PPS Name: Richmond University Medical Center & Staten Island University Hospital PPS

PPS Lead Organization: Staten Island University Hospital & Richmond University Medical Center

PPS Service Counties: Richmond

Total Attributed Population: 68,693

Goals of the PPS:

1. Develop an infrastructure that achieves transformation by investing in technology, tools, and human resources.
2. Expand access to the appropriate level of care and reduce barriers to care for all patients.
3. Expand outpatient and community services to reduce avoidable hospital/Emergency Department use.
4. Improve the overall health of the community on Staten Island.
5. Improve coordination of care / develop an integrated network.
6. Improve care management for high risk patients, including patients with chronic acute and behavioral conditions.
7. Develop population health care capacity.
8. Integrate technology to allow for the secure exchange of health information across PPS providers.
9. Reduce per person costs for providing care.
10. Engage the uninsured and low utilizing Medicaid patients and connect them to care.
11. Implement innovative and evidence based care models throughout the care continuum.
12. Implement learning collaboration between PPS partners for sharing best practices across the system.
