

Telemedicine Program Planning and Implementation Webinar Series

AHI is offering a series of four webinars for telemedicine program planning and implementation training. These webinars are offered at no charge and will cover the following:

- Learn how to assess your organization’s need for a program
- Develop a working plan for program implementation
- Recognize effective evaluation strategies to assess the success of your program
- Communicate telemedicine to patients and staff
- Gain knowledge, skills, and resources to create a successful telemedicine program

The webinars will be held four consecutive Wednesdays in February from 12:00 pm to 1:00 pm. For details and registration information, visit the [AHI Telemedicine Program Planning Webinar Series](#) news link.
