

Ottawa Conference | Ottawa Model for Smoking Cessation

<http://ottawamodel.ottawaheart.ca/ottawa-conference>

The Ottawa Conference appears to be pertinent for our DSRIP Project 4.b.i Smoking Cessation Project. I posted this in the [Behavioral Health Discussion Group](#) and it was suggested i post in this group's conversation.

The 7th Annual Ottawa Conference: State of the Art Clinical Approaches to Smoking Cessation will be held from January 23-24, 2015 at the Westin Ottawa Hotel.

I'd be interested in learning from others working in DSRIP smoking cessation projects how they are going about with implementing the project.
