental health. CMCM referral to community service agencies and/or medical providers requires the case manager to work out a mutually agreeable case coordination approach with the agency/medical providers. Consequently, if an Enrollee of the Contractor is participating in a CMCM program, the Contractor should work collaboratively with the CMCM case manager to coordinate the provision of services covered by the Contractor. CMCM programs will be instructed on how to identify a managed care Enrollee on eMedNY so that the program can contact the Contractor or to coordinate service provision.

14. Directly Observed Therapy for Tuberculosis Disease

Tuberculosis directly observed therapy (TB/DOT) is the direct observation of oral ingestion of TB medications to assure patient compliance with the physician's prescribed medication regimen. While the clinical management of tuberculosis is covered in the Benefit Package, TB/DOT where applicable, can be billed directly to MMIS by any SDOH approved fee-for-service Medicaid TB/DOT Provider. The Contractor remains responsible for communicating, cooperating and coordinating clinical management of TB with the TB/DOT Provider.

15. AIDS Adult Day Health Care

Adult Day Health Care Programs (ADHCP) are programs designed to assist individuals with HIV disease to live more independently in the community or eliminate the need for residential health care services. Registrants in ADHCP require a greater range of comprehensive health care services than can be provided in any single setting, but do not require the level of services provided in a residential health care setting. Regulations require that a person enrolled in an ADHCP must require at least three (3) hours of health care delivered on the basis of at least one (1) visit per week. While health care services are broadly defined in this setting to include general medical care, nursing care, medication management, nutritional services, rehabilitative services, and substance abuse and mental health services, the latter two (2) cannot be the sole reason for admission to the program. Admission criteria must include, at a minimum, the need for general medical care and nursing services.

16. HIV COBRA Case Management

The HIV COBRA (Community Follow-up Program) Case Management Program is a program that provides intensive, family-centered case management and community follow-up activities by case managers, case management technicians, and community follow-up workers. Reimbursement is through an hourly rate billable to Medicaid. Reimbursable activities include intake, assessment, reassessment, service plan development and implementation, monitoring, advocacy, crisis intervention, exit planning, and case specific supervisory case-review conferencing.
17. **Adult Day Health Care**

**Adult Day Health Care** means care and services provided to a registrant in a residential health care facility or approved extension site under the medical direction of a physician and which is provided by personnel of the adult day health care program in accordance with a comprehensive assessment of care needs and an individualized health care plan, and providing ongoing implementation and coordination of the health care plan, and transportation.

**Registrant** means a person who is a nonresident of the residential health care facility, who is functionally impaired and not homebound, and who requires certain preventive, diagnostic, therapeutic, rehabilitative or palliative items or services provided by a general hospital, or residential health care facility; and whose assessed social and health care needs, in the professional judgment of the physician of record, nursing staff, Social Services and other professional personnel of the adult day health care program can be met satisfactorily in whole or in part by delivery of appropriate services in such program.

18. **Personal Emergency Response Services (PERS)**

Personal Emergency Response Services (PERS) are not covered by the Benefit Package. PERS are covered on a fee-for-service basis through contracts between the LDSS and PERS vendors.

Additional Specifications for the Medicaid Advantage Agreement
Additional Specifications for the Medicaid Advantage Agreement

1. Contractor will give continuous attention to performance of its obligations herein for the duration of this Agreement and with the intent that the contracted services shall be provided and reports submitted in a timely manner as SDOH may prescribe.

2. Contractor will possess, at no cost to the State, all qualifications, licenses and permits to engage in the required business as may be required within the jurisdiction where the work specified is to be performed. Workers to be employed in the performance of this Agreement will possess the qualifications, training, licenses and permits as may be required within such jurisdiction.

3. Work for Hire Contract

If pursuant to this Agreement the Contractor will provide the SDOH with software or other copyrightable materials, this Agreement shall be considered a "Work for Hire Contract." The SDOH will be the sole owner of all source code and any software which is developed or included in the application software provided to the SDOH as a part of this Agreement.

4. Technology Purchases Notification -- The following provisions apply if this Agreement procures only "Technology"

a) For the purposes of this policy, "technology" applies to all services and commodities, voice/data/video and/or any related requirement, major software acquisitions, systems modifications or upgrades, etc., that result in a technical method of achieving a practical purpose or in improvements of productivity. The purchase can be as simple as an order for new or replacement personal computers, or for a consultant to design a new system, or as complex as a major systems improvement or innovation that changes how an agency conducts its business practices.

b) If this Agreement is for procurement of software over $20,000, or other technology over $50,000, or where the SDOH determines that the potential exists for coordinating purchases among State agencies and/or the purchase may be of interest to one or more other State agencies, PRIOR TO APPROVAL by OSC, this Agreement is subject to review by the Governor’s Task Force on Information Resource Management.

c) The terms and conditions of this Agreement may be extended to any other State agency in New York.

5. Subcontracting

The Contractor agrees not to enter into any agreements with third party organizations for the performance of its obligations, in whole or in part, under this Agreement without the State’s prior written approval of such third parties and the scope of the work to be performed by them. The State’s approval of the scope of work and the subcontractor does not relieve the Contractor of its obligation to perform fully under this Agreement.
6. Sufficiency of Personnel and Equipment

If SDOH is of the opinion that the services required by the specifications cannot satisfactorily be performed because of insufficiency of personnel, SDOH shall have the authority to require the Contractor to use such additional personnel to take such steps necessary to perform the services satisfactorily at no additional cost to the State.

7. Provisions Upon Default

a) The services to be performed by the Contractor shall be at all times subject to the direction and control of the SDOH as to all matters arising in connection with or relating to this Agreement.

b) In the event that the Contractor, through any cause, fails to perform any of the terms, covenants or promises of this Agreement, the SDOH acting for and on behalf of the State, shall thereupon have the right to terminate this Agreement by giving notice in writing of the fact and date of such termination to the Contractor, pursuant to Section 2 of this Agreement.

c) If, in the judgment of the SDOH, the Contractor acts in such a way which is likely to or does impair or prejudice the interests of the State, the SDOH acting for and on behalf of the State, shall thereupon have the right to terminate this Agreement by giving notice in writing of the fact and date of such termination to the Contractor, pursuant to Section 2 of this Agreement.

8. Minority And Women Owned Business Policy Statement

The SDOH recognizes the need to take affirmative action to ensure that Minority and Women Owned Business Enterprises are given the opportunity to participate in the performance of the SDOH's contracting program. This opportunity for full participation in our free enterprise system by traditionally socially and economically disadvantaged persons is essential to obtain social and economic equality and improve the functioning of the State economy.

It is the intention of the SDOH to provide Minority and Women Owned Business Enterprises with equal opportunity to bid on contracts awarded by this agency in accordance with the State Finance Law.

9. Insurance Requirements

a) The Contractor must without expense to the State procure and maintain, until final acceptance by the SDOH of the work covered by this Agreement, insurance of the kinds and in the amounts hereinafter provided, by insurance companies authorized to do such business in the State of New York covering all operations under this Agreement, whether performed by it or by subcontractors. Before commencing the work, the
Contractor shall furnish to the SDOH a certificate or certificates, in a form satisfactory to SDOH, showing that it has complied with the requirements of this section, which certificate or certificates shall state that the policies shall not be changed or cancelled until thirty days written notice has been given to SDOH. The kinds and amounts of required insurance are:

i) A policy covering the obligations of the Contractor in accordance with the provisions of Chapter 41, Laws of 1914, as amended, known as the Workers' Compensation Law, and the Agreement shall be void and of no effect unless the Contractor procures such policy and maintains it until acceptance of the work.

ii) Policies of Bodily Injury Liability and Property Damage Liability Insurance of the types hereinafter specified, each within limits of not less than $500,000 for all damages arising out of bodily injury, including death at any time resulting therefrom sustained by one person in any one occurrence, and subject to that limit for that person, not less than $1,000,000 for all damages arising out of bodily injury, including death at any time resulting therefrom sustained by two or more persons in any one occurrence, and not less than $500,000 for damages arising out of damage to or destruction of property during any single occurrence and not less than $1,000,000 aggregate for damages arising out of damage to or destruction of property during the policy period.

10. Certification Regarding Debarment and Suspension

a) Regulations of the U.S. Department of Health and Human Services, located at Part 76 of Title 45 of the Code of Federal Regulations (CFR), implement Executive Orders 12549 and 12689 concerning debarment and suspension of participants in Federal program and activities. Executive Order 12549 provides that, to the extent permitted by law, Executive departments and agencies shall participate in a government wide system for non-procurement debarment and suspension. Executive Order 12689 extends the debarment and suspension policy to procurement activities of the Federal Government. A person who is debarred or suspended by a Federal agency is excluded from Federal financial and non-financial assistance and benefits under Federal programs and activities, both directly (primary covered transaction) and indirectly (lower tier covered transactions). Debarment or suspension by one Federal agency has government wide effect.

b) Pursuant to the above cited regulations, the SDOH (as a participant in a primary covered transaction) may not knowingly do business with a person who is debarred,
suspended, proposed for debarment, or subject to other government wide exclusion (including an exclusion from Medicare and State health care program participation on or after August 25, 1995), and the SDOH must require its contractors, as lower tier participants, to provide the certification as set forth below:

i) CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION-LOWER TIER COVERED TRANSACTIONS

Instructions for Certification

A) By signing this Agreement, the Contractor, as a lower tier participant, is providing the certification set out below.

B) The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

C) The lower tier participant shall provide immediate written notice to the SDOH if at any time the lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

D) The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. The Contractor may contact the SDOH for assistance in obtaining a copy of those regulations.

E) The lower tier participant agrees that it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

F) The lower tier participant further agrees that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions,” without modification, in all lower tier covered transactions.

G) A participant in a covered transaction may rely upon a certification of a participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR Subpart 9.4, debarred, suspended, ineligible, or
voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Excluded Parties List System.

H) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

I) Except for transactions authorized under paragraph E of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR Subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

ii) Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions

A) The lower tier participant certifies, by signing this Agreement, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department agency.

B) Where the lower tier participant is unable to certify to any of the statements in this certification, such participant shall attach an explanation to this Agreement.

11. Reports and Publications

a) Any materials, articles, papers, etc., developed by the Contractor pertaining to the MMC Program or FHPlus Program must be reviewed and approved by the SDOH for conformity with the policies and guidelines of the SDOH prior to dissemination and/or publication. It is agreed that such review will be conducted in an expeditious manner. Should the review result in any unresolved disagreements regarding content, the Contractor shall be free to publish in scholarly journals along with a disclaimer that the views within the Article or the policies reflected are not necessarily those of the New York State Department of Health.

b) Any publishable or otherwise reproducible material developed under or in the course of performing this Agreement, dealing with any aspect of performance under this Agreement, or of the results and accomplishments attained in such performance, shall be the sole and exclusive property of the State, and shall not be published or otherwise disseminated by the Contractor to any other party unless prior written approval is
secured from the SDOH or under circumstances as indicated in paragraph (a) above. Any and all net proceeds obtained by the Contractor resulting from any such publication shall belong to and be paid over to the State. The State shall have a perpetual royalty-free, non-exclusive and irrevocable right to reproduce, publish or otherwise use, and to authorize others to use, any such material for governmental purposes.

c) No report, document or other data produced in whole or in part with the funds provided under this Agreement may be copyrighted by the Contractor or any of its employees, nor shall any notice of copyright be registered by the Contractor or any of its employees in connection with any report, document or other data developed pursuant to this Agreement.

d) All reports, data sheets, documents, etc. generated under this Agreement shall be the sole and exclusive property of the SDOH. Upon completion or termination of this Agreement the Contractor shall deliver to the SDOH upon its demand all copies of materials relating to or pertaining to this Agreement. The Contractor shall have no right to disclose or use any of such material and documentation for any purpose whatsoever, without the prior written approval of the SDOH or its authorized agents.

e) The Contractor, its officers, agents and employees and subcontractors shall treat all information, which is obtained by it through its performance under this Agreement, as confidential information to the extent required by the laws and regulations of the United States and laws and regulations of the State of New York.

12. Payment

Payment for claims/invoices submitted by the Contractor shall only be rendered electronically unless payment by paper check is expressly authorized by the Commissioner, in the Commissioner's sole discretion, due to extenuating circumstances. Such electronic payment shall be made in accordance with ordinary State procedures and practices. The Contractor shall comply with the State Comptroller's procedures to authorize electronic payments. Authorization forms are available at the State Comptroller's website at www.osc.state.ny.us/epay/index.htm, by email at epunit@osc.state.ny.us or by telephone at 518-474-6019. The Contractor acknowledges that it will not receive payment on any claims/invoices submitted under this Agreement if it does not comply with the State Comptroller's electronic payment procedures, except where the Commissioner has expressly authorized payment by paper check as set forth above.

In addition to the Electronic Payment Authorization Form, a Substitute Form W-9, must be on file with the Office of the State Comptroller, Bureau of Accounting Operations. Additional information and procedures for enrollment can be found at http://www.osc.state.ny.us/epay.

Completed W-9 forms should be submitted to the following address:
13. Provisions Related to New York State Procurement Lobbying Law

The State reserves the right to terminate this Agreement in the event it is found that the certification filed by the Contractor in accordance with New York State Finance Law § 139-k was intentionally false or intentionally incomplete. Upon such finding, the State may exercise its termination right by providing written notice to the Contractor in accordance with the written notification terms of this Agreement.

Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law Section 899-aa; State Technology Law Section 208). Contractor shall be liable for the costs associated with such breach if caused by Contractor’s negligent or willful acts or omissions, or the negligent or willful acts or omissions, or the negligent or willful acts or omissions of Contractor’s agents, officers, employees or subcontractors.

15. Accessibility of State Agency Web-based Intranet and Internet Information and Applications

Any web-based intranet and internet information and applications development, or programming delivered pursuant to the contract or procurement, will comply with New York State Enterprise IT Policy NYS-P08005, Accessibility of Web-Based Information and Applications, and NYS Mandatory Technology Standard S04-001, as such policy or standard may be amended, modified or superseded, which requires that state agency web-based intranet and internet information and applications are accessible to persons with disabilities. Web content must conform to New York State Enterprise IT Policy NYS-P08-005, as determined by quality assurance testing. Such quality assurance testing will be conducted by NYSDOH and the awarded contractor, and the results of such testing must be satisfactory to NYSDOH before web content will be considered a qualified deliverable under the contract or procurement.

16. New York State Tax Law Section 5-a

Section 5-a of the Tax Law, as amended, effective April 26, 2006, requires certain contractors awarded state contracts for commodities, services and technology valued at more than $100,000 to certify to the New York State Department of Tax and Finance (DTF) that they are registered to collect New York State and local sales and compensating use taxes. The law applies to contracts where the total amount of such contractors’ sales delivered into New York State are in excess of $300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made, and with respect to any
affiliates and subcontractors whose sales delivered into New York State exceeded $300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made.

This law imposes upon certain contractors the obligation to certify whether or not the contractor, its affiliates, and its subcontractors are required to register to collect sales and compensating use tax and contractors must certify to DTF that each affiliate and subcontractor exceeding such sales threshold is registered with DTF to collect New York State and local sales and compensating use taxes. The law prohibits the State Comptroller, or other approving agencies, from approving a contract awarded to an offerer meeting the registration requirements but who is not so registered in accordance with the law.

Contractor must complete and submit directly to the New York State Taxation and Finance, Contractor Certification Form ST-220-TD. Unless the information upon which the ST-220-TD is based changes, this form only needs to be filed once with DTF. If the information changes for the contractor, its affiliate(s), or its subcontractor(s), a new form (ST-220-TD) must be filed with DTF.

Contractor must complete and submit to the Department of Health the form ST-220-CA certifying that the contractor filed the ST-220-TD with DTF. Failure to make either of these filings may render an offerer non-responsive and non-responsible. Offerers shall take the necessary steps to provide properly certified forms within a timely manner to ensure compliance with the law.

17. M/WBE Utilization Plan for Subcontracting and Purchasing

The Department of Health (DOH) encourages the use of Minority and/or Women Owned Business Enterprises (M/WBEs) for any subcontracting or purchasing related to this contract. Contractors who are not currently a New York State certified M/WBE must define the portion of all consumable products and personnel required for this proposal that will be sourced from a M/WBE. The amount must be stated in total dollars and as a percent of the total cost necessary to fulfill the Agreement requirements. Supportive documentation must include a detailed description of work that is required including products and services.

The goal for usage of M/WBEs is at least 10% of monies used for contract activities. In order to assure a good-faith effort to attain this goal, the STATE requires that Contractors complete the M/WBE Utilization Plan and submit this Plan.

Contractors that are New York State certified MBEs or WBEs are not required to complete this form. Instead, such Contractors must simply provide evidence of their certified status. Failure to submit the above referenced Plan (or evidence of certified M/WBE status) will result in disqualification of the vendor from consideration for award.
