

January 19th, 2021

## Updated January Webinar Schedule

**Due to technical difficulties, the remainder of the January webinars have been rescheduled.**

The updated times and registration links are below. If you will not be able to attend these presentations and would like a copy of either webinar, please contact our support team via email at [hit@health.ny.gov](mailto:hit@health.ny.gov).

### **Health Information Exchange (HIE)– January 21, 2021 11:00am**

Health information exchange (HIE) allows providers and patients to share data electronically, making sure that providers have access to the most accurate and up-to-date information about patients' health and treatment history. This webinar will define what HIE is, and will review terminology and concepts associated with it to help you better understand this Meaningful Use Objective.

### **Security Risk Analysis– January 26, 2021 11:00am**

This webinar provides guidance to Eligible Professionals (EPs) about the security risk analysis requirements to meet Meaningful Use Objective 1: Protect Patient Health Information. Topics covered include resources to assist in the completion of the SRA, objective requirements, and changes for PY2021.

## Regional Extension Center (REC) Webinars and Events

You may already know that the RECs provide free support services to providers, but did you know that this includes helpful webinars and events? To see what topics and options are available, please contact the REC for your area using the information below.

### **If you are within the 5 boroughs of NYC, contact:**
