

Step Up to Stop Falls

Diane Oyler, Vice President of Programs

Step Up To Stop Falls Collaborative

2007

- Work begins in Erie County
- Priorities set

2009

- First 12 grants made in Erie County
- Focused on behavior change, supported by a learning community

2011

- Six Erie County advance grants to expand work
- Seven diffusion grants to new county coalitions for planning

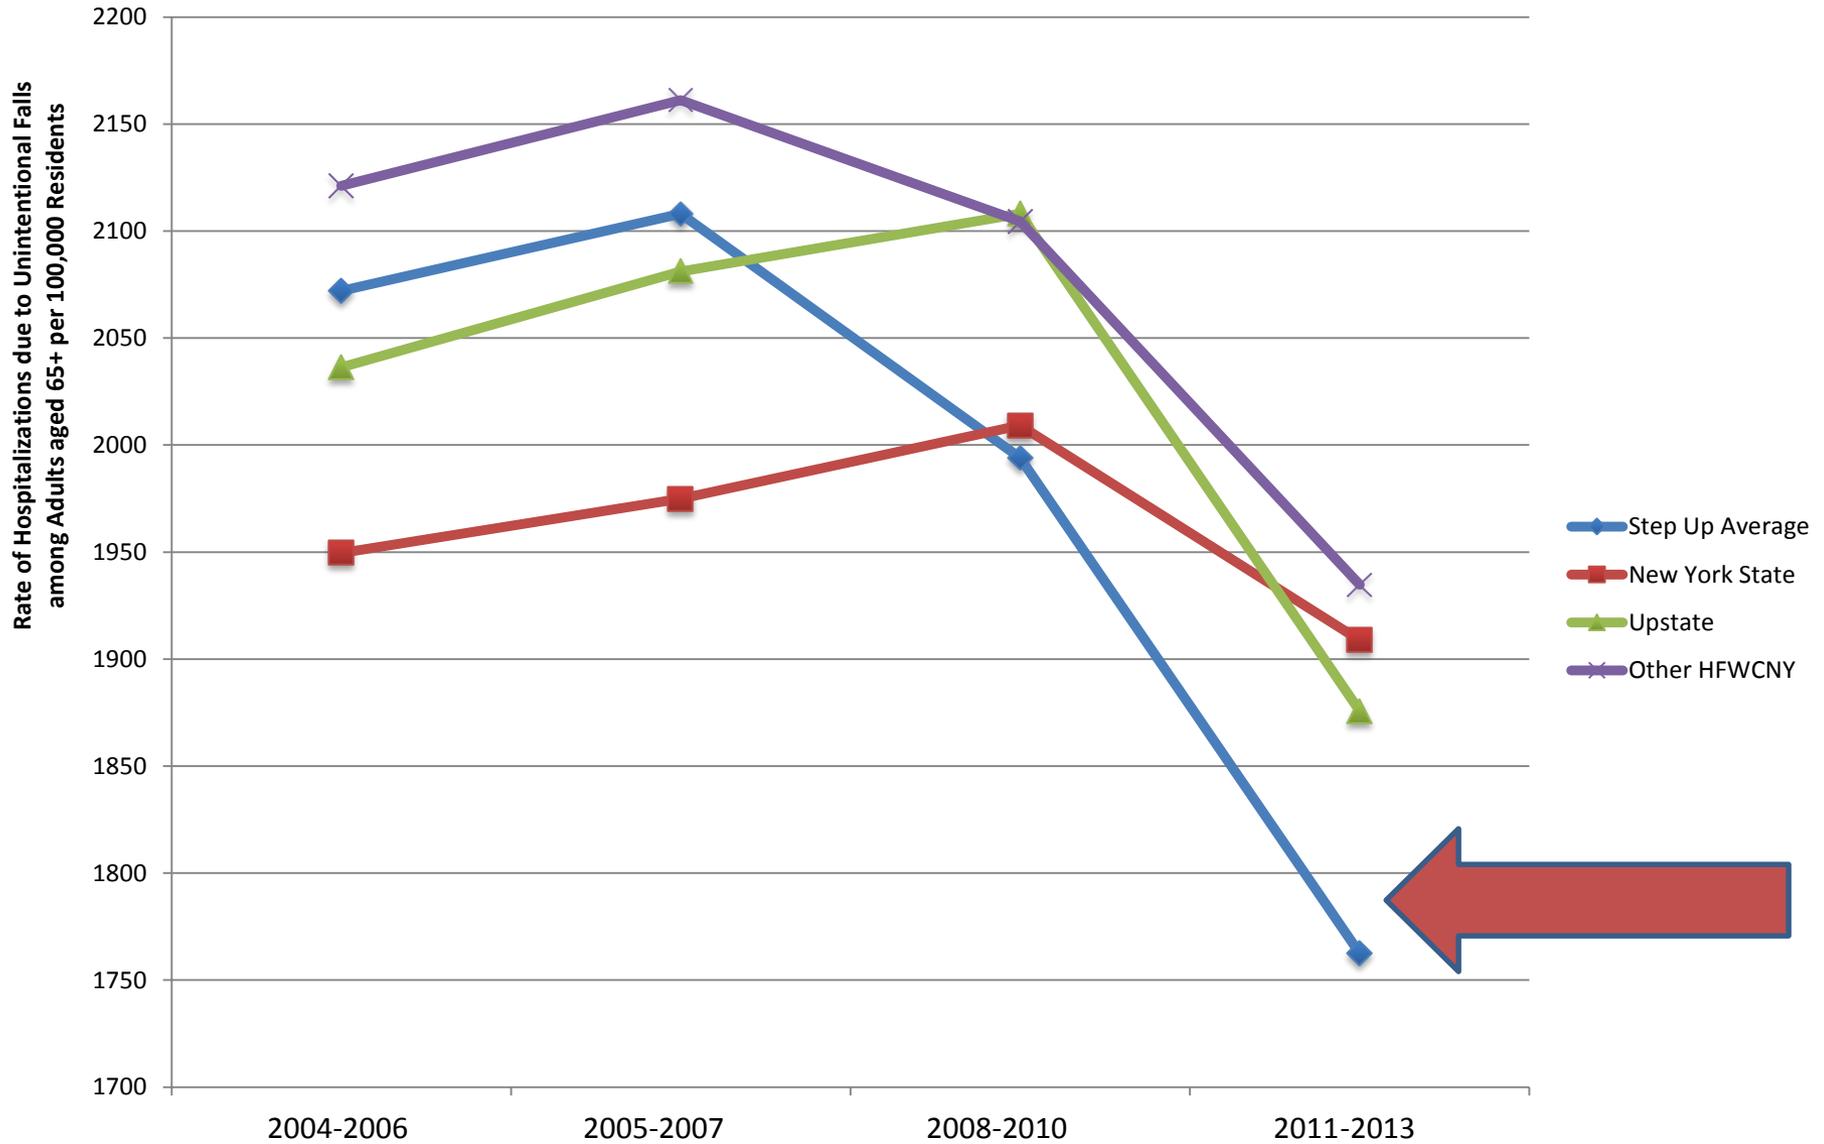

2013

- Step Up to Stop Falls Phase 2 kicks off

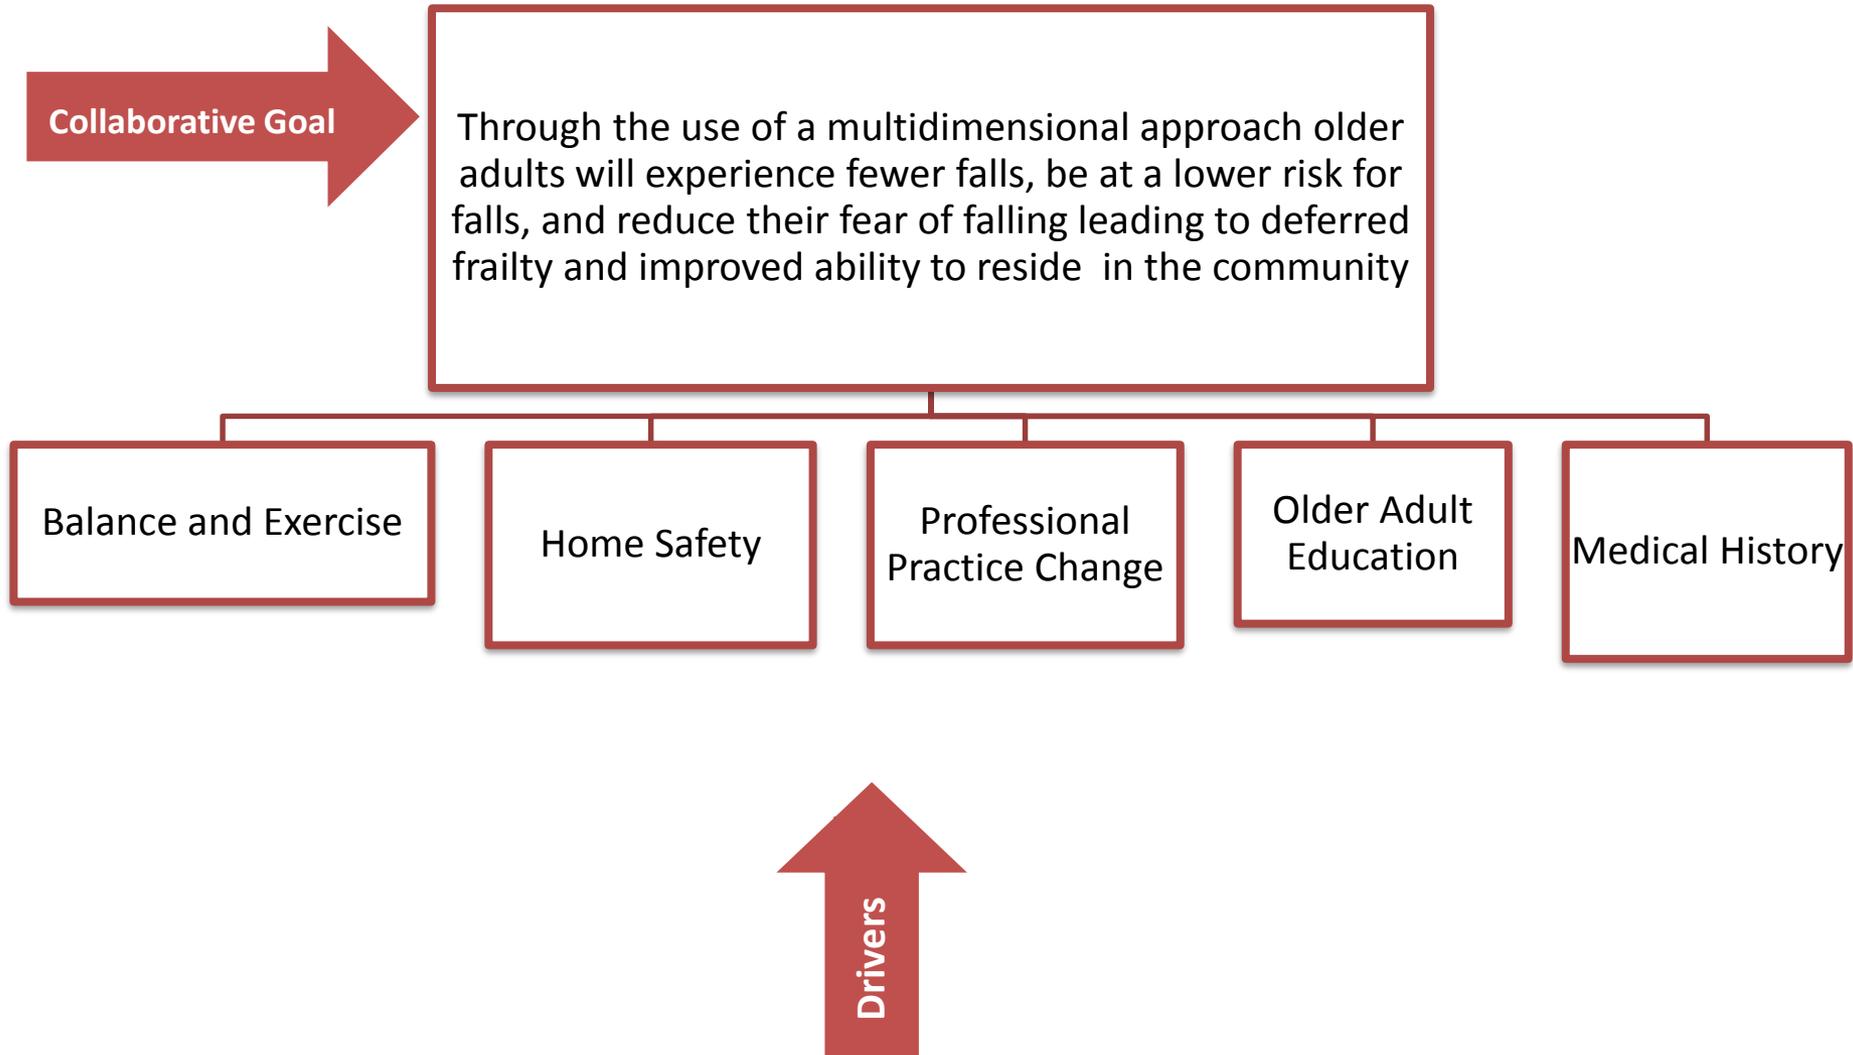

2018

- Exploratory work being done

Albany Evaluation Addendum: April 2015

Key Questions and Considerations

- How can interventions be more comprehensive?
- The number of people reached seems small given the resources and time invested.
- Most people reached needed means / transportation to get to training and activities, excluding many potential audiences
- Connection with professional practice was limited and least successful
