Medically-Tailored Meals: Feasible, Scalable, and Ready to Go
How can we...

reduce the high cost and high utilization rate...

of people living with severe and chronic illness...

in the Medicaid population across the state...

with a cost-effective, high-ROI intervention?
healthcare costs are \(3x\) higher

hospitalizations are \(2x\) more likely

hospital stays are \(3x\) longer

discharge to a facility is \(2x\) more likely
MEDICALLY-TAILORED MEALS AND NUTRITION THERAPY REDUCE COSTS AND IMPROVE HEALTH OUTCOMES
We target the 5% who cost the healthcare systems 50%
lower cost of care

better health outcomes

improved patient satisfaction

16% net healthcare cost savings

50% reduction in hospitalizations

23% more likely to be discharged to home

50% increase in adherance
MANAGED LONG TERM CARE IN LIEU OF SERVICE
COMMUNITY FIRST CHOICE OPTION
VALUE-BASED PAYMENT

400,000
I've uploaded an image of a document with information about a meal. The meal is called "Tex Mex Meatloaf" and it is prepared by God's Love We Deliver. The meal needs to be eaten before May 1, 2018.

**To Defrost:**
- 1-2 minutes in microwave on high for 1-2 minutes.
- 20 minutes in oven at 350°F for 20 minutes.
- Overnight in refrigerator.

**Keep Frozen. Once Defrosted, Eat Within 2 Days. Never Defrost at Room Temperature.**

**To Reheat After Defrosting:**
- 2-3 minutes in microwave on high for 2-3 minutes.
- 10-12 minutes in oven at 350°F for 10-12 minutes.
- 6-8 minutes on stovetop place in saucepan with small amount of liquid over low heat for 6-8 minutes.

**Do Not Use Toaster Oven.**

**Ingredients:**
- Ground beef, red potato, breadcrumb, liquid egg, red onion, garlic, green pepper, olive oil, crushed tomato, onion, cumin, coriander, lime juice, honey, corn, red pepper, kosher salt, vegetable blend.
