Q2 Please describe your company or organizations overall goals and mission.

Software company offering a unique and comprehensive Social Determinant based care management platform for use by disease advocacy groups, managed care organizations, and hospitals.

Q3 Please indicate which category your organization falls under. **Technology Solutions**

Q4 Innovation Executive Summary. Please describe the innovation, and how it addresses the social determinants of health. Please identify how the innovation addresses the 6 innovation criteria (i.e. ROI, scalability, feasibility, evidence based support for innovation, relevance to the Medicaid population and speed to market).

Continual Care is a highly extensible and secure, cloud-based solution that leverages advanced technologies to help care managers and social workers uncover previously obscure insights into resources available to patients via community based organizations, government agencies, private and public partnerships, subject matter experts, and other community resources and then streamlines the process of interactively and efficiently engaging with those services. Use of the system leads to more complete and comprehensive care plans and better management of at-risk populations. It is particularly helpful for any organization in a shared risk environment aiming to improve quality and/or reduce cost. More information is available on our web site as <http://www.continualcaresolutions.com>.

Q5 Was your innovation implemented? If so, please explain when, the number of people impacted, and the results.

Yes (please specify when and the estimated number of people impacted):

Currently in a pilot and early adoption stage with multiple health delivery partners.

Q6 Please identify the SDH Domain that your innovation addresses. (Select all that apply.)

Education,
Social and Community Context ,
Health and Health Care ,
Neighborhood and Environment ,
Economic Stability

Q7 I give the Department of Health the right to share the information submitted in this application publicly (for example: on the DOH website). I understand that there is no monetary reward/reimbursement for my submission or for attending the summit should my innovation be selected.

I consent to have my innovation shared
