Webinar Logistics

- The webinar will begin momentarily.
- For the duration of this webinar you will be in listenonly mode and your station will be muted.
- We welcome your questions, and you can submit them at any time during the Webinar by typing them in the "Questions" section of the GoToWebinar control panel.
- At the end of the presentation we will address your questions during our Q&A session.

NY Medicaid EHR Incentive Program A CMS Promoting Interoperability Program

Payment Year (PY) 2021 Soft Opening Period and Security Risk Analysis Process Changes

Agenda

- Soft Opening Definition
- PY 2021 Attestation Timeline
- Process Changes
 - Security Risk Analysis
 - Remediation Process
- Reporting Periods & Requirements
 - Patient Volume
 - CQM Reporting & EHR (Meaningful Use) Reporting
- Preparation & Pre-Validation
- Resources

Soft Opening & PY2021 Timeline

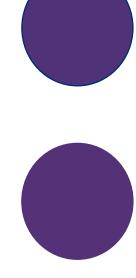

Soft Opening

An early attestation periods that allow qualifying providers to submit in MEIPASS before the Official Opening of the Payment Year.

Payment Year 2021 Key Dates

Soft Opening

Soft Opening Start Date: April 1, 2021

Official Opening Official Opening Date: July 1, 2021 Official Opening End Date: August 31, 2021

PY2021 Changes

Security Risk Analysis Completion Date

The SRA MUST be conducted

Within Calendar Year 2021

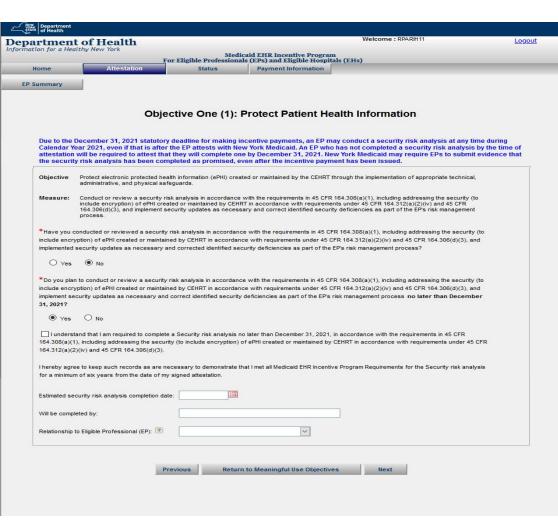

but

Can be completed after the date of attestation

Changes in MEIPASS

EP01 – Future SRA Completion Date Selected

All providers who select a future date of completion for the SRA will be sent this outreach letter with additional information and instruction. The NY Medicaid EHR Incentive Program has received your attestation for Payment Year (PY) 2021. While reviewing your submission, it has been noted that the Security Risk Analysis (SRA) Completion date you have selected occurs in the future.

As a reminder, providers are required to complete the SRA by the deadline of **December 31**st, **2021.** Because of this, it is important to ensure that this requirement is completed by the appropriate deadline and that documentation related to this process is retained in full. Please review the below action items for additional information.

Action Items:

- Complete a <u>Security Risk Analysis</u> in accordance with the <u>CMS Guidelines</u> prior to December 31st, 2021. Ensure that the process is well documented.
- Retain all documentation related to this process (including the analysis itself, the name of the person or entity completing the analysis, and that person or entity's relationship to the organization) for a minimum of 6 years from the date your PY2021 attestation was completed. This is necessary to prepare for the possibility of Post-Payment Audit.
- ☑ For further information regarding possible Post-Payment Audit and the requirements associated with it, please visit the <u>Post-Payment Audit Home Page</u>. If you have any questions related to this process, contact <u>hitech@omig.ny.gov</u>.

Failure to complete the Security Risk Analysis within the required timeframe will render the provider ineligible for the Incentive Payment. If you find that you will be unable to complete the Security Risk Analysis prior to December 31st, please contact the NY Medicaid EHR Incentive Program support staff. We will assist you in initiating the self-report process and recoupment of incentive funds for Payment Year 2021.

Thank you for your participation in the NY Medicaid EHR Incentive Program. If you have any questions regarding this email, please contact NY Medicaid EHR Incentive Program Support by phone at 877-646-5410 Option 2, or by email at <u>hit@health.ny.gov.</u>

Sincerely, NY Medicaid EHR Incentive Program A CMS Promoting Interoperability Program

Pre-Payment Review & Remediation

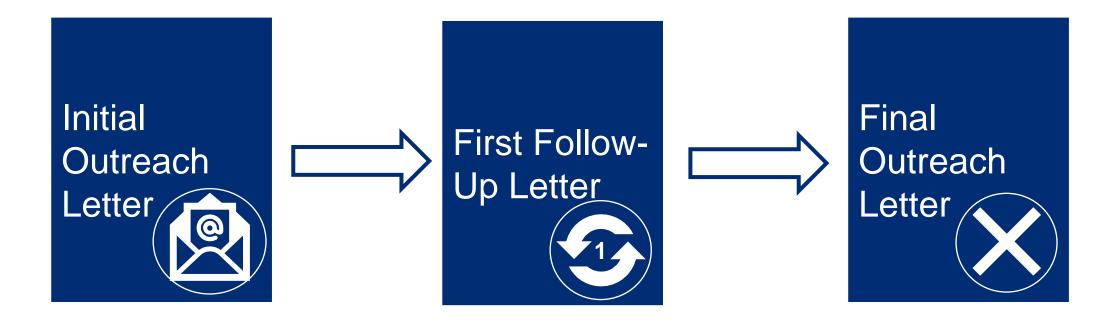

All attestations are thoroughly reviewed before being approved for payment. If any issues are found during review, the provider is sent outreach indicating what the problem is and how to resolve it.

Please see the <u>Pre-Payment Review Scenarios</u> webpage for additional details on each possible remediation issue.

Reduced Remediation Outreach Response Timeframe

Attestation Deadline Extensions (ADEs)

Attestation Deadline Extensions will NOT be offered for PY2021 attestations.

All providers must attest on or before **August 31st, 2021** for their submissions to be considered.

MURPH System Service Updates

Department
of HealthMeaningful Use Registration for
Public Health (MURPH) System

A Important Notices

This application works best in Google Chrome or Internet Explorer 11.

Practices with multiple locations should submit one registration. Review the EP User Guide for more details and other tips.

O Key Dates

- 01/01/2019: Payment Year (PY) 2019 begins
- 01/02/2019: Registration for PY 2019 opens
- · 12/01/2019: Registrations deadline for PY
- 2019 with 90-day EHR Reporting Period of 10/3/19-12/31/19
- 12/31/2019: PY 2019 ends

Announcements X

Important Notice:

Enhanced Meaningful Use (EMU) Program is scheduled to end on December 31st, 2021. All EMU related registry support for New York State Department of Health (NYSDOH) and New York City Department of Health and Mental Hygiene (NYCDOHMH) will cease on the aforementioned date as well. Once the registry support for the program ends, your Audit Report Card (ARC) will serve as the only source of fruth containing evidence of your program participation in case of an audit initiated by the Office of the Medicaid Inspector General (OMIG).

To ensure all program participants (Eligible Professionals (EPs) and Eligible Hospitals (EHs)) have access to their most accurate and up to date Audit Report Cards (ARC), we encourage all participants to review their ARC in Meaningful Use Registration for Public Health (MURPH) system. If your review finds all the information listed in your ARC to be correct, no further action is required on your part. Should you find any discrepancies in your Meaningful use (MU) status with a registry, please contact the Informatics Analysts at the registry directly to remediate such discrepancies by July 31st, 2021. No changes will be allowed to ARC MU Statuses bevond that date.

Meaningful Use Registration for Public Health (MURPH) system support will be ending as of **December 31st, 2021**.

To prepare for this, review and download your Audit Report Card. Address any discrepancies by **July 31st, 2021**.

If you have not yet registered in MURPH, the last day to do so is **July 30th, 2021**.

Requirements & Reporting Periods

Soft Opening Requirements

*** * ***

Program Thresholds

 Providers must meet all relevant program metrics in these timeframes

MPV Reporting

- Continuous 90day period
- Ending prior to the date of attestation

EHR & CQM Reporting

- Continuous 90-day period in CY2021
- Ending prior to date of attestation

Prior Attestations

 If a provider attested for PY2020, they must receive payment for that year before attesting in the Soft Opening

Stage 3 Reporting Requirements

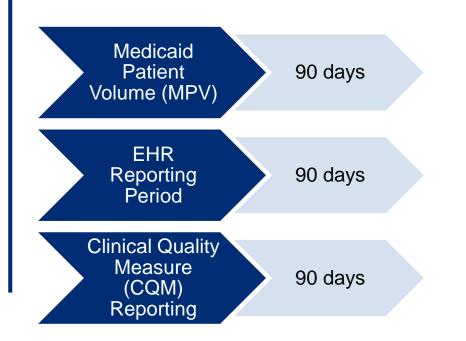

2015 Edition CEHRT

Reporting Period Requirements

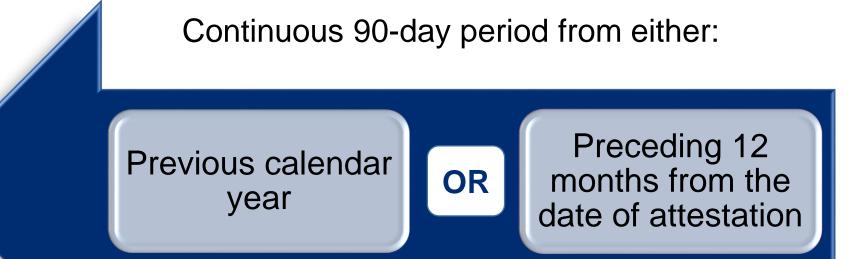

Certified EHR Technology (CEHRT)

- Minimum requirement: 2015 Edition
- Visit https://chpl.healthit.gov/ to obtain the CEHRT ID

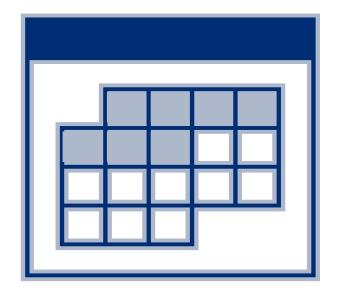

Medicaid Patient Volume (MPV) Reporting

EHR & CQM Reporting Periods

- Continuous 90-day period
- Within the Reporting Year
- Prior to the date of attestation

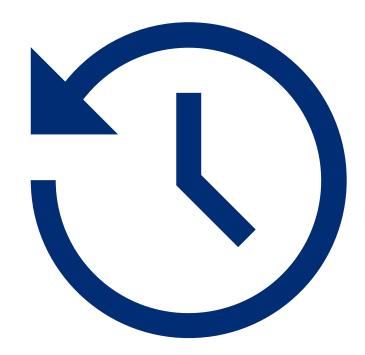

Preparations

Prior Attestations

Before attesting, determine if the provider submitted for PY2020. If they did, ensure the provider has received payment for that submission prior to attesting for PY2021.

Attesting to a new payment year before payment is received for a prior year will remove the older attestation data. This can cause problems, including disqualifying the provider from the incentive payment for the prior year.

MEIPASS

Please review the <u>MEIPASS</u> <u>Attestation Walkthrough</u> prior to attesting to determine what information is needed to complete your attestation.
