Provider Compliance Summary

Requirements for All HCBS Settings		
Compliant?	Federal Requirement	Summary
<p><i>42 CFR 441.301(c)(4)(i)</i></p> <p>Partially Compliant</p>	<p>The setting is integrated in and supports full access of individuals receiving Medicaid HCBS to the greater community, including opportunities to seek employment and work in competitive integrated settings, engage in community life, control personal resources, and receive services in the community, to the same degree of access as individuals not receiving Medicaid HCBS.</p>	<p>DOH verified members have access to the greater community by confirming transportation options, support for volunteer/employment opportunities, staff resources, and that member preferences are accommodated by reviewing activity calendars, transportation schedules, daily sign-in/out sheets, and inclusion of preferences in member's PCSP. The SADC has demonstrated compliance in all areas of the standards except for the following: Community integration</p>

		<p>activities were not documented as a choice in the PCSP. Goals in the PCSP sample reviewed did not show they were individualized to the member. Not all supports are documented to ensure a member can attend opportunities and activities of interest. Activity calendar posted for members does not offer community integration or individualized activities. Remediation will include updates to current and future PCSPs to include individual and community integration activities, adding a "Community Inclusion" section to the PCSP template, and updates to the PCSP template to document that choices were offered to the member and either accepted or declined by 7/1/2024.</p>
<p><i>42 CFR 441.301(c)(4)(ii)</i> Compliant</p>	<p>The setting is selected by the individual from among setting options, including non-disability specific settings and an option for a private unit in a residential setting. The setting options are identified and documented in the person-centered service plan and are based on the individual's needs, preferences, and, for residential settings, resources available for room and board.</p>	<p>The member must choose the SADC site prior to attending. This is done through the person-centered planning process, which is conducted by the MLTC plan. If it is determined the member qualifies and needs SADC, the MLTC plan care manager supplies a list of available SADC site options, and the member makes their selection of where they would like to attend and receive services. The MLTC plan care manager documents the need and the choice of SADC site in the MLTC plan PCSP.</p>
<p><i>42 CFR 441.301(c)(4)(iii)</i> Partially Compliant</p>	<p>Ensures an individual's rights of privacy, dignity and respect, and freedom from coercion and restraint.</p>	<p>DOH verified members have privacy, are treated with respect and dignity, and are supported to choose their own schedules and activities based on their preferences by reviewing member PCSPs, SADC policy manuals, member experience surveys, staff training topics, and observing the spaces allocated for privacy. The SADC has</p>

		<p>demonstrated compliance in all areas of the standards except for the following: The member Bill of Rights document contains the word 'unnecessary' which implies there are circumstances where restrictions are enforced. In no case should such restrictions ever be used. The PCSP sample reviewed did not include documentation that the member was given a choice in who would "assist as needed" with personal needs. Remediation will include updating the member Bill of Right's document removing "unnecessary", posting an updating member's Bill of Rights at the SADC site, and reminding all members they have a right to choose the providing assistance to them by 4/27/2023.</p>
<p><i>42 CFR 441.301(c)(4)(iv)</i> Partially Compliant</p>	<p>Optimizes, but does not regiment, individual initiative, autonomy, and independence in making life choices, including but not limited to, daily activities, physical environment, and with whom to interact.</p>	<p>DOH verified staffing ratios, programming, and recreational areas as well as any barriers to free movement, and those individualized activities are offered by reviewing staff schedules, member PCSPs, activity schedules, and through on-site observation. The SADC has demonstrated compliance in all areas of the standards except for the following: The PCSP reviewed did not show that a member's Plan of Care is individualized, the PCSP documented socialization but only at the service setting. The PCSP policy is non-compliant because it indicates the member has the right to "participate" in the PCSP process. The HCBS Final Rule required that the process be "driven" by the member, not that the member only has the right to "participate", and the process cannot be led by the SADC. Remediation will include conducting person-</p>

		centered planning meetings that include the member and their support team, utilizing individualized person-centered planning for any supports needed, information is documented into the member's PCSP, and increasing access to activities and options that are of interest and/or individual preference, updating the PCSP policy to remove "participate" and change the language to reflect the member "drives" their PCSP meeting, and adding an additional section to the PCSP template called "Alternate Activities/Other Options" by 3/17/2023.
42 CFR 441.301(c)(4)(v) Compliant	Facilitates individual choice regarding services and supports, and who provides them.	DOH verified staff knowledge of members needs and interests and how members are informed to make changes or additions to their PCSP by reviewing daily SADC schedules, SADC policy manuals, member handbooks, and staff training topics.
Additional Requirements for Provider-Owned or Controlled Settings		
Compliant?	Federal Requirement	Summary
<i>Standards for Provider-Owned and Controlled Residential and Non-Residential Settings</i>		
42 CFR 441.301(c)(4)(vi)(C) Compliant	Individuals have the freedom and support to control their schedules and activities; and have access to food any time.	DOH verified the availability for meal options, private dining spaces, activity modifications, and the freedom to take breaks and eat meals at the member's request by reviewing weekly menus, policy manuals, and through on-site observation.
42 CFR 441.301(c)(4)(vi)(D) Compliant	Individuals are able to have visitors of their choosing at any time.	DOH verified the acceptance of visitors during program hours by reviewing visitor policies and sign-in/out forms.
42 CFR 441.301(c)(4)(vi)(E) Compliant	The setting is physically accessible to the individual. (Not modifiable)	DOH verified accessibility of the facility through observation, during the virtual on-site review.

<p>42 CFR 441.301(c)(4)(vi)(F)</p> <p>Compliant</p>	<p>Any modifications of the additional conditions under 441.301(c)(4)(vi)(A) through (D) for provider-owned and controlled settings must be supported by a specific assessed need and justified in the person-centered service plan.</p>	<p>The member SADC PCSPs reviewed did not require a modification. However, the SADC PCSP template has a section for indicating any necessary modifications.</p>
<p>Standards for Provider-Owned and Controlled Residential Settings Only</p>		
<p>42 CFR 441.301(c)(4)(vi)(A)</p> <p>Not Applicable</p>	<p>The unit or dwelling is a specific physical place that is owned, rented, or occupied under a legally enforceable agreement by the individual receiving services, and the individual has the same responsibilities and protections from eviction as all tenants under landlord/tenant law of the State, county, city, or other designated entity. In settings where tenant laws do not apply, a lease, residency agreement or other written agreement is in place providing protections to address eviction processes and appeals comparable to those provided under the jurisdiction's landlord/tenant law.</p>	<p>SADC sites are non-residential, and therefore this standard is not applicable.</p>
<p>42 CFR 441.301(c)(4)(vi)(B)</p> <p>Not Applicable</p>	<p>Each individual has privacy in their sleeping or living unit: (1) Units have entrance doors lockable by the individual, with only appropriate staff having keys to doors. (2) Individuals sharing units have a choice of roommates in that setting. (3) Individuals have the freedom to furnish and decorate their sleeping or living units within the lease or other agreement.</p>	<p>SADC sites are non-residential, and therefore this standard is not applicable.</p>
