

NYC REACH - PCMH Training

Patient-Centered Medical Home (PCMH) is a model of care coordination across the health system. By implementing six standards of PCMH outline by the National Committee for Quality Assurance (NCQA), providers can earn PCMH recognition and receive thousands of dollars in incentive payments. **NYC REACH offers group trainings and individual site support for practices wishing to receive PCMH recognition.** For more information, see attached and contact Alvin Lin (alin1@health.nyc.gov).
