

**New York State Medicaid Home and Community-Based Services**

**Heightened Scrutiny Evidence Packet**

**Setting Information**

<b>Provider Name</b> Kneset SADC		
<b>Location of Setting</b> Brooklyn, NY	<b>Type of Setting</b> Social Adult Day Care (SADC)	<b>Medicaid Home and Community-Based Services Being Provided at the Setting</b> Social Adult Day Care (SADC) Services

**Heightened Scrutiny Prong**

<b>No</b>	<b>Prong 1: Setting is in a publicly or privately operated facility that provides inpatient institutional treatment.</b>
<b>No</b>	<b>Prong 2: Setting is in a building on the grounds of, or adjacent to, a public institution.</b>
<b>Yes</b>	<b>Prong 3: Setting has the effect of isolating individuals from the broader community.</b>

**Qualification for Prong**

The SADC site has the effect of isolating individuals from the broader community. Details on isolating characteristics, which are being or were already remediated, are found in the All HCBS Settings and Additional Requirements for Provider-Owned or Controlled Settings sections below.

**Provider Compliance Summary**

<b>Requirements for All HCBS Settings</b>		
<b>Compliant?</b>	<b>Federal Requirement</b>	<b>Summary</b>
<p><i>42 CFR 441.301(c)(4)(i)</i></p> <p>Partially Compliant</p>	<p>The setting is integrated in and supports full access of individuals receiving Medicaid HCBS to the greater community, including opportunities to seek employment and work in competitive integrated settings, engage in community life, control personal resources, and receive services in the community, to the same degree of access as individuals not receiving Medicaid HCBS.</p>	<p>DOH verified members have access to the greater community by confirming transportation options, support for volunteer/employment opportunities, staff resources, and that member preferences are accommodated by reviewing activity calendars, transportation schedules, daily sign-in/out sheets, and inclusion of preferences in member's PCSP. The SADC has demonstrated compliance in all areas of the standard except for the following: PCSP goals do not include goals</p>

		related to community integration activities. One of the PCSPs reviewed did not adequately list supports for member to participate in the listed activities. Remediation will include updates to PCSP planning procedure about discussing and offering community integration goals to their members, and will be completed by 07/01/2024.
<p><i>42 CFR 441.301(c)(4)(ii)</i></p> <p>Compliant</p>	<p>The setting is selected by the individual from among setting options, including non-disability specific settings and an option for a private unit in a residential setting. The setting options are identified and documented in the person-centered service plan and are based on the individual's needs, preferences, and, for residential settings, resources available for room and board.</p>	<p>The member must choose the SADC site prior to attending. This is done through the person-centered planning process, which is conducted by the MLTC plan. If it is determined the member qualifies and needs SADC, the MLTC plan care manager supplies a list of available SADC site options, and the member makes their selection of where they would like to attend and receive services. The MLTC plan care manager documents the need and the choice of SADC site in the MLTC plan PCSP.</p>
<p><i>42 CFR 441.301(c)(4)(iii)</i></p> <p>Partially Compliant</p>	<p>Ensures an individual's rights of privacy, dignity and respect, and freedom from coercion and restraint.</p>	<p>DOH verified members have privacy, are treated with respect and dignity, and are supported to choose their own schedules and activities based on their preferences by reviewing member PCSPs, SADC policy manuals, member experience surveys, staff training topics, and observing the spaces allocated for privacy. The SADC has demonstrated compliance in all areas of the standards except for the following: The PCSPs reviewed do not indicate how dignity and privacy are maintained if a member requests assistance with personal health matters (i.e. from a specific staff member, by gender preference) or similar requests. The Bill of Rights document contains non-compliant language because</p>

		<p>restraints (i.e. "unnecessary restraints") may never be utilized for any reason. Remediation will include revisions to the Registrants Bill of Rights to remove "unnecessary restraints," posting a sign to reflect member's requests for specific staff assistance and preferences will be honored, and will be completed by 3/17/2023.</p>
<p>42 CFR 441.301(c)(4)(iv) Partially Compliant</p>	<p>Optimizes, but does not regiment, individual initiative, autonomy, and independence in making life choices, including but not limited to, daily activities, physical environment, and with whom to interact.</p>	<p>DOH verified staffing ratios, programming, and recreational areas as well as any barriers to free movement, and those individualized activities are offered by reviewing staff schedules, member PCSPs, activity schedules, and through on-site observation. The SADC has demonstrated compliance in all areas of the standard except for the following: PCSPs have identical goals and interventions listed, with no specification related to preferred activities, outings, and/or expected outcomes. Information related to supports to be provided is unclear and in one instance, there was conflicting information. Language in the Service Plan Policy document is non-compliant because it indicates the PCSP process is done "in conjunction with" the member. The HCBS Final Rule requires that the process is "driven" by the member, not that the PCSP be done only "in conjunction with" the member, and the process cannot be led by the SADC. Remediation will include offering individualized goals for all PCSPs being developed, updates to both PCSP planning procedure and daily activity planning to consider and document individual preferences, interests, level of participation for activities of interest, revision to</p>

		the Service Plan Policy to reflect the plan development is driven by the member, and will be completed by 3/17/2023.
42 CFR 441.301(c)(4)(v) Compliant	Facilitates individual choice regarding services and supports, and who provides them.	DOH verified staff knowledge of members' needs and interests, as well as members' individual choice regarding their activities and supports, and the staff who provide them by evaluating member experience survey results, and reviewing SADC policies, and member handbooks, as well as through observation during the virtual on-site review.

**Additional Requirements for Provider-Owned or Controlled Settings**

Compliant?	Federal Requirement	Summary
<b>Standards for Provider-Owned and Controlled Residential and Non-Residential Settings</b>		
42 CFR 441.301(c)(4)(vi)(C) Compliant	Individuals have the freedom and support to control their schedules and activities; and have access to food any time.	DOH verified the availability for meal options, private dining spaces, activity modifications, and the freedom to take breaks and eat meals at the member's request by reviewing weekly menus, policy manuals, and through on-site observation.
42 CFR 441.301(c)(4)(vi)(D) Compliant	Individuals are able to have visitors of their choosing at any time.	DOH verified the acceptance of visitors during program hours by reviewing visitor policies and sign-in/out forms.
42 CFR 441.301(c)(4)(vi)(E) Compliant	The setting is physically accessible to the individual. (Not modifiable)	DOH verified accessibility of the facility through observation, during the virtual on-site review.
42 CFR 441.301(c)(4)(vi)(F) Compliant	Any modifications of the additional conditions under 441.301(c)(4)(vi)(A) through (D) for provider-owned and controlled settings must be supported by a specific assessed need and justified in the person-centered service plan.	The member SADC PCSPs reviewed did not require a modification. However, the SADC PCSP template has a section for indicating any necessary modifications.
<b>Standards for Provider-Owned and Controlled Residential Settings Only</b>		
42 CFR 441.301(c)(4)(vi)(A) Not Applicable	The unit or dwelling is a specific physical place that is owned, rented, or occupied under a legally enforceable agreement	SADC sites are non-residential, and therefore this standard is not applicable.

	by the individual receiving services, and the individual has the same responsibilities and protections from eviction as all tenants under landlord/tenant law of the State, county, city, or other designated entity. In settings where tenant laws do not apply, a lease, residency agreement or other written agreement is in place providing protections to address eviction processes and appeals comparable to those provided under the jurisdiction's landlord/tenant law.	
42 CFR 441.301(c)(4)(vi)(B) Not Applicable	Each individual has privacy in their sleeping or living unit: (1) Units have entrance doors lockable by the individual, with only appropriate staff having keys to doors. (2) Individuals sharing units have a choice of roommates in that setting. (3) Individuals have the freedom to furnish and decorate their sleeping or living units within the lease or other agreement.	SADC sites are non-residential, and therefore this standard is not applicable.

## Recommendation

As required by 42 CFR 441.301(c)(5), the State of New York submits this request for heightened scrutiny review of the SADC site identified above. The State has validated and compiled evidence that the SADC site is not institutional in nature and will have remediated all isolating characteristics prior to March 17, 2023.

## Section One

### On-Site Visit Observation

<b>Date(s) Conducted:</b> 11/21/2022	<b>State Agency/Entity that Conducted the On-Site Visit:</b> NYS DOH & VNS Choice / Elizabeth Alvarez and Rina Benitez
<b>Description of the Setting:</b>  Knesset Social Adult Day Care Inc. operates on the first floor of three-story commercial building that sits directly underneath a train overpass. The SADC is located in Brooklyn, NY and currently serves 87 members. The site has an arts and crafts room with daily scheduled activities, provides beauty services at the in-house salon, offers physical activities like yoga, aerobics, and features both a game room equipped with a pool table and ping-pong table, as well as a dance/music room. The SADC offers delivered meals and snacks all day in a café setting for participants to socialize. Members have easy access to the MTA transit system with a stop close to the site. The SADC utilizes taxi and ambulette services to provide large and small group outings, as well as individualized activities in the community.	

## Section Two

### Community Integration Observations and Input from Individuals Served (without observation by staff), Family Members/Guardians, and Staff

#### Individual (Recipient) Interviews

The MLTC plan contracted with the SADC site conducted a member experience survey to ascertain how members feel about the SADC. DOH utilized responses on the survey to identify any potential areas of possible non-compliance and investigated thoroughly during the virtual on-site review, to confirm validity of the responses. DOH's determination and observations are documented in the Provider Compliance Summary section.

Details received and investigated by DOH are as follows:

1. Are you able to be in private for this call or interview? –Yes
2. Did you choose this program for yourself to attend? – Yes
3. Are you able to leave the SADC for outside activities you wish or need to attend? (Ex. community activities, volunteer work, doctor appointments) – Yes
4. Do you get the help you need while you are at the program, for example with using the restroom, grooming, feeding, setting up appointments, taking medications, etc.? – Yes
5. Do staff treat you and those around you with respect and care? – Yes
6. If you have a problem or concern, do you know who to go to? – Yes
7. If you have a problem or concern, and you speak to someone about it, does it get resolved and do you feel listened to? – Yes
8. Do you get to choose when and with whom you get to eat with, or can you eat alone if you want to? – Yes
9. Can you make private phone calls? – Yes
10. Are you allowed to have visitors while you are here? –Yes
11. Do you know where to store your personal belongings while you are here (coat, purse, etc.)? – Yes
12. Do you get to choose which activities you will or will not participate in, and with whom? – Yes
13. Are there restrictions on who you can or cannot interact or talk with? – Yes
14. Are you allowed to move around the building alone? If not, are staff available when you choose to move around? – Yes
15. Is transportation and support to obtain transportation available to you, at your request, for medical appointments or outings of your choosing? – Yes

#### Employee Interviews
