Quarterly Report - Implementation Plan for NYU Brooklyn PPS

Year and Quarter: DY4, Q4

Quarterly Report Status:  Adjudicated

Status By Section

Section	Description	Status
Section 01	Budget	 Completed
Section 02	Governance	 Completed
Section 03	Financial Stability	 Completed
Section 04	Cultural Competency & Health Literacy	 Completed
Section 05	IT Systems and Processes	 Completed
Section 06	Performance Reporting	 Completed
Section 07	Practitioner Engagement	 Completed
Section 08	Population Health Management	 Completed
Section 09	Clinical Integration	 Completed
Section 10	General Project Reporting	 Completed
Section 11	Workforce	 Completed

Status By Project

Project ID	Project Title	Status
2.a.i	Create Integrated Delivery Systems that are focused on Evidence-Based Medicine / Population Health Management	 Completed
2.b.iii	ED care triage for at-risk populations	 Completed
2.b.ix	Implementation of observational programs in hospitals	 Completed
2.c.i	Development of community-based health navigation services	 Completed
3.a.i	Integration of primary care and behavioral health services	 Completed
3.c.i	Evidence-based strategies for disease management in high risk/affected populations (adults only)	 Completed
3.d.ii	Expansion of asthma home-based self-management program	 Completed
4.b.i	Promote tobacco use cessation, especially among low SES populations and those with poor mental health.	 Completed
4.c.ii	Increase early access to, and retention in, HIV care	 Completed

Section 02 – Governance

✅ IPQR Module 2.1 - Prescribed Milestones

Instructions :

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement.

Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation. Note some milestones include minimum expected completion dates.

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
Milestone #1 Finalize governance structure and sub-committee structure	Completed	This milestone must be completed by 9/30/2015. Governance and committee structure, signed off by PPS Board.	04/01/2015	09/30/2015	04/01/2015	09/30/2015	09/30/2015	DY1 Q2	YES
Task Step 1	Completed	Identify size and number of standing committees.	04/01/2015	09/30/2015	04/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Step 2	Completed	Solicit and appoint members of the Executive Committee.	04/01/2015	09/30/2015	04/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Step 3	Completed	Solicit and appoint members of the Nominating Committee, Clinical Sub-Committee, Finance Sub-Committee, and Information Technology Sub-committee.	04/01/2015	09/30/2015	04/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Step 4	Completed	Obtain Executive approval of final governance structure.	04/01/2015	09/30/2015	04/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Milestone #2 Establish a clinical governance structure, including clinical quality committees for each DSRIP project	Completed	This milestone must be completed by 12/31/2015. Clinical Quality Committee charter and committee structure chart	04/01/2015	12/31/2015	04/01/2015	12/31/2015	12/31/2015	DY1 Q3	YES
Task Step 1	Completed	Draft, and obtain approval from Executive Committee on, charter for Clinical Sub-Committee. The charter will describe the responsibilities of the Clinical Sub-Committee, the process for appointing members to the Clinical Sub-committee, and the consensus-based decision making process of the Clinical Sub-committee.	04/01/2015	09/30/2015	04/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Step 2	Completed	Solicit and appoint members of the Clinical Sub-committee. Clinical Sub-Committee members to include broad representation of PPS partners including behavior health providers, FQHCs, primary care physicians, and community	04/01/2015	09/30/2015	04/01/2015	09/30/2015	09/30/2015	DY1 Q2

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
Task Step 1	Completed	Draft procedures by which the Executive Committee and Committees will (a) keep minutes, (b) send minutes to the Executive Committee, other Committees and Lutheran, as applicable and (c) make minutes available to partners ("Reporting Process"). The Reporting Process will include limitations on availability of Executive Committee minutes to partners for security and confidentiality purposes, e.g., when the minutes concern the performance of a partner.	07/01/2015	12/31/2015	07/01/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Step 2	Completed	Include Reporting Process in charters to be finalized per milestones described above.	07/01/2015	12/31/2015	07/01/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Step 3	Completed	Monitor committee and sub-committee performance through review of minutes and other means.	07/01/2015	12/31/2015	07/01/2015	12/31/2015	12/31/2015	DY1 Q3	
Milestone #5 Finalize community engagement plan, including communications with the public and non-provider organizations (e.g. schools, churches, homeless services, housing providers, law enforcement)	Completed	Community engagement plan, including plans for two-way communication with stakeholders.	01/01/2016	03/31/2016	01/01/2016	03/31/2016	03/31/2016	DY1 Q4	NO
Task Step 1	Completed	PPS leadership drafts preliminary community engagement plan. The community engagement plan will be rooted in and drafted to ensure commitment to grassroots engagement and will be based on bi-directional communication with partners. The PPS will endeavor to develop accessible messaging and open dialogue on the goals of DSRIP in reducing avoidable hospitalizations and emergency room use. The PPS also hopes to establish avenues of communication for community feedback and input.	01/01/2016	03/31/2016	01/01/2016	03/31/2016	03/31/2016	DY1 Q4	
Task Step 2	Completed	Identify key partners and stakeholders and review plan based on membership survey and analysis. Key partners and stakeholders will include, but not be limited to, public schools, community-based organizations, faith organizations, food pantries/soup kitchens, housing organizations, and Medicaid beneficiaries.	01/01/2016	03/31/2016	01/01/2016	03/31/2016	03/31/2016	DY1 Q4	
Task Step 3	Completed	Revise plan to reflect input from key stakeholders.	01/01/2016	03/31/2016	01/01/2016	03/31/2016	03/31/2016	DY1 Q4	
Task Step 4	Completed	Obtain Executive Committee approval of draft community engagement plan.	01/01/2016	03/31/2016	01/01/2016	03/31/2016	03/31/2016	DY1 Q4

Task Step 1	Completed	Draft and obtain review/feedback from Executive Committee on Master Services Agreement and exhibits, which will describe legal terms and conditions of participating CBOs' participation in the PPS and governance structure (collectively, the "Base Agreement").	07/01/2015	09/30/2015	07/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Step 2	Completed	Obtain feedback from CBOs on Base Agreement and revise based on feedback received.	07/01/2015	09/30/2015	07/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Step 3	Completed	Send Base Agreement to each CBO.	04/01/2015	12/31/2015	04/01/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Step 4	Completed	Finalize Base Agreement; execute with each CBO.	04/01/2015	03/31/2016	04/01/2015	03/31/2016	03/31/2016	DY1 Q4	
Task Step 5	Completed	Review schedules to Base Agreement with CBOs. Identify CBOs to be contracted with based on Clinical Sub-Committee recommendations. Schedules will describe obligations of CBOs with respect to DSRIP projects and the funding related to performance of those obligations. Some schedules will likely be added later and throughout the DSRIP period as project needs evolve.	04/01/2015	12/31/2016	04/01/2015	12/31/2016	12/31/2016	DY2 Q3	
Task Step 6	Completed	Finalize schedules, as appropriate to date, to Base Agreement and attach to Base Agreement.	04/01/2015	12/31/2016	04/01/2015	12/31/2016	12/31/2016	DY2 Q3	
Milestone #7 Finalize agency coordination plan aimed at engaging appropriate public sector agencies at state and local levels (e.g. local departments of health and mental hygiene, Social Services, Corrections, etc.)	Completed	Agency Coordination Plan.	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2	NO
Task Step 1	Completed	Identify public agencies at state and local level with which PPS will coordinate including the NYS and NYC agencies that focus on health, mental hygiene and substance abuse.	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1	
Task Step 2	Completed	Refine project implementation plans, including collaboration with public agencies. For example, the HIV Clinical Implementation Plan will actively engage the NYC Department of Health and Mental Hygiene.	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1

✓ IPQR Module 2.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing your governance structure and processes and achieving the milestones described above, as well as potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

One challenge will be developing and negotiating the Base Agreement, the project schedules and funding schedules among the partners due to the broad range of partners by type and size. The various partners will have largely different interests, capabilities and limitations. The planned review of the Base Agreement and project schedules with partners' legal counsel will be transparent and will aim to reach mutually agreeable terms among all partners.

Another challenge will be engaging members of the committees in a meaningful and productive way to achieve the PPS's goals over a short timeline. In order to build a strong and working governance structure, the members appointed to the various committees must prepare for meetings (e.g., read materials distributed in advance of meetings), attend and be attentive during meetings, be otherwise actively involved in the committees and, importantly, follow up to execute committee decisions. However, the PPS Lead recognizes that committee members have significant obligations to their organizations outside of the PPS and will aim to be respectful of their time commitments.

A third challenge will be integrating the disparate health care providers, CBOs and other organizations that will be partners in the NYU Langone Brooklyn PPS. While NYU Langone Hospital – Brooklyn has been providing health care services to the Brooklyn community for over 130 years, and has worked closely with other health care and social services organizations in the course of doing so, the level of coordination that will be required to implement and operationalize a successful DSRIP project will far exceed the coordination that has occurred in Brooklyn in the past. NYU Langone Hospital – Brooklyn will leverage the relationships it has built (and continues to build) due to its participation in the Southwest Brooklyn Health Home, the relationships that have been developed by NYU Langone's affiliates, including the NYU Lutheran Augustana Center for Extended Rehabilitation and Care, the Family Health Centers at NYU Langone, and the relationships that NYU Langone Hospital – Brooklyn has built throughout the DSRIP planning process, to work to establish the integrated, coordinated care network that is necessary to the success of the NYU Langone Brooklyn PPS.

✓ IPQR Module 2.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

The ability to develop the project schedules that are part of the partnership agreements with CBOs will depend on the development of Clinical Operational Plans which will detail work plans and partner obligations by DSRIP project. Creation of the funding schedules is dependent upon outputs of the finance work stream, which will include the funding amount that the PPS Lead will receive, the distribution of partners among the projects and the allocation of funding to each project-level budget. More generally, the success of the governance process will require active

New York State Department Of Health Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

engagement of the partners, and that active engagement will depend on the PPS's ability to meet its goals, which will require, among other things, (1) sufficient numbers of appropriately trained workforce members, which is dependent on the PPS's workforce strategy; (2) the ability of the PPS and its partners to exchange patient data, coordinate care, and engage in the required data analytics and reporting activities necessary, which is dependent on the PPS's establishment of the enterprise clinical platform that will serve as the core technology infrastructure of the PPS; and (3) the success of the performance management work stream, which will be critical to ensuring the PPS's success.

✓ IPQR Module 2.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for the development of your governance structure and processes and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Lead development of PPS governance and clinical governance structures	Larry McReynolds, Executive Sponsor, DSRIP, Family Health Centers at NYU Langone Alessandra Taverna-Trani, Director, DSRIP, NYU Langone Dr. Isaac Dapkins, Medical Director, NYU Langone Brooklyn PPS	Develop and finalize governance and clinical governance structures; appoint Committee/Subcommittee membership
Major hospital, health center and physician partners. Key partners to include, but not limited to NYU Langone Hospital – Brooklyn, NYU, ODA, Addabbo, and Ezra Medical Center.	NYU Langone Brooklyn PPS Partners	Committee and Subcommittee membership; key document review
PPS Partners including community based organizations (including those providing behavioral health and social services such as CAMBA, Visiting Nurse Services and Brooklyn Perinatal Network)	NYU Langone Brooklyn PPS Partners	Committee and Subcommittee membership; key document review
Community engagement	NYU Langone Brooklyn PPS Central Services	Develop and oversee community engagement plan

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✔ Module 2.6 - IPQR Module 2.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS with regard to your governance structure and processes.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
NYU Langone Brooklyn PPS Leadership	Governance oversight and leadership (Committees and Sub-Committees)	Committee and Sub-Committee Chairs
NYU Langone Brooklyn PPS Partners and Providers (includes representatives from FQHCs, NYU, physicians, behavioral health agencies, social service agencies and other clinical partners). Key partners to include, but not limited to NYU Langone Hospital – Brooklyn, NYU, ODA, Addabbo, and Ezra Medical Center.	Partners and providers	Committee Chairs and membership
External Stakeholders		
State agencies	Impacted by public agency coordination plan	Participate in development of Public Agency coordination plan
Community-based organizations (including those providing behavioral health and social services such as CAMBA, Visiting Nurse Services and Brooklyn Perinatal Network and the Brooklyn Health Home)	Participating providers	Committee membership

New York State Department Of Health Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✔ IPQR Module 2.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream and your ability to achieve the milestones described above.

The IT infrastructure that is established will be used to track progress, governance decisions, and facilitate partner communications (e.g., sharing and storing secure documents via IT platforms, offering in-person and virtual communication technologies for partner communication, and data sharing to support governance activities).

✔ IPQR Module 2.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

Success of our governance work stream will be measured through meeting milestones and quarterly reporting and will be informed by periodic updates from committees. The PPS will establish a reporting structure that will allow us to track our progress against our milestones.

IPQR Module 2.9 - IA Monitoring

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✓ IPQR Module 3.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing these cross-cutting organizational strategies, including potential impacts on specific projects and, crucially, any risks that will undermine your ability to achieve outcome measure targets.

- **Provider engagement:** The PPS must meaningfully engage with PPS partners and communicate a set of PPS partner/provider funding schedules at the outset of DSRIP implementation to ensure that partners and their providers understand the process and project milestones tied to receiving payment from the PPS. In addition, as the PPS begins to engage partners around the Master Services Agreement and clinical operational planning, it will need to be transparent on the budgeting and payment processes, and educate partners on the ties to funds flow and, ultimately, funding schedules.
- **Availability of DSRIP waiver funds/ability of PPS to achieve and draw down incentive payments:** The PPS must successfully achieve and report on State-established milestones and metrics to draw down incentive payments and subsequently distribute funds to its partners. The PPS has and will continue to engage in a thoughtful planning process to ensure it is able to achieve DSRIP milestones and metrics in a timely manner and to the best of its ability.
- **Timing of DSRIP waiver funds:** Once the PPS has demonstrated successful achievement of reporting and/or performance metrics, incentive payments will not be made for 90-120 days, leaving a potential gap in funding available to support DSRIP projects. The PPS must actively track payments received and expenditures incurred to minimize the periods of low cash holdings. In addition, judicious usage of the PPS Contingency Fund will help to alleviate periods of potential low cash holdings.
- **PPS resources will be insufficient to address substantial financial fragility of partners:** If partners are financially fragile, the PPS will face a challenge in supporting it through possible transitions to financial health or organizational evolution. The PPS will work to identify issues early and work with PPS partners to identify and implement strategies as practicable.
- **MCO engagement and willingness to meaningfully participate:** The transition to value-based payments across the PPS will require the engagement and willingness of Medicaid managed care organizations (MCOs) to transform their existing fee-for-service contracts into value-based payment contracts that sustain safety net providers over five years. DSRIP goals to reduce unneeded ED visits and hospital admissions provide direct benefits to the bottom line of MCOs, while reducing hospital revenues. The PPS will continue engaging Medicaid MCOs through DSRIP implementation planning and through monthly meetings to ensure Medicaid MCOs are meaningfully engaged in the development of transition plans and have sufficient lead time and benefit sharing to prepare for the transition to value-based payments.
- **Partners in multiple PPSs will face challenges participating in managed care strategy:** Partners participating in multiple PPSs face nearly unprecedented challenge in the complexity of their coming value based reimbursement landscape. Not only will reimbursement shift away from FFS, but they may have multiple contracts with the same MCO due to participation in multiple PPSs. The PPS will continue to engage partners through partner meetings and on-going communication and coordinate with other PPSs with shared partners to maximize efficiencies, where possible.

New York State Department Of Health Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

- Formation of a contracting entity: The structure/composition of the legal entity that is created for the purposes of value-based contracting has yet to be defined.

✓ IPQR Module 3.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

- Performance reporting: The PPS will need to identify a point-of-contact in each partner organization for finance-related matters (e.g., reporting and policies/procedures).
- Governance: The PPS governance structure must be capable of executing financial responsibilities; the PPS governance structure must evolve to incorporate Medicaid MCOs to support transition to value-based payments.
- IT: The PPS IT systems must support central finance and performance reporting to inform and track PPS and project-level budgets and funds flow; the PPS IT systems must support population health management to enable partners to improve patient outcomes that will drive the transition to value-based payments with Medicaid MCOs and other payers.
- Physician and Provider Engagement: The PPS must effectively engage and educate physicians regarding population health management and project-specific clinical interventions, requirements and payment schedules associated with entering into contracts with the PPS.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✔ IPQR Module 3.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
PPS Executive Committee	Larry McReynolds, Chair, Family Health Centers at NYU Langone	Review and approve recommendations from Finance Sub-Committee.
PPS Controller	Mohamood Ishmael, NYU Langone Hospital – Brooklyn	Review and manage PPS expenditures.
PPS Compliance Officer	Sharon Kurtz, NYU Langone	Implement and maintain PPS compliance plan.
Internal Auditor	NYU team lead by Sharon Kurtz	Review PPS financial ledgers.
External Auditor	The NYU Langone Brooklyn PPS point persons are Lisa Vanchieri and Mohamood Ishmael	Review PPS financial ledgers.
Finance Sub-Committee	Lisa Vanchieri, Chair, NYU	Review and monitor financial health of PPS partners; generate recommendations on PPS finance activities.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✓ IPQR Module 3.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Provider Partners (includes representatives from FQHCs, NYU, physicians, behavioral health agencies, social service agencies and other clinical partners). Key partners to include, but not limited to NYU Langone Hospital – Brooklyn, NYU, ODA, Addabbo, and Ezra Medical Center.	Participant in PPS and recipient of funds.	Responsible for performance on program metrics, participation in clinical project implementation, accountability for use of funds.
External Stakeholders		
Managed Care Organizations	Partner in establishing value-based payment arrangements.	In collaboration with the PPS, develop value-based payment arrangements within the five-year DSRIP period.
NYS Department of Health	Oversight over value based payment arrangements	Provide feedback and support as the PPS establishes and enters into value-based payment arrangements.

New York State Department Of Health Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✅ IPQR Module 3.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream.

A shared IT infrastructure across the PPS will prove instrumental in allowing the PPS to maintain a real-time assessment of its financial health, including the ability to track expenditures submitted by partners and receipt of payments from DOH as well as access to financial sustainability data and project performance reporting. A robust IT infrastructure will also be vital to the ongoing tracking of financial compliance and to the annual financial audits performed by internal and external auditors. A shared IT infrastructure is also a critical cornerstone which will enable the PPS to transition to value based payments, by tracking and leveraging population health data.

✅ IPQR Module 3.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

The financial sustainability Work Stream will be considered successful based on the demonstrated ability to:

- Identify, monitor, and improve the PPS partner organizations that are or will become financially fragile during the course of the DSRIP period
- Seamlessly implement and adhere to financial controls and the PPS compliance plan
- Establish and execute the PPS' plans to transition to the targeted volume of value-based payment revenues

IPQR Module 3.9 - IA Monitoring

Instructions :

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Section 04 – Cultural Competency & Health Literacy

✅ IPQR Module 4.1 - Prescribed Milestones

Instructions :

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement. Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation. Note some milestones include minimum expected completion dates.

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
Milestone #1 Finalize cultural competency / health literacy strategy.	Completed	This milestone must be completed by 12/31/2015. Cultural competency / health literacy strategy signed off by PPS Board. The strategy should: -- Identify priority groups experiencing health disparities (based on your CNA and other analyses); -- Identify key factors to improve access to quality primary, behavioral health, and preventive health care -- Define plans for two-way communication with the population and community groups through specific community forums -- Identify assessments and tools to assist patients with self-management of conditions (considering cultural, linguistic and literacy factors); and -- Identify community-based interventions to reduce health disparities and improve outcomes.	07/01/2015	12/31/2015	07/01/2015	12/31/2015	12/31/2015	DY1 Q3	YES
Task Step 1	Completed	Identify oversight staff and process for Cultural Competency/Health Literacy Strategy.	07/01/2015	09/30/2015	07/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Step 2	Completed	Based on Community Needs Assessment, identify priority populations experiencing health disparities.	07/01/2015	12/31/2015	07/01/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Step 3	Completed	Develop and conduct a PPS-wide best practices and gap analysis in Cultural Competency and Health Literacy across existing programs and interventions (possibly in conjunction with other Brooklyn PPSs).	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Step 4	Completed	Research and identify PPS best practices/centers of excellence in achieving provider Cultural Competency;	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3	

**New York State Department Of Health

✓ IPQR Module 4.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing your cultural competency / health literacy strategy and addressing the specific health disparities you are targeting (based on your CNA), and achieving the milestones described above - including potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

We see several risks to implementing the Cultural Competency/Health Literacy (CC/HL) strategy and trainings. Key risks include:

- Workforce capacity issues, including resources and the capacity to identify a CC/HL coordinating body/staff in a timely fashion and to activate sufficient training staff with the necessary skills and competencies in CC/HL, and the ability of staff to be available, and released to attend training.
- Ensuring the IT infrastructure is in place to support training program development, delivery and tracking.
- Ability to develop and execute a contract with a training vendor in a timely fashion.
- Partner communication and engagement issues, including the ability to ensure active participation of all PPS partners in a CC/HL strengths and gap analysis.
- Practitioner communication and engagement issues, including the ability to ensure providers and CBOs engagement in training programs and to successfully change provider/practitioner behavior around CC/HL best practices.

The NYU Langone Brooklyn PPS intends to mitigate these risks through broad partner and practitioner communication and planning strategies and activities, incorporating CC/HL standards and training parameters into partner contracts (or expectation-setting where there are no contracts) and enforcing or reinforcing those standards/expectations, and significant and dedicated NYU Langone Brooklyn PPS Leadership and project management oversight and coordination.

✓ IPQR Module 4.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

The CC/HL strategy development and training strategy are highly dependent on several other work streams, including Workforce strategy (regarding training staff), IT infrastructure (regarding tracking of training participants), and partner and practitioner engagement (all described above), as well as the widespread adoption of culturally competent population health management functions and capabilities and successful clinical integration across the PPS partners. Additionally, this Work Stream will depend on the Finance Work Stream which will determine the available funding for each project. This funding level may present significant challenges given project requirements.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✓ IPQR Module 4.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
CC/HL strategy and training oversight	Larry McReynolds, Executive Sponsor, DSRIP, Family Health Centers at NYU Langone Alessandra Taverna-Trani, Director, DSRIP, NYU Langone	Input and approval of CC/HL and training strategies (ultimately responsible for the strategies).
Day-to-day coordination and implementation of the strategy	James David, Family Health Centers at NYU Langone	CC/HL coordination policies and processes.
Training Strategy planning and development	NYU Langone Brooklyn PPS Central Services	Lead training program development and implementation.
Approval of CC/HL strategy and training	NYU Langone Brooklyn PPS Executive Committee	Oversee CC/HL strategy and training plan for the PPS

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✓ IPQR Module 4.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
NYU Langone Brooklyn PPS Partners (including NYU, FQHCs, physicians, behavioral health agencies, and community based organizations). Key partners to include, but not limited to NYU Langone Hospital – Brooklyn, NYU, ODA, Addabbo, and Ezra Medical Center.	Role in identifying best practices/centers of excellence	Participate in strengths/gap analysis.
NYU Langone Brooklyn PPS Practitioners, clinical and non-clinical providers	Recipients of training programs	Commit to and undertake CC transformation.
External Stakeholders		
1199/Training Vendor	Training development and delivery	Curriculum and format development, Subject Matter Expertise, presenters.
NYU Langone Brooklyn PPS attributed members and their families	Ultimate recipient of transformed care delivery	Feedback through patient surveys.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✔ IPQR Module 4.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support the development and implementation of your cultural competency / health literacy strategy and the achievement of the milestones described above.

Electronic access to cross-PPS data on patients' health services, health status, demographics, etc. (through EHRs and HIE) is critical to this work stream. Shared IT infrastructure across the PPS is critical to enable population-wide data analytics/clinical informatics to identify target populations for prioritized interventions, track patients and measure care quality and outcomes across clinical projects and ensure true population health management. The IT tools the Patient Navigation Center will deploy, including a centralized repository of community resources, will help address the social determinants impacting patients' health. The use of patient portals across the PPS will facilitate patient communication, education and engagement to help ensure patients are receiving the care and information they need in a culturally competent manner. Finally, cross-PPS IT tools will be critical to administer and track the performance of training programs and other interventions to know what is working and what is not.

✔ IPQR Module 4.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

Success of our CC/HL strategy will be measured through the clinical project-specific metrics and quarterly reporting, and by periodically reviewing whether the strategy and training are successful (e.g., through provider and/or patient feedback surveys) and need to be revised.

IPQR Module 4.9 - IA Monitoring

Instructions :

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

NYU Brooklyn PPS (PPS ID:32)

Section 05 – IT Systems and Processes

✅ IPQR Module 5.1 - Prescribed Milestones

Instructions :

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement.

Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation.

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
Milestone #1 Perform current state assessment of IT capabilities across network, identifying any critical gaps, including readiness for data sharing and the implementation of interoperable IT platform(s).	Completed	Detailed IT current state assessment. Relevant QEs (RHIOs/HIEs) should be involved in performing this assessment.	04/01/2015	03/31/2016	04/01/2015	03/31/2016	03/31/2016	DY1 Q4	NO
Task Step 1	Completed	Identify/validate contacts at each partner organization.	04/01/2015	09/30/2015	04/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Step 2	Completed	Develop data sharing & interoperability requirements and plan for using existing external resources (e.g., RHIOs).	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Step 3	Completed	Develop, distribute and collect detailed survey to determine current state.	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Step 4	Completed	Establish process for partners to conduct IT self-assessment and to validate those assessments.	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Step 5	Completed	Establish process for periodic data reporting on IT capabilities.	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Step 6	Completed	Conduct gap identification and analysis.	01/01/2016	03/31/2016	01/01/2016	03/31/2016	03/31/2016	DY1 Q4	
Task Step 7	Completed	Develop mitigation strategies to resolve IT interoperability and data sharing gaps.	01/01/2016	03/31/2016	01/01/2016	03/31/2016	03/31/2016	DY1 Q4	
Milestone #2 Develop an IT Change Management Strategy.	Completed	IT change management strategy, signed off by PPS Board. The strategy should include: -- Your approach to governance of the change process; -- A communication plan to manage communication and involvement of all stakeholders, including users; -- An education and training plan; -- An impact / risk assessment for the entire IT change	07/01/2015	06/30/2016	07/01/2015	06/30/2016	06/30/2016	DY2 Q1	NO

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✓ IPQR Module 5.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in creating and implementing your IT governance structure, your plans for data sharing across your network, your approach to data security and confidentiality, and the achievement of the milestones described above, including the potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

IT Systems Design

- Risk: Ability to anticipate and define access, use and interoperability requirements (e.g., data elements that need to be shared, unique user access requirements, workflow integration requirements, end user limitations, etc.).
- Mitigation Strategy: Engage PPS partners early; develop robust IT current state survey and review thereof; develop robust technical support, training and communications strategies; leverage industry best practices and NYU implemented strategies.

IT Systems Implementation

- Risk: Integration with third party systems (disparate IT systems), end user availability for training and education, relative lack of technical resources within PPS partner organizations, incompatible EHRs, lack of critical information systems.
- Mitigation Strategy: Conduct detailed technical review during planning phase; identify IT leads within each partner organization and engage them early, and throughout the planning and implementation process; develop robust technical support, training and communications strategies; provide guidance on preferred EHR platforms; leverage NYU expertise and experience.
- Risk: Timing and availability of RHIO/SHIN-NY capabilities.
- Mitigation Strategy: Work with RHIO/SHIN-NY on pre-planning to align timelines and implementation planning activities.

IT Governance Structure:

- Risk: Ability to develop and enforce IT standards and policies across the PPS.
- Mitigation Strategy: Leverage PPS governance structure with senior representation from range of partner organizations; educate and communicate value of standards.
- Risk: Process for capturing and prioritizing requests in support of the NYU Langone Brooklyn PPS DSRIP clinical program objectives.
- Mitigation Strategy: Establish and communicate process for demand management and assign required responsibilities.

Data Sharing:

- Risk: Obtaining accurate PPS partner IT information.
- Mitigation Strategy: Conduct detailed technical review during planning phase.
- Risk: Obtaining consents.
- Mitigation Strategy: Establish program and process for obtaining patient consents including educating patients and providers, using the State-sanctioned RHIO consent form as a template; leverage NYU accepted process and procedures.

New York State Department Of Health Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

- Risk: Obtaining partner contracts for data sharing.
- Mitigation Strategy: Communicate PPS expectations and value of data sharing; ensure all contracts include HIPAA BAAs and DEAs as appropriate.

Data Security & Confidentiality:

- Risk: Many PPS partners lack detailed knowledge regarding security and confidentiality regulations.
- Mitigation Strategy: Leverage NYU technology and security services; educate PPS partners regarding security and confidentiality policies; periodically review compliance with BAAs and other legally binding agreements.

✅ IPQR Module 5.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

The IT Work Stream will require each other organizational Work Stream to address, and each PPS clinical project implementation team to define and help prioritize, that Work Stream's/team's requirements for IT support and/or capabilities. Additionally, the IT Work Stream will require a governance structure and processes that prioritize projects and requests from other Work Streams/teams, set funding and other resource levels, and define and enforce IT-related policies. Additionally, this Work Stream will depend on the Finance Work Stream which will determine the available funding for each project. This funding level may present significant challenges given project requirements.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✔ IPQR Module 5.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Program Management	Kathleen Mullaly, NYU	Current state analysis, methodology, project management, budget management, resource management, etc.
EHR Design & Implementation	Nancy Beale/NYU IT, PPS PMO	Analysts, Subject Matter Experts (including clinicians), Systems Architects, End Users, Trainers, Testers, etc.
Security	Hai Ngo/NYU, NYU IT Security Team	Design, implement and manage security; enforce HIPAA-related and other agreements as fiduciary.
Infrastructure Implementation	Anthony Antinori, NYU	Desktop, network, server, data center, help desk, etc.
HIE Design & Implementation	Anthony Antinori, NYU	Design, implement and manage HIE for PPS.
Data & Analytics Implementation	NYU EDW and Analytics Teams, PPS PMO	Design data and analytics strategy and approach, leverage existing and new tools to deliver required capabilities.
IT Governance	PPS IT Sub-Committee	Design, implement and manage PPS IT governance.
Change Management	PPS IT Sub-Committee	Establish and manage IT change management policies and processes.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✅ IPQR Module 5.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
End Users/Partners (e.g., Clinicians, administrators, community based partners, and a range of other users of the new IT systems). Key partners to include, but not limited to NYU Langone Hospital – Brooklyn, NYU, ODA, Addabbo, and Ezra Medical Center.	Users of the IT systems	Participate in design and training, and use systems to meet DSRIP objectives.
Patient Navigation Center (PNC)	User of the systems	Participate in design and training, and use systems to meet DSRIP objectives.
External Stakeholders		
Patients	Will use IT tools to access PPS capabilities and information	None.
Non-NYU Langone Brooklyn PPS Providers, payers, State agencies	May access data generated by the PPS	Use of the data in compliance with regulations.
RHIO/SHIN-NY	Technology partner	Provide connectivity/interoperability support.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✓ IPQR Module 5.7 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

PPS will measure the success of this organizational Work Stream based on progress against the milestones and steps detailed above, on our ability to generate timely and accurate progress reports as judged by the Independent Assessor and achieving system transformation and outcome measures and goals as required within the DSRIP program.

IPQR Module 5.8 - IA Monitoring

Instructions :

✓ IPQR Module 6.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing performance reporting structures and processes and effective performance management within your network, including potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

<p>Data:</p> <ul style="list-style-type: none">• Risk: The quality and range of data available to measure and understand quality and performance may not be sufficient.• Mitigation Strategy: Develop customized data and analytics capabilities; leverage NYU advanced analytics resources. <p>Alignment and Communication:</p> <ul style="list-style-type: none">• Risk: PPS performance may not represent a significant percentage of each providers business and they may not focus sufficiently on the metrics.• Mitigation Strategy: Engage members and communicate the benefits and requirements of PPS participation; incent performance. • Risk: Members may not understand the performance measures or they may feel that they can't significantly influence the measures.• Mitigation Strategy: Tailor training for the different groups that will be accessing and using the reports and dashboards; provide performance reporting down to the practice or individual level wherever possible; share successful implementation strategies among partners to develop best practices within the PPS. • Risk: PPS leaders (e.g., Central Services and/or clinical program leadership) may not understand how the performance is measured or who they should work with to address specific performance gaps.• Mitigation Strategy: Provide analytics expertise to support leadership in understanding performance and assessing high impact areas. <p>Logistics:</p> <ul style="list-style-type: none">• Risk: PPS resources are distributed across Brooklyn and have many demands on their time.• Mitigation Strategy: Provide a flexible training approach that includes online/on-demand as well as in-person training program alternatives.
--

✓ IPQR Module 6.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

<p>The performance reporting Work Stream will be dependent on IT to aggregate and integrate the necessary data and produce the necessary reports and dashboards. Additionally, this Work Stream will depend on the Finance Work Stream which will determine the available funding for each project. This funding level may present significant challenges given project requirements.</p>

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✔ IPQR Module 6.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Reporting Leader	Kris Batchoo, NYU Langone Hospital – Brooklyn	Manage this Work Stream.
Reporting Analysts	Kris Batchoo, NYU Langone Hospital – Brooklyn Diana Budman, NYU Langone Hospital – Brooklyn Olga Lanina, NYU Langone Hospital – Brooklyn Anthony Baboolal, NYU Langone Hospital – Brooklyn	Provide clinical and business data domain expertise and analytical support.
Training Leaders	PPS PMO & Clinical Programs	Develop training curriculum and coordinate/manage training program.
Trainers	PPS PMO and/or Contracted Service	Conduct training.
IT Data Integrators	Kathleen Mullaly, NYU	Integrate data required for reporting and analytics.
IT Developers	NYU IT	Develop on-line training tools, reports and dashboards.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✓ IPQR Module 6.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
IT	Deliver IT capabilities	Data, analytics tools, reports, dashboards, training modules, training administrative tools.
Communications	Organize and manage communications	Coordinate stakeholder communications.
End-Users/Partners (includes representatives from FQHCs, NYU, physicians, behavioral health agencies, social service agencies and other clinical partners). Key partners to include, but not limited to NYU Langone Hospital – Brooklyn, NYU, ODA, Addabbo, and Ezra Medical Center.	Receive and use the performance reporting information	Appropriate use of the tools and information & provide input/feedback on usefulness of the tools.
External Stakeholders		
State DOH	Prescribe reporting requirements	Provide feedback on performance.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✅ IPQR Module 6.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support your approach to performance reporting.

Shared IT infrastructure will be critical in standardizing and aggregating data for reporting and analytical purposes. Additionally, reporting tools can be standardized and efficiently deployed and managed across the PPS. The PPS anticipates leveraging Salient and the MAPP tool to help populate dashboards and deliver performance data to the PPS providers.

✅ IPQR Module 6.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

The success of this Work Stream will be measured based on our ability to meet the established milestone targets by leveraging IT infrastructure (described in previous module) and the PPS's ability to use data to influence quality and performance. The governance committees, PMO and clinical program leadership will use these tools to monitor progress and identify areas for improvement/intervention. Additionally, PPS will track system transformation and outcome measures as required within the DSRIP program.

IPQR Module 6.9 - IA Monitoring

Instructions :

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✅ IPQR Module 7.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the current level of engagement of your physician community in the DSRIP program and describe the key challenges or risks that you foresee in implementing your plans for physician engagement and achieving the milestones described above. Describe any potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

The PPS has had preliminary communication and engagement with practitioners and will embark on a comprehensive and on-going education and engagement strategy to ensure successful DSRIP implementation. Ambulatory care practitioners are essential to achieving the NYU Langone Brooklyn PPS's goal of reducing avoidable hospitalizations and readmissions. Practitioner buy-in to the PPS's clinical projects' evidence-based protocols, population health management strategies, required IT infrastructure, and focus on care coordination and patient navigation are important for the PPS to achieve its desired milestones and outcomes. Providers need to be continuously engaged in order to understand and effectuate their role and responsibilities in system transformation. Because practitioner engagement is so essential to meeting DSRIP goals, the PPS will identify "practitioner champions" who will play a key role in engaging practitioners and informing implementation. The PPS will also leverage existing professional group communication channels to ensure on-going communication and engagement.

✅ IPQR Module 7.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

Practitioner engagement will be closely interdependent with many other work streams including clinical integration, clinical project planning, population health management, partner engagement, governance, workforce training and value-based reimbursement. The PPS will need to work very closely with practitioners to ensure an understanding of and engagement with the DSRIP goals, metrics, and outcomes and to ensure their perspectives are incorporated into every step of the implementation. Practitioner engagement will also interact with workforce training as part of the retraining, recruiting, and redeploying of staff with appropriate skill sets.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✅ IPQR Module 7.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Practitioner Engagement Oversight	Dr. Gary Kalkut, NYU Dr. Isaac Dapkins, Medical Director, NYU Langone Brooklyn PPS	Oversees practitioner engagement and communication infrastructure to ensure outreach, education and engagement of practitioners.
Practitioner Training Oversight	NYU Langone Brooklyn PPS Central Services, TBD	Oversees practitioner education and training.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✓ IPQR Module 7.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
NYU Langone Brooklyn PPS Leadership	Oversight and on-going communication and engagement.	Lead communication, outreach and engagement with practitioners.
External Stakeholders		
"Practitioner champions"	Active engagement on PPS Executive Committee, Sub-Committees and work groups.	Represent physicians on various committees; play a key role in driving professional engagement.
Leads of Professional Groups	Includes representation of Practitioner Champions and PPS partners.	Provide natural communication channel to professions to ensure communication and engagement.
Practitioner partners (includes representatives from FQHCs, NYU, physicians, behavioral health agencies, social service agencies and other clinical partners). Key partners to include, but not limited to NYU Langone Hospital – Brooklyn, NYU, ODA, Addabbo, and Ezra Medical Center.	Ensuring key stakeholders across the PPS are represented and have input in the various PPS committees.	Participate in various PPS committees.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✅ IPQR Module 7.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream.

At the highest level, a successful IT strategy and clinical project implementation structure and implementation plan development process are critical to achieving clinical integration across providers involved in a specific project and across the PPS. The integrated delivery system will establish shared connectivity, registries, care coordination tools, and analytics across the PPS in order to meet DSRIP performance goals and successfully implement DSRIP clinical projects. This shared IT infrastructure will support and promote practitioner engagement through the use and sharing of data and by providing access to IT tools.

✅ IPQR Module 7.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

The PPS will measure the success of its practitioner engagement strategy by providing quarterly updates on the development of the practitioner communication and engagement plan and practitioner training strategy. The PPS will use the clinical metrics, speed and scale tables and provider ramp ups to measure progress towards achieving practitioner engagement milestones.

IPQR Module 7.9 - IA Monitoring

✅ IPQR Module 8.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing these cross-cutting organizational strategies, including potential impacts on specific projects and, crucially, any risks that will undermine your ability to achieve outcome measure targets.

The NYU Langone Brooklyn PPS has identified the following key challenges and risks that could impact our ability to achieve the milestones for the Population Health Management section:

- Limited implementation (e.g., due to delays, unforeseen challenges) of any of the interdependent work streams (see below), including the PPS's IT strategy, PCMH strategy, central services and patient navigation strategies, workforce strategy, cultural competency/health literacy strategy, etc.
- Limited success in educating and engaging providers and CBOs on the PPS's IDS and PHM approach (bridging the disconnect between system-level expectations and provider-level understanding or realities), and to facilitate their adoption of the IT, staffing and workflow changes necessary to implement PHM in a timeframe that meets the PPS's milestone and speed/scale targets.
- Limited success in engaging NYU Langone Brooklyn PPS patients in the PPS's population health management activities and initiatives.

The NYU Langone Brooklyn PPS intends to mitigate these risks through broad Partner, practitioner and patient communication and planning strategies and activities, formal Brooklyn cross-PPS discussions and efforts, and significant and dedicated NYU Langone Brooklyn PPS Leadership and project management oversight (ensuring each of the clinical projects get implemented as planned and in a timely manner) and coordination of all of these intersecting work streams.

✅ IPQR Module 8.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

This Work Stream is one of the key goals and underpinnings of the DSRIP initiative. It is highly dependent on each and every one of the other organizational Work Streams and clinical projects, which together will help the NYU Langone Brooklyn PPS effectuate its population health management approach, goals and functionality across the PPS. Most critical are the patient navigation center, information technology and informatics, practitioner engagement to ensure practitioners have a deep understanding of and skills to implement PHM and effective clinical integration, and to ensure that patients are actively engaging in their care processes. Also important are cultural competency/health literacy and performance reporting to ensure that providers are delivering and patients are receiving care in a way they understand, and that providers are being monitored and measured on their performance in meeting the PPS's population health management goals. Additionally, this Work Stream will depend on the Finance Work Stream which will determine the available funding for each project. This funding level may present significant challenges given project requirements.

✔ IPQR Module 8.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational work stream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Lead the PHM Roadmap development	NYU Langone Brooklyn PPS Central Services Population Health Management Lead, TBD	Oversight of PHM roadmap development; oversight and/or coordination across the moving parts (e.g., IT assessment; PCMH assessment and certification).
Lead assessments integral to PHM Roadmap	NYU Langone Brooklyn PPS Central Services Population Health Management Lead, TBD	Oversight of IT, PCMH and workforce assessments, and coordination with PHM Lead.
Lead the Bed Reduction strategy	TBD	Ensuring modeling of impact of clinical projects on hospital/community care utilization.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✓ IPQR Module 8.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
NYU Langone Brooklyn PPS Central Services	NYU Langone Brooklyn PPS Leadership	Oversight of PHM roadmap development.
NYU Langone Brooklyn PPS Partners (includes representatives from FQHCs, NYU, physicians, behavioral health agencies, social service agencies and other clinical partners). Key partners to include, but not limited to NYU Langone Hospital – Brooklyn, NYU, ODA, Addabbo, and Ezra Medical Center.	Impacted by bed reduction strategy	Member of coordinating body or workgroup.
External Stakeholders		
Medicaid beneficiaries	End user of reformed care delivery system	Feedback through surveys.
Workforce	Impacted by shifts in patient utilization in various care settings	Feedback through training programs.
CBOs (e.g., CAMBA, Visiting Nurse Service, Brooklyn Perinatal Network)	Impact patient engagement	Feedback through surveys or other tools
Health plans	Partners in value-based purchasing	Share experiences and tools for PHM; ultimately participate in DSRIP payment reforms.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✅ IPQR Module 8.7 - IT Expectations

Instructions :

Please describe the current Population Health Management IT capabilities in place throughout your PPS network and what your plans are at this stage for leveraging these capabilities and/or developing new IT infrastructure.

The Family Health Centers at NYU Langone, a key partner in the NYU Langone Brooklyn PPS, uses a clinical risk stratification algorithm and a set of reports including patient registries, provider reports and pre-visit planning as part of its community case management program to identify patients at risk for readmissions. NYU also brings tremendous population health management IT assets and capabilities. Both will be leveraged to support the PPS's population health management goals and strategies.

The integrated delivery system will establish shared connectivity, registries, care coordination tools, and analytics across the PPS in order to meet DSRIP performance goals and successfully implement DSRIP clinical projects.

✅ IPQR Module 8.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

The PPS will measure the success of its population health management by providing updates on each of the work streams incorporated into the road map (e.g., IT, Workforce, PCMH status, Clinical Projects), including its bed reduction plan. The PPS also will use other data sources, including what the state will provide and health plan data to measure patient service utilization and outcomes. The PPS will use the clinical metrics, speed and scale tables and provider ramp ups to measure progress towards achieving population health management milestones.

IPQR Module 8.9 - IA Monitoring

Instructions :

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Section 09 – Clinical Integration

✅ IPQR Module 9.1 - Prescribed Milestones

Instructions :

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement.

Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation.

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
Milestone #1 Perform a clinical integration 'needs assessment'.	Completed	Clinical integration 'needs assessment' document, signed off by the Clinical Quality Committee, including: -- Mapping the providers in the network and their requirements for clinical integration (including clinical providers, care management and other providers impacting on social determinants of health) -- Identifying key data points for shared access and the key interfaces that will have an impact on clinical integration -- Identify other potential mechanisms to be used for driving clinical integration	07/01/2015	03/31/2017	07/01/2015	03/31/2017	03/31/2017	DY2 Q4	NO
Task Step 1	Completed	Establish clinical project work groups (to include key providers and practitioners from partner sites) to inform the clinical integration needs assessment and strategy development (review and provide feedback).	07/01/2015	09/30/2015	07/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Step 2	Completed	Map the provider landscape participating in each clinical project.	10/01/2015	03/31/2017	10/01/2015	03/31/2017	03/31/2017	DY2 Q4	
Task Step 3	Completed	Utilize workgroups to develop and implement CI needs assessment framework (coordinated with related needed surveys, such as a Workforce or IT survey).	10/01/2015	03/31/2017	10/01/2015	03/31/2017	03/31/2017	DY2 Q4	
Task Step 4	Completed	Finalize clinical integration needs assessment.	01/01/2016	03/31/2017	01/01/2016	03/31/2017	03/31/2017	DY2 Q4	
Task Step 5	Completed	Obtain approval of clinical integration needs assessment by Clinical Sub Committee.	01/01/2017	03/31/2017	01/01/2017	03/31/2017	03/31/2017	DY2 Q4	
Milestone #2 Develop a Clinical Integration strategy.	Completed	Clinical Integration Strategy, signed off by Clinical Quality Committee, including: -- Clinical and other info for sharing	01/01/2016	09/30/2017	01/01/2016	09/30/2017	09/30/2017	DY3 Q2	NO

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✓ IPQR Module 9.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in improving the level of clinical integration throughout your network and achieving the milestones described above. Describe potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

At the highest level, successfully delivering needed IT and implementing the clinical projects are critical to achieving clinical integration across providers involved in a specific project and across the PPS. Each of those IP sections describe the processes the PPS is putting in place to mitigate any risks to achieving those Work Streams. Other risks similarly could impact the implementation of this Work Stream, including:

- Inability of providers and practitioners of all sizes to financially, administratively or operationally be able to adopt the HIT/HIE tools and processes necessary to effectuate clinical integration across the PPS.
- Educating and engaging practitioners sufficiently to ensure PPS-wide adoption of evidence-based clinical pathways, care models, and care transitions protocols to ensure true clinical integration across projects. Practitioners must be resourced appropriately to adopt these new care models and protocols.

The PPS has several mechanisms to mitigate these risks, including an active multi-dimensional communication and collaboration strategy with its partners and practitioners (e.g., All Partner meetings; PPS Newsletter; Regular email exchanges; Clinical Project Workgroups), including key partners/practitioners on the key Committees or workgroups necessary to oversee or implement these Work Streams, and ensuring active linkages across the Work Streams (e.g., IT and Clinical Projects). The clinical project general implementation section describes the PPS's general approach to ensuring provider engagement and capacity, and each clinical project describes the PPS's risk and mitigation strategy related to provider engagement and capacity.

✓ IPQR Module 9.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

As noted in this section, this work stream is highly dependent on the IT and Clinical Project Work Streams, particularly, but also is dependent on successful Workforce, Cultural Competency/Training, and Practitioner Engagement Work Streams. Successful IT delivery and clinical project implementation are critical to achieving clinical integration across providers involved in specific projects and across the PPS. Additionally, this Work Stream will depend on the Finance Work Stream which will determine the available funding for each project. This funding level may present significant challenges given project requirements.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✅ IPQR Module 9.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Oversight of CI Work Stream	Clinical Sub-Committee	Oversight and approval body.
Lead clinical integration work stream	Dr. Gary Kalkut, NYU	Oversee and monitor clinical integration activities.
Support development of clinical integration needs assessment and strategy	Project-specific clinical workgroups	Clinical integration needs assessment and strategy development.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✅ IPQR Module 9.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
NYU Langone Brooklyn PPS Partners (includes representatives from FQHCs, NYU, physicians, behavioral health agencies, social service agencies, health homes and other clinical partners). Key partners to include, but not limited to NYU Langone Hospital – Brooklyn, NYU, ODA, Addabbo, and Ezra Medical Center.	Active workgroup participation; acceptance and adoption of clinical integration strategy	Engage in the process and related trainings.
External Stakeholders		
NYU Langone Brooklyn PPS patients/families	Recipients of improved care delivery/caregivers or supports for these patients	Feedback through surveys.
CBOs	Critical patient resources/supports	Feedback through surveys.
Health plans	Source of member data to monitor outcomes	Patient data.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✔ IPQR Module 9.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream.

IT infrastructure across the PPS will be critical to supporting this Work Stream. Practitioners across the PPS, and particularly across projects, will need ready access to existing and new information and data (e.g., patient electronic health records; care management and care transitions tools and protocols; patient registries, appointment scheduling and reminder tools, provider communication tools, etc.) to be able to transform their practice to achieve clinical integration across providers in the PPS.

The NYU Langone Brooklyn PPS will establish an integrated delivery system that will connect patients and providers, and build deeply integrated and transformative clinical and care management workflows. The integrated delivery system will establish shared connectivity, registries, provider and patient portals, care coordination tools, and analytics across the PPS in order to meet DSRIP performance goals and successfully implement DSRIP clinical projects.

✔ IPQR Module 9.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

The PPS will measure the success of clinical integration across time and in several ways. We will be monitoring and reporting on the project-specific process and outcome measures; monitoring and reporting on the implementation of our IT strategy; and conducting periodic patient and provider surveys about their care delivery experience (e.g., through satisfaction surveys) and practice transformation (e.g., PCMH status assessment), respectively.

IPQR Module 9.9 - IA Monitoring:

Instructions :

New York State Department Of Health Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Section 10 – General Project Reporting

IPQR Module 10.1 - Overall approach to implementation

Instructions :

Please summarize your intended approach to the implementation of your chosen DSRIP projects, including considerations around how this approach will allow for the successful development of concurrently implementing DSRIP projects.

The NYU Langone Brooklyn PPS's approach to successful clinical project implementation centers on 1) leveraging NYU Langone Hospital – Brooklyn and NYU's existing infrastructure, resources, and clinical expertise to develop robust clinical operational plans and to provide access to clinical expertise, technical assistance and central support to implement each project; 2) establishing clinical project governance and management structures that enable efficiency, effectiveness and transparency; 3) coordinating with and actively engaging key partners; and 4) establishing IT connectivity between and among PPS partners to share data, track progress against project milestones, and report on results to ensure meaningful patient outcomes.

Partner engagement is the crux of successfully implementing this approach. NYU Langone Brooklyn PPS partners bring clinical expertise, as well as culturally-competent and community-centered knowledge, relationships and resources. Each project's success hinges on harnessing this expertise and channeling it to the wider PPS's benefit. As such, partners will be integral to the individual project teams as well as the clinical project oversight structure to develop and implement each project.

This integrated, collaborative approach will enable the NYU Langone Brooklyn PPS to transform from a disparate group of providers to a highly integrated network where each clinical project works in concert to achieve DSRIP's goals. The PPS clinical projects governance and project implementation structure will leverage individual project work groups, each responsible for focusing on their project goals, interventions, and milestones, to share data-driven, evidence-based best practices and other learnings to contribute to each project's successful implementation. These work groups will be co-led by both a NYU and community-based partner representative and comprised of NYU Langone Hospital – Brooklyn, NYU, primary care and other partners. The Clinical Sub-Committee, which will report to the PPS Executive Committee and be comprised of each work group's co-leads and additional PPS clinical and administrative leadership, will oversee all clinical projects and monitor each project's implementation to lift up cross-cutting project successes and challenges. Following implementation planning, work groups will shift to assume responsibility for on-going project monitoring, performance management and provider engagement with support from the PPS central services group.

The PPS will support this implementation approach by deploying coordinated IT systems and the Patient Navigation Center, providing actionable data for care management and coordination, and facilitating technical assistance for partners to meet the challenges of implementing specific project elements.

IPQR Module 10.2 - Major dependencies between work streams and coordination of projects

Instructions :

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Please describe how your approach will handle interdependencies between complementary projects, as well as between projects and cross-cutting PPS initiatives - for example, an IT infrastructure upgrade, or the establishment of data sharing protocols.

Successful project implementation will depend on efforts within and across the PPS-specific work streams and also cross-PPS initiatives. Specifically, the following major interdependencies have been identified by our PPS will be addressed via cross work stream and cross PPS initiatives. These will include, but not be limited to: 1) supporting relevant partners to achieve PCMH NCQA 2014 Level 3 status; 2) successfully implementing IT systems, including EMRs and HIE connectivity; 3) contracting with MCOs to support financial sustainability; 4) engaging patients, as well as engaging providers to consistently employ evidence-based, best practice clinical protocols to achieve standardization in care coordination, quality and outcomes; 5) developing a PPS-wide budget approach to ensure adequate funds are available across projects; 6) coordinating with other PPSs; and 7) coordinating the PPS's workforce strategy and priorities across projects.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✔ IPQR Module 10.3 - Project Roles and Responsibilities

Instructions :

Please outline the key individuals & organizations that play a role in the delivery of your PPS's DSRIP projects, as well as what their responsibilities are regarding governance, implementation, monitoring and reporting on your DSRIP projects.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Project Management Office	NYU Langone Brooklyn PPS PMO	Coordinate PPS-wide functionality and provide day-to-day operational support for PPS, including implementation management of selected cross-project initiatives (e.g., support PCMH objectives).
Clinical Sub-Committee	NYU Langone Brooklyn PPS	Oversee PPS-wide clinical project implementation and on-going monitoring.
Behavioral Health Work Group	NYU Langone Brooklyn PPS	Develop plan and oversee implementation of the Behavioral Health and Primary Care integration project.
Diabetes Work Group	NYU Langone Brooklyn PPS	Develop plan and oversee implementation of the Diabetes project.
HIV Work Group	NYU Langone Brooklyn PPS	Develop plan and oversee implementation of the HIV project.
Tobacco Use Cessation Work Group	NYU Langone Brooklyn PPS	Develop plan and oversee implementation of the Tobacco Use Cessation project.
Asthma Work Group	NYU Langone Brooklyn PPS	Develop plan and oversee implementation of the Asthma project.
ED Care Triage Work Group	NYU Langone Brooklyn PPS	Develop plan and oversee implementation of the ED Care Triage project.
Observation Unit Work Group	NYU Langone Brooklyn PPS	Develop plan and oversee implementation of the Observation Unit project.
Care Management and Navigation Work Group	NYU Langone Brooklyn PPS	Develop plan and oversee implementation of the Care Management and Navigation project.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✔ IPQR Module 10.4 - Overview of key stakeholders and how influenced by your DSRIP projects

Instructions :

In the below table, please set out who the key stakeholders are that play a major role across multiple DSRIP projects. Please give an indication of the role they play and how they impact your approach to delivering your DSRIP projects.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
PPS Finance Sub-Committee	Conduct PPS-wide financial impact monitoring.	Responsible for on-going monitoring of the impact of the DSRIP projects on the financial health of the network and individual providers.
Project Advisory Committee	Represent partners in PPS governance.	Serve on PPS-wide committees as organizational and provider-type representative.
External Stakeholders		
NYU Langone Brooklyn PPS attributed members	Impacted positively by the nine clinical projects resulting in improved access and coordination of care and overall health and health outcomes.	Beneficiaries of the PPS infrastructure and clinical projects. Responsible for playing an active role in their care.
Medicaid Managed Care Organizations	Contract to support financially sustainable clinical projects.	Partners in sharing claims and EHR data, negotiating and piloting new payment models.
NYC Department of Health and Mental Hygiene	Collaborate with the PPS to implement several Domain 3 and 4 projects (i.e., Asthma, Tobacco, HIV).	The PPS project implementation planning teams are working with DOHMH representatives to determine DOHMH responsibilities to support interventions.
Brooklyn-area PPSs, including OneCity Health, Community Care of Brooklyn, and Advocate Community Partners	Collaborate with the PPS on implementation of our HIV and tobacco use cessation projects. For Domain 2 and 3 projects, collaborate with the PPS by sharing best practices, lessons learned for Asthma, Diabetes and Behavioral Health projects and coordinating patient data-sharing of other PPSs lives who seek care by our PPS providers (e.g., ED Care Triage, Observation Unit).	PPSs will share best practices and avoid duplication of effort.
1199	Serves as PPS primary workforce vendor.	Assist PPS with workforce engagement, development, and training.
OPWDD	Committed to ensuring representation and coordination among DD providers.	Provide technical assistance to PPS, as needed, to promote and establish participation of DD providers.
OMH	Committed to ensuring representation and coordination among providers of mental health services.	Provide technical assistance to PPS, as needed, to support integration of behavioral health and primary care.
OASAS	Committed to ensuring representation and coordination among providers of substance abuse services.	Provide technical assistance to PPS, as needed to ensure integration of substance abuse providers.

New York State Department Of Health Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✓ IPQR Module 10.5 - IT Requirements

Instructions :

Information technology will play a crucial role in the development of an effective, integrated performing provider system. It is likely that most projects will require some level of supporting IT infrastructure. Please describe the key elements of IT infrastructure development that will play a role in multiple projects.

The development of a robust information technology platform will play a critical and central role in the success of the NYU Langone Brooklyn PPS. This platform will help ensure a cohesive and effective partnership to advance population health and value based payments between NYU Langone Hospital – Brooklyn and its various key partners. The IT infrastructure will be supported by experts at NYU, leveraging its private health information exchange and the State's Regional Health Information Organization (RHIO) in Brooklyn, Healthix.

NYU has consistently demonstrated its commitment to building a strong health information technology (HIT) infrastructure to support the mission and vision of becoming a world-class, patient-centered, integrated academic medical center. Their commitment is exemplified by the development and expansion of the hospital and clinically integrated network (CIN) dashboards, the NYU Health Information Exchange (HIE), and the implementation of Epic, our enterprise-wide electronic medical record system. These systems are the cornerstone of the NYU Langone Brooklyn PPS's Enterprise Clinical Platform (ECP), which, along with our Patient Navigation Center, will successfully integrate our mission to reduce avoidable hospital use and improve access and delivery of appropriate clinical services in Brooklyn.

The hospital dashboard leverages HIT systems and administrative data for the purpose of monitoring key indicators for operational, financial, and quality performance. Building on this, the CIN dashboard layers external claims data and additional clinical information from HIE. These tools support information-sharing and transparency while allowing clinical and administrative teams to identify areas for improvement. Metrics are available on the site, physician, population and patient level, allowing for sufficient drill down to support actionable quality improvement. These tools also advance risk stratification, predictive and population analytics, and may be provided to the PPS.

NYU launched the HIE, an electronic platform to mobilize patient information across physicians and organizations. All physicians in inpatient and outpatient settings are required to be electronically connected to this exchange. In addition, NYU has connected to approximately 200 physician practices in its voluntary network accounting for 26 EMRs. The PPS's IT team is currently in process of planning our connectivity strategy to our PPS partners and its Patient Navigation Center in order to share clinical data and track patient progress in the community. Further, connecting post-acute facilities to the HIE will provide a platform for increased communication and information exchange between providers. The HIE will allow care protocols to be shared and clinical issues to be communicated within and across care settings to improve the efficiency and quality of care provided to our patients. The HIE will also be supported by a consistent EMR system in Epic, which will be implemented throughout the NYU Langone Hospital – Brooklyn system by Autumn 2016. Protocols, developed as part of care redesign for DSRIP, will be incorporated into Epic to guide providers along the clinical continuum.

By enhancing the capacity for providers across the care community to connect and share information about patients, NYU Langone Brooklyn PPS will continue to create the ability to measure and improve quality of care, enable care redesign, and coordinate care for our attributed population and across our community.

✓ IPQR Module 10.6 - Performance Monitoring

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Instructions :

Please explain how your DSRIP projects will fit into your development of a quality performance reporting system and culture.

As part of the State's goal to "better understand[] the patterns of health outcomes and healthcare within each region of the state to assist with network formation," the NYU Langone Brooklyn PPS will foster an environment of quality performance reporting and culture through our main clinical projects. This includes setting common, evidence-based protocols where applicable, and tracking the improvement in health outcomes through the State's tools, such as its DSRIP Performance Chartbooks, DSRIP Dashboards, DSRIP Domain 3 Clinical Metrics Dataset, Salient Performance Data, and other DSRIP relevant performance data. Examples of how the projects will fit into the development of a quality performance reporting system and culture include the development of collaborative, evidence-based standards of care including medication management and the care engagement process for Project 3.a.i, the implementation of evidence-based best practices for disease management, specific to diabetes, in community and ambulatory care settings for Project 3.c.i, and the development and implementation of evidence-based asthma management guidelines for Project 3.d.ii.

New York State Department Of Health Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✔ IPQR Module 10.7 - Community Engagement

Instructions :

Please describe your PPS's planned approach for driving community involvement in the DSRIP projects, how you will contract with CBOs for these projects, how community engagement will contribute to the success of the projects, and any risks associated with this.

The NYU Langone Brooklyn DSRIP program recognizes the value of community collaboration, including community-based organizations as equal and active partners and embracing true and meaningful community engagement. This model provides the best opportunity for creating a truly integrated delivery system, with prevention as the cornerstone of the system, with the aim of bringing healthcare services deep into the community and stabilizing and improving the health of fragile populations. Our plan achieves this goal by defining DSRIP as a health program that incorporates the social determinants of health as fundamental to improving the outcomes of medical interventions. This recognizes the unique character of CBOs whose inherent cultural and social competence provide a vector to addressing these social determinants. The NYU Langone Brooklyn PPS leverages the special skills, assets and contributions of CBOs, embedding their representation in the governance structure and in working groups. The program's Clinical Projects Workplan delineates specific functions that capitalize on CBO expertise. Examples of current plans to embed CBO participation in clinical activities include:

- Leveraging culturally-specific organizations to serve as cultural brokers for messaging on appropriate use of the emergency department;
- Promoting training and employment opportunities to build a community-based and linguistically and culturally competent community health workforce;
- Subcontracting with CBOs to provide health education and wellness prevention services;
- Capitalizing on CBO existing expertise on particular health issues such as asthma prevention through home inspection; and
- Developing and disseminating health information to hard to reach populations

Potential associated risk includes assuring that DSRIP has sufficient infrastructure and financial resources to oversee CBO partnerships, including establishing a standard of practice expectation, provide training, and monitor activities.

IPQR Module 10.8 - IA Monitoring

Instructions :

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Section 11 – Workforce

IPQR Module 11.1 - Workforce Strategy Spending (Baseline)

Instructions :

Please include details on expected workforce spending on a semi-annual basis. Funds may be shifted from one funding type category to another within the workforce strategy spending table, as long as the PPS adheres to their overall spend commitments. However, the PPS may apply a 25% discount factor to the DY1 Workforce Strategy Spend target. If the PPS applies this discount in DY1, the PPS will be expected to reallocate those funds appropriately in DY2-4 to fully meet their DY1-4 total commitment.

Funding Type	Year/Quarter										Total Spending (\$)
	DY1(Q1/Q2)(\$)	DY1(Q3/Q4)(\$)	DY2(Q1/Q2)(\$)	DY2(Q3/Q4)(\$)	DY3(Q1/Q2)(\$)	DY3(Q3/Q4)(\$)	DY4(Q1/Q2)(\$)	DY4(Q3/Q4)(\$)	DY5(Q1/Q2)(\$)	DY5(Q3/Q4)(\$)

✓ IPQR Module 11.2 - Prescribed Milestones

Instructions :

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement. Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation. Please note some milestones include minimum expected completion dates.

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
Milestone #1 Define target workforce state (in line with DSRIP program's goals).	Completed	Finalized PPS target workforce state, signed off by PPS workforce governance body.	07/01/2015	06/30/2016	07/01/2015	06/30/2016	06/30/2016	DY2 Q1	NO
Task Step 1	Completed	Establish oversight and review process over Workforce Impact Analysis and defined workforce state.	07/01/2015	09/30/2015	07/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Step 2	Completed	Identify and map out the specific requirements of each DSRIP project and the new services each of the projects will require or deliver.	01/01/2016	06/30/2016	01/01/2016	06/30/2016	06/30/2016	DY2 Q1	
Task Step 3	Completed	Determine project-by-project workforce impact on the PPS to develop target workforce state.	01/01/2016	06/30/2016	01/01/2016	06/30/2016	06/30/2016	DY2 Q1	
Task Step 4	Completed	Develop "To Be" Workforce analysis including specifications for the kinds, numbers, and location of workers needed to accomplish the PPS's strategic project requirements and milestones.	01/01/2016	06/30/2016	01/01/2016	06/30/2016	06/30/2016	DY2 Q1	
Task Step 5	Completed	Obtain approval from Executive Committee on target workforce state.	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1	
Milestone #2 Create a workforce transition roadmap for achieving defined target workforce state.	Completed	Completed workforce transition roadmap, signed off by PPS workforce governance body.	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1	NO
Task Step 1	Completed	Develop decision-making model that defines how and by whom any decisions around resource availability, allocation, training, redeployment and hiring will be made and signed off.	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1	
Task Step 2	Completed	Coordinate with clinical sub-committees to prioritize workforce training, redeployment and hiring to achieving "target state".	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1	
Task Sep 3	Completed	Create five year workforce transition roadmap for addressing workforce impacts, filling workforce gaps, and building workforce "target state"	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1	
Task Step 4	Completed	Define timeline of when these workforce changes will need to take place and what the dependencies are for training,	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1

New York State Department Of Health Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✅ IPQR Module 11.4 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges and risks that you foresee in achieving the milestones set out above, including potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

The NYU Langone Brooklyn PPS has identified the following key challenges and risks that could impact our ability to achieve the above-described milestones:

- The State has laid out an extremely tight timeframe to conduct a robust workforce analysis, including the numbers of workers who will need to be retrained or redeployed and the number of new hires. The PPS is also required to present exact numbers of new hires by type and conduct a detailed compensation and benefits analysis. To complete this analysis, the PPS will need to gather detailed information from each of its partners, many of whom are participating in multiple PPSs who will also be seeking similar information. In addition to the Workforce "As Is" analysis, the partners will also be required to respond to IT, clinical project planning and cultural competency survey assessments. Many partners will be overwhelmed with the amount of information they are required to submit to the PPS and may be challenged to return necessary information in the prescribed timeframe. To mitigate this risk, the PPS will align survey assessments, to the maximum extent possible, with other Brooklyn PPSs and will explore the possibility of sharing a vendor with other PPSs to conduct the workforce impact analysis. Furthermore, the heterogeneity of the partners' workforce and compensation systems will make a PPS-wide strategy challenging. Finally, projecting specific numbers of jobs by types many years in the future is challenging. Given the significant transformation of the health system is undergoing due to DSRIP as well as many other economic and political forces these projections will become less accurate further into the future.
- The PPS may have difficulty recruiting and hiring dedicated professionals, particularly for certain jobs for which there will be demand coming from multiple PPSs across the city.

✅ IPQR Module 11.5 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

The Workforce Work Stream will be dependent on multiple PPS work streams. The workforce impact analysis and the development of the target workforce state will need to be conducted in close coordination with the clinical project planning team in order to define the types, numbers and locations of needed workers. Workforce training should also be closely coordinated with cultural competency and health literacy training needs and both should be integrated to the maximum extent possible. Workforce will also be dependent on the IT infrastructure to ensure tracking of training programs.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✓ IPQR Module 11.6 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Workforce Impact Analysis Coordinator	Frank Scheets, NYU Kris Batchoo, NYU Langone Hospital – Brooklyn	Project management and oversight of Workforce Impact Analysis.
Data Analyst	Kris Batchoo, NYU Langone Hospital – Brooklyn Anthony Baboolal, NYU Langone Hospital – Brooklyn	Provides data support and analysis of workforce data; develops summary reports and analysis for approval.
Workforce Stakeholder Liaisons	Jose LaBarca, NYU Catherine Panags, NYU	Provide on-going updates and communication to PPS partners, unions, and workforce on Workforce Impact Analysis.
Workforce Impact Analysis Consultant	BDO	To provide on-going feedback and consultation.
Training Coordinator	Celeste Del Gatto, NYU	Oversee deployment of workforce training and retraining.
Training Vendors	1199 TEF and possibly others TBD	A training vendor that can provide training modules and/or certification training to support workforce re-training needs.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✔ IPQR Module 11.7 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved in your workforce transformation plans, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Workforce Staff reporting to Alessandra Taverna-Trani	Monitoring and implementing Workforce steps and ensuring compliance with milestones	Will oversee workforce implementation, quarterly reporting to the State, and monitoring of workforce impact analysis.
External Stakeholders		
1199 SEIU	Training Vendor	Training vendor to provide training modules; 1199 will also be engaged to provide feedback on workforce impact analysis
Other unions	Impacted Members	Provide feedback on workforce impact analysis.
Other Brooklyn PPSs (Maimonides and HHC)	PPS Strategic Partner	Coordinate workforce impact analysis, partner survey collection, training, and compensation and benefit analysis
Partners (includes representatives from FQHCs, NYU, physicians, behavioral health agencies, social service agencies and other clinical partners). Key partners to include, but not limited to NYU Langone Hospital – Brooklyn, NYU, ODA, Addabbo, and Ezra Medical Center.	Participants	Provide critical information to inform workforce impact analysis and participate in trainings.

New York State Department Of Health Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✅ IPQR Module 11.8 - IT Expectations

Instructions :

Please describe how the development of shared IT infrastructure across the PPS will support your plans for workforce transformation.

The IT infrastructure that is established will be used to track training progress, including how many people have been trained, the subject of the training and when the training took place. The PPS will leverage IT to provide analytics that support workforce planning and evaluation.

✅ IPQR Module 11.9 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

Success of our workforce strategy will be measured through meeting milestones and quarterly reporting. We will also measure the success of our workforce strategy against meeting the targets of redeployed, retrained, and hired staff and the workforce budget. The PPS will establish a reporting structure that will allow us to track our progress against our milestones.

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✔ IPQR Module 11.10 - Staff Impact

Instructions :

Please upload the Workforce Staffing Impact (Projections) and the Workforce Staffing Impact (Actuals) tables provided for quarterly reporting.

Current File Uploads

User ID	File Type	File Name	File Description	Upload Date
kbatchoo	Documentation/Certification	32_DY4Q4_WF_MDL1110_DOC_Workforce_Staffing_Impact_Narrative_(NYU_Langone_Brooklyn_PPS)_-_DY4,_Q4_Reporting_25222.pdf	Workforce Staffing Impact Narrative (NYU Langone Brooklyn PPS) – DY4, Q4 Reporting	04/26/2019 01:15 PM

✔ IPQR Module 11.11 - Workforce Strategy Spending (Quarterly):

Instructions :

Please include details on workforce spending. The workforce spending actuals should reflect only what was spent during the relevant quarters and is not cumulative across semi-annual periods. The PPS can shift funding across categories; e.g., from Retraining to New Hires. Please note that the "Cumulative Percent of Commitments Expended through Current DSRIP Year" section is calculated based on the total yearly commitments.

Benchmarks	
Year	Amount(\$)
Total Cumulative Spending Commitment through Current DSRIP Year(DY4)	3,261,189.00

Funding Type	Workforce Spending Actuals		Cumulative Spending to Date (DY1-DY5)(\$)	Cumulative Percent of Commitments Expended through Current DSRIP Year (DY4)
	DY4(Q1/Q2)(\$)	DY4(Q3/Q4)(\$)		
Retraining	5,731.80	9,900.00	1,835,665.09	164.59%
Redeployment	350,607.00	0.00	350,607.00	60.87%
New Hires	85,780.53	99,803.09	483,006.99	0.00%
Other	152,872.20	51,855.25	782,266.81	49.83%
Total Expenditures	594,991.53	161,558.34	3,451,545.89	105.84%

DSRIP Implementation Plan Project**

NYU Brooklyn PPS (PPS ID:32)

Project 2.a.i – Create Integrated Delivery Systems that are focused on Evidence-Based Medicine / Population Health Management

✓ IPQR Module 2.a.i.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. PCMH Status- Significant funding required to support partners' meeting PCMH NCQA 2014 Level 3 status greater than resources provided by the State; no guarantee partners will buy in/comply. Mitigation: PPS will make best effort to conduct efficiently a current state assessment, develop plan to support deployment of PCMH solutions to eligible providers across the PPS; provide technical assistance to partners; incent providers through fund flow.
2. IT Connectivity- Significant money and expertise required to meet EHR, data sharing and HIE connectivity requirements which may be greater than PPS's resources. Mitigation: PPS will conduct current state assessment to help develop gap analysis, informing which partners to prioritize when expending resources required and timing to support partner's EHR/HIE connectivity implementation; leverage NYU's HIE solution that already connects 26 different EHRs from various institutions; provide technical assistance to partners without existing EHRs; and help establish connectivity to HIE and the RHIO.
3. MCO Contracting- Complexity and considerable legal structural impediments. Collaborative Contracting Model requires that each partner remain autonomous. Mitigation: PPS meeting with MCOs to better coordinate population health efforts and looking possibly to develop shared savings models and other risk-bearing structures with various MCOs. Plan to assist partners in developing the structure and capacity to enter into risk-based contracts.
4. Patient Engagement- Difficulties actively engaging hard to reach patients, many of whom may have little familiarity with the health care system; no insight which individuals comprise Medicaid non- or infrequent utilizers. Mitigation: PPS will actively target said patients through coordinating, training, equipping and deploying Community Health Workers as key element of the community-based patient navigation strategy; partner with CBOs to support outreach and navigation activities that are culturally competent and accessible; develop multilingual patient outreach and education materials.
5. Provider Engagement- Difficulty engaging some providers to follow IDS care coordination protocols, use standardized interventions/ tools and participate in performance management programs. Mitigation: PPS will identify clinical project leaders to serve as project champions and build support across the network leading to move from silos to optimally integrated network. Increase buy- in by including partners in PPS's governance structure. To minimize conflicting demands and over-burdening those providers committed to same projects across multiple PPSs (non-exclusive providers), seek collaboration with other Brooklyn-based PPSs. Select providers to pilot population health resources/tools to identify and track high-risk patients. Refine/ launch tools, resources and protocols across PPS based on feedback; provide technical assistance to those who struggle with implementing IDS requirements. Develop incentive programs and a communication plan to solicit feedback.
6. Data- Significant risk in State not transmitting timely, accurate, valid, & meaningful recent patient-specific data on our attributable population required for population health management. Mitigation- None available.

Delivery System Reform Incentive Payment Project
DSRIP Implementation Plan Project**

NYU Brooklyn PPS (PPS ID:32)

✅ IPQR Module 2.a.i.2 - Prescribed Milestones

Instructions :

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Milestone #1 All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy.	DY4 Q2	Project	N/A	Completed	01/01/2016	09/30/2018	01/01/2016	09/30/2018	09/30/2018	DY4 Q2
Task PPS includes continuum of providers in IDS, including medical, behavioral health, post-acute, long-term care, and community-based providers.		Project		Completed	01/01/2016	09/30/2018	01/01/2016	09/30/2018	09/30/2018	DY4 Q2
Task Step 1. Complete contracting with all PPS providers to ensure a robust integrated delivery system.		Project		Completed	01/01/2018	09/30/2018	01/01/2018	09/30/2018	09/30/2018	DY4 Q2
Task Step 2. All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy. Ensure that the milestone has been completed.		Project		Completed	01/01/2016	09/30/2018	01/01/2016	09/30/2018	09/30/2018	DY4 Q2
Milestone #2 Utilize partnering HH and ACO population health management systems and capabilities to implement the PPS' strategy towards evolving into an IDS.	DY2 Q4	Project	N/A	Completed	07/01/2015	03/31/2017	07/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task PPS produces a list of participating HHs and ACOs.		Project		Completed	07/01/2015	03/31/2017	07/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task Participating HHs and ACOs demonstrate real service integration which incorporates a population management strategy towards evolving into an IDS.		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Regularly scheduled formal meetings are held to develop		Project		Completed	01/01/2016	03/31/2017	01/01/2016	03/31/2017	03/31/2017	DY2 Q4

Prescribed Milestones Narrative Text

Milestone Name	Narrative Text
All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy.	
Utilize partnering HH and ACO population health management systems and capabilities to implement the PPS' strategy towards evolving into an IDS.	
Ensure patients receive appropriate health care and community support, including medical and behavioral health, post-acute care, long term care and public health services.	
Ensure that all PPS safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including directed exchange (secure messaging), alerts and patient record look up, by the end of Demonstration Year (DY) 3.	
Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3.	
Perform population health management by actively using EHRs and other IT platforms, including use of targeted patient registries, for all participating safety net providers.	
Achieve 2014 Level 3 PCMH primary care certification and/or meet state-determined criteria for Advanced Primary Care Models for all eligible participating PCPs, expand access to primary care providers, and meet EHR Meaningful Use standards by the end of DY 3.	
Establish monthly meetings with Medicaid MCOs to discuss utilization trends, performance issues, and payment reform.	
Re-enforce the transition towards value-based payment reform by aligning provider compensation to patient outcomes.	
Engage patients in the integrated delivery system through outreach and navigation activities, leveraging community health workers, peers, and culturally competent community-based organizations, as appropriate.

Project 2.b.iii – ED care triage for at-risk populations

✓ IPQR Module 2.b.iii.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. Patient Engagement & Acceptance- Patient behavior is extremely difficult to change, especially in the short period of time required. Mitigation: The PPS will oversee the development of enhanced clinical pathways and training of staff in collaboration with partners to address social issues that drive ED frequent flyers; utilize patient tracking and compliance tools to identify hard to engage patients; prioritize hard to engage populations, based on scale, urgent need and potential impact of targeted, intensified intervention by the PNC, EDs and/or PCMHs; develop care navigation strategies, outreach, expertise and tools with which to engage and manage these ED frequent utilizer population and will develop multilingual patient outreach and education materials with a focus on the availability of primary care services in the community. In addition, as part of the PNC (2.c.i) project, the PPS will develop a Community Resource Guide, which will distinguish between MH and SUD providers in our network to guide quality patient referrals.
2. Existing Legal Structures- Federal EMTALA requirements, including screening/treating/stabilizing/transferring all patients who enter the ED. Mitigation: None available.
3. Infrastructure Development Time - Delay in the implementation of PNC will impede efficient and timely scheduling and tracking of patients going to an ED to PCPs across the PPS. Mitigation: The PPS will leverage NYU's existing EHR and open-access scheduling to schedule and track follow-up appointments with PCPs; have case managers follow up with each patient's PCMH (as applicable) to schedule a follow-up appointment; case managers to identify the most appropriate PCMH location for follow-up PCP appointment and scheduling for patients without a PCP. Because IT/EHR systems among and between providers are separate and distinct, NYU Langone Brooklyn PPS will work with the NYU Langone IT Department to support integration and data exchange between systems.
4. Provider Engagement- Providers may resist adoption of standardized ED Care Triage project protocols. Mitigation: PPS will identify clinical project leaders to serve as project champions and liaise with partner champions to build support across the PPS provider network; engage partner providers to design and agree on standardized protocols to meet project requirements; optimize EMR and HIE functionality.
5. PCP Capacity- Insufficient number of PCPs available in the City, and existing practices cannot take on additional patients; Medicaid reimbursement structure to PCPs Mitigation: PPS will conduct an assessment to identify current capacity and analyze possible shortage areas and brainstorm ideas with provider practices to ease capacity issues, e.g. extend after-hours PCP availability in FQHCs and DTCs across the network where possible.
6. Data- Significant risk in State not transmitting timely, accurate, valid, & meaningful recent patient-specific data on our attributable population required to target patients in need for ED Care Triage services. Mitigation- None available.

✓ IPQR Module 2.b.iii.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Benchmarks	
Actively Engaged Speed	Actively Engaged Scale

Narrative Text :

For PPS to provide additional context regarding progress and/or updates to IA.

Project 2.b.iii
Project Title ED care triage for at-risk populations

Revised DSRIP Actively Engaged Definitions 10.28.2015

Actively Engaged Definition
The number of participating patients presenting to the ED, who after medical screening examination were

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

successfully redirected to a PCP as demonstrated by a scheduled appointment, or successfully redirected to a PCP en route to the ED.

Counting Criteria
A count of patients who meet the criteria over a 1-year measurement period. Duplicate counts of patients are not allowed. The count is not additive across DSRIP years.

Data Source EHRs or other IT Platforms (i.e. patient registries).

Clarifying Information:

- The term "successfully redirected" means that the patient had and was made aware of an appointment with a PCP within 30 days after ED presentation and medical screening.
- A redirection could occur within or en route to the ED.

✅ IPQR Module 2.b.iii.3 - Prescribed Milestones

Instructions :

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Milestone #1 Establish ED care triage program for at-risk populations	DY3 Q4	Project	N/A	Completed	05/01/2015	03/31/2018	05/01/2015	03/31/2018	03/31/2018	DY3 Q4
Task Stand up program based on project requirements		Project		Completed	05/01/2015	03/31/2018	05/01/2015	03/31/2018	03/31/2018	DY3 Q4
Task Step 1. Conduct a current state assessment at Lutheran MC ED and NYU Cobble Hill ED to understand current ED discharge workflows and processes related to ED screening, patient education, ED discharge and scheduling post-ED follow-up visits with primary care providers.		Project		Completed	05/01/2015	09/30/2015	05/01/2015	09/30/2015	09/30/2015	DY1 Q2
Task Step 2. Review research on effective strategies for reducing ED readmissions and for educating patients on proper use of the ED.		Project		Completed	05/01/2015	09/30/2015	05/01/2015	09/30/2015	09/30/2015	DY1 Q2
Task Step 3. Interview ED patients to get a better understanding what would encourage them to use primary care resources instead of the ED.		Project		Completed	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3
Task Step 4. Develop patient education strategies on appropriate use of the ED based on key findings from patient survey in Step 3		Project		Completed	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task Step 5. Roll out patient education strategies with community partners		Project		Completed	10/01/2017	03/31/2018	10/01/2017	03/31/2018	03/31/2018	DY3 Q4
Task Step 6. Develop a plan for a PPS ED discharge program that provides LMC and Cobble Hill ED patients with the following upon discharge: 1. Education on appropriate ED use 2. A scheduled appointment with a primary care provider of their choice 3. Enroll all eligible patients into health home 4. SBIRT screening to identify potential ED "frequent fliers" appropriate for referral to substance abuse care.		Project		Completed	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task		Project		Completed	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3

Project 2.b.ix – Implementation of observational programs in hospitals

✅ IPQR Module 2.b.ix.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. Infrastructure Development Ramp Up
 - a. Availability of space and staff could delay in the opening of the permanent Observation Unit (OU) near NYU Langone Hospital – Brooklyn ED could impact available OU bed capacity to accommodate projected ramp-up of PPS patients. Mitigation: The PPS will develop a plan to locate temporary observation beds, develop clinical protocols, and identify the appropriate workforce to serve patients meeting observation status until the permanent unit opens.
 - b. Successful OU program relies on the Patient Navigation Center (PNC). Delays in PNC establishment would impact patient information flow to PCMHs, tracking of PPS patients, and timely scheduling of follow-up appointments, possibly resulting in avoidable admissions and/ or preventable ED visits. Mitigation: In lieu of a PNC, the PPS will leverage NYU's existing EMR and open-access scheduling to schedule appointments with NYU Langone Hospital – Brooklyn PCPs. OU case/care managers will direct patients to make appointments as part of discharge planning; OU discharge protocols will be established for hand-offs of patients between OU/ED care/case managers and community care/case managers in PCMH and HH sites. Discharge plans will include social work, home health and other services to ensure effective transition into community. NYU's HIE will be leveraged where possible to enable information sharing across partners to enable timely hand-offs for patients moving from the OU into a community setting. The PPS will conduct a current state assessment to understand partners' implementation of EHRs and HIE connectivity. The PPS will provide technical assistance, including data and analytics support, to assist partners with meeting reporting requirements. Expense for this mitigation strategy is a significant concern.
2. Reimbursement & Contracts - Observation reimbursement structure or rate under Medicaid; no or little payment for these services stop long-term investments in OU. Mitigation: The PPS will work with State Medicaid and MCOs to design a reasonable rate structure based on Medicare.
3. Provider Engagement - Providers may resist adoption of standardized Observation Unit project protocols. Mitigation: The PPS will identify clinical project leader(s) to serve as project champions PPS among ED physicians and clinicians; achieve provider buy-in by engaging providers in design and to agree upon standardized protocols to meet requirements; provide training for providers engaged with the project; facilitate connections between OU physicians/other specialists to ensure access to appropriate tests required to support OU decision making; configure EMR/HIE functionality to ensure the system is user-friendly and provides the information critical to meet project goals; create tools for ED physicians identifying OU-appropriate conditions and protocols.
7. Cross-PPS Collaboration - No other Brooklyn-based PPSs implementing this project; insufficient number of PPSs to coordinate project implementation strategies and share best practices. Mitigation: The PPS will use the MIX to understand strategies and best practices among NYS PPSs.
8. Data- Significant risk in State not transmitting timely, accurate, valid, & meaningful recent patient-specific data on our attributable population required to measure OU performance. Mitigation- None available.
9. Ramp Up- OU services dissimilar to services such as screening; ramp up not dependent on patient engagement but rather demand for services and availability/capacity of the OU.

NYU Brooklyn PPS (PPS ID:32)

✓ IPQR Module 2.b.ix.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Project 2.c.i – Development of community-based health navigation services

✓ IPQR Module 2.c.i.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. Information Technology Adoption – EHRs & other technical platforms are extremely tricky to build and adopt, including ones to track all patients engaged in this project for proactive care management, and thus difficult or delayed milestone realization. Mitigation: PPS will conduct current state assessment and develop plans to advance partner implementation of EHRs/ HIE connectivity; PPS will provide technical assistance, data and analytics support to assist partners in meeting reporting requirements, and work with vendors who have successfully implemented relevant IT tools.
2. Patient Engagement- PPS may not meet patient engagement targets due to difficulty to engage patients or have them comply with care plan. Mitigation: During initial roll-out of the Patient Navigation Center (PNC), PPS will track patients' care plan compliance; identify hard to engage populations; analyze data to determine size, location, clinical needs and demographic profiling of these populations to identify reason for resistance; prioritize populations, based on scale, urgent need and potential impact of targeted, intensified intervention by PNC; develop culturally-specific care navigation strategies, expertise and tools with which to engage patients; deploy community health workers and embed care managers in PCMH sites for active patient engagement; staff will receive training and support to engage patients. PPS will track populations prioritized for targeted patient navigation resources to improve patient engagement performance and lessons learned can be applied to other populations. PPS will develop multilingual patient outreach and education materials to highlight importance of primary prevention, chronic disease management, and leverage community resources to support health and well-being; CHWs will support patients' clinical needs as well as their social and economic needs.
3. Provider Engagement- Providers may resist adoption of standardized PPS patient navigation and coordination protocols. Mitigation: PPS will identify clinical project leader(s) to serve as project champions and liaise with them to build support across the PPS provider network; create provider buy-in by engaging key partner providers in design and piloting standardized patient navigation protocols to meet project requirements. PPS will aim to refine and launch PNC tools, resources and protocols based on pilot feedback and develop a community care resource guide to assist the patients and ensure compliance with protocols. PPS will configure EMR/ HIE functionality to ensure system is user-friendly and provides information critical to meet goals; provide technical assistance, including IT and communications support, to providers who may struggle with implementing PNC requirements.
4. Workforce Risk- Supply for community health workers and navigators may not meet City-, State-, and Nation-wide demand. PPS may encounter challenges recruiting adequate numbers of case managers, care coordinators and CHWs to support centralized and community-based staffing needs. Mitigation: PPS will evaluate and identify project staffing needs; prioritize and identify voluntary redeployment opportunities to fill new/vacant positions and promote retraining opportunities for these positions. PPS will recruit CHWs from diverse communities within the PPS's target area to meet the needs of PPS patients. If access required services in target area seems unlikely to meet demand, PPS will implement strategies (likely in partnership with other Brooklyn PPSs) to increase access to these services via vendor contracts and/or expanding the capacity of these organizations already in the PPS.
5. Data- Significant risk in State not transmitting timely, accurate, valid, & meaningful recent patient-specific data on our attributable population required to measure PNC performance. Mitigation: None available.

Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Actively Engaged Definition
The number of participating patients assisted by community navigators (in-person, telephonic, or web-based).

Counting Criteria
A count of patients who meet the criteria over a 1-year measurement period.
Duplicate counts of patients are not allowed. The count is not additive across DSRIP years.

Data Source EHRs or other IT Platforms (i.e. patient registries).

Clarifying Information:
•To warrant being "assisted," there is no minimum number of connections per patient.

✔ IPQR Module 2.c.i.3 - Prescribed Milestones

Instructions :

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Milestone #1 Create community-based health navigation services, with the goal of assisting patients in accessing healthcare services efficiently.	DY3 Q2	Project	N/A	Completed	05/01/2015	09/30/2017	05/01/2015	09/30/2017	09/30/2017	DY3 Q2
Task Community-based health navigation services established.		Project		Completed	05/01/2015	09/30/2017	05/01/2015	09/30/2017	09/30/2017	DY3 Q2
Task Step 1. Conduct current state assessment to understand existing community-based health navigation services and CHW FTEs in place among PPS partners.		Project		Completed	05/01/2015	09/30/2015	05/01/2015	09/30/2015	09/30/2015	DY1 Q2
Task Step 2. Convene a community navigation project work group/program oversight group consisting of medical, behavioral health, community nursing, and social support service providers throughout the PPS network.		Project		Completed	07/01/2015	09/30/2015	07/01/2015	09/30/2015	09/30/2015	DY1 Q2
Task Step 3. Determine the scope of the PPS's community-based health navigation services.		Project		Completed	07/01/2015	10/30/2015	07/01/2015	10/30/2015	12/31/2015	DY1 Q3
Task Step 4. Determine staffing and resources needed to support community navigation services.		Project		Completed	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3
Task Step 5. Hire community-based navigators as necessary (phased growth).		Project		Completed	04/01/2017	09/30/2017	04/01/2017	09/30/2017	09/30/2017	DY3 Q2
Task Step 6. Train community navigator staff on the PPS's community navigation protocols and procedures (on-going).		Project		Completed	04/01/2017	09/30/2017	04/01/2017	09/30/2017	09/30/2017	DY3 Q2
Task Step 7. Design centralized Patient Navigation Center (PNC) and determine scope of services and required staffing.		Project		Completed	10/01/2015	06/30/2016	10/01/2015	06/30/2016	06/30/2016	DY2 Q1
Task Step 8. Design the infrastructure and work streams of the PPS's Patient Navigation Center (PNC)		Project		Completed	01/01/2016	06/30/2016	01/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Project 3.a.i – Integration of primary care and behavioral health services

✓ IPQR Module 3.a.i.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. PCMH Status Risk- PPS partner support needed to achieve PCMH NCQA 2014 Level 3 status by DY 3 deadline may be greater than PPS's resources. Mitigation: The PPS will conduct a current state assessment and provide technical assistance to help eligible partners become PCMH 2014 NCQA Level 3 certified by end of DY 3.
2. Information Technology Adoption Risk- PPS partners may be unable to use EHRs & other technical platforms effectively to track all patients engaged in this project. EMRs may not integrate a patient's medical and Behavioral Health (BH) records within his/her patient record. Mitigation: PPS will conduct a current state assessment and develop a plan to support partner implementation of EHRs/HIE connectivity, and provide technical assistance to aid partners with meeting tracking and reporting requirements.
3. Patient Engagement Risk- Patients may not consent to share BH records. Patients may resist engagement due to social stigma associated with BH. Mitigation: PPS will use culturally competent care managers & navigators to educate patients about benefits of sharing information with their providers and management of BH disorders within their respective cultural frameworks.
4. Provider Engagement Risk- Providers resist adoption of standardized BH Integration and IMPACT project protocols. BH and PCP providers approach patients from different practice and clinical perspectives. The warm handoff means two patient visits on the same day, which we understand Medicaid won't pay for. Mitigation: PPS will identify clinical project leader(s) to serve as project champions and liaise with them to build support across the PPS provider network; create provider buy-in by engaging partner providers; configure EMR/HIE functionality to ensure system is user-friendly and provides information critical to meet project goals. PPS will engage providers in training to promote collaborative team-based care models and increase understanding of respective perspectives. If appropriate, PPS may consider incentive programs to support consistent protocol engagement. Discussions with MCOs and the State could help mitigate the financial risks associated with this project.
5. Workforce Risk- Given the psychiatry shortage in Brooklyn and PPSs competition for similar staff, the PPS may be unable to hire adequate BH specialists to provide care under this project. Mitigation: PPS will develop a comprehensive recruiting /training plan that includes identification of Depression care managers and child psychiatrists necessary to implement the IMPACT model. PPS will also explore use of telemedicine, in light of required fiscal sustainability and capital needs, to minimize need for on-site BH staff in light of staffing shortages and investigate the use of provider incentive programs.
6. Infrastructure Development Risk- Some sites may struggle to achieve co-location of BH services due to facility configuration/ space capacity issues and possible denial of capital funding requests. Some sites may not be successful because simply co-locating services doesn't automatically lead to effective integration of services. Reimbursement structure does not support this integration long term. Mitigation: PPS's project model allows sites to use the IMPACT model where co-location is not feasible in addition to employing Model 1 (co-located BH services at PCMH locations). PPS will engage providers to adopt best practice protocols to establish communication and clinical processes to effectively work together in a co-located model.
7. Data- Significant risk in State not transmitting timely, accurate, valid, & meaningful recent patient-specific data on our attributable population required to measure success of the initiative. Mitigation- None available.

Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✓ IPQR Module 3.a.i.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Project 3.a.i
Project Title Integration of primary care and behavioral health services

Revised DSRIP Actively Engaged Definitions 10.28.2015

Model 3

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Actively Engaged Definition
The total number of patients screened using the PHQ-2 or 9 / SBIRT.

Counting Criteria
A count of patients who meet the criteria over a 1-year measurement period. Duplicate counts of patients are not allowed. The count is not additive across DSRIP years.

Data Source EHRs or other IT Platforms (i.e. patient registries).

Clarifying Information:

- Patients for this project will only count as actively engaged if they receive either the PHQ-2 or 9 or SBIRT screenings.
- All five principles of the IMPACT model must be in place for a site to count.
- Any staffer working within the IMPACT model who is qualified to perform a preventive care screening as required within the project can do so.
- Appropriate screenings would only count if the PCP or the clinical staff is provided the results of the screen and they are incorporated into the medical record.

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Project Model Name	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Step 1. Complete current state assessment of EHRs in use across the PPS primary care provider network, including capacity to integrate medical and BH record for services delivered at primary care site.											
Task Step 2. Identify gaps highlighting where a) current EHRs do not document PPS's clinical project requirements (e.g., number of screenings completed) and target PPS populations, b) PPS primary care partners cannot easily upload appropriate EHR patient data to the PPS project reporting system, c) EHRs do not integrate medical and BH record.			Project		Completed	01/01/2017	03/31/2017	01/01/2017	03/31/2017	03/31/2017	DY2 Q4
Task Step 3. Develop roadmap to achieving expansion and/or establishment of EHR capabilities to track engaged patients across PPS primary care partners implementing project.			Project		Completed	01/01/2017	03/31/2017	01/01/2017	03/31/2017	03/31/2017	DY2 Q4
Task Step 4. Identify resources, timing and expertise required to implement the patient tracking plan for PPS primary care partners.			Project		Completed	01/01/2017	03/31/2017	01/01/2017	03/31/2017	03/31/2017	DY2 Q4
Task Step 5. Implement plan across PPS primary care partners implementing project.			Project		Completed	01/01/2017	03/31/2017	01/01/2017	03/31/2017	03/31/2017	DY2 Q4

medication management and care engagement process.	
Conduct preventive care screenings, including behavioral health screenings (PHQ-2 or 9 for those screening positive, SBIRT) implemented for all patients to identify unmet needs.	
Use EHRs or other technical platforms to track all patients engaged in this project.	
Co-locate primary care services at behavioral health sites.	
Develop collaborative evidence-based standards of care including medication management and care engagement process.	
Conduct preventive care screenings, including physical and behavioral health screenings.	
Use EHRs or other technical platforms to track all patients engaged in this project.	
Implement IMPACT Model at Primary Care Sites.	
Utilize IMPACT Model collaborative care standards, including developing coordinated evidence-based care standards and policies and procedures for care engagement.	
Employ a trained Depression Care Manager meeting requirements of the IMPACT model.	
Designate a Psychiatrist meeting requirements of the IMPACT Model.	
Measure outcomes as required in the IMPACT Model.	
Provide "stepped care" as required by the IMPACT Model.	
Use EHRs or other technical platforms to track all patients engaged in this project.

Project 3.c.i – Evidence-based strategies for disease management in high risk/affected populations (adults only)

✓ IPQR Module 3.c.i.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. PCMH Status - PPS partner support needed to achieve PCMH NCQA 2014 Level 3 status by DY 3 deadline may be greater than PPS's resources. Mitigation: The PPS will conduct a current state assessment, develop plans to support deployment of PCMH solutions to eligible providers across the PPS by DY 3 deadline; provide technical assistance to help eligible partners become PCMH 2014 NCQA Level 3 certified by end of DY 3.
2. Information Technology Adoption - PPS may be unable to use EHRs & other technical platforms effectively to track patients engaged in this project Mitigation: PPS will conduct a current state assessment and develop a plan to support partner implementation of EHRs /HIE connectivity; provide technical assistance, including data and analytic support, to assist partners with meeting tracking and reporting requirements.
3. Provider Engagement - PPS may not reach <80% of PCPs to engage in evidence-based best practices for diabetes management. Providers may resist adoption of standardized diabetes management project protocols. Mitigation: PPS will identify PCP partner project leaders to serve as project champions and liaise with them to build support across PPS provider network; establish provider buy-in; configure EMR/HIE functionality to ensure the system is user-friendly and provides critical information. PPS will educate on best practice protocols. PPS may consider incentive programs to support consistent protocol engagement.
4. MCO Contracting - PPS may struggle to negotiate agreements with MCOs related to coordination of services for high risk populations. Mitigation: PPS will leverage NYU's population health management expertise to structure and support implementation of care coordination strategies, reimbursement and incentive payment models for preventative screenings and services for high-risk populations. PPS leadership will work with MCOs to develop value-based payment models to identify data needs and proactively address issues impacting successful implementation of models. PPS will work with partners to identify and address readiness concerns and align incentive requirements where appropriate related to assuming financial risk and assist partners (e.g., FQHCs) where appropriate to develop structure and capacity to enter into risk-based contracts. PPS will ensure compliance with the Collaborative Contracting Model, antitrust requirements, and other laws and rules impacting MCO contracting initiative.
5. Patient Engagement - A proportion of the patients will be difficult to engage and may resist disease management efforts. Mitigation: PPS will utilize patient tracking and compliance tools to identify hard to engage populations and analyze data to determine size, location, clinical needs, reasons for resistance. PPS will leverage existing patient engagement data studies and prioritize populations based on scale, urgent need and potential impact, intensify intervention by patient navigation center; develop culturally-specific care navigation strategies, expertise and tools and deploy CHWs and embed CMs in PCMH sites to actively engage patients. PPS will target patient navigation strategies and train staff to discuss lifestyle changes to limit disease's impact and improve quality of life. PPS may incent patients to increase engagement and work in concert with Health Homes to support these patients. PPS will develop multilingual patient outreach and education materials around nutrition education, exercise, and other aspects of healthy living.
6. Data- Significant risk in State not transmitting timely, accurate, valid, & meaningful recent patient-specific data on our attributable population required to measure success of the initiative. Mitigation- None available.

✓ IPQR Module 3.c.i.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Benchmarks

Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

The number of participating patients with at least one hemoglobin A1c test within the previous 12 months.

Counting Criteria
 For reporting period DY2Q1 only: The PPS will report number of participating patients with at least one hemoglobin A1c test within the last 6 Reporting Quarters (DY0 +DY1Q1 + DY1Q2) through September 30, 2015.
 For DY2Q2 and future quarters: The PPS will report the number of participating patients with at least one hemoglobin A1c test within the last 4 Reporting Quarters, inclusive of the current reporting quarter.

Data Source EHRs or other IT Platforms (i.e. patient registries).

Clarifying Information:

- The target population should include either individuals who have diabetes or are "at-risk" for diabetes. It should be noted that to be considered a patient "at-risk" the individual would have to demonstrate sufficient risk factors or clear cut symptoms prior to official diagnosis as outlined in Table 2.2 of the ADA's Diabetes Care website indicating the criteria for testing for diabetes or prediabetes in asymptomatic adults (http://care.diabetesjournals.org/content/38/Supplement_1/S8/T2.expansion.html) or the most updated guidance.
- Please reference the following PowerPoint presentation for additional clarification - Project 3.c.i and 3.e.i Revised DSRIP Actively Engaged: Patient Engagement Definitions and Counting Criteria.

partnerships with community-based organizations.										
Task Step 1. Complete current state assessment of diabetes patient registries active across the PPS primary care provider network and Brooklyn Health Home, focusing on the registries' abilities to collect valid and reliable REAL data (Race, Ethnicity and Language) to conduct hot-spotting analyses.		Project		Completed	10/01/2015	03/31/2017	10/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task Step 2. Implement strategies to address any gaps in the collection of REAL data from patient registries. Strategies may include the use of retrospective SIMS data once patient-level SIMS data is made available by the State in December 2015.		Project		Completed	01/01/2016	03/31/2017	01/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Step 3. Run PPS "hot-spotting" analyses to identify diabetes populations at the highest risk, evaluating the specific language & cultural requirements of those highest risk communities.		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Step 4. Launch collaborative planning among PPS diabetes project leaders & the Brooklyn Health Home leaders to develop patient diabetes education (e.g. Stanford model), & outreach models, tailored to the specific community requirements, as identified in the hot-spotting analyses.		Project		Completed	01/01/2017	03/31/2017	01/01/2017	03/31/2017	03/31/2017	DY2 Q4
Task Step 5. Provide Stanford model training for diabetes PCP, Health Home, PPS diabetes care coordination team members & CBO's, with approaches/content tailored to the local, high risk communities served		Project		On Hold	04/01/2015	03/31/2020	04/01/2015	03/31/2020	03/31/2020	DY5 Q4
Task Step 6. Pilot and evaluate diabetes Stanford model programs with diabetes populations at highest risk.		Project		On Hold	04/01/2015	03/31/2020	04/01/2015	03/31/2020	03/31/2020	DY5 Q4
Task Step 7. Develop roadmap to run future hot-spotting analyses and expand Stanford Model strategies across targeted communities in the PPS		Project		On Hold	04/01/2015	03/31/2020	04/01/2015	03/31/2020	03/31/2020	DY5 Q4
Milestone #5 Ensure coordination with the Medicaid Managed Care organizations serving the target population.	DY3 Q4	Project	N/A	Completed	10/01/2015	03/31/2018	10/01/2015	03/31/2018	03/31/2018	DY3 Q4
Task PPS has agreement in place with MCO related to coordination of services for high risk populations, including smoking cessation services, hypertension screening, cholesterol screening, and		Project		Completed	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
other preventive services relevant to this project.										
Task Step 1. Understand current MCO contracts in place and identify opportunities to engage PPS diabetes patients in value-based contracting arrangements across providers and target populations.		Project		Completed	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task Step 2. Negotiate VBP contracts with at least one MCO (note - this will be part of the PPS's broader MCO strategy). Selected MCOs must be willing to support diabetes clinical project interventions, such as timely access to claims data for reporting and implementation of clinical care and coordination protocols.		Project		Completed	04/01/2016	06/30/2017	04/01/2016	06/30/2017	06/30/2017	DY3 Q1
Task Step 3. Implement value-based payment opportunities for diabetes populations and with new payers, as appropriate.		Project		Completed	04/01/2017	03/31/2018	04/01/2017	03/31/2018	03/31/2018	DY3 Q4
Milestone #6 Use EHRs or other technical platforms to track all patients engaged in this project.	DY2 Q4	Project	N/A	Completed	09/01/2015	03/31/2017	09/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task PPS identifies targeted patients and is able to track actively engaged patients for project milestone reporting.		Project		Completed	09/01/2015	03/31/2017	09/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task PPS uses a recall system that allows staff to report which patients are overdue for which preventive services and to track when and how patients were notified of needed services.		Project		Completed	01/01/2017	03/31/2017	01/01/2017	03/31/2017	03/31/2017	DY2 Q4
Task Step 1. Complete current state assessment of EHRs and diabetes patient registries in use across the PPS primary care provider network.		Project		Completed	10/01/2015	03/31/2017	10/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task Step 2. Identify gaps highlighting where a) current registries do not exist to meet PPS's clinical project requirements and target PPS populations, and, b) PPS primary care partners cannot easily upload appropriate EHR patient data to a patient registry.		Project		Completed	12/31/2015	03/31/2017	12/31/2015	03/31/2017	03/31/2017	DY2 Q4
Task Step 3. Develop roadmap to achieving expansion and/or establishment of patient registries and EHR capabilities to track engaged diabetes populations across PPS primary care partners		Project		Completed	01/01/2017	03/31/2017	01/01/2017	03/31/2017	03/31/2017	DY2 Q4
Task Step 4. Identify resources, timing and expertise required to implement the patient registry plan for PPS primary care		Project		Completed	01/01/2017	03/31/2017	01/01/2017	03/31/2017	03/31/2017	DY2 Q4

Prescribed Milestones Narrative Text

Milestone Name	Narrative Text
Implement evidence-based best practices for disease management, specific to diabetes, in community and ambulatory care settings.	
Engage at least 80% of primary care providers within the PPS in the implementation of disease management evidence-based best practices.	
Develop care coordination teams (including diabetes educators, nursing staff, behavioral health providers, pharmacy, community health workers, and Health Home care managers) to improve health literacy, patient self-efficacy, and patient self-management.	
Develop "hot spotting" strategies, in concert with Health Homes, to implement programs such as the Stanford Model for chronic diseases in high risk neighborhoods.	
Ensure coordination with the Medicaid Managed Care organizations serving the target population.	
Use EHRs or other technical platforms to track all patients engaged in this project.	
Meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3 for EHR systems used by participating safety net providers.

Project 3.d.ii – Expansion of asthma home-based self-management program

✓ IPQR Module 3.d.ii.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. IT Adoption- PPS may be unable to effectively use EHRs & other technical platforms to track patients engaged in this project for proactive care management and milestone reporting. Mitigation: PPS will conduct current state assessment and develop a plan to support partner implementation of EHRs /HIE connectivity; provide technical assistance to partners.
2. IT Connectivity- PPS partner support required to meet EHR, data sharing and HIE connectivity requirements may be greater than the PPS's resources. Mitigation: PPS will conduct current state assessment to develop a work plan and determine the best approach, resources required and timing to support partner's implementation of EHRs/HIE connectivity; leverage NYU's HIE platform and help establish connectivity to HIE and the RHIO/SHIN-NY.
3. Provider Engagement- Providers resist adoption of standardized asthma home-based interventions project protocols. Mitigation: PPS will identify clinical project leader(s) to serve as project champions and liaise with partner champions to build support across PPS network; establish buy-in by engaging them to design and agree upon standardized evidence-based best practice protocols; configure EMR /HIE functionality to ensure system is user-friendly and provides information critical to meet goals. PPS will provide education on the protocols and consider incentive programs to support consistent protocol engagement.
4. MCO Contracting- PPS may struggle to negotiate agreements with MCOs related to coordination of services for high risk populations. Mitigation: PPS will leverage NYU's Population Health Management expertise to structure and support implementation of care coordination strategies, reimbursement and incentive payment models. PPS leadership will work with MCOs to develop VBP models to identify data needs and address issues impacting successful implementation. PPS will work with partners where appropriate to identify and address readiness concerns; align incentive requirements related to assuming financial risk and assist partners in developing the structure and capacity to enter into risk-based contracts.
5. Patient Engagement - A portion of PPS's lives may be hard to engage and may resist disease management interventions or unable to combat environmental triggers at home. Mitigation: PPS will track patient compliance, identifying populations and analyze data to determine demographic profile, size, location, clinical needs, reasons for resistance; leverage existing patient engagement studies and prioritize populations based on scale, urgent need and potential impact; intensify intervention by PNC; develop culturally-specific care navigation strategies, expertise and tools; deploy CHWs and embed CMs in PCMH sites to discuss cultural barriers to interventions; work with airNYC to identify best practices for patient engagement and removal of environmental triggers. PPS will collaborate with DOHMH and other PPSs to leverage available city resources.
6. Workforce- PPS encounters challenges recruiting adequate numbers of CHWs to support home-based visiting program. Mitigation: PPS will identify project staffing needs and prioritize voluntary redeployment opportunities to fill vacant positions and promote retraining opportunities. PPS will coordinate efforts with workforce vendor on recruitment and training on best practices/protocols. Recruit diverse CHWs to meet needs of patients.
7. Data- Significant risk in State not transmitting timely, accurate, valid, & meaningful recent patient-specific data on our attributable population required to measure success of the initiative. Mitigation- None available.

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

✓ IPQR Module 3.d.ii.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Benchmarks	
Actively Engaged Speed	Actively Engaged Scale
DY4,Q4	1,403

	Year,Quarter	DY4,Q1	DY4,Q2	DY4,Q3	DY4,Q4
PPS Reported	Baseline Commitment	175	701	842	1,403
	Quarterly Update	0	136	0	214
	Percent(%) of Commitment	0.00%	19.40%	0.00%	15.25%
IA Approved	Quarterly Update	0	132	0	214
	Percent(%) of Commitment	0.00%	18.83%	0.00%	15.25%

⚠ Warning: PPS Reported - Please note that your patients engaged to date (214) does not meet your committed amount (1,403) for 'DY4,Q4'

Project 3.d.ii
Project Title Expansion of asthma home-based self-management program

Revised DSRIP Actively Engaged Definitions 10.28.2015

**New York State Department Of Health
 Delivery System Reform Incentive Payment Project
 DSRIP Implementation Plan Project**

NYU Brooklyn PPS (PPS ID:32)

Actively Engaged Definition
 The number of participating patients based on home assessment log, patient registry, or other IT platform.

Counting Criteria
 A count of patients who meet the criteria over a 1-year measurement period. Duplicate counts of patients are not allowed. The count is not additive across DSRIP years.

Data Source EHRs or other IT Platforms (i.e. patient registries).

Clarifying Information:

- Any IT platform will count for determining the number of participating patients as long as it is able to meet the requirements of accurately documenting persons participating in the program.
- Any program that meets the project requirements and is based on evidence-based guidelines will count as an "asthma home-based selfmanagement program."

Module Review Status

Review Status	IA Formal Comments

Milestone Name	Narrative Text
Expand asthma home-based self-management program to include home environmental trigger reduction, self-monitoring, medication use, and medical follow-up.	
Establish procedures to provide, coordinate, or link the client to resources for evidence-based trigger reduction interventions. Specifically, change the patient's indoor environment to reduce exposure to asthma triggers such as pests, mold, and second hand smoke.

Project 4.b.i – Promote tobacco use cessation, especially among low SES populations and those with poor mental health.

✓ IPQR Module 4.b.i.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. Information Technology Adoption Risk
PPS struggles to effectively use EHRs/other technical platforms to track all patients engaged in this project for proactive care management and for milestone reporting. Mitigation: PPS will conduct a current state assessment and develop a plan to support partner implementation of EHRs/HIE connectivity; provide technical assistance, including data and analytic support, to assist partners with meeting tracking and reporting requirements.
2. Patient Engagement Risk- PPS may encounter difficulties actively engaging "hard to reach" patients, particularly those where tobacco use remains a cultural norm which may lead to low patient participation. Mitigation: PPS will leverage NYU's expertise in engaging the Chinese-American community in tobacco use cessation. Facilitate culturally-competent tobacco patient interventions and counseling and recruit providers to make referrals to the NY Quitline and Asian Quitline, as appropriate. Work with partners to develop culturally-competent outreach and engagement strategies for reaching Arab, Latino and other identified communities. Work with BH partners to engage behavioral health patients in a clinically appropriate manner. Facilitate culturally-competent tobacco patient interventions and counseling; and recruit providers to make referrals to the NY Quitline and Asian Quitline, as appropriate. PPS will develop multilingual patient education materials that identify the risks of smoking and available support to help patients quit and engage its providers to assess patient tobacco use status and train them on the risks of smoking and benefits of quitting. PPS will provide technical assistance, such as data and analytic support, to assist partners with meeting tracking and reporting requirements.
3. CBO Engagement Risk:
 - a. Demographic and socio-economic factors may impede uptake of this initiative across the PPS's population base. The PPS may struggle to sustain provider commitment in the project, as the project does not have scale and speed commitments. Mitigation: The PPS will partner with numerous CBOs that are embedded and trusted in the community and whose missions include addressing poverty, education, and cultural barriers. These partnerships will help PPS target not only the specific issue of tobacco use but also broader socio-economic and demographic factors to improve overall health and well-being. The PPS will consider the use of provider incentives for providers that successfully engage patients in tobacco use cessation conversations and make referrals to the Quitline.
 - b. The PPS may struggle to sustain provider commitment in the project, as the project does not have scale and speed commitments. Mitigation: The PPS will discuss the project's outcome measures and the importance of meeting those measures in order to receive funding. Collaborating with other PPSs and the DOHMH will help to sustain momentum and efficient allocation of project resources to maintain communication and outreach with PPS providers across Brooklyn.
 - c. Brooklyn-based CBOs are likely to be partnering with multiple PPSs and already face many competing demands for their expertise, time and resources; PPS may be stretched to provide support to CBOs to deploy community-based interventions. Mitigation: The PPS will partner with the DOHMH and other PPSs implementing this project to leverage existing resources and minimize duplication of effort. The PPS will leverage the MIX to share best practices with other PPSs and partner organizations.

DSRIP Implementation Plan Project**

NYU Brooklyn PPS (PPS ID:32)

Project 4.c.ii – Increase early access to, and retention in, HIV care

✓ IPQR Module 4.c.ii.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. Patient Engagement Risk:
 - a. PPS may encounter difficulties actively engaging "hard to reach" patients. Mitigation: The PPS will utilize PNC resources and strategies to engage patients in care and provide assistance with care coordination and education about self-management and PrEP strategies. PPS will coordinate, train, equip and deploy community health workers and embed care managers in PCMH sites to actively engage difficult-to-reach patients through the PNC. CHWs and care managers will be trained to address social stigma that often accompanies HIV. PPS will utilize CHWs and CBOs, with an emphasis on organizations that have trusted relationships with high-risk communities, to support outreach and education on self-management care strategies and navigation activities.
 - b. Demographic and socio-economic factors may impede uptake of this initiative across the PPS's population base. Mitigation: Due to demographic and socio-economic factors the PPS will partner with numerous CBOs that are embedded and trusted in the community and whose missions include addressing poverty, education, and cultural barriers. These partnerships will help the PPS target not only the specific issue of HIV but support culturally competent approaches to reaching the community, for promotion of appropriate use primary care use for all clinical areas, and when to use the ER.
2. Provider Engagement Risk- Providers resist adoption of project protocols (including the use of PrEP) and given that the project does not have scale and speed commitments the PPS may struggle to sustain provider commitment in the project. Mitigation: PPS will identify clinical project leader(s) to serve as project champions and liaise with partner champions to build support across the PPS provider network; establish provider buy-in by engaging providers in design and agree upon standardized evidence-based best practice protocols; configure EMR/HIE functionality to ensure the system is user-friendly and provides information critical to meet goals. The PPS will develop multilingual patient outreach and education materials on HIV prevention and practicing safe behaviors. PPS will provide education on best practice protocols and consider incentive programs to support consistent protocol engagement. To sustain provider commitment the PPS will discuss the project's outcome measures and the importance of meeting those measures in order to receive funding. Collaborating with other PPSs and the DOHMH will help to sustain momentum and efficient allocation of project resources to maintain communication and outreach with PPS providers across Brooklyn.
3. CBO and Cross-PPS Engagement Risk- Brooklyn-based CBOs are likely to be partnering with multiple PPSs and already face many competing demands for their expertise, time and resources; PPS may be stretched to provide support to CBOs to deploy community-based interventions. HIV Collaborative struggles to implement a governance model that supports timely decision-making, budgeting and implementation of shared PPS projects initiatives and resources (e.g. protocols, access to data and reporting tools). Mitigation: CBO engagement across multiple PPSs the PPS will identify HIV Collaborative members, who will also serve on the PPS's HIV Work Group and work both across PPSs and within the NYU Langone Brooklyn PPS network to implement the HIV project. The PPS will leverage the MIX to share best practices with other PPSs and partner organizations.

Attestation

The Lead Representative has been designated by the Primary Lead PPS Provider (PPS Lead Entity) as the signing officiate for the DSRIP Quarterly Report. The Lead Representative has the authority to complete this attestation on behalf of the PPS network. The Lead Representative and PPS Lead Entity are responsible for the authenticity and accuracy of the material submitted in this report.

The Lead Representative of the Performing Provider System (PPS) must complete this attestation form in order for the project application to be accepted by the NYS Department of Health. Once the attestation is complete, the Quarterly Report will be locked down from any further editing. Do not complete this section until the entire Quarterly Report is complete.

If the Quarterly Report becomes locked in error and additional changes are necessary, please use the contact information on the Home Page to request that the Quarterly Report be unlocked.

To electronically sign this Quarterly Report, please enter the required information and check the box below:

I here by attest, as the Lead Representative of the 'NYU Brooklyn PPS', that all information provided on this Quarterly report is true and accurate to the best of my knowledge, and that, following initial submission in the current quarterly reporting period as defined by NY DOH, changes made to this report were pursuant only to documented instructions or documented approval of changes from DOH or DSRIP Independent Assessor.

Primary Lead PPS Provider:	NYU LUTHERAN MEDICAL CENTER
Secondary Lead PPS Provider:	
Lead Representative:	Matthew Penziner

	Module 1.3 - PPS Flow of Funds - Waiver Revenue (Baseline) - READ ONLY	Pass & Ongoing
	Module 1.4 - PPS Flow of Funds - Waiver Revenue (Quarterly)	Pass & Ongoing
	Module 1.5 - Prescribed Milestones	
	Milestone #1 Complete funds flow budget and distribution plan and communicate with network	Pass & Complete
	Module 1.7 - PPS Budget - Non-Waiver Revenue (Baseline)	Pass & Ongoing
	Module 1.8 - PPS Budget - Non-Waiver Revenue (Quarterly)	Pass & Ongoing
	Module 1.9 - PPS Flow of Funds - Non-Waiver Revenue (Baseline)	Pass & Ongoing
	Module 1.10 - PPS Flow of Funds - Non-Waiver Revenue (Quarterly)	Pass & Ongoing
Section 02	Module 2.1 - Prescribed Milestones	
	Milestone #1 Finalize governance structure and sub-committee structure	Pass & Complete  
	Milestone #2 Establish a clinical governance structure, including clinical quality committees for each DSRIP project	Pass & Complete  
	Milestone #3 Finalize bylaws and policies or Committee Guidelines where applicable	Pass & Complete 
	Milestone #4 Establish governance structure reporting and monitoring processes	Pass & Complete
	Milestone #5 Finalize community engagement plan, including communications with the public and non-provider organizations (e.g. schools, churches, homeless services, housing providers, law enforcement)	Pass & Complete
	Milestone #6 Finalize partnership agreements or contracts with CBOs	Pass & Complete
	Milestone #7 Finalize agency coordination plan aimed at engaging appropriate public sector agencies at state and local levels (e.g. local departments of health and mental hygiene, Social Services, Corrections, etc.)	Pass & Complete
	Milestone #8 Finalize workforce communication and engagement plan	Pass & Complete
Milestone #9 Inclusion of CBOs in PPS Implementation.	Pass & Complete	
Section 03	Module 3.1 - Prescribed Milestones	
	Milestone #1 Finalize PPS finance structure, including reporting structure	Pass & Complete 
	Milestone #2 Perform network financial health current state assessment and develop financial sustainability strategy to address key issues.	Pass & Complete

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Section	Module Name / Milestone #	Review Status	
	Milestone #3 Finalize Compliance Plan consistent with New York State Social Services Law 363-d	Pass & Complete	 
	Milestone #4 Develop a Value Based Payments Needs Assessment ("VNA")	Pass & Complete	
	Milestone #5 Develop an implementation plan geared towards addressing the needs identified within your VNA	Pass & Complete	
	Milestone #6 Develop partner engagement schedule for partners for VBP education and training	Pass & Complete	
	Milestone #7 Execute the PPS's Partner Engagement Schedule for VBP Education and Trainings. Track training progress, as appropriate.	Pass & Complete	
	Milestone #8 Collaborate with Community Based Organizations (CBOs) on an ongoing basis to address VBP Social Determinants of Health, and develop a plan to ensure that CBOs are included in system transformation efforts.	Pass & Complete	
Section 04	Module 4.1 - Prescribed Milestones		
	Milestone #1 Finalize cultural competency / health literacy strategy.	Pass & Complete	
	Milestone #2 Develop a training strategy focused on addressing the drivers of health disparities (beyond the availability of language-appropriate material).	Pass & Complete	
Section 05	Module 5.1 - Prescribed Milestones		
	Milestone #1 Perform current state assessment of IT capabilities across network, identifying any critical gaps, including readiness for data sharing and the implementation of interoperable IT platform(s).	Pass & Complete	
	Milestone #2 Develop an IT Change Management Strategy.	Pass & Complete	
	Milestone #3 Develop roadmap to achieving clinical data sharing and interoperable systems across PPS network	Pass & Complete	
	Milestone #4 Develop a specific plan for engaging attributed members in Qualifying Entities	Pass & Complete	
	Milestone #5 Develop a data security and confidentiality plan.	Pass & Complete	
Section 06	Module 6.1 - Prescribed Milestones		
	Milestone #1 Establish reporting structure for PPS-wide performance reporting and communication.	Pass & Complete	
	Milestone #2 Develop training program for organizations and individuals throughout the network, focused on clinical quality and performance reporting.	Pass & Complete	
Section 07	Module 7.1 - Prescribed Milestones		
	Milestone #1 Develop Practitioners communication and engagement plan.	Pass & Complete	
	Milestone #2 Develop training / education plan targeting practioners and other professional groups, designed to educate them about the DSRIP program and your PPS-specific quality improvement agenda.	Pass & Complete	
Section 08	Module 8.1 - Prescribed Milestones		
	Milestone #1 Develop population health management roadmap.	Pass & Complete	
	Milestone #2 Finalize PPS-wide bed reduction plan.	Pass & Ongoing	

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Section	Module Name / Milestone #	Review Status	
Section 09	Module 9.1 - Prescribed Milestones		
	Milestone #1 Perform a clinical integration 'needs assessment'.	Pass & Complete	
	Milestone #2 Develop a Clinical Integration strategy.	Pass & Complete	
Section 11	Module 11.1 - Workforce Strategy Spending (Baseline)	Pass & Complete	
	Module 11.2 - Prescribed Milestones		
	Milestone #1 Define target workforce state (in line with DSRIP program's goals).	Pass & Complete	
	Milestone #2 Create a workforce transition roadmap for achieving defined target workforce state.	Pass & Complete	
	Milestone #3 Perform detailed gap analysis between current state assessment of workforce and projected future state.	Pass & Complete	
	Milestone #4 Produce a compensation and benefit analysis, covering impacts on both retrained and redeployed staff, as well as new hires, particularly focusing on full and partial placements.	Pass & Complete	
	Milestone #5 Develop training strategy.	Pass & Complete	
	Module 11.10 - Staff Impact	Pass & Ongoing	 
	Module 11.11 - Workforce Strategy Spending (Quarterly)	Pass & Ongoing	

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Project ID	Module Name / Milestone #	Review Status	
2.a.i	Module 2.a.i.2 - Prescribed Milestones		
	Milestone #1 All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy.	Pass & Complete	
	Milestone #2 Utilize partnering HH and ACO population health management systems and capabilities to implement the PPS' strategy towards evolving into an IDS.	Pass & Complete	
	Milestone #3 Ensure patients receive appropriate health care and community support, including medical and behavioral health, post-acute care, long term care and public health services.	Pass & Complete	
	Milestone #4 Ensure that all PPS safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including directed exchange (secure messaging), alerts and patient record look up, by the end of Demonstration Year (DY) 3.	Pass & Complete	
	Milestone #5 Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3.	Pass & Complete	
	Milestone #6 Perform population health management by actively using EHRs and other IT platforms, including use of targeted patient registries, for all participating safety net providers.	Pass & Complete	
	Milestone #7 Achieve 2014 Level 3 PCMH primary care certification and/or meet state-determined criteria for Advanced Primary Care Models for all eligible participating PCPs, expand access to primary care providers, and meet EHR Meaningful Use standards by the end of DY 3.	Fail	
	Milestone #9 Establish monthly meetings with Medicaid MCOs to discuss utilization trends, performance issues, and payment reform.	Pass & Complete	
	Milestone #10 Re-enforce the transition towards value-based payment reform by aligning provider compensation to patient outcomes.	Pass & Complete	
	Milestone #11 Engage patients in the integrated delivery system through outreach and navigation activities, leveraging community health workers, peers, and culturally competent community-based organizations, as appropriate.	Pass & Complete	
2.b.iii	Module 2.b.iii.2 - Patient Engagement Speed	Pass & Ongoing	 
	Module 2.b.iii.3 - Prescribed Milestones		
	Milestone #1 Establish ED care triage program for at-risk populations	Pass & Complete	
	Milestone #2 Participating EDs will establish partnerships to community primary care providers with an emphasis on those that are PCMHs and have open access scheduling. a. Achieve NCQA 2014 Level 3 Medical Home standards or NYS Advanced Primary Care Model standards by the end of DSRIP Year 3. b. Develop process and procedures to establish connectivity between the emergency department and community primary care providers. c. Ensure real time notification to a Health Home care manager as applicable	Fail	

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Project ID	Module Name / Milestone #	Review Status	
	Milestone #3 For patients presenting with minor illnesses who do not have a primary care provider: a. Patient navigators will assist the presenting patient to receive an immediate appointment with a primary care provider, after required medical screening examination, to validate a non-emergency need. b. Patient navigator will assist the patient with identifying and accessing needed community support resources. c. Patient navigator will assist the member in receiving a timely appointment with that provider's office (for patients with a primary care provider).	Pass & Complete	
	Milestone #4 Established protocols allowing ED and first responders - under supervision of the ED practitioners - to transport patients with non-acute disorders to alternate care sites including the PCMH to receive more appropriate level of care. (This requirement is optional.)	Pass (with Exception) & Complete	
	Milestone #5 Use EHRs and other technical platforms to track all patients engaged in the project.	Pass & Complete	
2.b.ix	Module 2.b.ix.2 - Patient Engagement Speed	Pass & Ongoing	 
	Module 2.b.ix.3 - Prescribed Milestones		
	Milestone #1 Establish appropriately sized and staffed observation (OBS) units in close proximity to ED services, unless the services required are better provided in another unit. When the latter occurs, care coordination must still be provided.	Pass & Complete	
	Milestone #2 Create clinical and financial model to support the need for the unit.	Pass & Complete	
	Milestone #3 Utilize care coordination services to ensure safe discharge either to the community or a step down level of service, such as behavioral health or assisted living/SNF.	Pass & Complete	
	Milestone #4 Ensure that all PPS safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including Direct exchange (secure messaging), alerts and patient record look up by the end of Demonstration Year (DY) 3.	Pass & Complete	
	Milestone #5 Use EHRs and other technical platforms to track all patients engaged in the project.	Pass & Complete	
2.c.i	Module 2.c.i.2 - Patient Engagement Speed	Pass & Ongoing	 
	Module 2.c.i.3 - Prescribed Milestones		
	Milestone #1 Create community-based health navigation services, with the goal of assisting patients in accessing healthcare services efficiently.	Pass & Complete	
	Milestone #2 Develop a community care resource guide to assist the community resources and ensure compliance with protocols, under direction from a collaborating program oversight group of medical/behavioral health, community nursing, and social support services providers.	Pass & Complete	
	Milestone #3 Recruit for community navigators, ideally spearheaded by residents in the targeted area to ensure community familiarity.	Pass & Complete	
	Milestone #4 Resource appropriately for the community navigators, evaluating placement and service type.	Pass & Complete	
	Milestone #5 Provide community navigators with access to non-clinical resources, such as transportation and housing services.	Pass & Complete	
	Milestone #6 Establish case loads and discharge processes to ensure efficiency in the system for community navigators who are following patients longitudinally.	Pass & Complete	

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Project ID	Module Name / Milestone #	Review Status	
	Milestone #7 Market the availability of community-based navigation services.	Pass & Complete	
	Milestone #8 Use EHRs and other technical platforms to track all patients engaged in the project.	Pass & Complete	
3.a.i	Module 3.a.i.2 - Patient Engagement Speed	Pass & Ongoing	 
	Module 3.a.i.3 - Prescribed Milestones		
	Milestone #1 Co-locate behavioral health services at primary care practice sites. All participating eligible primary care practices must meet 2014 NCQA level 3 PCMH or Advance Primary Care Model standards by DY 3.	Fail	
	Milestone #2 Develop collaborative evidence-based standards of care including medication management and care engagement process.	Pass & Complete	
	Milestone #3 Conduct preventive care screenings, including behavioral health screenings (PHQ-2 or 9 for those screening positive, SBIRT) implemented for all patients to identify unmet needs.	Fail	
	Milestone #4 Use EHRs or other technical platforms to track all patients engaged in this project.	Pass & Complete	
	Milestone #5 Co-locate primary care services at behavioral health sites.	Pass & Ongoing	
	Milestone #6 Develop collaborative evidence-based standards of care including medication management and care engagement process.	Pass & Ongoing	
	Milestone #7 Conduct preventive care screenings, including physical and behavioral health screenings.	Pass & Ongoing	
	Milestone #8 Use EHRs or other technical platforms to track all patients engaged in this project.	Pass & Ongoing	
	Milestone #9 Implement IMPACT Model at Primary Care Sites.	Pass & Complete	
	Milestone #10 Utilize IMPACT Model collaborative care standards, including developing coordinated evidence-based care standards and policies and procedures for care engagement.	Fail	
	Milestone #11 Employ a trained Depression Care Manager meeting requirements of the IMPACT model.	Fail	
	Milestone #12 Designate a Psychiatrist meeting requirements of the IMPACT Model.	Fail	
	Milestone #13 Measure outcomes as required in the IMPACT Model.	Fail	
Milestone #14 Provide "stepped care" as required by the IMPACT Model.	Pass & Complete		
Milestone #15 Use EHRs or other technical platforms to track all patients engaged in this project.	Pass & Complete		
3.c.i	Module 3.c.i.2 - Patient Engagement Speed	Pass & Ongoing	 
	Module 3.c.i.3 - Prescribed Milestones		
	Milestone #1 Implement evidence-based best practices for disease management, specific to diabetes, in community and ambulatory care settings.	Pass & Complete	
	Milestone #2 Engage at least 80% of primary care providers within the PPS in the implementation of disease management evidence-based best practices.	Pass & Complete	

**New York State Department Of Health
Delivery System Reform Incentive Payment Project**

DSRIP Implementation Plan Project

NYU Brooklyn PPS (PPS ID:32)

Project ID	Module Name / Milestone #	Review Status	
	Milestone #3 Develop care coordination teams (including diabetes educators, nursing staff, behavioral health providers, pharmacy, community health workers, and Health Home care managers) to improve health literacy, patient self-efficacy, and patient self-management.	Fail	
	Milestone #4 Develop "hot spotting" strategies, in concert with Health Homes, to implement programs such as the Stanford Model for chronic diseases in high risk neighborhoods.	Fail	
	Milestone #5 Ensure coordination with the Medicaid Managed Care organizations serving the target population.	Pass & Complete	
	Milestone #6 Use EHRs or other technical platforms to track all patients engaged in this project.	Pass & Complete	
	Milestone #7 Meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3 for EHR systems used by participating safety net providers.	Fail	
	Module 3.d.ii.2 - Patient Engagement Speed	Fail	
	Module 3.d.ii.3 - Prescribed Milestones		
	Milestone #1 Expand asthma home-based self-management program to include home environmental trigger reduction, self-monitoring, medication use, and medical follow-up.	Pass & Complete	
	Milestone #2 Establish procedures to provide, coordinate, or link the client to resources for evidence-based trigger reduction interventions. Specifically, change the patient's indoor environment to reduce exposure to asthma triggers such as pests, mold, and second hand smoke.	Pass & Complete	
	Milestone #3 Develop and implement evidence-based asthma management guidelines.	Pass & Complete	
3.d.ii	Milestone #4 Implement training and asthma self-management education services, including basic facts about asthma, proper medication use, identification and avoidance of environmental exposures that worsen asthma, self-monitoring of asthma symptoms and asthma control, and using written asthma action plans.	Pass & Complete	
	Milestone #5 Ensure coordinated care for asthma patients includes social services and support.	Pass & Complete	
	Milestone #6 Implement periodic follow-up services, particularly after ED or hospital visit occurs, to provide patients with root cause analysis of what happened and how to avoid future events.	Pass & Complete	
	Milestone #7 Ensure communication, coordination, and continuity of care with Medicaid Managed Care plans, Health Home care managers, primary care providers, and specialty providers.	Pass & Complete	
	Milestone #8 Use EHRs or other technical platforms to track all patients engaged in this project.	Pass & Complete
