

PLEASE NOTE* Providers on this list are OMH funded agencies currently receiving OMH funds to operate non-Medicaid reimbursable Home and Community Based-like services that are similar to or identical to the HCBS, also referred to as “1915i-like”, services that will be available to Health and Recovery Plan (HARP) enrollees if HARPs are approved by CMS.

All of the providers appear qualified to be designated to provide one or more HCBS services to HARP enrollees, based on their experience delivering OMH funded similar services.

Importantly, however, their appearance on this list is NOT tantamount to designation. These providers will have to apply for designation. Any provider on this list that does not apply to be an HCBS service provider and/or is not approved as an HCBS provider will be delisted as a “safety net” provider.
