**Provider Compliance Summary**

<b>Requirements for All HCBS Settings</b>		
<b>Compliant?</b>	<b>Federal Requirement</b>	<b>Summary</b>
<p><i>42 CFR 441.301(c)(4)(i)</i></p> <p>Partially Compliant</p>	<p>The setting is integrated in and supports full access of individuals receiving Medicaid HCBS to the greater community, including opportunities to seek employment and work in competitive integrated settings, engage in community life, control personal resources, and receive services in the community, to the same degree of access as individuals not receiving Medicaid HCBS.</p>	<p>DOH verified members have access to the greater community by confirming transportation options, support for volunteer/employment opportunities, staff resources, and that member preferences are accommodated by reviewing activity calendars, transportation schedules, daily sign-in/out sheets, and inclusion of preferences in member's PCSP. The SADC has demonstrated compliance in all areas of the standards except for the following: Based on the</p>

		documentation provided the only "community integration" offered includes group outings and does not specify independent outings, therefore does not meet HCBS compliance. Individualized community activities are not present. Remediation will include participants can participate in activities that they choose, including independent outings. Buses, drivers, and staff are available to accompany participants who wish to go into the community. This is in addition to planned field trips. Remediation efforts will conclude by 7/1/2024
42 CFR 441.301(c)(4)(ii) Compliant	The setting is selected by the individual from among setting options, including non-disability specific settings and an option for a private unit in a residential setting. The setting options are identified and documented in the person-centered service plan and are based on the individual's needs, preferences, and, for residential settings, resources available for room and board.	The member must choose the SADC site prior to attending. This is done through the person-centered planning process, which is conducted by the MLTC plan. If it is determined the member qualifies and needs SADC, the MLTC plan care manager supplies a list of available SADC site options, and the member makes their selection of where they would like to attend and receive services. The MLTC plan care manager documents the need and the choice of SADC site in the MLTC plan PCSP.
42 CFR 441.301(c)(4)(iii) Compliant	Ensures an individual's rights of privacy, dignity and respect, and freedom from coercion and restraint.	DOH verified members have privacy, are treated with respect and dignity, and are supported to choose their own schedules and activities based on their preferences by reviewing member PCSPs, SADC policy manuals, member experience surveys, staff training topics, and observing the spaces allocated for privacy. The SADC has demonstrated compliance in all areas of the standards except for the following: There is no indication of if a member needs assistance with something

		personal, they able to choose who provides the service.
<p><i>42 CFR 441.301(c)(4)(iv)</i></p> <p>Partially Compliant</p>	Optimizes, but does not regiment, individual initiative, autonomy, and independence in making life choices, including but not limited to, daily activities, physical environment, and with whom to interact.	DOH verified staffing ratios, programming, and recreational areas as well as any barriers to free movement, and those individualized activities are offered by reviewing staff schedules, member PCSPs, activity schedules, and through on-site observation. The SADC has demonstrated compliance in all areas of the standards except for the following: Individualized community activities are not present. Remediation will include participants can participate in activities that they choose, including independent outings. Buses, drivers, and staff are available to accompany participants who wish to go into the community. This is in addition to planned field trips, community services, events and caregiver information located in resource room. Participants rights will also be updated by 7/1/2024.
<p><i>42 CFR 441.301(c)(4)(v)</i></p> <p>Compliant</p>	Facilitates individual choice regarding services and supports, and who provides them.	DOH verified staff knowledge of members' needs and interests, as well as members' individual choice regarding their activities and supports, and the staff who provide them by evaluating member experience survey results, and reviewing SADC policies, and member handbooks, as well as through observation during the virtual on-site review.
<b>Additional Requirements for Provider-Owned or Controlled Settings</b>		
<b>Compliant?</b>	<b>Federal Requirement</b>	<b>Summary</b>
<b><i>Standards for Provider-Owned and Controlled Residential and Non-Residential Settings</i></b>

42 CFR 441.301(c)(4)(vi)(D) Not Compliant	Individuals are able to have visitors of their choosing at any time.	DOH verified the acceptance of visitors during program hours by reviewing visitor policies and sign-in/out forms. The SADC has demonstrated compliance in all areas of the standards except for the following: During the virtual onsite it was confirmed that visitors are allowed during program hours and must check in with reception. The information provided in the facility's Considerations and General Guidelines document contradicts the visitation protocol and must be updated. Remediation will include visitation policy was updated. Visitors can come and go to visit their loved ones in program as they wish. They can be in program rooms, stay in the lobby, or family intake rooms. Remediation efforts will conclude by 3/17/2023.
42 CFR 441.301(c)(4)(vi)(E) Compliant	The setting is physically accessible to the individual. (Not modifiable)	DOH verified accessibility of the facility through observation, during the virtual on-site review.
42 CFR 441.301(c)(4)(vi)(F) Compliant	Any modifications of the additional conditions under 441.301(c)(4)(vi)(A) through (D) for provider-owned and controlled settings must be supported by a specific assessed need and justified in the person-centered service plan.	No completed member SADC PCSPs were available for review due to no members from the MLTC plan the virtual on-site visit was conducted attending the SADC site at the time. However, the SADC PCSP template has a section for indicating any necessary modifications.
<b>Standards for Provider-Owned and Controlled Residential Settings Only</b>		
42 CFR 441.301(c)(4)(vi)(A) Not Applicable	The unit or dwelling is a specific physical place that is owned, rented, or occupied under a legally enforceable agreement by the individual receiving services, and the individual has	SADC sites are non-residential, and therefore this standard is not applicable.

	the same responsibilities and protections from eviction as all tenants under landlord/tenant law of the State, county, city, or other designated entity. In settings where tenant laws do not apply, a lease, residency agreement or other written agreement is in place providing protections to address eviction processes and appeals comparable to those provided under the jurisdiction's landlord/tenant law.	
42 CFR 441.301(c)(4)(vi)(B)  Not Applicable	Each individual has privacy in their sleeping or living unit: (1) Units have entrance doors lockable by the individual, with only appropriate staff having keys to doors. (2) Individuals sharing units have a choice of roommates in that setting. (3) Individuals have the freedom to furnish and decorate their sleeping or living units within the lease or other agreement.	SADC sites are non-residential, and therefore this standard is not applicable.

## Recommendation

As required by 42 CFR 441.301(c)(5), the State of New York submits this request for heightened scrutiny review of the SADC site identified above. The State has validated and compiled evidence that the SADC site is not institutional in nature and will have remediated all isolating characteristics prior to March 17, 2023.
