**NY Medicaid EHR Incentive Program  
LISTSERV**

August 5, 2021

## August Webinars

Webinars provide us with an opportunity to share in-depth information on Meaningful Use (MU) topics and the NY Medicaid EHR Incentive Program. We strive to make webinars as interactive and valuable for attendees as possible and have updated our past webinars with information about the changes that come with the final year of the program. We will continue to have Q&A sessions at the end of each webinar and encourage any questions you may have about the new content during this time.

Here are our upcoming webinars in August:

### **[Meaningful Use Stage 3](#) – August 10, 2021 at 11:00am**

This webinar provides guidance to Eligible Professionals (EPs) about the requirements to attest to Meaningful Use (MU) Stage 3 for the NY Medicaid EHR Incentive Program in Payment Year 2021. Topics covered include the Medicaid calculation eligibility criteria, a brief overview of the CMS Regulations, Meaningful Use (MU) Objectives and Measures, Clinical Quality Measures (CQMs), and updates for the final year of the program.

### **[Health Information Exchange](#) – August 25, 2021 11:00am**

Based on feedback received, the NY Medicaid EHR Incentive Program has put together this webinar geared towards eligible professionals new to meaningful use. Topics covered include: benefits of the patient portal, strategies and considerations for setting up a portal, and a breakdown of Stage 3 measures involving patient engagement

## Environmental Scan Survey

As the program comes to a close, the NY Medicaid EHR Incentive program is looking for your feedback. A final Environmental Scan Survey is being conducted to gather information about participant experience in the program, with a version for [Eligible Professionals](#) (EPs) and a separate version for [Eligible Hospitals](#) (EHs). The survey can be accessed online via SurveyMonkey using the included links.

The response deadline for the survey has also recently been extended. Responses will now be collected until **September 30<sup>th</sup>, 2021**. Participation is strongly encouraged, and all published data gained from these surveys will be compiled anonymously.
